*DIESEL TORQUE
GETS IT DONE.*

UNSTOPPABLE

400_{HP} 1,000_{LB-FT} OF TORQUE

AVAILABLE 6.7L CUMMINS® HIGH OUTPUT TURBO DIESEL. Choosing a Ram Heavy Duty pickup gives you some outstanding choices—including the iconic Cummins High Output with its huge available diesel torque—it's up to 1,000 lb-ft on Ram 3500. Paired with the AISIN® 6-speed automatic—a transmission that easily handles this superb level of torque—this is a powertrain that delivers it all: outstanding and quiet performance, ultra-confident towing on highways and over mountains, and effortless cold-start ability.

THE AISIN AUTOMATIC. Ram 3500 Heavy Duty models equipped with the 1,000-lb-ft 6.7L Cummins High Output Turbo Diesel employ the AISIN AS69RC electronically controlled automatic. This transmission is engineered to handle the colossal torque of the turbo diesel engine and stout vehicle weight ratings while delivering seamless shift quality. The AISIN uses a sophisticated transmission controller with a state-of-the-art dual-core processor for fast and precise shifts under all driving and loaded conditions. Durability and capability are ensured by a robust ring gear, large thrust bearing and vigorous heat treatment for select components. A dynamic damper for the torque converter and hard finishing of the number-one pinion gear help minimize Noise, Vibration and Harshness (NVH).

**BEST-IN-CLASS STANDARD
GAS HORSEPOWER.³**

LEGENDARY

410_{HP} 429_{LB-FT} OF TORQUE

THE 6.4L HEMI® V8 WITH VCT AND MDS. Long-proven and capable over the long run, the 6.4L HEMI V8 credentials start with what counts: best-in-class standard gas horsepower³ for impressive towing backed with formidable payload figures. Assets here include Variable Cam Timing (VCT) for consistent power across a wide torque band, Multi-Displacement System (MDS)/Fuel Saver Technology, which delivers 4-cylinder efficiencies during highway cruising, along with the interactive Deceleration Fuel Shut-Off (iDFS0) feature. The 6.4L HEMI V8 is power, performance and efficiency that won't let you down.

THE ZF 8HP75 8-SPEED AUTOMATIC. The 6.4L HEMI V8 comes mated to the smooth-shifting TorqueFlite® 8HP75 8-speed automatic. There are more than 40 individual shift maps to refine shift points for optimal efficiency, performance and drivability. The transmission uses shift-by-wire technology, eliminating a mechanical linkage between the transmission and the gear selector. Ram Heavy Duty uses an innovative rotary shifter mounted on the left side of the instrument panel's center stack—in Black or Satin Chrome, depending on trim level.

FORTIFIED BACKBONE. RESILIENT STEEL FRAME. TOUGH CROSSMEMBERS. FORMIDABLE BRAKES.

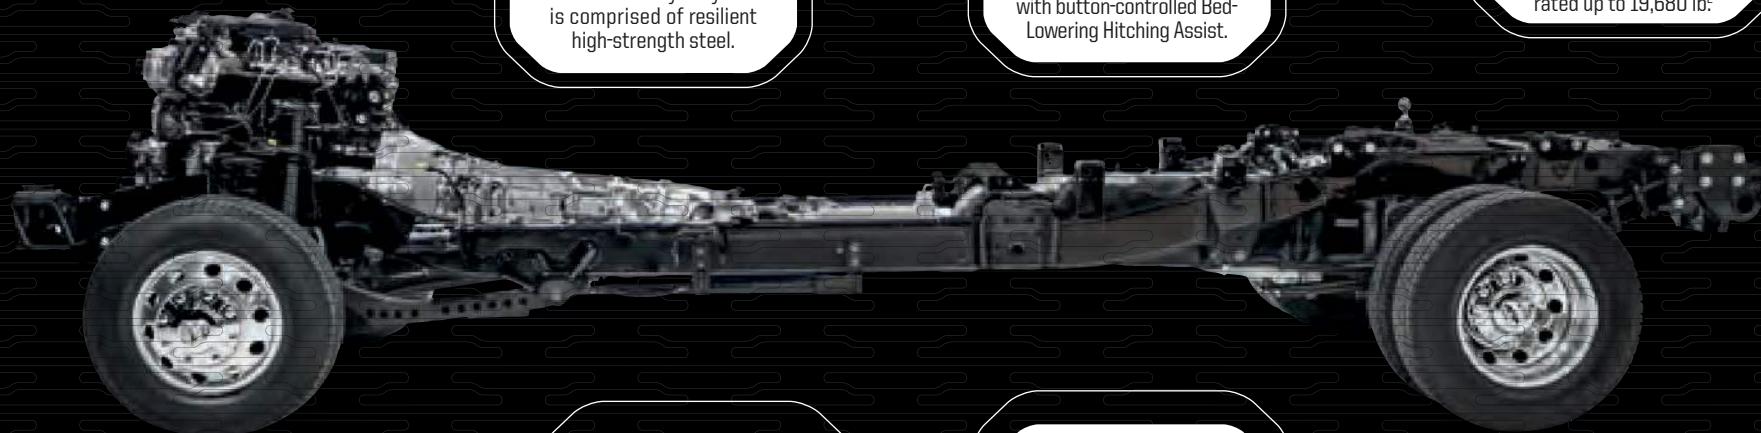

RAM HEAVY DUTY: STRENGTH THAT ENDURES.

The available Cummins® High Output Turbo Diesel gives Ram 3500 Heavy Duty stellar trailering capability: up to 35,100 lb².

Durability is built into every Ram pickup. 98.5% of the Ram Heavy Duty frame is comprised of resilient high-strength steel.

Available for Ram Heavy Duty is the innovative and class-exclusive Auto-Level Rear Air Suspension³ with button-controlled Bed-Lowering Hitching Assist.

Conventional hitch capability for a Ram 3500 pickup is up to a jaw-dropping 23,000 lb². For 2500, capability is rated up to 19,680 lb².

On 4x4 pickup models, a 9.25-inch front axle features durable pinion seals; a refined axle housing helps with Noise, Vibration and Harshness (NVH) levels.

Toughness is engineered in. Count on robust 63,000-psi steel for the crucial engine crossmember.

The tuned suspension on Ram 2500 includes Frequency Response Damping (FRD) shocks and tough, progressive-rate coil springs.

The towing and brake-system hardware features solid components to manage the big max payload and tow ratings.

BUILT FROM THE GROUND UP FOR HEAVY-DUTY ASSIGNMENTS. Strength that endures doesn't mean merely one thing. In a Ram Heavy Duty, it means everything.

These pickups are designed and built to do it all. Carry substantial payloads confidently and securely. Haul heavy trailers up and down mountains without taking an extra breath. Supply you with exceptional capability for massive towing—

ably reflected in the fully integrated rear-axle structural crossmember for fifth-wheel and gooseneck hitches.

Above all, it means combining the technology of capability with remarkable comfort for the ride. It all comes together with strength and style—in the Ram Heavy Duty 2500/3500 pickups.

RAM HEAVY DUTY HELPS YOU MASTER TOWING.

TOWING WITH CONFIDENCE.

INSIDE AND OUT, AVAILABLE RAM TECHNOLOGY MAKES TOWING A BREEZE.

CLASS-EXCLUSIVE POWER CONVEX TRAILER-TOW MIRRORS³

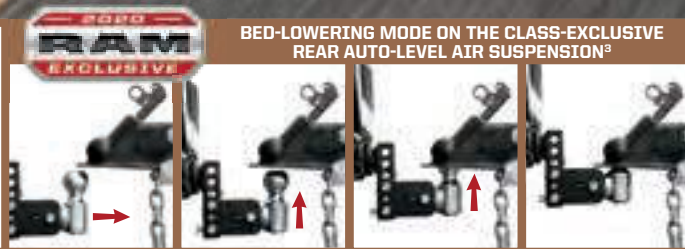

CLASS-EXCLUSIVE ADAPTIVE FORWARD LIGHTING SYSTEM³

TRAILER CAMERA⁴

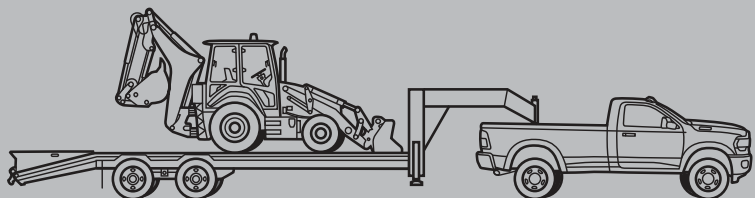

SELF-LEVELING AIR SUSPENSION

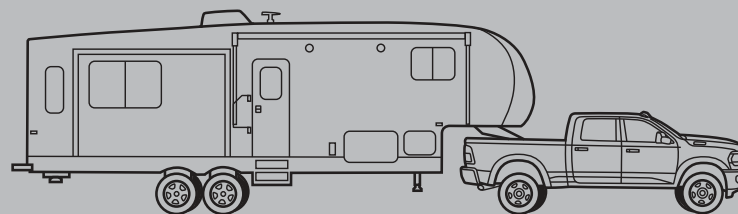

BED-LOWERING MODE ON THE CLASS-EXCLUSIVE REAR AUTO-LEVEL AIR SUSPENSION³

TOWING. READY, WILLING AND CAPABLE.

THE MAX TOW PACKAGE MAKES IT ALL HAPPEN. This available comprehensive towing package includes the 30K Fifth-Wheel Hitch, the Fifth-Wheel/Gooseneck Prep Group, Rear Auto-Level Air Suspension, Cargo-View Camera,⁴ Trailer Brake Controller, Daytime Running Lamps and DOT Safety Kit. The numbers: up to 30,000-lb² towing for fifth-wheel applications, and up to 35,100 lb² with a gooseneck.

TOWING WITH A GOOSENECK? Count on capability that makes using this available system fast and facile. Included in the Fifth-Wheel/Gooseneck Prep Group are all gooseneck bolt plates and center castings, 4-/7-pin trailer connector and a rear in-bed integrated 7-pin connector or 7-/12-pin connector if equipped with the Auxiliary Camera Prep Group.

IMPRESSIVE FIFTH-WHEEL TOWING capability comes from the fully integrated rear-axle crossmember on all frames. Available fifth-wheel hitch mounting hardware is integrated into the production box floor—and includes fifth-wheel pucks.

SAFETY AND SECURITY.

YOU TOW. USE CAPABILITY AND SAFETY AND SECURITY TOGETHER. Heavy-duty towing tasks require heavy-duty thinking—and your Ram Heavy Duty delivers at every turn. Available Adaptive Cruise Control with Stop (ACC Stop)⁵ and Full-Speed Forward Collision Warning Plus (FSFCW+)⁶ work with fully loaded trailers—and join a wealth of additional technologies.

With available LaneSense® Lane Departure Warning Plus (LDW+),⁷ your Ram Heavy Duty can literally read the road, using a forward radar/camera module mounted in the windshield to identify road lines and determine vehicle position. Available Blind Spot Monitoring⁸ with Rear Cross-Path Detection⁴ strengthens our support—because it's all about keeping you in the know.

BLIND SPOT MONITORING: TRUCK AND TRAILER.

(Conventional trailers only; not compatible with gooseneck or 5th-wheel trailers.)

AVAILABLE ACC STOP⁵ AND FSFCW+⁶ WORK WITH LOADED TRAILERS UP TO 35,100 LB.²

AVAILABLE FULL-SPEED FORWARD COLLISION WARNING PLUS.⁶ This system notifies the driver through multiple warnings when the vehicle gets too close to a preceding vehicle. If the driver isn't braking enough, Auto Emergency Braking automatically takes over, dramatically increasing braking when over 31 mph and even coming to a full stop if traveling under 31 mph. Both ACC Stop⁵ and FSFCW+⁶ work with attached trailers and will engage the trailer brakes.

AVAILABLE PARKSENSE® FRONT AND REAR PARK ASSIST.⁹ Integrated sensors discreetly positioned in the front bumper and rear bumper valence use ultrasonic waves to determine the relative distance to objects in front or in back of your pickup. If an obstacle is detected when backing up or moving forward during parking maneuvers, visual and audio signals inform the driver. SRW pickups have four rear sensors; 3500 DRW pickups with the class-exclusive dual-rear-wheel backup sensors³ get an additional sensor on each side of the rear valence to help detect the area behind the added width of the dually fenders.

AVAILABLE ADAPTIVE CRUISE CONTROL WITH STOP.⁵ ACC Stop⁵ greatly increases the value and comfort of cruise control. The system maintains the set speed in clear lanes but will adjust to a safe (and driver-selected) speed in slower traffic—and it can even momentarily stop the vehicle.

THIS LEVEL OF TECHNOLOGY SETS THE BENCHMARK: THE AVAILABLE REAR AUTO-LEVEL AIR SUSPENSION

IDEAL CONTROL FOR TOWING AND HAULING.

AVAILABLE: THE CLASS-EXCLUSIVE REAR AUTO-LEVEL AIR SUSPENSION³ With engineering specific to each weight class, the available Rear Auto-Level Air Suspension System features a self-leveling Payload Mode, a Trailer-Tow Mode that keeps an even rake between trailer and truck, and a Bed-Lowering Mode to make trailer hookups easier than ever. The unique standard suspensions for Ram 2500/3500 are described at right.

RAM 2500. The class-exclusive rear link coil suspension³ is enhanced with smart tuning dynamics for an impressive ride. This pickup features Frequency Response Damping (FRD) shock absorbers, progressive-rate coil springs and a refined bushing set.

RAM 3500. Huge towing and payload tasks warrant appropriate technology to get them done. Here, our standard rear leaf-spring suspension continues to use two-stage longitudinal leaf springs, while the bushings serve to enhance durability and increase strength.

HEAVY-DUTY SOLUTIONS: A WEALTH OF INFORMATION AT YOUR FINGERTIPS.

RECONFIGURABLE AVAILABLE DRIVER INFORMATION DISPLAY. Short and sweet: it's all right here. With a glance, you're kept informed of what's going on with your Ram Heavy Duty. Like dozens of mechanical functions. Status of the available Blind Spot Monitoring System.⁸ Real-time tire pressures. And most notably, data that's critical when trailering—like the settings of the available Trailer Brake Controller and whether you should modify them. It's all easily accomplished by the settings and controls on the center stack.

TOWING WITH RAM TRUCKS: ENJOY THE VIEWS.

FULL-TIME MONITORING OF YOUR TRAILER AND CARGO—IN REAL TIME. A Ram truck delivers outstanding towing technology options. It starts with the largest available radio touchscreen in its class—12 inches³—that delivers views of both sides of your trailer—plus a virtual view of your truck from above. Add rear views

of your cargo area and the terrain beyond—a real asset to accompany your Fifth-Wheel/Gooseneck Prep Group. Finally, active guidelines that move in tandem with turns of your steering wheel for pinpoint accuracy when backing up to a hitch.

TRAILER REVERSE GUIDANCE VIEW⁴, shown above, provides a single-screen view of both sides of the trailer and helps drivers more safely tow, park and maneuver long or short setups. The system stitches together select screens for simultaneous views of each trailer side; on-screen buttons give the driver left/right panning ability to better frame the trailer in the image. It's ideal for tight garages and parking spaces, and delivers faster, safer and more efficient operation. No active lines are provided.

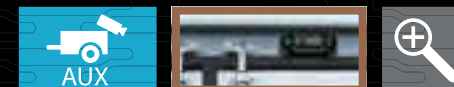

THE AVAILABLE 360° SURROUND-VIEW CAMERA SYSTEM:⁴ Shown at left: cameras in strategic locations all around the truck provide a “stitched-together” view from above the surroundings, giving the driver a complete view when parking and when preparing to load, unload, or hook up a trailer. Camera locations are inside the front grille, in the outside mirrors and in the tailgate handle.

THE AVAILABLE CARGO-VIEW CAMERA:⁴ Located in the Center High-Mount Stop Light (commonly called the CHMSL), this camera displays on the center-stack screen a high-perspective view of the bed of the vehicle. Benefits include a zoom feature and views of the box cargo, aftermarket upfit equipment or in-box hitch status—like available fifth-wheel or gooseneck applications.

THE PARKVIEW® REAR BACK-UP CAMERA:⁴ Integrated into the tailgate handle, the ParkView Camera⁴ projects a high-resolution image with zoom onto the center-stack display when in Reverse. The display features selectable static or dynamic grid lines with a center line; when in Dynamic setting, the grid lines adjust to become Reverse guide paths as the steering wheel is turned.

AVAILABLE AUXILIARY CAMERA TECHNOLOGY:⁴ The Auxiliary Camera System⁴ enables you to customize its position on your trailer, as shown in the inset here. The large image above is the wider-angle view, displayed on the full-color center-stack screen. This Authentic Accessory by Mopar[®] delivers expansive viewing capability, with enough wiring to handle trailers up to 40 feet. Zoom feature is included.

INVALUABLE FEATURES FOR HAULING, STORING AND WORKING.

SERIOUS ABOUT WORK.

CLASS-EXCLUSIVE AVAILABLE REAR AUTO-LEVEL AIR SUSPENSION³

For balanced payload
and towing control.

KEY FOB

Available features let
you control all door locks and
RamBox System locks and
release the tailgate. The fob
even features the convenient
available Remote Start!¹⁰

CLASS-EXCLUSIVE: AVAILABLE RAMBOX[®] SYSTEM³

Bins feature abundant
storage with helpful
illumination inside. (Details
on the next two pages.)

POWER OUTLET

Charge it all with a 115-volt,
400-watt outlet, located in
the driver's-side bin of the
available RamBox System.

AVAILABLE RAMBOX UTILITY GROUP

Includes side rails with
adjustable cleats and a
cargo box divider.

STEEL BED

Huge box, zero compromises.
This bed puts high-strength
steel to work where it's
needed—in back, when
you're hauling big loads.

AVAILABLE SPRAY-IN BEDLINER

Finished at the factory, the
spray-in bedliner helps
protect your Ram pickup for
the durability you expect.

THE AVAILABLE CLASS-EXCLUSIVE RAMBOX® CARGO MANAGEMENT SYSTEM.³

OUT-OF-THE-BOX THINKING RESULTS IN NEXT-LEVEL CARGO MANAGEMENT AT ITS BEST.

A Ram Heavy Duty takes on any challenge, including finding smarter, more efficient ways to handle cargo. Alongside the abundance of conventional cargo bed volume and numerous in-cab storage compartments are the available RamBox Cargo Management System and RamBox Utility Group. Looking for multiple solutions in a single pickup? The real-world capability of Ram Heavy Duty puts these drainable, lockable and illuminated bins—one with a welcome power outlet—at your service.

115-VOLT POWER OUTLET. Conveniently located on the inside wall of the driver's-side RamBox System bin, it's just the power you need for work or recreation.

STORAGE SOLUTIONS WITH ADDED CONVENIENCE.

STANDARD SHEETS FIT. Opting for the unconventional—the versatile, available RamBox® System—still gives you totally conventional cargo-carrying capability. Standard 4x8-foot sheets of building materials readily load into all bed sizes.

BED STEP. The available foot-actuated Mopar® Bed Step eases access to the bed and hides out of sight when not in use. Available as a factory-installed option or as a stand-alone Mopar Accessory.

TAILGATE TECHNOLOGY. With or without the RamBox System, there's an available damped tailgate that opens more slowly and closes with less effort. The tailgate also features an available power-release function; open it with the key fob button or via the in-cabin control on the overhead console.

IN-BED LED LIGHTING. Controlled by a switch or a key fob button, these available side cargo-bed lights let you load anytime and with no adjustment to a tonneau cover (if so equipped).

MANAGE YOUR CARGO. The available RamBox Utility Group enhances capability and hauling with a stowable bed divider to help keep items of cargo separate, and includes an upper rail system with adjustable cleats to further help secure your cargo.

ONE SYSTEM. ULTIMATE TECH CAPABILITY.

Customize the display to best serve your needs. Intuitive Uconnect® touchscreens let you communicate, navigate and stay entertained. Available features include:

((SiriusXM®))

SIRIUSXM® RADIO:¹¹

Listen to music, talk shows and sports. Access all genres, favorite artists, winning teams—all the time—with SiriusXM Radio,¹¹ including a one-year trial subscription.

SIRIUSXM WITH 360L¹¹ delivers more content and variety, along with a personalized experience that is tailored to your listening habits.

SPEAK UP and be heard, all while driving safely with hands-free phone capability.¹²

NAVIGATE to every adventure; get turn-by-turn directions so you don't get lost on the way (unless you want to).

UTILIZE Remote Services¹³ from almost anywhere using your smartphone with SiriusXM Guardian^{TM14} and the Uconnect App.

DISCOVER new places and the best shopping, entertainment and restaurants from the Uconnect smartphone app, then easily send the address to your vehicle.

CONNECT with speed; expand your options by turning your truck into an on-demand WiFi Hotspot¹⁵ with rapid 4G LTE WiFi.¹⁵

KEEP informed; receive weather and traffic reports with a five-year trial subscription to SiriusXM Travel Link^{11,16} and SiriusXM Traffic Plus.¹¹

APPLE CARPLAY^{®17} SUPPORT.

This is smart iPhone[®] integration, so you'll experience some of your favorite features through your dashboard. With Siri,^{®18} all you have to do is ask—catch up on calls and messages, get directions from Apple Maps or request a song through Apple Music.[®] The system lets you browse music or discover nearby gas stations, parking, restaurants and more. Plus, Maps helps predict where you're headed. Apple CarPlay integration for your iPhone shown above, top right.

android
auto

ANDROID AUTO^{TM19} INTEGRATION.

For those who know and love Android,TM Android Auto brings some of your favorite smartphone apps into one place, making it easy for drivers to access their favorite navigation, media, and communication apps on the road while minimizing the distractions. Stay focused on the road while you plan your day with the Google Assistant, get voice-guided navigation with Google Maps, and listen to your favorite songs on Google Play Music.

PERSONALIZED STATIONS POWERED BY PANDORA.[®]

Available on Ram trucks with SiriusXM 360L¹¹; with the available Uconnect 12-inch touchscreen, you can create your own artist-based, ad-free music stations. Curate your playlists, skip songs and give a thumbs-up.

THIS WORKHORSE *KNOWS HOW TO PLAY.*

WE DON'T TAKE YOUR ENJOYMENT LIGHTLY. Count on technology and audio on par with the best. At your fingertips: hundreds of available radio stations, including satellite. Charging ports. State-of-the-art controls for comfort. A reconfigurable center console on select models. Exceptional audio—balanced by silence: Active Noise Cancellation technology cancels unwanted sound with opposite-tuned frequencies via the sound system. For sound and silence, Ram Heavy Duty is the way to go.

FULL-COLOR CONTROL AT YOUR FINGERTIPS. Control it, with the available reconfigurable and largest-in-class 12-inch Uconnect® touchscreen³. Featuring a one-touch, customizable Home Screen, multi-touch gesturing and split-screen adaptability, it's even better with the available SiriusXM® 360L¹¹—shown above—a groundbreaking next-generation platform, delivering more SiriusXM channels and variety to the vehicle by delivering content via both satellite and streaming. It gives the user more choices at their fingertips and allows for a more personalized “lean back” experience as SiriusXM serves content recommendations based on your listening preferences. Drivers and their passengers will find it easier to discover more of what SiriusXM offers, including exclusive SiriusXM On Demand programming. And now you can create your own ad-free music stations based on the artists you're listening to. On the available 12-inch Uconnect touchscreen, subscribers can then give songs a thumbs-up or thumbs-down within the SiriusXM service, or even skip songs, to create their own personal channel that plays more of what they want. We put the most amazing content in front of you, and you're in the driver's seat.

INTUITIVE CHARGING. The front of the center console houses an auxiliary input and two sets of USB connections (Type-A/C pairs). There is also a phone shelf to hold smartphones with an optional integrated wireless charging pad.

EASY-ACCESS CONNECTIVITY. Rear-seat passengers are also treated to multiple amenities, with two available USB connection points (Type-A/C pairs) and a 115-volt, 400-watt outlet conveniently located on the rear of the center console. The two-cup-holder space also offers the ability to mount a tablet for rear-seat viewing.

THE HARMAN KARDON® ALTERNATIVE. A premium pickup warrants a premium sound system. Our partners at Harman Kardon come through, with an available 750-watt audio system that features the highest number of speakers in the segment³: 17 strategically located speakers, including a subwoofer, that deliver balanced sound the way it's meant to be heard.

OPEN *FOR BUSINESS.*

LIMITED

TOP-OF-THE-LINE APPEARANCE, TOP-TIER CAPABILITY. It's everything a luxury truck should be—and you know it the moment you see it. In single- or dual-rear-wheel (SRW/DRW) configurations, Ram Limited broadcasts street cred with sophisticated authority. Distinct Limited grille. Chrome bodyside molding. RamBox® Cargo Management System (standard on SRW models with 6' 4" box). All riding on huge 20-inch polished aluminum wheels with chrome pockets, or 17-inch polished aluminum wheels on DRW models. Shown below with available body-color bumpers and other optional equipment.

LIMITED. REFINEMENT, FURTHER REFINED.

OF COURSE IT'S SOPHISTICATED. A Ram Limited interior stands apart. In your choice of all-Black leather seating (shown above) or Indigo/Light Frost Beige (shown at right), you'll enjoy a Limited-specific instrument cluster, the highest Uconnect® system, a wireless charging pad, heated outboard rear seats, and unique wood and aluminum accents. A beautiful option: the Limited Level I Equipment Group, with Surround-View Camera System with Trailer Reverse Guidance,⁴ Full-Speed Forward Collision Warning Plus,⁶ Adaptive Cruise Control with Stop,⁵ Cargo-View Camera⁴ and premium Harman Kardon® 17-speaker Surround Sound system.

RAM MEGA CAB®. SERIOUSLY INTELLIGENT SEATING. To see how Ram Heavy Duty stands out, just take a seat in a Mega Cab. In addition to the available class-exclusive reclining rear seat^{3,20} is an available and class-exclusive forward-fold-flat rear seat³—giving you a completely flat cargo-carrying surface.

LARAMIE LONGHORN® WHERE STYLE MEETS STRENGTH.

STANDOUT DESIGN THAT BUCKS EVERY TREND. Follow the lines, from the Laramie Longhorn specific grille along the narrow-profile chrome wheel-to-wheel side steps back to the power-release tailgate, and it's clear: with its Southwestern theme, Ram Laramie Longhorn follows no other (shown at right and below with optional power-retractable running boards).

Featuring premium signature LED directional/projector headlamps, LED fog lamps, chrome touches on door-handle inserts, the mirror caps and belt moldings, Laramie Longhorn exterior touches also include wheel flares, tow hooks (including available chrome) and polished wheels with painted pockets. Up to you: standard Monotone paint treatment with chrome bumpers or two attractive options—two-tone paint with RV Match Walnut Brown Metallic lower or Monotone paint with body-color bumpers.

LUXURY. IT'S ALL UP TO YOU. What distinguishes a 2020 Ram Laramie Longhorn is choice—namely, an interior in Light Mountain Brown/Mountain Brown (below) or the opulent Cattle Tan/Black with contrasting piping (above). In addition to real wood and leather trim, Mega Cab® models feature rear split-folding seats that convert into a flat cargo floor.

LARAMIE LONGHORN®: NATURALLY POLISHED.

SOUTHWESTERN STYLE, UNIVERSAL APPEAL. Laramie Longhorn is luxury personified, with a hand-crafted dashboard, leather-trimmed door-panel inserts and full-leather seating. To that, add awesome forces of nature—like real barnwood accents and solid-wood tandem doors on the center console. The available Laramie Longhorn Level I Equipment Group adds power running boards, a wireless charging pad, 12-inch Uconnect® touchscreen, Blind Spot Monitoring® with Rear Cross-Path Detection⁴ and the premium Harman Kardon® Surround Sound system.

LARAMIE®

STYLE WITH ATTITUDE.

THE STAMINA OF A HEAVY DUTY. THE ELEGANCE OF A GRAND MASTER. When it came to designing a pickup created for work and play, we got creative. Ram Laramie, with its sculpted exterior, features broad-to-the-corner LED fog lamps, high-level signature LED reflector headlamps and big trailer-tow mirrors.

LARAMIE®: A PLUSH EXPERIENCE.

GO WHERE LIFE TAKES YOU—IN COMPLETE LUXURY. You know it the minute you see it: a Ram Heavy Duty Laramie is refinement that rules with the capability that counts. So move beyond that sleek exterior and those 18-inch cast aluminum wheels and investigate an interior so focused on comfort, there's even an available reclining rear seat²⁰ for Mega Cab® models. Dual-Zone Automatic Temperature Control, available power-adjustable pedals, and heated seats and steering wheel are merely the start of a long list of Laramie assets.

LIFE IN LARAMIE: THE BEAUTY IS IN THE CHOICES. This is where the going gets good. Ram Laramie interior choices are the bold and authoritative Black leather trim (shown at top in Sport/Night trim) or the eye appeal of the Light Frost Beige/Mountain Brown leather-trimmed seating and accents (insets). Instrumentation, dashboard and console designs all reflect an unswerving focus on refinement, giving this pickup what you want: outstanding capability and exceptional refinement.

POWER WAGON®

THE OFF-ROAD FULL-SIZE PICKUP OF CHOICE.

TAKE THE ROAD LESS TRAVELED. Go ahead. Go to extremes—because Ram 2500 Power Wagon has all the right stuff to take you there. Like robust front and rear electronic locking differentials, the Ram Articulink® front suspension with disconnecting stabilizer bar, and Bilstein® heavy-duty monotube shocks in all four corners. Skid plates protecting the 4x4 transfer case and gas tank. Front WARN® winch rated at 12,000 lb with an 80-foot synthetic line. Hill Descent Control and 14.2 inches of ground clearance. With the formidable 6.4L HEMI® V8, a 180-amp alternator and monster Goodyear® Wrangler DuraTrac® All-Terrain tires, you've got a Ram pickup built for the off-road.

TONED MUSCLE. CULTURED PERSONALITY.

THIS BEAUTIFUL BODY DELIVERS AN ADVANCED DEGREE IN INTERIOR DESIGN. Outside, Power Wagon® is totally ripped, with powder-coated bumpers, lower two-tone in Black, molded wheel flares and 17-inch aluminum wheels. Inside, you'll find similar character: Power Wagon exclusive embossed seats paying homage to the aggressive tread pattern of the Goodyear® All-Terrain tires, and durable off-road-eager rubber floor mats. Two available Power Wagon packages make it even better—and make it your own, offering assets like power-adjustable pedals, in-floor storage, heated front seats, a 9-speaker premium audio system, leather-trimmed seats and power convex trailer-tow mirrors. See it all at RAMTRUCKS.COM

BIG HORN[®]/LONE STAR²¹ MAKE YOUR PRESENCE KNOWN.

Show that you can take on hauling cargo, as well as your crew, with steadfast capability and confidence—and then show up in style. Ram Big Horn/Lone Star²¹ forges ahead with a sculpted exterior and an interior with all the available technology and creature comforts you expect. Make it even more yours and embrace your dark side with the bold available Night Edition—shown here with its Black wheels, badges, mirrors and headlamp/taillamp bezels; Black-painted grille; body-color bumpers, door handles and grille surround; and other optional equipment.

BIG HORN®/LONE STAR²¹: WHERE CONFIDENCE MEETS COMFORT.

MEET THE STANDARD AGAINST WHICH ALL OTHERS ARE JUDGED: the right mix of mind and muscle. The interior amenities of a 2020 Ram Big Horn/Lone Star²¹ demonstrate conclusively how style melds with substance. With cloth seating in front and back, and your choice in front between the standard 40/20/40 bench seat or available bucket seats, Big Horn/Lone Star²¹ delivers the just-right combination of interior technology, comfort and sophistication.

BIG HORN/LONE STAR²¹: SENSE OF PURPOSE, STRENGTH OF CHARACTER. You feel it the moment you take a seat: a Ram Big Horn/Lone Star²¹ delivers uncompromising practicality with a welcome array of interior choices. Treatments include the Black/Diesel Gray (at top) and Black/Light Mountain Brown (insets) interiors; sharing all-Black seats are the Black/Light Frost Beige and the all-Black interior. It's an ideal combination: heavy-duty aesthetics and heavy-duty capability.

TRADESMAN[®] KNOW-HOW THAT EXCELS.

Here's what works: get down to the basics and yet enjoy powerful options. The 2020 Ram Heavy Duty Tradesman model offers a raft of available features—including a Cummins[®] Turbo Diesel and various axle ratios, alternators and shock absorbers—with a standard, work-ready vinyl interior. You need a reliable and heavy-duty partner. Ram Tradesman is ready for the job. Shown here with available Chrome Appearance Group and other optional equipment.

TRADESMAN®: WORK HARD. PLAY HARD.

MEET THE WORK-READY RAM TRADESMAN: easy-to-own, and with all the strength you need. Once in a while, the name telegraphs everything—and that's Ram Heavy Duty Tradesman: capability, confidence, character and comfort. Featuring an interior ready-made for it all—construction site to landscaping to farm—with easy-to-clean vinyl seating or available cloth seating (shown above), a full-folding rear seat on Crew Cab, Uconnect® 3 with 5-inch display, USB ports, Electronic Stability Control²², Sentry Key® Theft Deterrent System and Tire Pressure Monitoring System with display.

JUST RIGHT FOR THE JOB—WITH NO TRADE-OFF IN COMFORT. Ram Tradesman is the heavy-duty pickup of choice when you need a down-and-dirty worker with clean interior lines that show taste, integrity and capability. Think pure and practical: long-lasting, durable and comfortable vinyl seating, sophisticated technology, state-of-the-art electronics and no-compromise engineering, and safety and security.

ONE LOOK

YOU KNOW IT. THIS IS YOUR RAM TRUCK.

NIGHT EDITION

Think understated elegance outside and in, marked by body-color grille surround and bumpers, Monotone paint, Black badges, Black headlamp and taillamp bezels, Black Ram grille badge, Black 20-inch wheels (SRW models)—and, on Big Horn®/Lone Star²¹ models, ParkSense® Front and Rear Park Assist.⁹ The Monotone Black interior is design at its best. Available on Big Horn/Lone Star²¹ and Laramie® models; requires specific Equipment Groups depending on model. See Buyer's Guide in the back of this catalog or visit RAMTRUCKS.COM for details.

SPORT APPEARANCE PACKAGE

The look is stunning, with its Monotone paint treatment joining a body-color grille surround, body-color bumpers, body-color door handles and ParkSense Front and Rear Park Assist⁹ on Big Horn/Lone Star²¹ models. The interior is defined by impressive Monotone Black interior trim and seating. Available on Big Horn/Lone Star²¹ and Laramie models, packages vary slightly for each; requires specific Equipment Groups depending on model. For more, see the Buyer's Guide or visit RAMTRUCKS.COM

AUTHENTIC ACCESSORIES BY MOPAR®.

There is only one official service, parts and customer care provider for the Ram Brand—and it's Mopar. Our parts and accessories are original equipment, engineered exclusively by the same people who designed your Ram Heavy Duty pickup. Mopar parts can ensure the proper fit, finish and functionality, which means you can personalize your ride with complete confidence.

It gets better—because Mopar is also more than parts and accessories. Whether you're in business or you employ your Ram Heavy Duty for serious recreational use, we're here to help you properly maintain and care for your vehicle. Our certified technicians are trained to know your vehicle best, and our Mopar Express Lane service departments are set up to get you in, out and back on the road. From parts and accessories to expert service and more, always go authentic. Choose Mopar. Learn more at mopar.com

Notes regarding the charts above: DRW = Dual Rear Wheel. Weights given in lb. Numbers in **black boxes** reflect the maximum of that class. Payload and Max Trailer Weights are ESTIMATED values and rounded to the nearest 10 lb. Payload = GVWR - Base Weight. Payload and Trailer Weight Rating are mutually exclusive. GAWRs, GVWRs and GCWRs should never be exceeded. Trailer Weight Rating and Tow Vehicle Trailing Weight are calculated as specified in SAE J2807. Passenger Weight = 300 lb. Options Weight = 100 lb. Trailing Equipment Weight: 75 lb for conventional hitch, 70 lb for gooseneck and 250 lb for fifth wheel. Tongue weight: 10 percent of the gross trailer weight for conventional hitch, 15 percent of the gross trailer weight for a fifth-wheel or gooseneck hitch. Payload and GAWR should never be exceeded and must account for all of the above weights, including the appropriate trailering equipment and tongue weight. Box-Off Body Completion Weight = 80 lb per foot from end of cab to end of frame. The maximum tongue weight for Class V (hitch receiver) is limited to 1,800 lb. A fifth-wheel or gooseneck hitch is required for trailers over 18,000 lb. The 13,800-lb GVWR stated for Regular Cab, 4x2, 6.4L V8 with 4.10 axle ratio applies to Tradesman® and ST packages only. For all other configurations (Regular Cab, 4x2, 6.4L V8 with 4.10 axle ratio), the GVWR is 13,700 lb.

RAM OUTFITTER

DRIVE HOME THE POINT: YOU'RE TOTALLY INTO RAM TRUCKS.

BORN UNDER THE RAM LOGO. Drive a pickup with total street cred—and then take it to the next level. Ram Outfitter is where you'll find the useful, the cool and the stylish—from clothing and caps to coolers and tools. Make the Ram identity part of your everyday lifestyle. It's all at RAMTRUCKS.COM/OUTFITTER

1 Based on the average of VIO vs. New Registrations for each model year using IHS Markit Data as of September 1, 2019 for Model Years 1988 - 2019. 2 When properly equipped. See dealer for details. 3 Class based on 250/2500 and 350/3500 pickups. 4 Always check entire surroundings visually before proceeding. 5 This system is a driver convenience system, not a substitute for active driver involvement. The driver must remain aware of traffic conditions and be prepared to use the brakes to avoid collisions. 6 This system is an alert system for the front of the vehicle. It is not a substitute for active driver involvement. The driver must remain aware of traffic conditions and be prepared to use the brakes to avoid collisions. 7 This system is a driver convenience system, not a substitute for active driver involvement. The driver must remain aware of traffic conditions and maintain control of the vehicle. 8 Always check visually for vehicles prior to changing lanes. 9 Always look before proceeding. An electronic drive aid is not a substitute for conscientious driving. Always be aware of your surroundings. 10 Check state and local laws regarding the use of remote start systems. 11 SiriusXM Radio, SiriusXM Traffic Plus and SiriusXM Travel Link each require a subscription sold separately, or as a package, by SiriusXM Radio Inc. **If you decide to continue service after your 1-year/5-year trial included with the new vehicle purchase, the subscription plan you choose will automatically renew thereafter and you will be charged according to your chosen payment method at then-current rates.** Trial service is not transferable. Fees and taxes apply. Please see the Customer Agreement at www.siriusxm.com for complete terms and how to cancel, which includes calling SiriusXM at 1-866-635-2349. All fees and programming are subject to change. Not all vehicles or devices are capable of receiving all services offered by SiriusXM. Data displays and individual product availability vary by vehicle hardware. Current information and features may not be available in all locations, or on all receivers. Weather Forecast, Current Conditions may not be available in all locations. 12 The Uconnect Phone requires a mobile phone equipped with the Bluetooth Hands-Free Profile. To check phone compatibility, please visit www.UconnectPhone.com. 13 Remote Vehicle Start is not available on all vehicles. You are responsible for using remote features in accordance with any laws, rules or ordinances in effect in your vehicle's location. You must have an active subscription to SiriusXM Guardian in order to use remote services. See Terms of Service for service limitations. 14 All SiriusXM Guardian equipped vehicles come with a 12-month trial effective on the date of purchase or lease of a new vehicle. Enrollment in the trial is required to receive service. Upon expiration of the trial period, purchase of a subscription is required to continue SiriusXM Guardian. SiriusXM Guardian is available only on equipped vehicles purchased within the United States and Puerto Rico. Services can only be used where cellular coverage is available. See Uconnect and SiriusXM Guardian Terms of Service for complete service limitations. 15 Three-month/1GB trial included with the purchase or lease of a new vehicle. Upon expiration of the trial period, purchase of a subscription is required. WiFi Hotspot available through third-party subscription. Requires Internet-enabled mobile device. See dealer for details. This feature is not intended for use by the driver while the vehicle is in motion. Always drive carefully. 16 This feature does not work while the vehicle is in motion. 17 Requires compatible iPhone. See dealer for phone compatibility. Data plan rates apply. Vehicle user interface is a product of Apple. Apple CarPlay, Apple Music and Siri are trademarks of Apple Inc. iPhone is a trademark of Apple Inc., registered in the US and other countries. Apple terms of use and privacy statements apply. 18 Requires an iPhone with Siri. Certain features are not available while the vehicle is in motion. iPhone must be within active cellular range. Customer's existing iPhone data rates apply to Internet-supported features. 19 To use Android Auto on your phone screen, you'll need an Android phone running 5.0 or higher and the Android Auto App. Google, Android, Google Play and Android Auto are trademarks of Google LLC. 20 Never operate the vehicle with the seats reclined to the extent that the seat belts are not secure and flat against your torso. 21 Lone Star model available only in Texas. 22 Always drive carefully, consistent with conditions. Always wear your seat belt and obey traffic laws. 23 Always sit properly in designated seating positions with seat belts securely fastened at all times. 24 Vehicle must be locked and system activated for alarm to sound. 25 Assumes properly equipped vehicle and 150-lb allowance for driver. Additional options, equipment, passengers and cargo weight must be subtracted. See dealer for details. 26 Always drive carefully, consistent with conditions.
