¹ Based on the average of VIO vs New Registrations for each model year within the FCA-defined HD pickup segment using IHS Market data as of July 1, 2017 for model years 1988 to 2017. ² Based on latest available competitive information. Class based on 250/2500 and 350/2500 pickups. ³ The Advanced Front Air Bags in this vehicle are certified to the new U.S. Federal regulations for Advanced Air Bags. Children 12 years old and younger should always ride buckled up in a rear seat. Infants in rear-facing child restraints should never ride in the front seat of a vehicle with a passenger front air bag. All occupants should always wear their lap and shoulder belts properly. ⁴ No system, no matter how sophisticated, can repeal the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice and other conditions can affect. When the ESC warning lamp flashes, the driver needs to use less throttle and adapt speed and driving behavior to prevailing road conditions. Always drive carefully, consistent with conditions. Always wear your seat belt. ⁵ Always look before proceeding, electronic drive aid is not a substitute for conscientious driving; always be aware of your surroundings. ⁶ Always sit properly with the head restraint properly adjusted. Never place anything in front of the head restraint. ⁷ Based on best-in-class cargo capacity, best-in-class payload and best-in-class fuel efficiency. ⁸ Transferable. See dealer for complete details and a copy of the 5-Year/60,000-Mile Gas Powertrain Limited Warranty. ⁹ Transferable. See dealer for complete details and a copy of the 5-Year/100,000-Mile Diesel Powertrain Limited Warranty. ¹⁰ SiriusXM audio and data services each require a subscription sold separately or as a package by Sirius XM Radio Inc.
