2014 ROGUE®

WELCOME TO THE 2014 NISSAN ROGUE® DIGITAL BROCHURE

Full of images, feature stories, and all the specification and trim level information you need to help select your Rogue®.

[Click here](#) to sign up for news and updates on the 2014 Nissan Rogue®.

WOULDN'T IT BE COOL IF_

YOU WERE A WAKE UP CALL FOR THE STREETS?

You'd open a lot of eyes to a bigger, bolder world. Because the all-new Rogue® gives you everything you want in a crossover – and more – while staying true to your bold sense of style. So hop in, we're burning daylight and we've got a ways to go. The all-new 2014 Nissan Rogue®.

Start a revolution with LED lights. Rogue® serves up a stylish first impression with its signature standard LED Daytime Running Lights. Available class-exclusive LED headlights flow into sculpted, muscular fenders to create an unmistakable presence.¹ Drive it, and you'll find it's also incredibly smart. Wind tunnel testing developed aerodynamic panels around the rear pillars that sweep the breeze away, and a low aerodynamic underbody – even the muffler gets its own spoiler. The revolutionary results: an impressively quiet ride and a best-in-class 33 MPG.²

¹AutoPacific segmentation. MY14 Rogue® vs 2013 XSUV Mainstream Midsize Class. Available feature. ²AutoPacific segmentation. MY14 Rogue® vs 2013 XSUV Mainstream Midsize Class. Automatic transmissions compared. 2014 EPA estimate for 2014 Rogue® 33 MPG highway. Actual mileage may vary – use for comparison only.

Create some best-in-class envy. Go ahead and demand more. Rogue® delivers. Start with best-in-class front head room.¹ Add a class-exclusive EZ Flex® Seating System featuring a 2nd row that slides and reclines, letting you adjust for more cargo space, more leg room, or anywhere in between.^{1, 2, 3} Class-exclusive 2nd-row vents help keep you comfortable.¹ Then, just sit back and enjoy tasteful touches like an available Power Panoramic Moonroof, available double-stitched leather-appointed seats, LED interior lighting and gloss black trim with metallic accents. All designed to create a natural, relaxed and decidedly upscale environment.

¹AutoPacific segmentation. MY14 Rogue® vs 2013 XSUV Mainstream Midsize Class. ²Passengers should not ride in the reclined position while the vehicle is in motion. ³Slide function should not be performed with the Child Restraint System occupied.

Nissan Rogue® SL shown in Almond Leather with optional equipment.

GRAB A SEAT INSPIRED BY A 238,537-MILE ROAD TRIP.¹

Zero-gravity Front Seats. With your comfort in mind, Nissan engineers looked to the cosmos, where astronauts float weightlessly in a relaxed posture. To recreate this “neutral posture” when you’re behind the wheel, they designed an articulated front seat shape that supports you from the pelvis to the chest, along with seat cushions that flex in response to your unique pressure points. The result is a seat that helps reduce fatigue, whether you’re in a spacesuit or not.

Power Panoramic Moonroof. More cosmic inspiration. With the available Power Panoramic Moonroof, all aboard have breathtaking vistas of sky, stars and maybe your next destination.

¹One-way trip from the Earth to the Moon. No pit stops.

YOU'VE GOT AN ALL-ACCESS PASS.

EZ Flex® Seating System. This 2nd row is truly accommodating, thanks to Rogue®'s class-exclusive EZ Flex® Seating System.¹ It slides forward for easy access and adjusts to give you a little more cargo space, more leg room or anywhere in between.² The seats also recline, so you can be exceptionally comfortable.³

Available 3rd Row. Perfect when you need to transport the team or bring extra friends along. Rogue®'s 50/50 split folding 3rd-row seat gives you added flexibility carrying passengers and their gear, and folds down to make a flat cargo floor for maximum carrying space.

Power Liftgate and Rear 77° Wide Opening Doors. Whether it's kid seats or kayaks, Rogue® gives you easy access with rear doors that swing out nearly 80°, and an available power liftgate that opens by a tap of a liftgate button, your Nissan Intelligent Key® or a switch located by the driver.

77°
REAR WIDE
OPENING DOORS

POWER
LIFTGATE

SLIDING
2ND ROW

KEEP AN OPEN HATCH AND AN OPEN MIND.

Room for craft and crew. With room for an object around eight feet long, Rogue® gives you possibilities you never knew you had. The clever split-folding 2nd-row seat lets you mix cargo and friends, and you'll love the handy center pass-through for long items.

¹Cargo shown for display purposes only. Nissan recommends that all loose items be secured when transported. Cargo and load capacity limited by weight and distribution. ²AutoPacific segmentation. MY14 Rogue® vs 2013 XSUV Mainstream Midsize Class.

70.0 CU. FT.

You, a passenger and lots of cargo.¹

39.3 CU. FT.

Five of you and your gear.¹

Divide-N-Hide.® Single-handedly reinventing capability, the class-exclusive Divide-N-Hide® Cargo System lets you adapt in a snap.² An adjustable set of shelves and dividers gives you a variety of configurations, and it's so easy, you can do it with one hand.

Under wraps. Make a "box" that keeps valuables out of sight, and creates a shelf on top.

The layered look. Create an open space for storage underneath, and a handy shelf to keep other items separate and within easy reach.

PLAY VIDEO

Click the button to see a short video on Rogue®'s clever and capable Divide-N-Hide® Cargo System. Or go to bit.ly/roguedividenhide

Secret spot. A long, flat floor for big items, with under-floor storage for things you want to hide.

The lowdown. Lower your floor for added height to fit those tall items.

Chill out while you warm your buns. Inspired design, a great audio system, available leather-appointed seats – Rogue®’s a nice place to be. And with details like available Quick Comfort® heated front seats that focus on key areas to warm you up as soon as possible, it’s toasty too. There’s even available Dual Zone Automatic Temperature Control, so your passengers can dial up the comfort just the way they like it. Because who wants things to get frosty between you on a long drive?

Advanced Drive-Assist® Display. From trip computer to turn-by-turn directions, the Advanced Drive-Assist® Display serves up info right in front of you – helping to minimize time looking away.^{1, 2}

iPOD^{3, 3}

TIRE PRESSURE MONITORING SYSTEM^{1, 4}

DRIVING AIDS^{5, 6, 7}

TURN-BY-TURN NAVIGATION^{2, 8}

¹Driving is serious business and requires your full attention. Even with Advanced Drive-Assist® Display, only use phone or other communication devices when safe. ²Information displayed is dependent on how vehicle is equipped. ³Always give your full attention to driving. Avoid operating your iPod® in such a way that you can be distracted during vehicle operation. See dealer for details. iPod® is a registered trademark of Apple, Inc. All rights reserved. iPod® not included. ⁴Tire Pressure Monitoring System is not a substitute for regular tire pressure checks. ⁵FCW is intended to warn you before a collision occurs; it cannot prevent a collision. Speed and other limitations apply. Always drive safely. ⁶Lane Departure Warning System operates only when the lane markings are clearly visible on the road. Speed limitations apply. See Owner's Manual for details. ⁷The Blind Spot Warning System is not a substitute for proper lane change procedures. The system will not prevent contact with other vehicles or accidents. It may not detect every vehicle or object around you. ⁸Never program while driving. GPS mapping may not be detailed in all areas or reflect current road regulations.

NISSANCONNECT™¹

INNOVATION THAT KEEPS YOUR WORLD WITHIN REACH.

NissanConnect™ is smart technology that keeps your world within reach. And with NissanConnect™ Apps, your Rogue® becomes your smartphone's best friend. Music, information and the apps that keep you connected to your world all work seamlessly together through Rogue's audio system. And it keeps on getting better: the app alerts you with updates to the latest version, and the basic app package is free for the first three years.¹

NissanConnect™ Apps: for the music you love.¹ Imagine the choices you have with Pandora,[®] iHeartRadio,[™] Slacker[®] and more. And it couldn't be easier – download the app, and depending on your type of smartphone, you can stream the music wirelessly via Bluetooth[®] or use Rogue's iPod[®]/USB input.^{2,3} For more information, video demonstrations, smartphone compatibility, FAQs and enrollment assistance, go to www.NissanUSA.com/connect

NissanConnect™ Apps: everything that matters at your fingertips.¹ You're wired to your world with the NissanConnect™ Apps. Rogue[®] lets you safely keep track of Twitter[®], Facebook[®], and more. And thanks to Rogue's available navigation system and NissanConnect™'s compatibility with location-based services, including Online Search powered by Google[®] and Yelp[®], getting around has never been easier.^{4,5,6} You can find out more about the app and feature availability at www.NissanUSA.com/connect

More than just apps, NissanConnect™ keeps you in the loop with:¹

- Nissan Navigation System – with voice recognition featuring one-shot destination entry; SiriusXM[®] Traffic and Travel Link^{®4,5}
- iPod[®]/USB input – search for a tune with enhanced voice recognition¹
- Streaming audio via Bluetooth^{®2}
- Hands-free text-messaging assistant^{7,8}

¹Driving is serious business. Only use NissanConnect™ services when safe to do so. Subscription Agreement required. Compatible smartphone required. Not all app features are available for all models. Some apps have late availability. May require dealer service visit or software upgrade to activate. Never program while driving. GPS mapping may not be detailed in all areas or reflect current road regulations. Cellular network not available in all areas. Cellular network, apps, and services, including Google[®] services, are provided by independent companies not within Nissan's control and may require subscription and owner consent to activate. Should provider terminate/restrict service, service may be terminated without notice or liability to Nissan and/or its agents. Nissan not responsible for any equipment or app replacement/upgrades, or associated costs, that may be required for continued operation. Terms and conditions of Subscription Agreement apply. 36-month trial period starts on vehicle sale date; subsequently a paid subscription is required at the then current rate. Standard text rates and/or data usage may apply. See retailer and check www.NissanUSA.com/connect for details. ²Availability of specific features is dependent upon the phone's Bluetooth[®] support. Please refer to your phone Owner's Manual for details. The Bluetooth[®] word mark and logos are owned by Bluetooth SIG, Inc., and any use of such marks by Nissan is under license. ³Driving is serious business and requires your full attention. Do not operate any devices connected to the USB or auxiliary audio input jack while driving. ⁴Never program while driving. GPS mapping may not be detailed in all areas or reflect current road regulations. ⁵Required SiriusXM[®] Satellite Radio, SiriusXM[®] Traffic and Travel Link[®] subscriptions sold separately after trial period. Installation costs, one-time activation fee, other fees and taxes will apply. ⁶Points of Interest and/or Send-to-Car may require subscription and owner consent to activate. Certain services, including Google Points of Interest and/or Send to Car, provided by independent companies not within Nissan's control. Should service provider terminate/restrict service, service may be suspended or terminated without notice or liability to Nissan and/or its agents. Nissan not responsible for any equipment replacement or upgrades, or associated costs, that may be required for continued operation due to service changes. ⁷Driving is serious business and requires your full attention. Only use phone or other communication devices when safe. ⁸Driving is serious business and requires your full attention. MAKING EVERY PART OF YOUR DRIVE BEAUTIFUL.

PURE DRIVE® Wouldn't it be cool if you got excellent fuel economy in a roomy crossover that's lots of fun to drive? We got there by developing everything from exterior aerodynamics that whisper through the wind, to an advanced 2.5-liter, 4-cylinder engine, to a virtually gearless Xtronic CVT® transmission that maximizes efficiency and performance. The PUREDRIIVE™ badge also means that Rogue® meets or exceeds the industry-average US Federal CAFE standards for model-year 2016.¹ And best of all, Rogue® is just one of a family of PUREDRIIVE™ vehicles, reflecting Nissan's commitment to developing more environmentally friendly transportation for all of us.

33
MPG Best-in-class MPG highway, so you can breeze past the pump with ease²

4 Low rolling resistance tires that use less energy to roll, so you use less fuel

.33
CD Drag coefficient, thanks to an exceptionally aerodynamic design

Click this link to see a short video on Nissan's smooth and efficient Xtronic CVT® transmission. Or go to bit.ly/NissanCVT

¹Adoption criteria above are based upon US Federal CAFE standards as of July 2011 for MY 2016. Federal standards subject to change by US government.
²AutoPacific segmentation. MY14 Rogue® vs 2013 XSUV Mainstream Midsize Class. Automatic transmissions compared. 2014 EPA estimate for 2014 Rogue® 33 MPG highway. Actual mileage may vary – use for comparison only.

IT TAKES MORE THAN SCULPTED FENDERS TO CARVE A CORNER.

What if your car knew when you were cornering – and how to react to your commands? That's the kind of intuitive response we've engineered into every Rogue®. So you can enter a corner with more confidence, and exit with a big grin.

Intuitive All-Wheel Drive. It's so responsive, it can adapt to changing conditions 30 times faster than the blink of an eye. Snow, rain-covered pavement or tight turn, the system automatically sends power to the wheels that need it most. Even in ideal conditions, Rogue®'s AWD pays big dividends – our passionate engineers also tuned the system for responsive, agile performance. Getting a grip has never been more fun.

Confidence-inspiring Dynamic Technologies. Whether it's stop-and-go traffic, your favorite on-ramp or even just an annoying speed bump, Rogue® uses advanced technology to make every drive feel more comfortable, confident and enjoyable. And that's a beautiful thing, too.

Active Engine Braking. Whether you're slowing for a corner or coming to a stop, this system uses the CVT transmission to apply engine braking – much like shifting to a lower gear in traditional transmissions – to help give smoother deceleration and a more confident feel when braking.

Active Trace Control. A turn for the better. This innovative technology helps improve control when you take a corner. It reads the cornering situation and, if needed, can brake each wheel individually to help you steer through the turn with confidence.

Active Ride Control. Tired of bumps feeling like a bucking bronco? With Active Ride Control, Rogue® can automatically apply braking and adjust engine torque after you hit a bump to smooth out your ride.

NISSAN AROUND VIEW® MONITOR¹

IT'S GOT YOUR BACK. AND THE REST OF YOU, TOO.

What if parallel parking was easier? A rearview monitor is great when backing up – but when it comes to parking, it's nice to see more than just what's behind you. That's why Rogue® offers a class-exclusive Around View® Monitor.¹,² Four cameras give you a virtual 360° bird's-eye view of your vehicle, with selectable split-screen close-ups of the front, rear, and curbside views, so you can get a better look.³ And since all obstacles aren't stationary (shopping carts, we're talking to you), Moving Object Detection keeps an eye around your Rogue® and can warn you about moving objects detected in your vicinity.⁴

¹Available feature. Parking aid/convenience feature. Cannot completely eliminate blind spots. May not detect every object and does not warn of moving objects. Always check surroundings before moving vehicle. Not a substitute for proper backing procedures. Always turn to check what is behind you before backing up. ²AutoPacific segmentation. MY14 Rogue® vs 2013 XSUV Mainstream Midsize Class. Available feature. ³Virtual composite 360° view. ⁴Moving Object Detection cannot completely eliminate blind spots and may not detect every object. MOD operates at vehicle speeds below 5 mph. Always check surroundings before moving vehicle. Not a substitute for proper backing procedures. Always turn to check what is behind you before backing up.

Forget the tennis ball. In Drive, the display gives you both a front and overhead view, so you can pull all the way into your spot (or garage) – but not too far.

CAMERA

1

CAMERA

4

CAMERA

2

CAMERA

3

Look out below. In Reverse, the display helps you see what's directly behind you, while the overhead view helps with shorter objects otherwise hidden below your window.

NISSAN SAFETY SHIELD® PHILOSOPHY

INNOVATION THAT LOOKS OUT FOR YOU.

Wouldn't it be cool if you had the confidence you needed for every part of your drive? The Nissan Safety Shield is a comprehensive approach to safety that guides the engineering and development of every vehicle we make.

MONITOR

Smart technologies are designed to help monitor conditions. Like a warning to let you know you're straying from your lane, or a system that helps ensure you're travelling on properly inflated tires.

Class-exclusive Tire Pressure Monitoring System (TPMS) with Easy-Fill Tire Alert^{1,2,3} TPMS lets you know when a tire is low. And Easy-fill Tire Alert takes the guesswork out of filling your tires, with a beep of the horn when you've reached the correct pressure.

Available Forward Collision Warning⁴

Available Blind Spot Warning System⁵

Available Lane Departure Warning⁶

Available Moving Object Detection⁷

RESPOND

Whether you need to hit the brakes hard or maneuver around an unexpected obstacle, these standard technologies help you respond to a potentially harmful situation.

Vehicle Dynamic Control⁸ helps you maintain your steered path

Traction Control System helps reduce wheelspin in low-traction situations

Anti-lock Braking System helps you maintain steering control around obstacles while braking heavily

Electronic Brake force Distribution sends extra force to the rear brakes when you have additional weight of passengers or cargo in the back

Brake Assist helps apply maximum braking force if it detects hard braking and senses you are in an emergency situation

PROTECT

When a collision is unavoidable, Nissan's Zone Body construction helps absorb the impact while the advanced seat belt and air bag systems help protect passengers.

Nissan Advanced Air Bag System with dual-stage supplemental front air bags with seat-belt and occupant-classification sensors⁹

Front seat-mounted side-impact supplemental air bags⁹

Roof-mounted curtain side-impact supplemental air bags⁹

LATCH System (Lower Anchors and Tethers for Children)

snug-kids[®] Nissan safety engineers have dedicated thousands of hours to evaluating hundreds of child restraints in Nissans. The result: an industry first, The Snug Kids[®] Child Safety Seat Fit Guide. This guide lists child seats that fit the rear seats of Nissan vehicles, and offers invaluable tips on correct installation. Look for the latest Fit Guide at NissanUSA.com/SnugKids.

Click the button to see a short video on finding the right child seat. Or go to bit.ly/NissanSnugKids

¹AutoPacific segmentation. MY14 Rogue[®] vs 2013 XSUV Mainstream Midsize Class. ²Tire Pressure Monitoring System is not a substitute for regular tire pressure checks. ³Vehicle must be on for the Easy-Fill Tire Alert to operate. ⁴FCW is intended to warn you before a collision occurs; it cannot prevent a collision. Speed and other limitations apply. Always drive safely. ⁵The Blind Spot Warning System is not a substitute for proper lane change procedures. The system will not prevent contact with other vehicles or accidents. It may not detect every vehicle or object around you. ⁶Lane Departure Warning System operates only when the lane markings are clearly visible on the road. Speed limitations apply. See Owner's Manual for details. ⁷Moving Object Detection cannot completely eliminate blind spots and may not detect every object. MOD operates at vehicle speeds below 5 mph. Always check surroundings before moving vehicle. Not a substitute for proper backing procedures. Always turn to check what is behind you before backing up. ⁸VDC, which should remain on when driving except when freeing the vehicle from mud or snow, cannot prevent accidents due to abrupt steering, carelessness, or dangerous driving techniques. Always drive safely. ⁹Air bags are only a supplemental restraint system; always wear your seat belt. Even with the occupant-classification sensor, rear-facing child restraints should not be placed in the front-passenger's seat. Also, all children 12 and under should ride in the rear seat properly secured in child restraints, booster seats, or seat belts according to their size. Air bags will only inflate in certain accidents; see your Owner's Manual for more details. Inflated air bags shown for illustration purposes only, actual coverage area may differ. Air bags deflate after deployment.

NISSAN SAFETY SHIELD® TECHNOLOGIES

GET AWAY WITH JUST A WARNING.

Wouldn't it be cool if you could always drive with that proverbial pound of prevention? With available Nissan Safety Shield® technologies, you've got a class-exclusive¹ safety suite of advanced systems on the lookout for everything from errant shopping carts to intrusive big rigs, ready to give you the heads up when trouble rears its ugly head. And we think that kind of knowledge beats an ounce of cure – every time.

Forward Collision Warning. Whether it's rapidly slowing traffic ahead, or someone making a surprise merge into your lane, you can get caught off guard in a potentially dangerous situation. How about a little help? With Forward Collision Warning, a sensor on the front of Rogue® constantly monitors the vehicles ahead in your lane and, when the system detects a potential risk, gives you an audible warning and a visual signal on the instrument panel.²

Blind Spot Warning. If another vehicle is detected in your blind spot area, an indicator appears in the driver's or front passenger's doors and on the Advanced Drive-Assist® Display. Put your turn signal on, and the indicator flashes with a warning chime to alert you.³

Lane Departure Warning. If Rogue® detects that you're straying from your lane, the Lane Departure Warning system will give both a visual and audible alert. The system is so smart, it's designed to stop the warnings whenever your turn signal is engaged.⁴

Moving Object Detection. When the Around View® Monitor is in use and detects something moving by the vehicle, it gives a visual and audible alert.⁵

¹AutoPacific segmentation. MY14 Rogue® vs 2013 XSUV Mainstream Midsize Class. Available feature. ²FCW is intended to warn you before a collision occurs; it cannot prevent a collision. Speed and other limitations apply. Always drive safely. ³The Blind Spot Warning System is not a substitute for proper lane change procedures. The system will not prevent contact with other vehicles or accidents. It may not detect every vehicle or object around you. ⁴Lane Departure Warning System operates only when the lane markings are clearly visible on the road. Speed limitations apply. See Owner's Manual for details. ⁵AVM with MOD cannot completely eliminate blind spots and may not detect every object. MOD operates at vehicle speeds below 5 mph. Always check surroundings before moving vehicle. Not a substitute for proper backing procedures. Always turn to check what is behind you before backing up.

BUYING/OWNING

Nissan Motor Acceptance Corporation. Whether you're buying or leasing, you'll find attractive rates and flexible terms to make your purchase more accessible.

College Grad Program. Ask about our special new vehicle pricing available to individuals up to two years after graduation.

Active and Reserve US Military Program. Ask about our fixed discount on new vehicle pricing available to those serving our country.

New Vehicle Limited Warranties. Protection for your new Nissan includes 3-year/ 36,000-mile (whichever occurs first) basic coverage and 5-year/60,000-mile (whichever occurs first) powertrain coverage. Terms, conditions and exclusions apply. See Warranty Information Booklet for complete details.

Security+Plus.* For additional peace of mind, a variety of extended service plans lets you tailor the coverage to your driving habits.

Maintenance+Plus.* This extended plan ensures your Nissan will receive up to 17 different services and over 33 different inspection items at each visit, using the most up-to-date diagnostic equipment available.

Genuine Nissan Parts. When it comes time for service, any necessary replacement parts will be made using Genuine Nissan new or remanufactured parts, or Nissan-approved parts. And they're the only parts to carry Nissan's factory-backed limited warranty.

Nissan Mobility Assist. This program offers reimbursements toward the purchase and installation of certain mobility assistance products for program-eligible Nissans. Go to NissanUSA.com/mobility for more info.

At NissanUSA.com, you'll find virtual product demonstrations, a way to "build your own Nissan," a dealer locator, and more information about key Nissan support services. Or if you'd prefer, call **1-800-NISSAN-3** for answers to specific questions about Rogue® or any other Nissan vehicle. The Nissan names, logos, product names, feature names, and slogans are trademarks owned by or licensed to Nissan Motor Co. Ltd. and/or its North American subsidiaries. **Tread Lightly!® Please. Always wear your seat belt, and please don't drink and drive.** ©2013 Nissan North America, Inc. '14 Rogue. 1414366-N-10/13-200M-CGI.
