2013

MURANO®

and 2012 MURANO® CROSSCABRIOLET®

THE FEELING OF INNOVATION.

Welcome to Murano®, where every detail has you in mind. Starting with your arrival – seats adjust and the steering wheel tilts as you slip in. Clever technology keeps you one step ahead, while being right at your fingertips. All-Wheel Drive seems to know your next move, no matter the conditions. And with the Murano® CrossCabriolet®, the world's first and only AWD crossover convertible, you've got an exciting new way to enjoy your drive.

Nissan. Innovation that excites.™

2013 Nissan Murano LE shown in Tinted Bronze and
2012 Nissan Murano CrossCabriolet shown in Pearl White.

LIVING IN THE SWEET SPOT.

Murano's Continuously Variable Transmission (CVT) is a true game-changer. Incredibly smooth and virtually gearless, it eliminates gear hunting to keep you in the engine's sweet spot – whether you're looking for efficient cruising or a quick rush of seamless acceleration.

**THE FEELING THAT SOMEONE
READ YOUR WISH LIST.**

**SOMETIMES THERE ARE NO
WORDS...ONLY DETAILS.**

Optional equipment shown. Required SiriusXM Satellite Radio, NavTraffic and NavWeather subscriptions sold separately after trial period. Installation costs, one-time activation fee, other fees and taxes will apply. NavTraffic available in select markets. Services available only to those 18 or older in the 48 contiguous states and D.C. Fees and programming subject to change. Subscriptions governed by Customer Agreement available at siriusxm.com. ©2012 Sirius XM Radio Inc. Sirius, XM and all related marks and logos are trademarks of Sirius XM Radio Inc.

The image shows the interior of a 2013 Nissan Murano LE. The view is from the driver's side looking towards the passenger side. The car features a large sunroof that is open, allowing bright sunlight to stream in, creating a starburst effect. The interior is finished with beige leather seats, including the front passenger seat and the rear bench seat. The sunroof is framed by a dark trim. The ceiling is a light beige color with integrated grab handles and interior lights. The overall atmosphere is bright and airy, emphasizing the 'double the blue skies' theme.

**DOUBLE THE BLUE SKIES.
DOUBLE THE SUNSHINE.**

2013 Nissan Murano LE shown in Beige Leather with optional equipment.

**THE FEELING THAT EVEN
TUESDAYS CAN BE EXCITING.**

BRINGING THE WEEKEND ALONG.

A smooth-riding crossover suspension. The all-weather capability of intuitive All-Wheel Drive. It's the world's first and only AWD crossover convertible. Perfect no matter what your plans are.

Wide-open spaces. The great outdoors are too nice not to share. Murano CrossCabriolet gives you spacious seating for four with easy access to the rear seat. And a trunk roomy enough for two sets of golf clubs – even with the top down.

Premium comes standard. You're well looked after with double-stitched leather-appointed seats and wood-tone interior trim. And heated front seats, outside mirrors and steering wheel for those crisp mornings. Advanced technology includes a premium Bose® audio system, RearView Monitor, and Nissan Intelligent Key® with Push Button Ignition.¹

A foundation of trust. When the CrossCabriolet was engineered, we added additional bracing to the chassis to help keep the structure tight and rattle-free. In the unlikely event of a rollover, a pop-up roll bar protection system is integrated behind the rear seats.

¹Parking aid/convenience feature. Cannot completely eliminate blind spots or warn of moving objects. May not detect every object. Always check surroundings before moving vehicle. Not a substitute for proper backing procedures. Always turn to check what is behind you before backing up. Bose® is a registered trademark of The Bose Corporation.

**THE FEELING THAT GOOD TASTE
SHOULD BE SHARED WITH OTHERS.**

The image shows the interior of a 2013 Nissan Murano LE. The seats are upholstered in beige leather with a double-stitch design. The dashboard and center console also feature beige leather. The car has a sunroof and a convertible top. The interior is well-lit, and the overall design is modern and luxurious.

INNOVATION THAT MAKES EVERY DAY EXTRAORDINARY.

Welcome to your upgrade. Where the mood is upscale, and each new detail adds to the ambience, for everyone on board. Enjoy the view from an available Dual Panel Moonroof that extends to the second row, or choose an even more immersive experience, courtesy of the CrossCabriolet's fully automatic convertible top. You'll also appreciate more subtle touches, such as accent lighting for a warm glow, contrasting wood and metal trims, and the craftsmanship of double-stitched leather seating. On the next few pages, you'll discover all the ways that Murano makes every drive both purposeful and personal.

2013 Nissan Murano LE shown in Beige Leather with optional equipment.

STAYING CONNECTED.

Murano's available Nissan Navigation System offers weather, traffic and restaurant reviews. And, of course, seamless iPod® connectivity plays your faves all the way there.^{1,2}

Navigation. Find your way, along with best reviewed restaurants, no more guessing necessary. By voice or touch, the large 7-inch color monitor plots your path and even reports the weather. Then stay ahead of traffic with real-time advisories from NavTraffic provided by SiriusXM.^{1,3}

A. **RearView Monitor.** Wouldn't it be helpful to see what you might have missed behind you? The available RearView Monitor helps show you, anytime you're in reverse.⁴

B. **Intelligent Key/Push Button Ignition.** No more fumbling for keys. The Nissan Intelligent Key® stays where it is in pocket or purse, and all you have to do is tap a button to unlock the doors or hatch. Even starting the ignition is now keyless.

C. **iPod® Connectivity.** An available USB Interface System for iPod® displays song info playlist-style, and lets you control your iPod® by touch-screen or steering wheel-mounted controls.²

D. **Bluetooth.®** With the available Bluetooth® Hands-free Phone System, even your phone book is downloadable, so hands stay where they need to be. Then take calls through Murano's speakers, which adjust music volume for each call.⁵

E. **Dual Head Restraint DVD Monitors (Accessory).** Your lucky rear-seat passengers will enjoy all kinds of entertainment, right at eye level. (Not available on Murano CrossCabriolet.)

Bose® Premium Audio. Your music has never sounded better. The available Bose® audio system gives you nine speakers plus dual subwoofers for scintillating highs and deep, rich bass.

¹Never program while driving. GPS mapping may not be detailed in all areas or reflect current road regulations. ²Always give your full attention to driving. Avoid operating your iPod® in such a way that you can be distracted during vehicle operation. See dealer for details. iPod is a registered trademark of Apple, Inc. All rights reserved. iPod not included. ³Required SiriusXM Satellite Radio, NavTraffic and NavWeather subscriptions sold separately after trial period. Installation costs, one-time activation fee, other fees and taxes will apply. NavTraffic available in select markets. Services available only to those 18 or older in the 48 contiguous states and D.C. Fees and programming subject to change. Subscriptions governed by Customer Agreement available at siriusxm.com. ©2012 Sirius XM Radio Inc. Sirius, XM and all related marks and logos are trademarks of Sirius XM Radio Inc. ⁴Parking aid/convenience feature.

Cannot completely eliminate blind spots or warn of moving objects. May not detect every object. Always check surroundings before moving vehicle. Not a substitute for proper backing procedures. Always turn to check what is behind you before backing up. ⁵Availability of specific features is dependent upon the phone's Bluetooth® support. Please refer to your phone Owner's Manual for details. The Bluetooth word mark and logos are owned by Bluetooth SIG, Inc., and any use of such marks by Nissan is under license. Bose® is a registered trademark of The Bose Corporation.

DOUBLE-CHECKING YOUR DOUBLE-CHECK.

Whether you're changing lanes on the highway or deftly maneuvering your way into a parking spot, Murano's available new Safety Shield Technologies take advantage of the rearview camera and act as a second set of eyes, giving you a whole new way to double-check.

A. Blind Spot Warning. With the available Blind Spot Warning system, an indicator appears when another vehicle is detected in your blind spot area. Put your turn signal on, and the indicator flashes and sounds a warning chime to alert you.¹

B. Lane Departure Warning. If Murano detects that you are straying from your lane, the available Lane Departure system will give both a visual and audible warning. So smart, the system is designed to stop the warnings whenever your turn signal is engaged.²

C. Moving Object Detection. Shift into reverse, and the available next-generation RearView Monitor displays what's behind you. If it detects something moving by the rear of the vehicle when you're in reverse, it gives a visual and audible alert. And whenever you want a wider rear view, just push the camera button right on the display screen.^{3,4}

¹The Blind Spot Warning System is not a substitute for proper lane change procedures. The system will not prevent contact with other vehicles or accidents. It may not detect every vehicle or object around you. ²Lane Departure Warning System operates only when the lane markings are clearly visible on the road. Speed limitations apply. See Owner's Manual for details. ³Parking aid/convenience feature. Cannot completely eliminate blind spots or warn of moving objects. May not detect every object. Always check surroundings before moving vehicle. Not a substitute for proper backing procedures. Always turn to check what is behind you before backing up. ⁴Moving Object Detection cannot completely eliminate blind spots and may not detect every object. MOD operates at vehicle speeds below 5 mph. Always check surroundings before moving vehicle. Not a substitute for proper backing procedures. Always turn to check what is behind you before backing up.

MAKING THE WORLD
SEEM WIDE OPEN.

Murano carries you on a wave of seamless power, with intuitive AWD that constantly adjusts for superior confidence and control.

All-Wheel Drive. The second you pull away, the AWD turns on, delivering power to both front and rear wheels for improved grip. Once you're up to speed, no sense powering all four wheels, so Murano efficiently sends the power all up front. Then, for enhanced cornering control and traction, AWD compensates by transferring some of that power from the front wheels to the rear.

2013 Murano	260 HORSEPOWER	240 LB-FT OF TORQUE	24 MPG HIGHWAY ¹
2012 Murano CrossCabriolet	265 HORSEPOWER	248 LB-FT OF TORQUE	22 MPG HIGHWAY ²

Engine. Murano's 260-horsepower 3.5-liter V6 engine keeps you ahead of the pack when you need to be. An efficient fuel economy of 24 MPG on the highway¹ keeps it practical. Murano CrossCabriolet exhilarates with 265 hp and 248 lb-ft of torque while returning 22 MPG on the highway.²

(CVT) Continuously Variable Transmission. Innovation beyond gears. Unlike conventional automatic transmissions, the virtually "gearless" Xtronic CVT[®] (Continuously Variable Transmission) makes gear hunting a thing of the past. Fully variable gear ratios mean the CVT keeps you in the sweet spot, so power is amazingly quick and smooth whenever you push the throttle.

SAFETY. Braking with assurance, steering with confidence. Yes and yes.

Vehicle Dynamic Control. A safety system to help keep you on your steered path, VDC senses if your vehicle starts to oversteer or understeer. To help you maintain control, engine power can be reduced and/or braking pressure can be applied to specific wheels.³

Traction Control System. Sensing when a front wheel is spinning, TCS responds by reducing throttle or applying brake pressure to help improve traction.

Brake Assist/EBD. More than "just stopping," Brake Assist senses emergency braking and automatically helps to apply maximum braking pressure if needed. Then, Electronic Brake force Distribution sends extra force to the rear brakes when it senses additional weight in the back.

Anti-lock Braking System. ABS pumps Murano's brakes faster than you possibly can, to help prevent wheel lock-up in panic-braking situations.

Brake Override Technology. Like every Nissan since 2005, Murano comes standard with Brake Override Technology. It's designed to help slow down your vehicle and bring it to a safe stop in an emergency by overriding accelerator input and reducing engine power when the accelerator and brake pedals are applied simultaneously.

¹2012 EPA fuel economy estimates shown. 2013 EPA estimates not available at time of printing. Murano FWD 18 city/24 highway. Actual mileage may vary with driving conditions – use for comparison only. ²2012 EPA fuel economy estimates shown. Murano CrossCabriolet 17 city/22 highway. Actual mileage may vary with driving conditions-use for comparison only. ³VDC, which should remain on when driving except when freeing the vehicle from mud or snow, cannot prevent accidents due to abrupt steering, carelessness, or dangerous driving techniques. Always drive safely.

DEFINING YOUR OWN SPACE.

Your very own modern interior – with their personalized designs, Murano and Murano CrossCabriolet feel like home. And with these available features, every detail lets you enjoy your own definition of premium.

Memory Driver’s Seat. With programmable settings for you and a second driver, your favorite position is always waiting. At the press of a button, your seat moves into place, as do the mirrors and steering wheel. It’s as if we were expecting you.

Dual Zone Temperature Control. The ideal temp for each front passenger – how perfect. And no more cold blasts either – vents are positioned to cascade over you like your home A/C.

Heated Seat, Steering Wheel and Power Outside Mirrors. Forget that it’s freezing outside. Inside Murano, you’re all warm and toasty. And with heated mirrors, there’s no need to worry about going outside to wipe or scrape them clean.

Dual Panel Moonroof. Hello sunshine. Unique dual panels of glass let it shine in until you close the power shades for cover.

A. **Power Seats.** Need room for cargo in back? Pull the lever conveniently found in the cargo area and the 60/40 split rear seats collapse for more space.¹ When you need more room for passengers, just push a button (from the dash or cargo area) to power them back up (not available on CrossCabriolet).²

B. **Cargo.** A generous cargo area makes room for that antiquing find. With the rear seats folded flat, cargo volume is doubled to the maximum 64 cubic feet.¹ Murano – ready, willing and able.

Power Liftgate. From your remote, dash or hatch, generous space is now fingertip-close (not available on CrossCabriolet).

C. **CrossCabriolet Storage.** Having a convertible shouldn’t mean giving up cargo space, so Murano CrossCabriolet is designed with a spacious trunk with room for plenty of luggage. You can even fit in four carry-on bags with the top down.¹

SAFETY: With a comprehensive safety strategy including six standard air bags, peace of mind comes standard with every Murano.

Nissan Advanced Air Bag System. Nissan’s system includes dual-stage supplemental front air bags that adjust their inflation rate, depending on the severity of impact and your seat belt usage. If your front passenger seat is empty, an occupant sensor deactivates that bag. Side-impact supplemental air bags are built into the front seats so they move with you, even as you adjust your seat. And above, standard roof-mounted curtain side-impact supplemental air bags with side-impact and rollover protection for front and rear-seat outboard occupants. On CrossCabriolet, door-mounted curtain supplemental air bags help protect front occupants from head injury in certain side-impact collisions, or in the unlikely event of a rollover.³

Active Head Restraints. In the event of certain rear-end collisions, front-seat Active Head Restraints move up and toward your head to help reduce the chance of whiplash injuries.

Dual Pop-up Roll Bars. Located behind the CrossCabriolet’s rear seatback, dual pop-up roll bars are designed to deploy in the unlikely event of a rollover to help reduce the risk of occupant injury.

snug-kids™ Nissan safety engineers have dedicated thousands of hours to evaluating hundreds of child restraints in Nissan vehicles. The result: An industry first, The Snug Kids Child Safety Seat Fit Guide. This guide lists child seats that fit the rear seats of Nissan vehicles, as well as offers invaluable tips on correct installation. Look for the latest Fit Guide at NissanUSA.com/SnugKids.

¹Cargo and load capacity limited by weight and distribution. Always secure all cargo. ²When operating the rear power-seatback return, make sure that the vehicle is stopped and the transmission is in the P (Park) position. ³Air bags are only a supplemental restraint system; always wear your seat belt. Even with the occupant-classification sensor, rear-facing child restraints should not be placed in the front-passenger’s seat. Also, all children 12 and under should ride in the rear seat properly secured in child restraints, booster seats, or seat belts according to their size. Air bags will only inflate in certain accidents. See your Owner’s Manual for more details. Inflated air bags shown for illustration purposes only; actual coverage area may differ. Air bags deflate after deployment.

**GENUINE NISSAN ACCESSORIES.
IMPRESS. CONNECT. PROTECT. ORGANIZE.**

Every Genuine Nissan Accessory is: custom-fit, custom-designed and durability-tested; backed by Nissan's 3-year/36,000-mile limited warranty; and can be financed when installed by dealer at time of purchase.¹

A. Roof Rail Crossbars^{2,3}

Made of steel, so you know they're good.

B. Hood Protector and LED Daytime Running Lights

See that your hood has a fighting chance. (Sold separately.)

C. Illuminated Kick Plates

Let your doorsills play dress up.

D. Interior Accent Lighting

With 20 hues, all for you.

Buying and owning a Nissan is like driving one: quick, convenient, confidence-inspiring.

Nissan Motor Acceptance Corporation. Whether you're buying or leasing, you'll find attractive rates and flexible terms to make your purchase more accessible.

New Vehicle Limited Warranties. Protection for your new Nissan includes 3-year/36,000-mile basic coverage and 5-year/60,000-mile powertrain coverage. Terms, conditions and exclusions apply. See Warranty Information Booklet for complete details.

Security+Plus.® For additional peace of mind, a variety of extended service plans lets you tailor the coverage to your driving habits.

Maintenance+Plus.® This extended plan ensures your Nissan will receive up to 17 different services and over 33 different inspection items at each visit, using the most up-to-date diagnostic equipment available.

Genuine Nissan Parts. When it comes time for service, any necessary replacement parts will be made using Genuine Nissan new or remanufactured parts, or Nissan-approved parts. And they're the only parts to carry Nissan's factory-backed limited warranty.

¹Towing performance and speed are affected by vehicle payload, tow weight, road grades and weather conditions, including high temperatures. Towing not recommended for CrossCabriolet model. See Owner's Manual at dealership before purchase for details.

Nissan has taken care to ensure that the color swatches presented here are the closest possible representations of actual vehicle colors. Swatches may vary slightly due to the printing process and whether viewed in daylight, fluorescent or incandescent light. Please see the actual colors at your local Nissan dealer.

Nissan. Innovation that excites.™

NISSAN MURANO®

Shouldn't you drive something you love? Absolutely. And that's what inspires our innovation. We look at every part of your drive and ask how can we make this better, smarter and more fun. So when you get in your new Murano, you'll feel how exciting the answers can be:

Smooth power. Murano's virtually gearless intelligent CVT transmission eliminates gear hunting and lets you ride a seamless wave of power.

More on-time arrivals. Available touch-screen navigation does more than just point the way, with real-time traffic updates, weather forecasts and *Zagat Survey*® restaurant recommendations.^{1,2}

Great grip. Murano's available intuitive All-Wheel Drive not only helps enhance traction in slippery conditions, it's also designed to be responsive and great fun to drive.

Effortless versatility. Control the power liftgate from your driver's seat or move the available power rear seats back into place with just the touch of a button.³
