Boxster S with exterior package in matt Aluminium Look, decorative side logo with model designation, exterior mirror lower trims in matt Aluminium Look

Philosophy

Our cars are state of the art.

And made to measure.

Exclusivity. Individuality. Craftsmanship. Concepts which have always been associated with Porsche.

Porsche Exclusive stands for the individual personalisation of your vehicle, direct from the factory. You tell us what you want and we will do our utmost to give it to you – provided, of course, that it is technically feasible and does not compromise quality.

When customising a car, it is not enough just to use the best available materials. Our overriding principle has always been to make full use of the traditional skills of our craftsmen, carrying out the work by hand. Our specialists have years of experience in the hand crafting of decorative hardwoods, enabling us to bring out the individual character of this superb material.

What about carbon? Light and extremely durable. Expressing all the excitement of the racetrack. Or stainless steel? Very strong, polished and with a chrome finish – pleasing to the eye and extremely resistant to heat and corrosion. Or another truly brilliant possibility: highly-polished anodised aluminium.

Would you like to upgrade the interior or exterior of your car, add painted wheel centres or a sports exhaust system? Your wish is our command.

Material composition: leather, carbon, Alcantara and aluminium

Exclusive examples

Vehicle: Porsche.

Details: Porsche Exclusive.

A Porsche is more than just a car. It is also an expression of the personal freedom of its driver, and of their very own taste and lifestyle.

Porsche Exclusive offers you a wide range of individual extras so you can personalise your car to your own unique requirements. Straight from the factory. Visual and technical enhancements, for the interior and exterior. And always just as you want them.

The most important extra, though, is time. For it is only by taking the utmost care during the consultancy, planning and processing phases that it is possible to create something really special. Something which is exactly tailor-made to your requirements – down to the finest details. Something unique. With its own unique character. A Porsche which is as special as its driver.

The following pages will show you two examples of Exclusive personalisations which are sure to inspire you.

Colours and materials

**Exceptional, extravagant,
exquisite, excellent, exact.**

In a word: Exclusive.

We can offer an exclusive range of colours and materials for you to choose from when designing your new Porsche – both inside and outside. Individual colours for the interior and exterior and also high-quality materials such as leather, Alcantara, fine macassar wood¹⁾, carbon, aluminium and stainless steel to enhance the interior. You can find out what is possible at your Porsche Centre. Or contact the Porsche Exclusive Customer Centre in Zuffenhausen directly for an individual consultation (see page 44).

Selection of individual colours: Marrone Metallic, Nordic Gold Metallic, Azurro California Metallic, Polar Silver Metallic

¹⁾ Since wood is a natural product, there may be variations in colour and grain.

Leather

Leather is a traditional natural material – a true classic. Items made of leather are both timeless and hardwearing.

Alcantara

This high-quality material is easy-care, washable and has a pleasant feel.

Macassar wood¹⁾

Macassar ebony is dark and distinctive with a modern, elegant look. The deep black heartwood has reddish-brown lines and a dramatic, marble-like texture.

Carbon

Carbon is a light but highly-durable material which has its origins in motorsport. Its high-tech look gives a sporty feel to the interior.

Aluminium

Aluminium or Aluminium Look paint sets clear accents and emphasises a no-frills sporting approach.

Stainless steel

Stainless steel is an especially pure material, and it looks absolutely first class.
