NISSAN Commercial Vehicles[®]

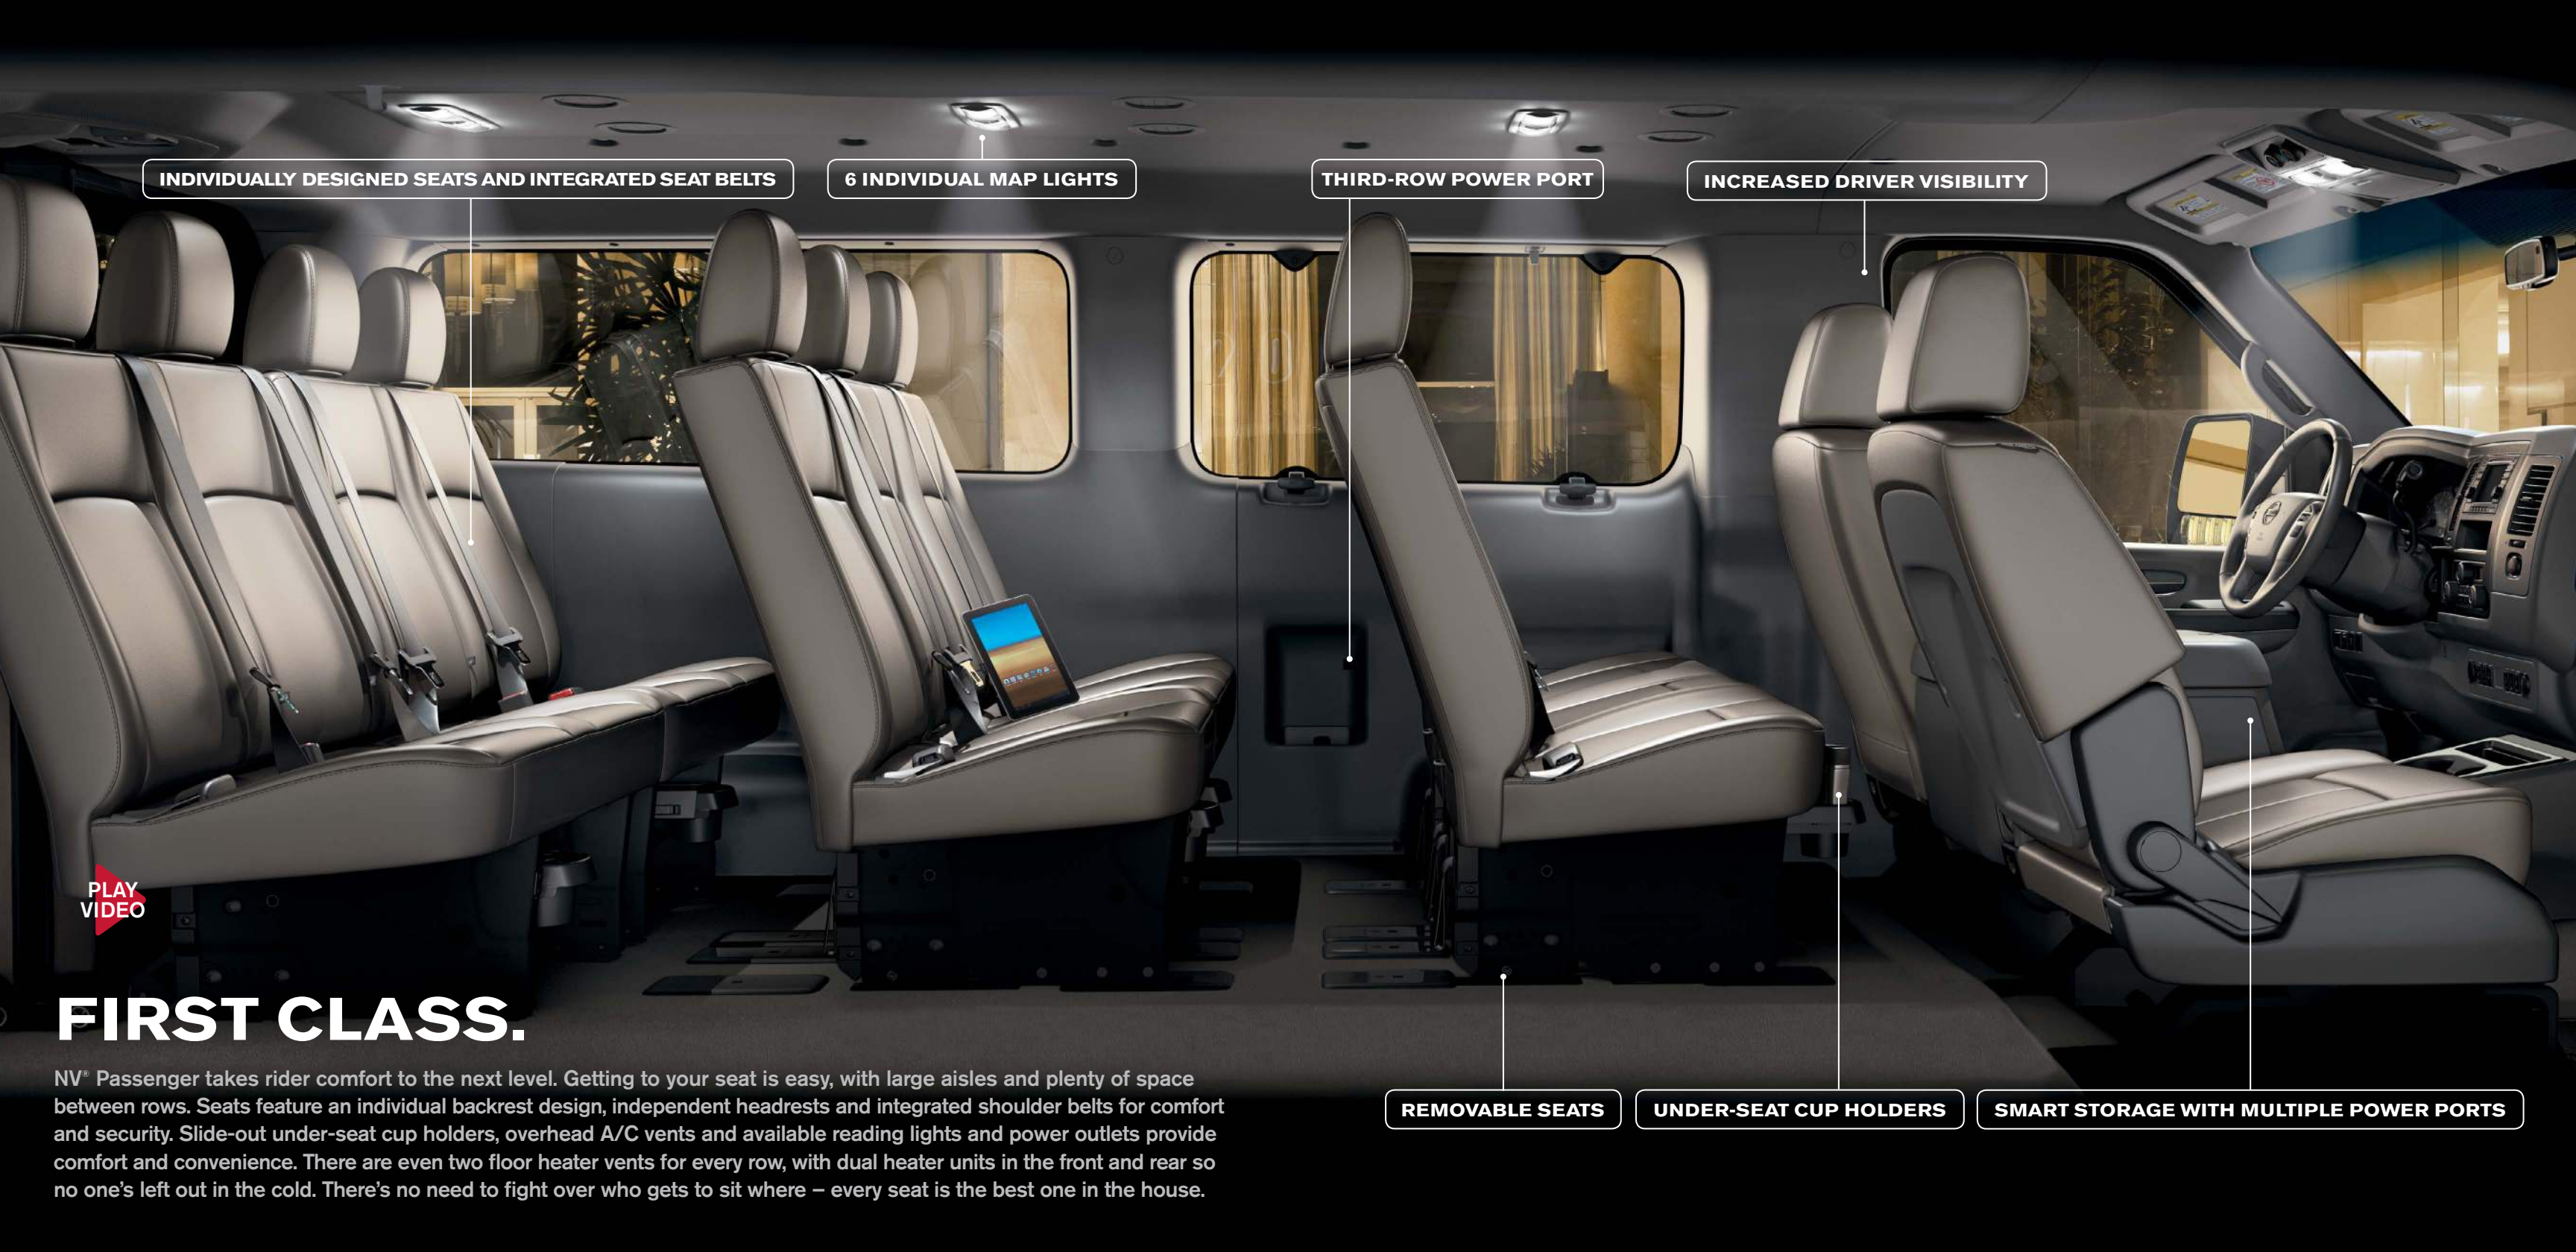

BUILT IN
CANTON
MISSISSIPPI

SEATING FOR 12. INNOVATION FOR ALL.

2013 Nissan NV® Passenger. Designed to transport your expectations as well as your passengers, NV® Passenger sets the standard with a class-leading 324 seating configurations.¹ And getting to them is easy, with a sliding side door and a low step-in height. It's a real upgrade for those along for the ride, featuring comfortable seating with integrated headrests and seat belts and the confidence of standard roof-mounted side-impact supplemental air bags for every row.² Innovative heating and cooling keeps everyone comfortable, too. The out-front engine design provides improved driver comfort and easier engine access for servicing. And it's been engineered to be durable too, with the largest frame and biggest brakes in its class. It all adds up to comfortable drivers, satisfied passengers and a profitable bottom line. 2013 NV® Passenger. That's innovation that works. Nissan. Innovation that excites.™

¹Ward's Light Vehicle Market Segmentation. 2013 NV® Passenger vs. 2013 Large Van Class. ²Air bags are only a supplemental restraint system; always wear your seat belt. Rear-facing child restraints should not be placed in the front passenger's seat. All children 12 and under should ride in a 2nd-, 3rd-, or 4th-row seat properly secured in child restraints, booster seats, or seat belts according to their size. Air bags will only inflate in certain accidents. Rear-facing child restraints should not be used in NV® Cargo vehicles. See Owner's Manual for more details.

INDIVIDUALLY DESIGNED SEATS AND INTEGRATED SEAT BELTS

6 INDIVIDUAL MAP LIGHTS

THIRD-ROW POWER PORT

INCREASED DRIVER VISIBILITY

PLAY
VIDEO

FIRST CLASS.

NV® Passenger takes rider comfort to the next level. Getting to your seat is easy, with large aisles and plenty of space between rows. Seats feature an individual backrest design, independent headrests and integrated shoulder belts for comfort and security. Slide-out under-seat cup holders, overhead A/C vents and available reading lights and power outlets provide comfort and convenience. There are even two floor heater vents for every row, with dual heater units in the front and rear so no one's left out in the cold. There's no need to fight over who gets to sit where – every seat is the best one in the house.

REMOVABLE SEATS

UNDER-SEAT CUP HOLDERS

SMART STORAGE WITH MULTIPLE POWER PORTS

A LEG UP ON THE COMPETITION.

With a choice of fore or aft positions in the 2nd- and 3rd-row seats, NV® Passenger can be configured to give extra leg room, a real plus for taller or larger passengers.

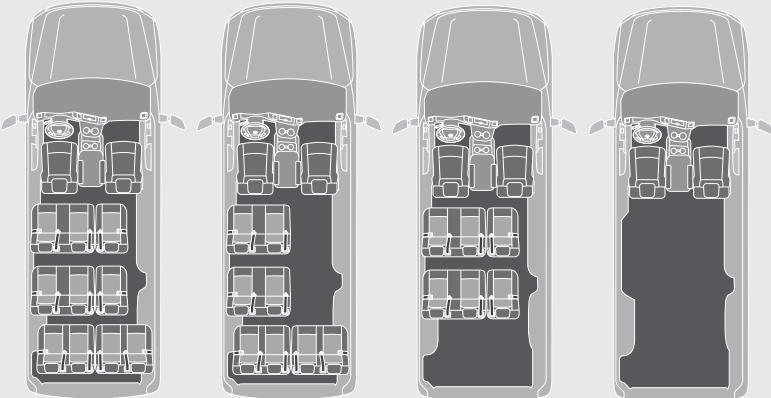

6 INDIVIDUAL REAR SEATS

IT PAYS TO BE FLEXIBLE.

With a class-leading total of six independent rear seats,¹ you have unmatched flexibility whether it's maximizing cargo, passengers, or just giving everyone a little more room to get in and move around. The 4th-row seats even feature wheels for easier removal.

UP TO 324 SEATING CONFIGURATIONS

MAXIMUM PASSENGERS

EASY ENTRY AND EXIT

ROOM FOR 8 AND CARGO

MAXIMUM CARGO

12 REAR AIR VENTS 14 FAN SPEEDS LIMITLESS COMFORT

A comfortable passenger is a happy passenger, so extensive engineering went into making NV® Passenger comfortable for all. Along with standard front and rear HVAC units, you'll find each passenger row has two adjustable overhead air conditioning vents, and dual floor-mounted heater vents – most competitors heat only one side of the cabin, meaning some passengers will be too hot while others have a chilly ride. And while competitor vans offer only four fan speeds, NV® Passenger features 14 speeds for increased rear climate control.

REAR POWER OUTLETS

An available 12-volt power outlet in the third row is ideal for charging a cell phone or tablet, while an available dedicated 120-volt outlet behind the 4th row in the cargo area can charge a power tool battery pack or a laptop.

CONVENIENT CUP HOLDERS

No detail was overlooked in NV® Passenger. Each row features two under-seat slide-out cup holders, designed to hold a variety of containers and strong enough to withstand years of abuse.

REAR CLIMATE CONTROLS

Located above the driver and front seat passenger, the design is simple but effective, with 14 fan speeds to ensure cabin comfort, and two oversize knobs that are easily adjusted, even when wearing gloves.

¹Ward's Light Vehicle Market Segmentation. 2013 NV® Passenger vs. 2013 Large Van Class.

PLAY
VIDEO

CONNECTIVE TECHNOLOGY Available advanced technology keeps you in touch and on the move. Nissan navigation with live traffic updates helps you find the best route and avoid traffic jams, while Bluetooth® Hands-free Phone System connectivity lets you make and receive calls while keeping your hands on the wheel.^{1,2,3} An available Front and Rear Sonar System plus a RearView Monitor help negotiate tight parking spaces, while SiriusXM Satellite Radio and an iPod®-friendly USB input make any trip more enjoyable for you and your passengers.^{2,4,5,6}

COMFORT, CONTROL AND CONVENIENCE.

The job title may say driver, but you can also add part-time skycap, cashier, entertainment director and company representative to the list. NV® Passenger makes sure you excel at all of them, providing outstanding room and superior visibility for easier maneuvering. There's dedicated storage for everything from clipboards to business cards, and advanced technology to help keep you on time, and your passengers comfortable and entertained. Job well done.

¹Never program while driving. GPS mapping may not be detailed in all areas or reflect current road regulations. ²Required SiriusXM Satellite Radio, NavTraffic and NavWeather subscriptions sold separately after trial period. Installation costs, one-time activation fee, other fees and taxes will apply. NavTraffic available in select markets. Services available only to those 18 or older in the 48 contiguous states and D.C. Fees and programming subject to change. Subscriptions governed by Customer Agreement available at siriusxm.com. ©2013 Sirius XM Radio Inc. Sirius, XM and all related marks and logos are trademarks of Sirius XM Radio Inc. ³Availability of specific features is dependent upon the phone's Bluetooth® support. Please refer to your phone Owner's Manual for details. Bluetooth word mark and logos are owned by Bluetooth SIG, Inc., and any use of such marks by Nissan is under license. ⁴The Front and Rear Sonar System is a convenience, but not a substitute for proper parking procedures and/or backing procedures. Always check that it is safe to do so before moving forward or backing up. May not detect every object in front of or behind you. ⁵Parking aid/convenience feature. Cannot completely eliminate blind spots or warn of moving objects. May not detect every object. Always check surroundings before moving vehicle. Not a substitute for proper backing procedures. Always turn to check what is behind you before backing up. ⁶Driving is serious business and requires your full attention. Do not operate any devices connected to the USB or auxiliary audio input jack while driving. iPod® is a registered trademark of Apple, Inc. All rights reserved. iPod not included.

FLEXIBLE CENTER CONSOLE

NV® Passenger's available center console is a master multi-tasker – large enough to hold hanging files or a laptop computer, with a top that slides forward to create a convenient work desk. 12-V and 120-V outlets help ensure your business devices are always charged and ready to go.

SEATS THAT GO THE DISTANCE

By minimizing engine intrusion into the cabin, NV® Passenger's truck-like interior pays huge dividends in stretch-out room, especially leg and foot room (check out the wide foot wells). The wide front seats feature a supportive low-fatigue design, so you'll find NV® Passenger is a comfortable place to spend long hours on the road. And to keep your cabin looking new, the cloth seats feature durable materials, including water-repellent seat cushions and backs, and a seat wear patch on the upper and lower bolsters made of heavy-duty vinyl.

STAY CONNECTED

Business is all about connections, and in NV® Passenger, the available Technology Package keeps you in touch and on the move. Nissan navigation with live traffic updates helps you find the best route through a crowded city, while Bluetooth® Hands-free Phone System connectivity lets you conduct business while keeping your hands on the wheel.^{1,2,3} The RearView Monitor helps negotiate tight parking spaces, while SiriusXM Satellite Radio and an iPod®-friendly USB input let you enjoy your drive even more.^{2,4,5}

STEERING WHEEL-MOUNTED CONTROLS

Available steering wheel-mounted controls keep NV® Passenger's phone and audio controls at your fingertips.

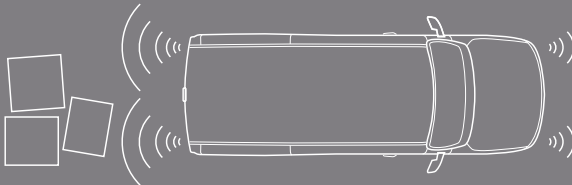

USB INPUT

With the available USB input, you can enjoy your favorite tunes from your iPod® and control it through the audio system or steering wheel-mounted controls.⁵

CONVENIENT 120-V ACCESS

Conveniently located in the center console, available 12-V and 120-V power outlets are ideal for charging a laptop computer or cordless power tool.

FRONT AND REAR SONAR

Available in either rear or combined front and rear versions, the system beeps when it senses an object up to six feet away, and increases in frequency the closer you get.⁶

PLAY VIDEO

Red, yellow and green lines display relative traffic speed.²

BUILT FOR THE LONG HAUL.

NV® Passenger has been engineered from the bottom up to give you the kind of reliability and durability you need to ensure a solid bottom line for your business. It's built on the largest boxed frame in its class for a long service life.¹ The biggest brakes in its class provide confident stopping power,¹ while standard VDC helps keep you on your steered path.² Whether you choose between a fuel-efficient V6 or powerhouse V8 engine, you ride with state-of-the-art technology. With up to 8,700-lb. towing capacity, you can bring what you need, when you need it.³ And since both engines run so efficiently, you'll never have to worry about logging idling time again.

VEHICLE DYNAMIC CONTROL

NV® Passenger's VDC system helps you stay on your steered path by reducing engine speed and /or applying appropriate brake pressure to specific wheels.²

POWERFUL CHOICES NV® Passenger's 24-valve, 4.0-L V6 features an advanced Continuously Variable Valve Timing Control System that delivers seamless power with optimum fuel efficiency. Step up to the 32-valve 5.6-L V8 and you'll find an aluminum block with a forged crankshaft and cast-iron cylinder liners for maximum strength. Both engines feature specially coated piston skirts and micro-finishing of key components to help reduce friction for smooth response and less wear and tear.

SUSPENSION AND RIDE

Based on the heavy-duty components of NV® Cargo, Nissan engineers specially tuned the suspension of NV® Passenger for rider comfort.

¹Ward's Light Vehicle Market Segmentation. 2013 NV® Passenger vs. 2013 Large Van Class. ²VDC, which should remain on when driving except when freeing the vehicle from mud or snow, cannot prevent accidents due to abrupt steering, carelessness, or dangerous driving techniques. Always drive safely. ³Requires available Towing Package. See Nissan Towing Guide and Owner's Manual for proper use. Cargo and load capacity limited by weight and distribution. Always secure all cargo. Heavy loading of the vehicle with cargo, especially on the roof, will affect the handling and stability of the vehicle. Roof rack shown for illustrative purposes only; see your authorized Nissan retailer for Genuine Nissan Accessories.

THE SAFETY OF TOMORROW, IN YOUR VAN TODAY.

8

**STANDARD
AIR BAGS**

THE MOST STANDARD AIR BAGS IN ITS CLASS.^{1,2} NV® Passenger is the only vehicle in its class with standard inflatable curtain air bags for all four rows of seats for outboard occupant head protection in the event of a rollover. No other competitor offers four rows of air bag coverage – even as an option.

FRONT-IMPACT COMPATIBILITY Setting NV® Passenger's bumper at passenger car height helps improve compatibility in a crash environment and helps offer better protection for occupants in passenger cars.

BRAKE OVERRIDE TECHNOLOGY Like every Nissan since 2005, NV® Passenger comes standard with Brake Override Technology. It's designed to help slow down your vehicle and bring it to a safe stop in an emergency by overriding accelerator input and reducing engine power when the accelerator and brake pedals are applied simultaneously.

LARGEST BRAKES IN CLASS¹ Massive 14" 4-wheel stopping power. Advanced technology, including an Anti-lock Braking System (ABS) and Electronic Brake force Distribution (EBD), are there to help protect you.

FRONT, REAR AND SIDE IMPACT ZONES NV® Passenger comes with a front energy management zone designed to help absorb the energy generated upon impact. Side rigid zones are designed to help maintain vehicle integrity with minimal deformation to protect occupants. The heavy-gauge steel construction of the occupant compartment offers added protection during a side-impact incident. The rear energy management zone helps absorb energy from impact in the rear section of the frame, protecting both occupants and fuel tank.

¹Ward's Light Vehicle Market Segmentation: 2013 NV® Passenger vs. 2013 Large Van Class. ²Air bags are only a supplemental restraint system; always wear your seat belt. Rear-facing child restraints should not be placed in the front passenger's seat. All children 12 and under should ride in a 2nd-, 3rd-, or 4th-row seat properly secured in child restraints, booster seats, or seat belts according to their size. Air bags will only inflate in certain accidents. Rear-facing child restraints should not be used in NV® Cargo vehicles. See Owner's Manual for more details. Inflated air bags shown for illustration purposes only; actual coverage area may differ. Air bags deflate after deployment.

GENUINE NISSAN ACCESSORIES. IMPRESS. CONNECT. PROTECT. ORGANIZE.

Every Genuine Nissan Accessory is: custom-fit, custom-designed and durability-tested; backed by Nissan's 3-year/36,000-mile (whichever occurs first) limited warranty; and can be financed when installed by dealer at time of purchase.¹

- A. **All-season Floor Mats**²
Because the weather outside isn't always delightful.
- B. **Carpeted Rear Floor Mats**
Preserve, protect, and oh, so plush.
- C. **Telescoping Tow Mirrors**³
Telescoping mirrors slide outward for improved visibility.
- D. **Hood Protector**
Give your hood a fighting chance against bugs and road grime.
- E. **Tow Hitch Receiver, Class IV**³
Designed for secure towing so you can bring what you need.
- F. **Auto-dimming Rearview Mirror**
Don't let bright headlights get in your way.
- G. **Weight-distributing Hitch Ball Mount, Class IV**³
Makes for a safer ride when towing heavy loads.
- H. **Body Side Moldings**
Just say no to parking lot dings, dents and scratches.

Additional Accessories:

- Splash Guards
- Side-window Deflectors
- Tow Hooks
- Towing Accessories²
- And More

¹Covered by Nissan's Limited Warranty on Genuine Nissan Accessories for the longer of 12 months/12,000 miles (whichever occurs first) or the remaining period under the 3-year/36,000-mile (whichever occurs first) Nissan New Vehicle Limited Warranty. Terms and conditions apply. See Warranty Information Booklet for details. ²Image may not reflect actual product. ³See Nissan Towing Guide and Owner's Manual for proper use.

BENEFITS

Commercial Benefits. As a committed business partner, we’re here to help. To get you going, the Nissan Commercial Incentive Program offers qualified commercial customers substantial benefits, including your choice of one of the complimentary incentives:¹

COMMITMENT

Your vehicle is more than just basic transportation, it's what makes your business run efficiently. At Nissan Commercial Vehicles, we understand our part in making your business run cost-effectively. That’s why we’ve partnered with our commercial certified parts and service dealers to ensure we are there for you when you need us. As part of our parts and service commitment to you, you will experience the following at every certified Nissan Commercial Vehicles Dealer:

Service and maintenance plans. Developed specifically for Nissan Commercial Vehicles and backed by Nissan, a wide variety of service plans are available to you, including high-mileage options. Your authorized Nissan Commercial Vehicles dealer has all the details, and will be glad to help you find the plan that best fits your business needs.

¹The Commercial Incentive Packages are products designed, manufactured, tested and installed by an independent supplier, 3M, specifically for NV® Cargo or NV® Passenger vans. 3M products are not covered by the Nissan New Vehicle Limited Warranty. Nissan is not responsible for the safety or quality of the installation or alterations made by 3M to your NV® Cargo and NV® Passenger van. See your local dealer for details. The wraps application is a nongenuine Nissan affiliate product available through 3M, Inc. Nissan does not warranty NCV Graphics Package; instead, warranty is provided by 3M, Inc. Offer valid for 2012 or 2013 model-year Nissan NV® Cargo and NV® Passenger vans. Please see your local NCV dealer for more details on the Commercial Incentive Program. To find your local NCV dealer, reference the dealer locator at www.NissanCommercialVehicles.com. ²Roadside Assistance and Trip Interruption available during the first four years after initial new vehicle delivery. Restrictions apply. See Owner’s Manual for details.

NV® PASSENGER: 2 COMPLIMENTARY INCENTIVES TO CHOOSE FROM

With the Nissan Commercial Vehicle Incentive Program, qualifying NV® Passenger buyers can enhance their purchase with two exciting choices to help them get down to business:

- 1. Complimentary NCV Graphics Package.** Commercial Vehicle Graphics Package includes 55 square feet of custom-designed, professionally installed graphics by 3M. MSRP \$1,000
- 2. Commercial Cash Incentive.** This option allows an eligible customer to take advantage of a cash incentive. See your local Nissan Commercial Vehicles Dealer for complete guidelines surrounding the cash-incentive amounts.

Roadside Assistance and Trip Interruption. Our commercial vehicles come with the confidence of Roadside Assistance, offering lockout support, towing services, emergency fuel delivery, tire changes and dead-battery jump-start service. Our Trip Interruption benefits offer assistance if your vehicle becomes disabled more than 100 miles from your company’s location.²

We’ve got you covered. Every Nissan is backed by a 36-month/36,000-mile (whichever occurs first) limited vehicle coverage and a 5-year/60,000-mile (whichever occurs first) limited powertrain coverage. (See your Nissan Commercial Vehicles dealer or reference the Nissan Owner’s Manual for details.) For extra protection, you can also add Security+Plus®, the only extended service agreement approved by Nissan.

Nissan. Innovation that excites.™

NISSAN NV® PASSENGER

Shouldn't you drive something you love? Absolutely. And that's what inspires our innovation.

We look at every part of your drive and ask how can we make this better, smarter and more productive. So when you get down to business in your new Nissan Commercial Vehicle, you'll feel how hard-working the answers can be:

Mobile office. You're ready to work with a full-size center console that doubles as a convenient slide-out work desk.

Built for the long haul. NV® Passenger has been proven by over 800,000 miles of reliability testing and 7,000 quality and durability tests.

Unmatched flexibility. NV® Passenger's best-in-class 324 seating configurations offer the most versatile seating in its class.¹

Protective. NV® Passenger Van is the only van in its class with standard inflatable curtain air bags for all four rows of seats.^{1,2}

¹Ward's Light Vehicle Market Segmentation. 2013 NV® Passenger vs. 2013 Large Van Class. ²Air bags are only a supplemental restraint system; always wear your seat belt. Rear-facing child restraints should not be placed in the front passenger's seat. All children 12 and under should ride in a 2nd, 3rd, or 4th row seat properly secured in child restraints; booster seats, or seat belts according to their size. Air bags will only inflate in certain accidents. Rear-facing child restraints should not be used in NV® Cargo vehicles. See Owner's Manual for details.
