

Innovation
that excites

2014 MURANO®

WELCOME TO THE 2014 NISSAN MURANO® DIGITAL BROCHURE

Full of images, feature stories, and all the specification and trim level information you need to help select your Murano®.

[Click here](#) to sign up for news and updates
on the 2014 Nissan Murano®.

WOULDN'T IT BE COOL IF_
EVERY DAY COULD FEEL THIS GOOD?

Welcome to Nissan Murano,[®] where every detail has you in mind. Starting with your arrival – when Murano[®]'s innovative features welcome you, catering to your senses. Clever technology keeps you one step ahead, while being right at your fingertips. Your vehicle seems to know your next move, no matter the conditions. And with the Murano[®] CrossCabriolet,[®] the world's first and only AWD crossover convertible, you've got a liberating new way to see your world. Nissan Murano[®] and Nissan Murano[®] CrossCabriolet.[®]

Nissan Murano[®] LE shown in Tinted Bronze and Nissan Murano[®] CrossCabriolet[®] shown in Pearl White.

Living in the sweet spot is easier than ever. The Murano® offers you the unmistakable smoothness and refined power of a V6 engine, and advanced suspension for confident handling. And whether you're looking for efficient cruising or a quick rush of seamless acceleration, the Continuously Variable Transmission (CVT) eliminates gear hunting to keep you in the engine's sweet spot.

Nissan Murano® LE shown in Sapphire Black with Platinum Edition Package.

Nissan Murano® LE shown in Brilliant Silver with Platinum Edition Package.

Nissan Murano® LE shown in Beige Leather with Platinum Edition Package.

A low-angle, interior shot of a car looking up at the ceiling. The sun is shining brightly through a large, rectangular glass moonroof, creating a starburst effect. The car's interior is finished with light-colored leather seats and a matching ceiling. Sun visors with storage compartments are visible on the left. The overall atmosphere is bright and airy.

Now, everyone can enjoy the view. Double the blue skies with an available glass Dual Panel Moonroof that extends to the back row. Press a button to close the power shades and create a private sanctuary. And when the sun goes down, ambient cabin lights add a soft glow.

Nissan Murano® LE shown in Pearl White.

An upgrade where innovation makes every day extraordinary. Step inside and get comfortable as the available Driver's Memory System adjusts the driver's seat, steering column and outside mirrors to your customized settings. Everyone stays comfortable with Dual Zone Automatic Temperature Control and available heated front and rear seats. And on wintry mornings, you'll love the available heated steering wheel and outside mirrors. Enjoy additional touches, like the warm glow of accent lighting, available contrasting wood accents and metal trim, and available double-stitched leather-appointed seats. All this in an aerodynamic body designed to reduce noise and vibration, making your ride quiet and luxuriant.

Nissan Murano® LE shown in Beige Leather.

GENEROUS SPACE IS NOW FINGERTIP-CLOSE.

You can double your cargo volume to 64 cubic feet when you collapse the 60/40 split rear seats with the pull of a lever. Or for more passenger space, just push a button from the dash or cargo area to power the seats back up (available only in the SL and LE).

Cargo and load capacity limited by weight and distribution. Always secure all cargo.

Life's easier with the space and flexibility of the Nissan Murano®'s **easy-to-access cargo area**. For simpler loading and unloading, control Murano®'s available power liftgate from your remote, the dashboard or a button on the hatch.

**IMAGINE CROSSOVER CAPABILITY
WITH THE OPEN AIR OF A CONVERTIBLE.**

Now, meet the Nissan Murano® CrossCabriolet® – the world's first and only AWD crossover convertible. Go anywhere with a convertible that offers you the all-weather capability of intuitive All-Wheel Drive. Get a clear view of what's behind you through a solid glass rear window, or watch the top glide away with the touch of a button. No matter what the conditions are, nothing gets in the way of your plans.

Nissan Murano® CrossCabriolet® shown in Pearl White.

The outdoors are too great not to share. The Murano® CrossCabriolet® gives you spacious seating for four with easy access to the rear seat, where there's all the rear-seat leg room you expect in a crossover. The trunk is roomy enough for two sets of golf clubs – even with the top down.

A strong foundation to go on. When we engineered the CrossCabriolet®, we provided additional bracing to the chassis to help keep the structure tight and rattle-free. In the unlikely event of a rollover, a pop-up roll bar protection system is integrated behind the rear seats.

Find your way to a great night out with no more guesswork using the available Nissan Navigation System.¹ By voice or touch, plan dinner using *Zagat Survey*[®] restaurant guide. Plot your path and check weather with NavWeather on the large 7" color monitor. Then stay ahead of traffic with real-time advisories from NavTraffic provided by SiriusXM.^{1,2} With Nissan Navigation standing by, your arrival can be a real breeze.

¹Never program while driving. GPS mapping may not be detailed in all areas or reflect current road regulations. ²Required SiriusXM Satellite Radio, NavTraffic and NavWeather subscriptions sold separately after trial period. Installation costs, one-time activation fee, other fees and taxes will apply. NavTraffic available in select markets. Services available only to those 18 or older in the 48 contiguous states and D.C. Fees and programming subject to change. Subscriptions governed by Customer Agreement available at siriusxm.com. ©2013 Sirius XM Radio Inc. Sirius, XM and all related marks and logos are trademarks of Sirius XM Radio Inc.

NISSAN TECHNOLOGY HAS YOU COVERED.

Murano®'s built-in technology gets you there with easier maneuvering and hands-free technology. And, of course, seamless iPod® connectivity provides your soundtrack all the way there.¹

iPod®/USB input. An available USB Interface System for iPod® displays song info playlist-style, and lets you control your iPod® by touch-screen or steering wheel-mounted controls.²

Bose® Premium Audio. Your music has never sounded better. The available Bose® audio system gives you nine speakers plus dual subwoofers for scintillating highs and deep, rich bass.

Bluetooth®. With the available Bluetooth® Hands-free Phone System, even your phone book is downloadable, so hands stay where they need to be. Then take calls through Murano®'s speakers, which adjust music volume for each call.³

RearView Monitor. Wouldn't it be helpful to see what you might have missed behind you? The available RearView Monitor helps show you, anytime you're in reverse.⁴

BLUETOOTH®

REARVIEW MONITOR

¹Always give your full attention to driving. Avoid operating your iPod® in such a way that you can be distracted during vehicle operation. See dealer for details. iPod is a registered trademark of Apple, Inc. All rights reserved. iPod not included. ²Driving is serious business and requires your full attention. Do not operate any devices connected to the USB or auxiliary audio input jack while driving. ³Availability of specific features is dependent upon the phone's Bluetooth® support. Please refer to your phone Owner's Manual for details. Bluetooth word mark and logos are owned by Bluetooth SIG, Inc., and any use of such marks by Nissan is under license. ⁴Parking aid/convenience feature.

Cannot completely eliminate blind spots or warn of moving objects. May not detect every object. Always check surroundings before moving vehicle. Not a substitute for proper backing procedures. Always turn to check what is behind you before backing up. Bose® is a registered trademark of The Bose Corporation.

IN CONTROL THE WHOLE WAY THERE.

Get to where you're going on a wave of seamless power, with intuitive AWD that constantly adjusts for superior confidence and control.

All-Wheel Drive. The second you pull away, the AWD turns on, delivering power to both front and rear wheels for improved grip. Once you're up to speed, no sense powering all four wheels, so Nissan Murano® efficiently sends the power all up front. Then, for enhanced cornering control and traction, AWD compensates by transferring some of that power from the front wheels to the rear.

Engine. Murano®'s 260-horsepower 3.5-liter V6 engine keeps you ahead of the pack when you need to be. An efficient fuel economy of 24 MPG on the highway keeps it practical. Murano® CrossCabriolet® exhilarates with 265 hp and 248 lb-ft of torque while returning 22 MPG on the highway.^{1,2}

(CVT) Continuously Variable Transmission. Innovation beyond gears. Unlike conventional automatic transmissions, the virtually “gearless” Xtronic CVT® (Continuously Variable Transmission) makes gear hunting a thing of the past. Fully variable gear ratios mean the CVT keeps you in the sweet spot, so power is amazingly quick and smooth whenever you push the throttle.

Click the button to see a short video on Murano®'s CVT. Or go to bit.ly/NissanCVT

NISSAN SAFETY SHIELD® PHILOSOPHY

INNOVATION THAT LOOKS OUT FOR YOU.

Wouldn't it be cool if you had the confidence you need for every part of your drive? The Nissan Safety Shield® technologies are a comprehensive approach to safety that guide the engineering and development of every vehicle we make.

MONITOR

Smart technologies help monitor conditions. Like a rearview camera that helps you see something behind you, or a system that helps ensure you're travelling on properly inflated tires.¹

Tire Pressure Monitoring System¹

Lets you know when a tire is low, so you don't have to guess.

Available Smart Auto Headlights

Automatic on/off headlights that sense when light is needed.

Available Rain-sensing Wipers

Respond and adjust to rainfall so you can focus on driving.

Available Blind Spot Warning²

Available Lane Departure Warning³

Available RearView Monitor⁴ with Moving Object Detection⁵

RESPOND

Whether you need to hit the brakes hard or maneuver around an unexpected obstacle, these standard technologies help you respond to a potentially harmful situation.

Vehicle Dynamic Control helps you maintain your steered path.⁶

Traction Control System helps reduce wheelspin in low-traction situations.

Anti-lock Braking System helps you maintain steering control around obstacles while braking heavily.

Electronic Brake force Distribution sends extra force to the rear brakes when you have additional weight of passengers or cargo in the back.

Brake Assist helps apply maximum braking force if it detects hard braking and senses you are in an emergency situation.

PROTECT

When a collision is unavoidable, Nissan's Zone Body construction helps absorb the impact while the advanced seat belt and airbag systems help protect passengers.

Nissan Advanced Air Bag System with dual-stage supplemental front air bags with seat-belt and occupant-classification sensors⁷

Front seat-mounted side-impact supplemental air bags⁷

Roof-mounted curtain side-impact supplemental air bags⁷

LATCH System (Lower Anchors and Tethers for Children)

Nissan safety engineers have dedicated thousands of hours to evaluating hundreds of child restraints in Nissans. The result: An industry first, The Snug Kids® Child Safety Seat Fit Guide. This guide lists child seats that fit the rear seats of Nissan vehicles, as well as offers invaluable tips on correct installation. Look for the latest Fit Guide at NissanUSA.com/SnugKids.

Click the button to see a short video on how Snug Kids® helps you find the right CRS for your Nissan. Or go to bit.ly/NissanSnugKids

¹Tire Pressure Monitoring System is not a substitute for regular tire pressure checks. ²The Blind Spot Warning System is not a substitute for proper lane change procedures. The system will not prevent contact with other vehicles or accidents. It may not detect every vehicle or object around you. ³Lane Departure Warning System operates only when the lane markings are clearly visible on the road. Speed limitations apply. See Owner's Manual for details. ⁴Parking aid/convenience feature. Cannot completely eliminate blind spots or warn of moving objects. May not detect every object. Always check surroundings before moving vehicle. Not a substitute for proper backing procedures. Always turn to check what is behind you before backing up. ⁵Moving Object Detection cannot completely eliminate blind spots and may not detect every object. MOD operates at vehicle speeds below 5 mph. Always check surroundings before moving vehicle. Not a substitute for proper backing procedures. Always turn to check what is behind you before backing up. ⁶VDC, which should remain on when driving except when freeing the vehicle from mud or snow, cannot prevent accidents due to abrupt steering, carelessness, or dangerous driving techniques. Always drive safely. ⁷Air bags are only a supplemental restraint system; always wear your seat belt. Even with the occupant-classification sensor, rear-facing child restraints should not be placed in the front-passenger's seat. Also, all children 12 and under should ride in the rear seat properly secured in child restraints, booster seats, or seat belts according to their size. Air bags will only inflate in certain accidents; see your Owner's Manual for more details. Inflated air bags shown for illustration purposes only, actual coverage area may differ. Air bags deflate after deployment.

NISSAN SAFETY SHIELD® TECHNOLOGIES

INNOVATION THAT DOUBLE CHECKS YOUR DOUBLE CHECK.

Wouldn't it be cool if extra reassurance was easy to spot?

Whether you're changing lanes on the highway or deftly maneuvering your way into a parking spot, Murano®'s available Safety Shield® Technologies take advantage of the rearview camera to act as a second set of eyes, giving you a whole new way to double check.

Blind Spot Warning. If another vehicle is detected in your blind spot area, an indicator appears in the driver's or front passenger's door. Put your turn signal on, and the indicator flashes with a warning chime to alert you.¹

Lane Departure Warning. If Murano® detects that you're straying from your lane, the Lane Departure Warning System will give both a visual and audible alert. The system is so smart, it's designed to stop the warnings whenever your turn signal is engaged.²

Moving Object Detection. Shift into Reverse, and the available RearView Monitor displays what's behind you. If it detects something moving by the rear of the vehicle, it gives a visual and audible alert. And whenever you want a wider rear view, just push the camera button.^{3,4}

¹The Blind Spot Warning System is not a substitute for proper lane change procedures. The system will not prevent contact with other vehicles or accidents. It may not detect every vehicle or object around you.
²Lane Departure Warning System operates only when the lane markings are clearly visible on the road. Speed limitations apply. See Owner's Manual for details. ³Parking aid/convenience feature. Cannot completely eliminate blind spots or warn of moving objects. May not detect every object. Always check surroundings before moving vehicle. Not a substitute for proper backing procedures. Always turn to check what is behind you before backing up. ⁴Moving Object Detection cannot completely eliminate blind spots and may not detect every object. MOD operates at vehicle speeds below 5 mph. Always check surroundings before moving vehicle. Not a substitute for proper backing procedures. Always turn to check what is behind you before backing up.

GENUINE NISSAN ACCESSORIES.

For more information and to shop online for Genuine Nissan Accessories, go to **parts.NissanUSA.com**.

Every Genuine Nissan Accessory is: custom-fit, custom-designed and durability-tested; backed by Nissan's 3-year/36,000-mile (whichever occurs first) limited warranty; and can be financed when installed by dealer at time of purchase.¹

A. Cargo Area Protector^{2,3}
Heavy-duty material helps protect and preserve.

B. Dual Head Restraint DVD Monitors³
Because an entertained guest is a happy guest.

C. All-season Floor Mats
So your carpet can weather the weather.

D. Hatch Tent³
It's a Murano.[®] It's a campsite. It's both!

E. Interior Accent Lighting
With 20 hues, all for you.

F. Illuminated Kick Plates
Let your doorsills play dress up.

G. Stainless Steel Rear Bumper Protector³
Keep your bumper snazzy and scratch-free.

H. Roof Rail Crossbars^{2,3}
Made of steel, so you know they're good.

Additional Accessories:

- Side-window Deflectors³
- Nose Mask
- Towing Accessories^{3,4}
- Carpeted Floor Mats
- Carpeted Cargo Mat³
- Retractable Cargo Cover³
- And More

Nissan Murano[®] SL shown in Gun Metallic with LED Daytime Running Lights, Hood Protector, Side-window Deflectors and Roof Rail Crossbars.

Nissan Murano[®] CrossCabriolet[®] shown in Pearl White with LED Daytime Running Lights, Hood Protector and Splash Guards.

Click the button to see short videos on Genuine Nissan Accessories in action. Or go to bit.ly/gnavideos_murano

¹Covered by Nissan's Limited Warranty on Genuine Nissan Accessories for the longer of 12 months/12,000 miles (whichever occurs first) or the remaining period under the 3-year/36,000-mile (whichever occurs first) Nissan New Vehicle Limited Warranty. Terms and conditions apply. See Warranty Information Booklet for details. ²Cargo and load capacity limited by weight and distribution. Always secure all cargo. Heavy loading of the SUV with cargo, especially on the roof, will affect handling and stability of the vehicle. ³Not available for Murano[®] CrossCabriolet[®]. ⁴See Nissan Towing Guide and Owner's Manual for proper use.

CHOOSE YOUR TRIM LEVEL

S

- Intuitive All-Wheel Drive (AWD) or Front-Wheel Drive (FWD)
- 18" Aluminum-alloy wheels
- LED taillights
- Dual Zone Automatic Temperature Control (ATC)
- Nissan Intelligent Key® with Push Button Ignition
- 6-way manual driver's seat with manual lumbar support
- 60/40 Split fold-down rear seatbacks with cargo area-accessible releases
- In-dash 6-CD changer with MP3 CD capability and auxiliary audio input jack¹
- Six standard air bags
- Vehicle Dynamic Control (VDC) with Traction Control System (TCS)

LE

INCLUDES SL EQUIPMENT PLUS:

- 20" Aluminum-alloy wheels
- High Intensity Discharge (HID) bi-functional xenon projector headlights
- Silver-accented roof rails
- Heated rear seats
- Heated steering wheel
- Power-tilt and power-telescoping steering column with memory position
- Wood tone trim

SV

INCLUDES S EQUIPMENT PLUS:

- Bluetooth® Hands-free Phone System
- Vehicle Information Center with 7" QVGA monitor
- RearView Monitor
- HomeLink® Universal Transceiver
- Auto-dimming rearview mirror with digital compass
- 8-way power driver's seat and 4-way power front-passenger's seat¹
- Leather-wrapped steering wheel with illuminated audio controls
- AM/FM/CD audio system with auxiliary audio/video input jacks
- SiriusXM Satellite Radio²
- Black roof rails
- Automatic on/off headlights with fog lights

LE PLATINUM EDITION PACKAGE

INCLUDES LE EQUIPMENT PLUS:

- Nissan Hard Drive Navigation System with 7" VGA touch-screen monitor and voice recognition
- NavTraffic and NavWeather by SiriusXM²
- Zagat Survey[®] restaurant reviews
- Streaming audio via Bluetooth[®] wireless technology
- Blind Spot Warning System (BSW)

BUYING/OWNING

Nissan Motor Acceptance Corporation. Whether you're buying or leasing, you'll find attractive rates and flexible terms to make your purchase more accessible.

College Grad Program. Ask about our special new vehicle pricing available to individuals up to two years after graduation.

Active and Reserve US Military Program. Ask about our fixed discount on new vehicle pricing available to those serving our country.

New Vehicle Limited Warranties. Protection for your new Nissan includes 3-year/36,000-mile (whichever occurs first) basic coverage and 5-year/60,000-mile (whichever occurs first) powertrain coverage. Terms, conditions and exclusions apply. See Warranty Information Booklet for complete details.

Security+Plus® For additional peace of mind, a variety of extended service plans lets you tailor the coverage to your driving habits.

Maintenance+Plus® This extended plan ensures your Nissan will receive up to 17 different services and over 33 different inspection items at each visit, using the most up-to-date diagnostic equipment available.

Genuine Nissan Parts. When it comes time for service, any necessary replacement parts will be made using Genuine Nissan new or remanufactured parts, or Nissan-approved parts. And they're the only parts to carry Nissan's factory-backed limited warranty.

Nissan Mobility Assist. This program offers reimbursements toward the purchase and installation of certain mobility assistance products for program-eligible Nissans. Go to NissanUSA.com/mobility for more info.

At **NissanUSA.com**, you'll find virtual product demonstrations, a way to "build your own Nissan," a dealer locator, and more information about key Nissan support services. Or if you'd prefer, call **1-800-NISSAN-3** for answers to specific questions about Murano® or any other Nissan vehicle. The Nissan names, logos, product names, feature names, and slogans are trademarks owned by or licensed to Nissan Motor Co. Ltd. and/or its North American subsidiaries. **Always wear your seat belt, and please don't drink and drive.** ©2013 Nissan North America, Inc.
