THE 2020 MAYBACH

Measure it purely by the height of the experience.

Naming an automobile after someone is likely to cement their place in history. Wilhelm Maybach made history first. As Gottlieb Daimler's chief engineer, he helped develop the first car to wear the Mercedes name, and some core innovations whose principles are still in use. Later, his own marque pioneered the automotive V12 engine. Today's Mercedes-Maybach embodies the full depth of automotive history, as well as its pinnacle: the S-Class. And while its extended wheelbase and expanded rear cabin distinguish it, the lengths it'll go to please you define it.

Ownership

MAYBACH S 560 4MATIC

463-hp V8 biturbo engine

4MATIC® all-wheel drive

Ruby Black metallic

20" Maybach Exclusive

forged wheels

Standard and available equipment may vary by model. Please see back of brochure.

KEY FEATURES

PERFORMANCE

Engine: 463-hp V8 biturbo (S 560 4MATIC), or handcrafted 621-hp AMG V12 biturbo (S 650)

Transmission: 9G-TRONIC 9-speed (S 560), or 7G-TRONIC 7-speed (S 650), both with shift paddles

4MATIC® all-wheel drive (S 560), or rear-wheel drive (S 650)

DYNAMIC SELECT drive modes

Self-leveling suspensions: Adaptive AIRMATIC® (S 560), or fully active MAGIC BODY CONTROL® with camera-based Road Surface Scan and CURVE function (S 650)

ECO Start/Stop system

DESIGN

100% LED lighting inside and out, with Intelligent Light System active headlamps, “stardust” taillamps, 64-color ambient cabin lighting

Bespoke grille with vertical vanes

19" or 20" cast-alloy or forged-alloy wheels,¹ including exclusive designs

Panorama roof, also with MAGIC SKY CONTROL® electrically variable tint*

Single-color or two-tone* paintwork

A selection of hand-fitted Exclusive Nappa and *designo* semi-aniline leather upholsteries, all with Nappa leather dash, door and ceiling trim

Five hand-finished high-gloss wood and piano lacquer trim choices

SAFETY

Intelligent Drive driver assistance suite, including Active Distance Assist DISTRONIC®, Active Brake Assist with Cross-Traffic Function, Active Speed Limit Assist, Evasive Steering Assist, PRE-SAFE PLUS, and more

Active Blind Spot, Lane Change and Lane Keeping Assists

Multicamera Surround View System

Car-to-X Communication

Radar-based Active Brake Assist collision mitigation, ATTENTION ASSIST®, PRE-SAFE® Sound hearing protection technology

Mercedes-Benz Emergency Call

LUXURY

Power Executive rear seats, or twin individual lounges with folding tables and wood-trimmed console*

Heated, ventilated and massaging front and rear seats; heated armrests and steering wheel

Digital/analog Burmester® High-End 3D Surround Sound System

4-zone climate control with ionizer and cabin-air fragrance atomizer

ENERGIZING Comfort orchestrates sound, lighting, fragrance, seating and climate comfort features

KEYLESS-GO®, hands-free trunklid

Rear-cabin refrigerator and silver champagne flutes*

TECHNOLOGY

Dual 12.3" color screens for instruments and COMAND® system with navigation, multimedia, Apple CarPlay™ and Android Auto

Touch Control Buttons on steering wheel, and touchpad in console

Rear Seat Entertainment

Head-Up Display

Wireless phone charging in front and rear* cabins

Mercedes me connect featuring smartphone app with Remote Start, 4G LTE WiFi,* and more²

Hands-free Active Parking Assist

MAGIC VISION CONTROL® heated wiper/washer system

Extraordinary furnishings, exceptional performance, and an exquisite degree of craftsmanship elevate the fine art of traveling by automobile to the state of the art.

*Optional. Please see back of brochure.

TRAVEL AT A PACE, AND IN A SPACE ALL YOUR OWN

Extended benefits for its passengers

The eight additional inches of wheelbase that distinguish a Mercedes-Maybach sedan from a standard S-Class are dedicated entirely to its palatial rear cabin. In addition to the abundant room, its lavish seats help you enjoy it with power calf rests, 43° of recline, and a menu of massages. Available twin rear seats are divided by a wood-trimmed console and feature a foldaway writing table for each seat.

Extensive delights for its driver

A Mercedes-Maybach is far more than a stretched S-Class. From its vertical grille vanes to its sculpted rear quarters, its presence is both majestic and athletic. Biturbo power, 20" wheels, and adaptive or active suspension encourage the driver to relish stretching the car's legs as much as rear-cabin passengers will enjoy stretching their own.

EVERY MOVE

GRACEFUL

The elegance of a dancer, and an athlete

With their immense power, standard 20" wheels and 215" overall length, there's no shortage of Mercedes-Maybach specs that can be described as massive. The net result, however, feels anything but. The performance of either Mercedes-Maybach sedan feels agile, composed and unstressed. Their suspensions can adapt to the road, vehicle lading, and the driving modes of DYNAMIC SELECT. Their biturbo V8 and V12 engines are often using a mere fraction of their thundering torque. And countless advanced engine, chassis and driver-assistance technologies can respond with lightning speed.

Performance highlights

S 560 biturbo V8: 463 hp, 516 lb-ft of torque, 0–60 in 4.8 seconds³

S 650 biturbo V12: 621 hp, 738 lb-ft of torque, 0–60 in 4.6 seconds³

4MATIC[®] all-wheel drive (S 560)

Adaptive, self-leveling AIRMATIC[®] suspension (S 560), or fully active MAGIC BODY CONTROL[®] with road-scanning camera and curve tilting (S 650)

DYNAMIC SELECT drive modes

20" alloy wheels¹ (19" available at no charge), or three 20" forged options

The riding experience is rooted in the same traits that make it a superlative driver's car. A Mercedes-Maybach carries itself as elegantly as it carries you.

Please see endnotes at back of brochure.

EVERY TOUCH TAILORED

Regal furnishings, rich finishes

The Mercedes-Maybach cabin delivers the finest detail on a truly grand scale. The doors and ceiling are lined in Nappa leather. The drilled metal speaker grilles and perforated seats are intricate and impeccably crafted. Embroidered leather pillows accent the rear cabin. And handcrafted silver champagne flutes are available.

Rejuvenating, refreshing and relaxing

ENERGIZING Comfort can relax or revitalize you with a diverse range of 10-minute programs. Each combines seating and climate comfort, the 64-color ambient cabin lighting, cabin fragrance and music to relax, refresh or reinvigorate your body, your mind, and all your senses.

From seating to lighting to sound, you can individually fine-tune countless cabin comforts to your liking. You can also orchestrate them all as one.

Luxury highlights

Power front and rear seats with memory, rapid heating, ventilation and “hot stone” massage

Two rear cabin configurations: reclining Executive seats, or dual power seats with folding tables and heated/cooled cupholders*

64-color, multizone ambient lighting

Burmester® High-End 3D Surround Sound with 26 speakers

4-zone climate control with cabin-air ionizer and fragrance atomizer

MAGIC SKY CONTROL® electrically variable tint* for the Panorama roof

*Optional. Please see back of brochure.

EVERY DIRECTION WATCHFUL

Vigilant, virtual eyes on what's ahead

A network of cameras, multirange radar and sensors is always on guard for you.⁴ Car-to-X Communication⁵ lets other cars tip off your Maybach to hazards ahead. If an impact is sensed as imminent, PRE-SAFE® Sound can trigger your ears' natural defenses before a crash.⁶ Air bags in the rear seats help restrain reclined passengers.⁷

Advanced assists for calm composure

Standard driver assists⁴ help de-stress travel. You can change lanes with a tap of a turn signal. GPS can help the cruise control slow for tolls, exits, or school zones. Other systems can help you execute an evasive move, and prepare for an imminent front or rear impact.

Safety highlights

Radar-based Active Brake Assist
frontal collision mitigation

PRE-SAFE, PRE-SAFE Sound, and
PRE-SAFE PLUS rear-collision prep

Active Parking Assist,⁸ Active Blind
Spot Assist with Exit Warning Assist⁹

Multicamera Surround View System¹⁰

Active Distance Assist DISTRONIC®
cruise control; Route-based Speed
Adaptation; Active Lane Change,
Speed Limit and Steering Assists

Evasive Steering Assist, Active
Emergency Stop Assist

*From city traffic to highway cruising,
an advanced network of driving
assists looks out for your well-being
and imparts a deep sense of comfort.*

EVERY DETAIL THOUGHTFUL

Luxurious touches, just a tap away

Rear-cabin passengers enjoy their own LCD flat screens, each with wireless headphones and remote. In addition to being an entertainment system, each passenger can also control seating and climate comfort settings for their own portion of the rear cabin using the remote.

Sights and sound, in tune with you

The digital cockpit lets the driver reconfigure displays, and operate a wide array of cabin features by voice or a variety of touch controls. The Burmester® High-End 3D Surround Sound System, created by Germany's revered maker of high-end home audio, expertly mixes analog and digital signals for natural sound via 26 speakers.

*Human-focused technology elevates
your riding experience by enriching
what your senses perceive.*

Technology highlights

Dual 12.3" displays for instruments
and COMAND® navigation¹¹/audio,
touchpad controller, and steering-
wheel Touch Control Buttons

Rear Seat Entertainment system with
dual remotes and on-screen control of
individual rear-cabin comfort settings

Head-Up Display¹²

Apple CarPlay™ and Android Auto¹³

HD Radio® stations, Bluetooth®
audio streaming, SiriusXM,¹⁴ and
in-car WiFi* with TuneIn Radio®²

Wireless charging and NFC pairing¹⁵

Please see endnotes at back of brochure.

MAYBACH S 650

Black Exclusive Nappa leather
w/Platinum stitching,
Burl Walnut wood

Standard 5-passenger seating
with power Executive rear seats

THE SEDANS

The Mercedes-Maybach mantra is a simple one: Whether on its surface or in its substance, allow no detail to be overlooked, overstated, or underachieved.

Executive seating, spa treatment

The standard three-passenger rear seat features an Executive seat in each outboard position. Both offer heating—including the armrests—and ventilation. Power adjustment includes calf rests, memory, and six massage programs including “hot stone” effects.

Twin seats, singular comfort

Available individual rear seats flank a full console trimmed in Nappa leather and wood to match the cabin. Along with heated and cooled cupholders, the console includes sleek, leather-trimmed aluminum writing tables that fold up and stow out of sight.

Sun and stars, or shaded seclusion

Generous windows and a sizable Panorama roof let you take in the scenery, sunshine and starlit nights. Power fine-mesh blinds can individually shade the rear and side windows and roof at a button’s touch.

Just a handful of finishing touches

While the roster of standard luxuries is abundant, there are a few extras should you wish to add them to your Mercedes-Maybach. MAGIC SKY CONTROL® can darken the Panorama roof via electromagnetic particles embedded in the glass. A refrigerator box is available for the rear cabin. And for models with the twin seats, silversmiths Robbe & Berking® craft a pair of champagne flutes with magnetic bases.

Whether you’re its pilot or a passenger, a Mercedes-Maybach sedan raises first-class travel to new heights. All without ever leaving the ground.

EXTRAORDINARILY QUIET
HARMONY

The Mercedes-Maybach S 560 and S 650

A Mercedes-Maybach S-Class sedan is far more than the union of confidence-inspiring performance, thoughtful innovation, careful craftsmanship and indulgent comfort. It’s a seamless orchestration of all the above, along with a heritage of leading and a passion for travel that even first-class air cabins cannot match. There is no waiting to board, and your space is your own. Its aim is to make your time, and distance, well spent. It’s no coincidence, then, that driving a Maybach offers enjoyment of equal magnitude to the pleasures of riding in the rear cabin.

The S 560 4MATIC distributes its biturbo V8 torque to all four wheels, for agility in any season. The S 650 pairs a handcrafted V12 with what is arguably the industry’s most advanced suspension. MAGIC BODY CONTROL® scans the road ahead by camera, proactively generates counterforces in real time, and can even lean into curves like a slalom skier—all to minimize the motions felt by passengers. A long wheelbase and lavish appointments may lead to motoring pleasure. Avoiding disappointments is how a Mercedes-Maybach aims for motoring perfection.

THE DIFFERENCE IS IN EVERY

EXPERIENCE

The moment you take delivery of your new Mercedes-Benz, it starts to deliver for you. The joys of driving are engineered to excite and endure. Its progressive technology is designed to keep you connected now, and at the forefront of a changing world. And the people who stand behind your Mercedes-Benz are devoted to earning their Star, and your trust.

Daily commute or roadtrip, thoughtful technology helps make any journey a joy.

Mercedes me connect puts a network of features in your car, on your smartphone, and in the digital world around you.² And all of them collaborate to help keep you on track, on time, and feeling you're on top of your real world.

- You can remote-start your car, locate where it's parked, configure vehicle settings from your phone, and more.

- You can look up destinations on your phone and send them to the COMAND® navigation system in your car.

- You can offer WiFi to your passengers, and enjoy audio from all over the planet with TuneIn Radio.

Models with Car-to-X Communication can share info on traffic, road hazards and other conditions with each other, via a central reporting base. So you might find out about a tie-up on your route before you get caught up in it.

Your car's navigation map database can be updated in your driveway, over the air, up to twice a year for three years. There's no need to bring it to the dealership.

Committed to Community

Mercedes-Benz USA is committed to educating and empowering the next generation of diverse leaders. To help equip them with the tools for success, MBUSA partners with two national organizations that invest in the futures of young people in communities across the country. As a Mercedes-Benz driver, you become a part of this effort to give hundreds of thousands of youth a better life today, and all of us a brighter tomorrow. *Learn more about how Mercedes-Benz USA gives back at MBUSA.com/community*

Wherever you drive, there's a team of supportive people looking out for you.

Mercedes-Benz was the first automaker to introduce its own **Roadside Assistance Program** in the US. For more than 35 years, customers have called on—and counted on—factory-trained experts in times of need.²⁷

- A button in your car can connect you. If an air bag or seat-belt tensioner is activated, your car can place the call on your behalf, and even transmit your location.

- They can send help—usually a trained dealer service technician—to your location, even for a jump-start.

- If you see a warning light, so can the experts, and they can often help diagnose trouble over the phone.

Mercedes me Concierge can fulfill a range of requests like hotel and restaurant reservations for a monthly fee.

- They can look up a destination or point of interest for you, then download it right to your car's navigation.

- They can give turn-by-turn directions as you drive.

Your Mercedes-Benz experience should always feel special.

Driving a Mercedes-Benz feels like joining a club, as well as a family. Wherever you go, you're part of a history that started with the first car, and always keeps racing ahead.

- For decades, groundbreaking innovations have protected, entertained and indulged Mercedes-Benz drivers first. While many have gone on to become the standard for all cars, you get to drive the future, today.

- From the AMG Lounge to #MBPhotoPass on Instagram, Mercedes-Benz owners have many ways to connect and interact.

Your car and your dealer are in on it, too.

- *Mercedes me* lets your car communicate its service needs to your preferred dealer.

- Your dealer can reach out to you to book an appointment or offer drive-in service.

JOHNNY MAC SOLDIERS FUND

Johnny Mac Soldiers Fund helps honor military service and sacrifice by providing scholarships to veterans and military family members—particularly the children of our nation's fallen and disabled. Since 2014, Johnny Mac has awarded \$12 million in scholarships to more than 1,000 students. *To learn more, visit johnnymac.org*

ENDNOTES

- * Item is optional or not available on some models. See Packages and Options listing in this brochure or visit MBUSA.com for more information.
- 1 Lower-aspect-ratio tires and accompanying wheels provide substantially increased treadwear, increased tire noise and reduced ride comfort. Serious wheel and tire damage may occur if the vehicle is operated on rough or damaged road surfaces or upon encountering road debris or obstacles. These tires are not designed for use on snow and ice. Winter tires mounted on appropriately sized and approved wheels are recommended for driving in those conditions.
- 2 All *Mercedes me* services operate only where cellular and GPS signals are available, which are provided by third parties and not within the control of Mercedes-Benz USA, LLC. *Mercedes me connect assist* services, and 3 years of *Mercedes me connect* services are included at no additional charge with new-vehicle sales and leases at an authorized Mercedes-Benz dealer. Models with COMAND navigation also include 3 years of over-the-air map updates, 3 years of live traffic information provided by HERE Technologies, 1 year of Concierge Service, and a 1-month trial (up to 1GB) of in-vehicle WiFi and streaming audio. Subscriber Agreement is required for service to be active. Some services are only available on select vehicles. Your PIN is required to use certain services. Connection may be limited by cellular signal and other factors. Features may be introduced and updated at varying dates, and may also require a vehicle software update. Some services may be limited or restricted in some areas. Driver is responsible for complying with traffic and other laws. The *Mercedes me connect* Mobile App is compatible with Apple iPhone® models and Android-based phones, and may require a software update. See your dealer or MBUSA.com/mercedesme for details.
- 3 Stated rates of acceleration are estimated based upon manufacturer's track results and may vary depending on model, environmental and road surface conditions, driving style, elevation and vehicle load.
- 4 Even the most advanced safety systems may not be sufficient to avoid an accident. Please refer to more detailed information on specific systems elsewhere in this brochure, at MBUSA.com, and in the vehicle's Operator's Manual.
- 5 Car-to-X services are activated as part of *Mercedes me connect*. Connected services operate only where cellular and GPS satellite signals are available, which are provided by third parties and not within the control of Mercedes-Benz USA, LLC. See your dealer or MBUSA.com/mercedesme for details.
- 6 Audio/multimedia system must be turned on for PRE-SAFE Sound to operate.
- 7 SEE OPERATOR'S MANUAL FOR ADDITIONAL WARNINGS AND INFORMATION ON AIR BAGS, SEAT BELTS AND CHILD SEATS. Always use LATCH or ISOFIX to fasten a child seat in a vehicle with an Integrated Restraint System. For vehicles equipped with rear-cabin air bags, only use a Mercedes-Benz approved booster seat. Never use an air bag-equipped seat belt to fasten a front- or rear-facing child seat or a non-approved booster seat.
- 8 Parking assistance systems are not substitutes for driver attention to the immediate surroundings, as well as any people, animals or vehicles in or approaching the vehicle's maneuvering range. System cannot determine if a space is legally available or of a suitable surface for parking. Rear Cross-Traffic Alert is not a substitute for actively checking around the vehicle for any obstacles or people. It may not detect certain objects based on their size, path, proximity or speed and angle of approach, or due to sensor obstruction, and does not control steering angle. See Operator's Manual for additional information, tips and warnings.
- 9 Active Blind Spot Assist may not be sufficient to avoid all accidents involving vehicles in your blind spot and cannot predict the movement of other vehicles. It should not be used as a substitute for driver awareness and checking of surrounding traffic conditions. See Operator's Manual for system operating speeds and additional information and warnings.
- 10 Surround View System does not audibly notify driver of nearby objects and is not a substitute for actively checking around the vehicle for any obstacles or people. Images displayed may be limited by camera field of view, weather, lighting conditions and the presence of dirt, ice or snow on the cameras.
- 11 While the navigation system provides directional assistance, the driver must remain focused on safe driving behavior, including paying attention to traffic and street signs. The driver should utilize the system's audio cues while driving and should only consult the map or visual displays once the vehicle has been stopped in a safe place. Maps do not cover all areas or all routes within an area, may require periodic updating, and may not reflect recent or temporary changes to roadways.
- 12 Display may not be visible with certain eyewear, including polarized glasses.
- 13 Apple CarPlay™ is a product of Apple Inc. Android Auto is a product of Google Inc. Device and app providers' terms and privacy statements apply. Requires connected compatible device and data plan. Apps, content and features are selected solely by their providers. Connection to apps and streaming services may be limited by the device's network connection. Data usage is routed through device and subject to fees, charges and restrictions in user's wireless plan. Vehicle's factory audio/information interface may not be used simultaneously with Apple CarPlay or Android Auto. When Apple CarPlay or Android Auto is in use, the steering-wheel voice control button accesses Siri® or Google voice recognition software for voice commands.
- 14 The purchase of a new, SiriusXM®-equipped vehicle includes a 6-month introductory subscription to the SiriusXM All Access package. If you decide to continue your subscription after your trial, the plan you choose will automatically renew and you will be charged according to your chosen payment method at then-current rates. Fees and taxes apply. To cancel you must call SiriusXM at 1-866-635-2349. See SiriusXM Customer Agreement for complete terms at siriusxm.com. All fees and programming subject to change.
- 15 Wireless charging and NFC pairing available only for devices with compatible technology and size. See Operator's Manual for more information. Devices sold separately.
- 16 Active Brake Assist may not be sufficient to avoid an accident. It does not react to certain stationary or suddenly moving objects or pedestrians, may not react in certain situations where objects cannot be clearly identified, nor does it recognize or predict the curvature and/or lane layout of the road or every movement of vehicles and pedestrians ahead. It is the driver's responsibility at all times to be attentive to traffic and road conditions, and to provide the steering, braking and other driving inputs necessary to retain control of the vehicle. Drivers are cautioned not to wait for the system's alerts before braking, as that may not afford sufficient time and distance to brake safely. See Operator's Manual for system operating speeds and additional information and warnings.
- 17 Driving while drowsy or distracted is dangerous and must be avoided. ATTENTION ASSIST® is a warning system only. ATTENTION ASSIST and Active Lane Keeping Assist may be insufficient to alert a fatigued or distracted driver of lane drift and cannot be relied on to avoid an accident or serious injury. See Operator's Manual for system's operating speeds and additional information and warnings.
- 18 Deleted with Magma Grey/Espresso Brown or Mahogany/Silk Beige upholstery.
- 19 Active Distance Assist DISTRONIC® cruise control is not a substitute for active driving involvement. It does not adapt cruising speed in response to stationary objects, nor does it predict the curvature and lane layout of the road ahead or the movement of vehicles ahead. Active Steering Assist requires driver to hold steering wheel and be ready to steer vehicle at any time. It may not recognize lane markings in some lighting, weather and road conditions. It is the driver's responsibility at all times to be attentive to traffic and road conditions, and to provide the steering, braking and other driving inputs necessary to retain control of the vehicle. Drivers are cautioned not to wait for the system's alerts before braking, as that may not afford sufficient time and distance to brake safely. Even with Route-based Speed Adaptation, driver is responsible for safely slowing and/or stopping vehicle at intersections, and for giving right-of-way to other drivers. System is not a substitute for driver awareness to posted speed limits and other conditions. Driver is responsible for safely operating vehicle in accordance with local traffic laws and driving conditions.
- 20 Active Lane Change Assist is not a substitute for active driving involvement. It estimates but does not predict the curvature and lane layout of the road ahead or the movement of vehicles ahead. It is the driver's responsibility at all times to be attentive to traffic and road conditions, and to provide the driving inputs necessary to retain control of the vehicle. System may not detect some objects, obstacles or vehicles in the area into which the vehicle would move. See Operator's Manual for system operating speeds and additional information and warnings.
- 21 Drivers are cautioned not to wait for the system's alerts before braking, as that may not afford sufficient time and distance to brake safely. Braking effectiveness also depends on proper brake maintenance, and tire and road conditions. See Operator's Manual for system operating speeds and additional information and warnings.
- 22 Night View Assist PLUS does not replace the use of headlamps and must not be used as the primary visual source for the driver. System is designed not to flash detected animals, as their reactions are unpredictable.
- 23 No system, regardless of how advanced, can overcome the laws of physics or correct careless driving. Please always wear your seat belt. Driver's deliberate steering inputs are required to initiate the system's action, and can override its intervention at any time. See Operator's Manual for system operating speeds and additional information and warnings.
- 24 System cannot prevent a collision, and does not alert the driver of an impending collision or system activation. It does not intervene if vehicle is backing up, and does not apply the brakes if the driver is accelerating or if Active Parking Assist is operating. When PRE-SAFE closes the side windows, a small gap is left near the fully closed position.
- 25 Available refrigerator box may reduce trunk space, but is removable.
- 26 Due to the high degree of handcraftsmanship, special paint options may require additional production time, and their availability may be limited by workshop capacity.
- 27 Roadside Assistance repairs may involve charges for parts, service and towing. Vehicle must be accessible from main roads. Depending on the circumstance, these services may be provided by an outside provider, courtesy of Mercedes-Benz Roadside Assistance. Restricted roadways, acts of nature and vehicle accessibility may limit our ability to provide services to you. For full details, eligibility requirements, and limitations/exclusions of Sign and Drive services, as well as the Roadside Assistance Program, please see your dealer.
