NISSAN FUEL EFFICIENCY

INNOVATION THAT GIVES YOU MORE CAR AND MORE SAVINGS.

40
MPG Miles per gallon highway,
so you can breeze past
the pump with ease¹

4 Low rolling resistance tires
that use less energy to
move, so you use less fuel

.298
CD Drag coefficient, thanks
to an exceptionally aero-
dynamic design²

What if you could get excellent fuel economy¹ in a roomy, comfortable car that's lots of fun to drive? With Versa[®] Note[®], you can. We got there by developing everything from exterior aerodynamics that whisper through the wind, to an advanced 1.6-liter 4-cylinder engine, to a virtually gearless Xtronic CVT[®] transmission that maximizes efficiency and performance. It's all part of Nissan's commitment to creating more environmentally friendly transportation for everyone.

What's style without substance? Hours of testing in the wind tunnel make Versa® Note® both eye-catching and aerodynamically efficient, helping achieve up to 40 MPG highway.¹ A low aero-drag underbody pairs with an available active grille shutter that closes at higher speeds to help further reduce drag. Even the taillights are strategically designed, with special vents that help guide air away from the vehicle to help minimize wind turbulence. Form and function meet in sweeping character lines that make cutting through wind a breeze, with a dramatically carved profile to complete the statement. What more could you ask for?

Surprisingly spacious and exceptionally accommodating, the Versa® Note® interior is the best of both worlds. Smart design helps minimize structural interference with the cabin, giving everyone ample room to spread out. Enjoy seating for five and 38.3 inches of rear leg room for even your tallest friends. While up front, the bolstered driver's seat hugs you as you carve through the turns. Available features like a leather-wrapped steering wheel, double-stitched upholstery, and silver and chrome accents add a touch of class. Top it off with available heated front seats, and every trip will be as cozy as it is cool. Just don't be surprised when your friends ask to carpool – again.

NISSAN DIVIDE-N-HIDE® ADJUSTABLE FLOOR INNOVATION THAT GOES WITH THE FLOW.

When living in the moment is all part of the plan, Versa® Note® has your cargo needs covered with the super-versatile available Divide-N-Hide® Adjustable Floor.¹ Vintage coffee table? Day's haul from the farmers' market? Get creative with multiple configurations and 18.8 cubic feet of cargo space.¹ Rear 60/40 split seats let you bring friends, and oversized items. Or fold down both sides to create a flat cargo area. And you can even fold down the front passenger seat to make room for long items. No matter what the plan is, Versa® Note® is ready when you are.

Load it all in.

With the rear seats folded down, the available Divide-N-Hide® Adjustable Floor creates a flat cargo area.¹

Stow on the go.

Lower the floor to accommodate taller items at a moment's notice – no removal required.¹

Protect from prying eyes.

Lift up the adjustable floor and you'll find a convenient hiding place that helps keep valuables out of sight.¹

NissanConnect^{SM1}

YOUR WORLD, AT YOUR FINGERTIPS.

With NissanConnect^{SM1} with Mobile Apps, your Versa[®] Note[®] becomes your smartphone's best friend. Which means no more separation anxiety for you. Because now, your own hand-picked music, Facebook[®], latest tweets, and more all come along for the ride, working seamlessly together through your smartphone and Versa[®] Note[®]'s color touch screen.¹

Your Nissan[®] Versa[®] Note[®] also keeps you in the loop with the available Nissan Navigation System (featuring Voice Recognition),^{1,2} hands-free text messaging assistant,^{1,3} Bluetooth[®] hands-free calling and streaming audio,^{1,4} plus an iPod[®]/USB connection port.⁵

NISSAN AROUND VIEW® MONITOR

IT'S GOT YOUR BACK. AND THE REST OF YOU, TOO.

Parallel parking just got easier. A rearview monitor camera is great when backing up – but when it comes to parking, it's nice to see more than just what's directly behind you. That's why Versa® Note® offers an available Around View® Monitor.¹ Four cameras give you a virtual composite 360° bird's-eye view of your vehicle, with selectable split-screen close-ups of the front, rear, and curbside views, so you can get a better look.²

Click the button for a short video on

¹Parking aid/convenience feature. Cannot completely eliminate blind spots. May not detect every object and does not warn of moving objects. Always check surroundings and turn to look behind you before moving vehicle.
²Virtual composite 360° view.

RIGHT ON THE NOSE

In Drive, the display gives you both a front and overhead view, so you know just how far to pull up – without going too far.

COMPLETE THE PICTURE

Located under your driver's side mirror, this camera helps round out your virtual 360° bird's-eye view, whether you're in Drive or Reverse.²

SPARE YOUR WHEELS

In Drive or Reverse, you can push the camera button to switch out the overhead for a side view. A great help for seeing how close you are to the curb.

BACKGROUND SAVVY

In Reverse, the display helps you see what's directly behind you, while the overhead view helps with shorter objects otherwise hidden below your window.

NISSAN SAFETY SHIELD® PHILOSOPHY

INNOVATION THAT LOOKS OUT FOR YOU.

Wouldn't it be cool if you had the confidence you need for every part of your drive? The Nissan Safety Shield® philosophy is a comprehensive approach to safety that guides the engineering and development of every vehicle we make.

MONITOR

Smart technologies help monitor conditions. Like a rearview camera that helps you see something directly behind you, or a system that helps ensure you're rolling on properly inflated tires.

Tire Pressure Monitoring System with Available Easy-Fill Tire Alert^{1, 2} Lets you know when a tire is low. And Easy-Fill Tire Alert takes the guesswork out of filling your tires, with a beep of the horn when you've reached the correct pressure.

Available Around View® Monitor³

Available RearView Monitor³

RESPOND

Whether you need to hit the brakes hard or maneuver around an unexpected obstacle, these standard technologies help you respond to a potentially harmful situation.

Vehicle Dynamic Control helps you maintain your steered path.⁴

Traction Control System helps reduce wheelspin in low-traction situations.

Anti-lock Braking System helps you maintain steering control around obstacles while braking heavily.

Electronic Brake force Distribution sends extra force to the rear brakes when you have additional weight of passengers or cargo in the back.

Brake Assist helps apply maximum braking force if it detects hard braking and senses you are in an emergency situation.⁵

PROTECT

When a collision is unavoidable, Nissan's Zone Body Construction helps absorb the impact while the advanced seat belt and air bag systems help protect passengers.

Six Standard Air Bags⁶

LATCH System (Lower Anchors and Tethers for Children)

6 Standard Air Bags.⁶ Nissan Advanced Air Bag System has dual-stage supplemental front air bags with seat belt and occupant-classification sensors.⁶ In addition, Versa® Note® features front seat-mounted side impact supplemental air bags,⁶ and roof-mounted curtain side-impact supplemental air bags.⁶

Available Around View® Monitor.³ Lets you get the big picture with four cameras to help you maneuver with more confidence.

snug-kids. Nissan safety engineers have dedicated thousands of hours to evaluating hundreds of child restraints in Nissans. The result: an industry first, The Snug Kids® Child Safety Seat Fit Guide. This guide lists child seats that fit the rear seats of Nissan vehicles, as well as offers invaluable tips on correct installation. Look for the latest Fit Guide at NissanUSA.com/SnugKids

¹TPMS is not a substitute for regular tire pressure checks. ²Vehicle must be on for the Easy-Fill Tire Alert to operate. ³Parking aid/convenience feature. Cannot completely eliminate blind spots. May not detect every object and does not warn of moving objects. Always check surroundings and turn to look behind you before moving vehicle. ⁴VDC, which should remain on when driving except when freeing the vehicle from mud or snow, cannot prevent accidents due to abrupt steering, carelessness, or dangerous driving techniques. ⁵Brake Assist is only an aid to assist the driver and is not a collision warning or avoidance device. It is the driver's responsibility to be in control of the vehicle at all times. ⁶Air bags are only a supplemental restraint system; always wear your seat belt. Even with the occupant-classification sensor, rear-facing child restraints should not be placed in the front-passenger's seat. All children 12 and under should ride in the rear seat properly secured in child restraints, booster seats, or seat belts according to their size. Air bags will only inflate in certain accidents; see your Owner's Manual for more details. Inflated air bags shown for illustration purposes only, actual coverage area may differ. Air bags deflate after deployment.

College Grad Program. Ask about our special new vehicle pricing available to individuals up to two years after graduation.

Active and Reserve US Military Program. Ask about eligibility for our fixed discount on new vehicle pricing available to those serving our country.

New Vehicle Limited Warranties. Protection for your new Nissan includes 3-year/36,000-mile (whichever occurs first) basic coverage and 5-year/60,000-mile (whichever occurs first) powertrain coverage. Terms, conditions and exclusions apply. See Warranty Information Booklet for complete details.

Security+Plus.® For additional peace of mind, a variety of extended service plans lets you tailor the coverage to your driving habits.

Maintenance+Plus.® This extended plan ensures your Nissan will receive up to 17 different services and over 33 different inspection items at each visit, using the most up-to-date diagnostic equipment available.

Genuine Nissan Parts. When it comes time for service, any necessary replacement parts will be made using Genuine Nissan new or remanufactured parts, or Nissan-approved parts. And they're the only parts to carry Nissan's factory-backed limited warranty.

Nissan Mobility Assist. This program offers reimbursements toward the purchase and installation of certain mobility assistance products for program-eligible Nissans. Go to NissanUSA.com/mobility for more info.

Thumbs Off Your Phone While Driving!

Every year, too many people die because we can't put our phones down while driving. That's why Nissan is supporting the Red Thumb Movement as part of our ongoing commitment to help reduce fatalities on the road. So paint your thumbnail red as a reminder not to pick up your phone when you're behind the wheel. Find out more at NissanUSA.com/redthumb
