

RAM

2020
1500
CLASSIC

FIRST-CLASS STYLE. PROVEN TO LAST.

More and more, Ram trucks are redefining the conventional thinking behind the full-size pickup. This is capability based on brawn, technology based on brains, and the smart extra touches that make Ram trucks shine. Ram 1500 Classic at a glance: superb powertrain choices. Super-capable towing and hauling. Breakthrough suspension technology. Impressive connectivity. Comfortable interiors. For more, click over to **ramtrucks.com**

TOUGH FRAME If you're going to build on anything, build on strength. In the case of Ram 1500 Classic, we're talking high-strength steel core, eight ultra-tough crossmembers and a hydroformed tubular high-strength steel front frame unit.

THE CARGO BOX Also made from high-strength steel, this cargo area features a standard CHMSL cargo light, along with available rear LED bed lighting. Of course, what sets Ram pickups apart is the available class-exclusive RamBox® Cargo Management System,* a solution that completely changes the rules about hauling and storing.

CONFIDENT TOWING Expect remarkable capability—because Ram 1500 Classic was designed to deliver it 24/7. With a structural rear bumper rated for Class III towing, this full-size pickup will fluently handle trailers up to 5,000 lb.² Fortunately, your towing capacity can get even better. You'll dramatically ramp up capability when you opt for the factory-installed Class IV hitch receiver, bolted directly to the high-strength steel frame; you can take on trailers up to 10,680 lb.² The trailer connector is easily accessible, with an adjacent lamp making night connections a breeze; all models provide a 4- and 7-pin connector as standard equipment, enabling you to hitch virtually any trailer out there.

POWERTRAIN As with towing, powertrain performance is definitive. Available engines include the 3.6L Pentastar® V6 and 5.7L HEMI® V8, both mated to the TorqueFlite® 8-speed automatic.

INTERIOR COMFORT No matter which 1500 Classic model you're choosing, driver and passenger comfort is key to the ride. Anticipate the unexpected. Every interior is the result of thoughtful and intuitive design, from window controls and door handles to the dashboard-mounted Rotary Shifter for the TorqueFlite 8-speed automatic.

*All disclosures can be found on the last page.

RAM 1500 CLASSIC: SOLID RELIABILITY

TOWING AS IT SHOULD BE

Towing can reach up to 10,680 lb²; the available Class IV hitch receiver attaches directly to the high-strength steel frame.

ANTISPIN REAR DIFFERENTIAL

This available asset markedly increases traction when rear-wheel slippage is detected—ideal in snowy climates.

AIR BAG³ TECHNOLOGY

It's formidable, and includes advanced multistage front air bags³, supplemental front-seat side-mounted air bags³ and side-curtain air bags³.

ELECTRIC POWER STEERING

Our speed-proportional assist ensures superb highway road feel and minimal effort when parking.

DYNAMIC FRONT CRUMPLE ZONES

Engineered to bear the brunt of impact, they're designed to help keep driver and passengers safe and secure.

CLASS-EXCLUSIVE LINK COIL REAR SUSPENSION¹

Long-proven over years and miles, our link coil rear suspension is tough, durable—with outstanding ride quality.

TUNED SHOCK ABSORBERS

They're calibrated for ideal ride balance and deliver more resistance during upward wheel motion than during downward.

SOLID STEEL BED

Ram 1500 Classic cargo beds are constructed with tough, high-strength steel.

SIDE-IMPACT DOOR BEAMS

They reinforce the protection against side-impact force—helping to protect from every angle.

ACTIVE GRILLE SHUTTERS

Available—and invaluable. The shutters adapt to speed, load and engine needs to provide ideal cooling—while also reducing aerodynamic drag.

From front bumper to steel cargo bed and everywhere in between, your Ram 1500 Classic is engineered for all-around durability—and it all started with jaw-dropping procedures to help ensure quality, strength, and safety and security. Our engineers employed testing protocols that involved some of

the most brutal conditions imaginable. Like the scorching 120°F deserts of Nevada. The frigid -40°F winters of northern Sweden. Boulder-strewn off-road trails—and more. In every environment and under full and empty loads, Ram 1500 Classic came through—just as it will for you, every day and every mile.

TRAILERING MADE EASY **10,680-LB MAX TOWING²**

AWESOME TOWING CAPABILITY MEETS BIG MUSCLE.

This is how you explore the good parts of life: with Ram 1500 Classic. Count on solid suspension technology, built-in menu options, resilient engines—and much more.

PERFORMANCE THAT RULES.

Few available engines carry its clout, and even fewer offer such innovative technology. Engineering features include Variable Valve Timing (VVT), the ingenious Multi-Displacement System (MDS) (to transform this mighty V8 into a robust 4-cylinder) and the built-in efficiencies of the versatile and powerful hemispherical head design.

STANDARD ELECTRONIC STABILITY CONTROL (ESC)⁵ SYSTEM

- ▶ Help regulate wheelspin with comprehensive **All-Speed Traction Control**. If slippage occurs during acceleration, the automatic throttle control will reduce torque; in extremes (like accelerating from pavement to ice), it will apply the brakes and reduce the engine power to maintain control.
- ▶ Tow with confidence, using **Trailer Sway Damping**⁶, which detects yaw and applies selective brake pressure on the tow vehicle's opposite side to counteract and reduce the sway.

The Ram 1500 Classic braking system features optimized pedal travel to provide quick power assist. Rear wheel-speed sensors are positioned for protection against road elements. ESC⁵ features multiple assets for braking; it even includes vehicle control when stationary. The most notable components of ESC⁵ are outlined here:

- ▶ Stop securely, with **Antilock Brake System (ABS)**. Monitoring each wheel's speed, the Ram 1500 Classic ABS design also incorporates back-up braking should one of the two braking circuits be compromised.
- ▶ Balance the braking. **Electronic Brake-Force Distribution** regulates brake pressure from front to rear to minimize stopping distances.
- ▶ Anticipate potential trouble. **Ready Alert Braking** senses when the driver's foot is lifted from the accelerator; it applies an imperceptible brake force to ensure that pads and discs are lined up should an emergency stop be required.

- ▶ Factor in the weather. **Rain Brake Support** automatically and seamlessly activates when the driver turns on the windshield wipers; all brake calipers gently pulse against their respective rotors to remove water from the pads.
- ▶ Make it home, with **Hydraulic Boost Compensation**. Should a failure occur in the vacuum brake booster or any related line, the brake controller will kick in to run the ABS pump; the system will even convey notice of the problem to the driver. Critically, the brakes will perform as normal until the failure is serviced.
- ▶ Stay still, with **Hill Start Assist**. When the vehicle is on an incline, this system keeps your Ram pickup stationary for two seconds after the brakes have been released or until the accelerator is depressed.

AVAILABLE PARKSENSE[®] REAR PARK ASSIST⁷

This invaluable feature uses integrated sensors with ultrasonic waves to detect objects as far as 47 inches away from the rear bumper. Read-outs located in the gauge-cluster display team up with audible chimes to notify the driver of proximity to rear objects.

BRAKING, TOWING AND PARKING: IT'S ALL SYSTEMS GO. When you're moving, your Ram 1500 Classic puts multiple available systems and technologies to work, constantly assessing and interacting with the terrain, weather and trailer for total confidence and convenience.

EVERYTHING YOU WANT FOR TOWING

AVAILABLE TRAILER-TOW MIRRORS

These extra-wide mirrors measure in at a huge 7 x 11 inches; a lower wide-angle mirror lets you monitor side traffic.

AVAILABLE TRAILER BRAKE CONTROLLER

It's just part of dozens of menu options in your control. This shows the brake set at 50% of operation with a 3.5% gain.

STANDARD PARKVIEW® REAR BACK-UP CAMERA⁸

With the handy available Active Grid Lines, you'll find backing up—like to a trailer hitch—easy and convenient.

STANDARD CLASS-EXCLUSIVE LINK COIL REAR SUSPENSION¹

Ram 1500 Classic maintains its own unique engineering, employing the long-proven and innovative link coil rear suspension technology.

RAM 1500 CLASSIC: INSPIRED STORAGE SOLUTIONS

NEXT-LEVEL CARGO MANAGEMENT

This truck takes on any challenge, including finding smarter and more efficient ways to transport your cargo. Credit the available class-exclusive RamBox® Cargo Management System¹ that includes versatile, weatherproof, lockable, drainable and illuminated storage bins—real-world convenience and capability.

TAKE IT ALL WITH YOU The available class-exclusive RamBox® Cargo Management System¹ gives you covered and secure storage while still allowing traditional bed space for the essentials.

STANDARD SHEETS FIT The available RamBox System gives you ample storage, while the bed still accommodates standard 4x8 sheets of building materials.

MANAGE YOUR CARGO Want to keep certain items of cargo separate? The available RamBox System comes standard with a bed divider/extender.

IN-BED LED LIGHTING Controlled by a switch or a key fob button, these available side cargo-bed lights let you load anytime, and with no adjustment to a tonneau cover (if so equipped).

WARLOCK

AGGRESSIVE CAPABILITY WITH A BOLD EXTERIOR LOOK.

IT'S GOT THE RIGHT STYLE. IT'S GOT THE RIGHT POWER.

What Ram 1500 Classic Warlock gives you is the right to turn heads on the street and turn the commonplace into the extraordinary. Spec out a Ram 1500 Classic Warlock model anytime at ramtrucks.com

**WARLOCK. THIS SPELLS
SOMETHING POWERFUL.**

YOU KNOW IT THE MINUTE YOU TAKE A SEAT. Choose the Warlock as your Ram 1500 Classic model, and get ready for some magic. From instrument cluster to center stack to the look and feel of the optional cloth seats, this is a ride that delivers classic looks with premium performance. Shown here with Apple CarPlay[®] integration for your iPhone.[®]

RAM 1500 CLASSIC WARLOCK. AN AGGRESSIVE STANCE-BY DESIGN.

Shown here with its standard 20-inch Semi-Gloss Black wheels and available Sport Performance Hood, Warlock conveys it all: comfort, capability, looks and an unrelenting, can-do attitude.

CUSTOMIZE THE DISPLAY TO BEST SERVE YOUR NEEDS. THE INTUITIVE UCONNECT® TOUCHSCREEN GIVES YOU THE OPTION TO COMMUNICATE, NAVIGATE AND STAY ENTERTAINED. AVAILABLE FEATURES INCLUDE:

LISTEN to music, talk shows and sports. Access all genres, favorite artists, winning teams—all the time—with SiriusXM® Radio,¹⁰ including a one-year trial subscription.

SPEAK UP and be heard, all while driving safely with hands-free phone capability.¹¹

NAVIGATE to every adventure; get turn-by-turn directions so you don't get lost on the way (unless you want to).

UTILIZE SiriusXM Guardian^{TM12} Remote Services¹³ from almost anywhere using your smartphone with the Uconnect App.

DISCOVER new places and the best shopping, entertainment and restaurants from the Uconnect smartphone app, then easily send the address to your vehicle. Vehicle must be equipped with navigation.

CONNECT with speed; expand your options by turning your truck into an on-demand WiFi Hotspot¹⁴ with rapid 4G LTE WiFi.¹⁴

KEEP informed; receive weather and traffic reports with a five-year trial subscription to SiriusXM Travel Link^{10,15} and SiriusXM Traffic Plus.¹⁰

APPLE CARPLAY® SUPPORT

This is smart iPhone® integration so you'll experience some of your favorite features through your dashboard. With Siri,^{®16} all you have to do is ask—catch up on calls and messages, get directions from Apple Maps or request a song through Apple Music.[®] The system lets you browse music or discover nearby gas stations, parking, restaurants and more. Plus, Maps helps predict where you're headed.

ANDROID AUTO^{TM17} INTEGRATION

For those who know and love Android,TM Android Auto brings some of your favorite smartphone apps into one place, making it easy for drivers to access their favorite navigation, media, and communication apps on the road while minimizing the distractions. Stay focused on the road while you plan your day with the Google Assistant, get voice-guided navigation with Google Maps, and listen to your favorite songs on Google Play Music.

COUNT ON RAM 1500 CLASSIC FOR THE VERSATILE TECHNOLOGY YOU NEED.

THERE'S A DISTINCTIVE LOOK COMING YOUR WAY.

TRADESMAN®

PURE CAPABILITY STANDS READY TO SERVE

You don't put in half effort, and neither does your Ram truck. The Ram 1500 Classic Tradesman boasts as standard the robust 3.6L Pentastar® V6, no-nonsense 17-inch wheels, the ParkView® Rear Back-Up Camera® and easy-clean vinyl seating. Opt for available features like the 5.7L HEMI® V8 and the Electronics Group, which includes Dual-Zone Automatic Temperature Control, 7-inch Driver Information Display and Uconnect® 4C radio with 8.4-inch touchscreen, and you've just customized your pickup. (Shown above with optional Chrome Appearance Group.)

EXPRESS

EXPRESS YOURSELF WITH CONFIDENCE

The Ram 1500 Express® Classic delivers a compelling argument about standout appearance and steadfast capability: a full body-color front fascia, rear bumper and grille, fog lamps, and 17-inch aluminum wheels—powered by the 3.6L Pentastar V6 or optional 5.7L HEMI V8 mated to the standard TorqueFlite® 8-speed automatic.

WARLOCK

THIS RAM TRUCK HAS IT ALL: SPIRIT, STRENGTH AND SUBSTANCE

In either Quad Cab® or Crew Cab in 4x2 or 4x4, it's easy to fall under the spell of Ram 1500 Classic Warlock. With the 3.6L Pentastar V6 or optional 5.7L HEMI V8 and the TorqueFlite 8-speed automatic, Warlock puts it together in style. Inside, count on a crew-friendly front cloth bench seat, while exterior touches include Black powder-coated bumpers, bifunctional halogen projector headlamps, rear heavy-duty shock absorbers (on 4x4) and the confidence of 20x8-inch Semi-Gloss Black wheels. (Shown above with optional Sport Performance Hood.)

	6,900					1,800	1,620	1,750	1,560	1,700	1,530

Notes regarding the charts above: numbers in **Black boxes** reflect max ratings. Payload and Max Trailer Weights are estimated values. All weights are shown in lb unless otherwise stated. Payload and Max Trailer Weight values are rounded to the nearest 10 lb. Payload = GVWR – Base Weight. Trailer Weight Rating and Tow Vehicle Trailing Weight are calculated as specified in SAE J2807. Payload and Trailer Weight Rating are mutually exclusive. GAWRs, GVWRs and GCWRs should never be exceeded. The recommended tongue weight for a conventional hitch is 10 percent of the gross trailer weight. The maximum tongue weight for Class IV hitch receiver is limited to 1,100 lb. Weight-distributing hitch is recommended for trailers over 5,000 lb.

1 Class based on light-duty pickups. Excludes other FCA US LLC vehicles. 2 When properly equipped. See dealer for details. 3 Always sit properly in designated seating positions with seat belts securely fastened at all times. 4 Visit Mopar.com for complete details and a copy of the Powertrain Limited Warranty. 5 Always drive carefully, consistent with conditions. Always wear your seat belt and obey traffic laws. 6 Always drive carefully, consistent with conditions. 7 Always look before proceeding. An electronic drive aid is not a substitute for conscientious driving. Always be aware of your surroundings. 8 Always check entire surroundings visually before proceeding. 9 Requires compatible iPhone. See dealer for phone compatibility. Data plan rates apply. Vehicle user interface is a product of Apple. Apple CarPlay, Apple Music and Siri are trademarks of Apple Inc. iPhone is a trademark of Apple Inc., registered in the US and other countries. Apple terms of use and privacy statements apply. 10 SiriusXM Radio, SiriusXM Traffic Plus and SiriusXM Travel Link each require a subscription sold separately, or as a package, by Sirius XM Radio Inc. **If you decide to continue service after your 1-year/5-year trial included with the new vehicle purchase, the subscription plan you choose will automatically renew thereafter and you will be charged according to your chosen payment method at then-current rates.** Trial service is not transferable. Fees and taxes apply. Please see the Customer Agreement at siriusxm.com for complete terms and how to cancel, which includes calling SiriusXM at 1-866-635-2349. All fees and programming are subject to change. Not all vehicles or devices are capable of receiving all services offered by SiriusXM. Data displays and individual product availability vary by vehicle hardware. Current information and features may not be available in all locations, or on all receivers. Weather Forecast, Current Conditions may not be available in all locations. 11 The Uconnect Phone requires a mobile phone equipped with the Bluetooth Hands-Free Profile. To check phone compatibility please visit UconnectPhone.com. 12 All SiriusXM Guardian equipped vehicles come with a 12-month trial effective on the date of purchase or lease of a new vehicle. Enrollment in the trial is required to receive service. Upon expiration of the trial period, purchase of a subscription is required to continue SiriusXM Guardian. SiriusXM Guardian is available only on equipped vehicles purchased within the United States and Puerto Rico. Services can only be used where cellular coverage is available. See Uconnect and SiriusXM Guardian Terms of Service for complete service limitations. 13 Remote Vehicle Start is not available on all vehicles. You are responsible for using remote features in accordance with any laws, rules or ordinances in effect in your vehicle's location. You must have an active subscription to SiriusXM Guardian in order to use remote services. See Terms of Service for service limitations. 14 Three-month/1GB trial included with the purchase or lease of a new vehicle. Upon expiration of the trial period, purchase of a subscription is required. Wi-Fi Hotspot available through third-party subscription. Requires Internet-enabled mobile

device. See dealer for details. This feature is not intended for use by the driver while the vehicle is in motion. Always drive carefully. 15 This feature does not work while the vehicle is in motion. 16 Requires an iPhone with Siri. Certain features are not available while the vehicle is in motion. iPhone must be within active cellular range. Customer's existing iPhone data rates apply to Internet-supported features. 17 To use Android Auto on your phone screen, you'll need an Android phone running 5.0 or higher and the Android Auto App. Google, Android, Google Play and Android Auto are trademarks of Google LLC. 18 Voice Text Reply feature requires a compatible mobile device that supports text messaging and Bluetooth. Visit UconnectPhone.com for system and device compatibility. 19 Check state and local laws regarding the use of remote start systems. 20 Vehicle must be locked and system activated for alarm to sound. 21 Assumes properly equipped vehicle and 150-lb allowance for driver. Additional options, equipment, passengers and cargo weight must be subtracted. See dealer for details.
