OUR NUMBERS SPEAK VOLUMES

CARGO VAN
BEST-IN-CLASS
28 MPG HWY FUEL ECONOMY²

LEAN PERFORMANCE BOOSTS THE BOTTOM LINE. Miles count. Efficiency matters. When you pilot a Ram ProMaster City®, **America's Most Efficient Work Van**,¹ you can count on **best-in-class highway fuel economy**.² But make no mistake, the robust performance the Ram Brand is known for hasn't been sacrificed. You still get **best-in-class horsepower and torque**,⁴ as well as **best-in-class payload**.⁴ That's what's known as Ram tough.

ONE-TWO POWER PUNCH

CLASS-EXCLUSIVE 9-SPEED AUTOMATIC TRANSMISSION.⁴

- ▶ Equipped with Electronic Range Select (ERS), an electromechanical gear selection system that provides you with manual shift control of the transmission
- ▶ A wide 9.79 ratio spread brings outstanding launch characteristics and smooth, nearly indecipherable transfer between gears
- ▶ Shorter mid-range gears ensure quick transitions, and higher gears—7th, 8th and 9th transitions—relate to lower engine speeds
- ▶ High efficiency in all gears and speeds thanks to nested carriers, dog clutches and advanced hydraulic control unit architecture

2.4L TIGERSHARK® MULTIAIR® 2 I-4.

- ▶ **BEST-IN-CLASS** HORSEPOWER **178 HP⁴** @ 6,400 rpm
- ▶ **BEST-IN-CLASS** TORQUE **174 LB-FT⁴** @ 3,800 rpm
- ▶ 3.7 seconds from a full stop to 30 mph³
- ▶ Smart pulse-width modulation technology on the alternator and fuel pump helps contribute to operating efficiency
- ▶ Individual-piston oil squirters help keep internal temperatures in the ideal range
- ▶ Position of the exhaust manifold helps minimize noise in the engine compartment
- ▶ Runs on 87-octane gasoline
- ▶ 5-Year/60,000-Mile Powertrain Limited Warranty⁵

BEST-IN-CLASS: CARGO CAPACITY **131.7 CU FT** (BEHIND FIRST ROW)⁴

DIMENSIONS OF CONVENIENCE

WORK WITH THE RIGHT EQUATIONS. Ram ProMaster City® Cargo Van boasts serious credentials. More than 4 feet between the rear wheel wells allows building materials, pallets and bulky supplies to be loaded easily. The nearly vertical side-panel construction offers a width of more than 5 feet. Combine that with an interior roof height greater than 4 feet and the result is best-in-class cargo capacity of 131.7 cu ft (behind first row).⁴

BEST-IN-CLASS: MAXIMUM PAYLOAD 1,890 LB⁴

A top-down view of a white cargo van's interior floor. The floor is covered with a white plastic mat that has a grid of rectangular indentations. Six red circular tie-down rings are embedded in the floor, arranged in two rows of three. Red arrows point from the text to each of these rings. The rear of the van, showing the back seats and cargo area, is visible on the right side.

6 IN-FLOOR TIE-DOWN RINGS
(STANDARD ON CARGO VAN)

4 IN-FLOOR TIE-DOWN RINGS (STANDARD ON WAGON)

INTERIORS THAT WORK FOR YOU

Shown with aftermarket upfit.

MAKE IT PERSONAL. From the first sketch on the design board, the focus was threefold: make it big, make it user-friendly, make it versatile. This is why you'll find a huge interior made for customized upfits, an easy-to-load floor height, and near-vertical side walls that are upfitter-friendly and make installing specialized commercial shelves or storage

racks a breeze. When you're in and out of your van all day long, you'll appreciate low lift-in height of 23.3 inches at the rear and step-in height of 21.5 inches at the side. Enjoy easy loading and unloading at the sides with dual sliding doors that open up to an ample 25.8 inches wide and a flat load floor.

Shown with aftermarket upfit.

ROOF CAPACITY THAT INCREASES YOUR CAPABILITIES

150-LB⁶

ROOF WEIGHT CAPACITY

Shown with aftermarket upfit.

TOP-LEVEL CARGO MANAGEMENT.

Every Ram ProMaster City[®] has a max roof weight rating of 150 lb⁶ that accommodates a variety of optional equipment to help make sure you can get where you're going with everything you need loaded. The six ready-to-use anchor points make it easy, especially for Side Rails with Adjustable Crossbars, available through Mopar[®]. For a complete inventory, search mopar.com

A top-down view of a white cargo van roof. Six red arrows point to specific anchor points on the roof: three along the front edge and three along the rear edge. The arrows are arranged in two columns, with three arrows in each column. The text "6 READY-TO-USE ROOF ANCHOR POINTS" is overlaid in the center of the roof.

6 READY-TO-USE ROOF ANCHOR POINTS

(STANDARD ON CARGO VAN AND WAGON. MAX 150-LB⁶ ROOF WEIGHT CAPACITY)

THE MECHANICS OF STRENGTH AND CAPABILITY

CARRY BIG PAYLOAD WITH BEST-IN-CLASS GROSS VEHICLE WEIGHT RATING (GVWR)⁴: To support that big payload, you need a solid foundation. Our chassis is fortified by large-diameter, twin-tube hydraulic MacPherson struts (52 mm) and unibody frame construction. We also added GVWR-tuned, high-performance stamped-steel, clamshell-sectioned control arms, steel crossmembers, specifically tuned springs, a solid 26-mm-diameter stabilizer bar with cast iron knuckles and large coil springs. Optimized performance gives you real-world capability, nimble maneuverability and a comfortable ride.

FRAME STRENGTH: The Ram ProMaster City[®] foundation is a steel unibody design. This architecture helps minimize curb weight and contributes to this vehicle's best-in-class payload up to 1,890 lb,⁴ unsurpassed towing up to 2,000 lb,⁴ best-in-class GVWR of 5,395 lb^{4,7} and an impressive Gross Combined Weight Rating (GCWR) of 5,900 lb.⁷

THE MECHANICS OF AGILITY AND CONTROL

CLASS-EXCLUSIVE: THE BI-LINK REAR SUSPENSION.⁴

Unique to the segment, the Ram ProMaster City[®] rear suspension employs a steel crossmember with an optimum weight/stiffness ratio to help improve reaction to lateral loads. The results are confident hauling with enhanced stability and handling. Cargo-rated steel coil springs supply high-fatigue endurance, while a 16-mm solid stabilizer bar with optimized torsional stiffness helps ensure long-lasting durability.

RACK AND PINION STEERING & FRONT-WHEEL DRIVE (FWD).

We teamed rack and pinion steering with FWD to give you multiple advantages: a low flat-floor cargo area, low step-in height and a turning diameter of only 42 feet. Our hydraulic-assist system features a premium steering gear tuned for commercial-level demands. The standard adjustable tilt/telescoping steering column is a welcome convenience in the commercial class.

READY IF CALLED UPON

**SEVEN STANDARD AIR BAGS[®]
INCLUDING CLASS-EXCLUSIVE
DRIVER-SIDE KNEE AIR BAG^{4,8}**

Our system includes dual-stage driver and front-passenger air bags[®], supplemental side air bag[®] inflatable curtains, supplemental front-seat-mounted thorax air bags[®], the class-exclusive driver-side knee air bag^{4,8}, dual front seat belt pretensioners and seat belt load limiters.

**7 STANDARD
AIR BAGS[®]**

CLASS-EXCLUSIVE^{4,8}

Wagon shown. Second-row seating not available in Cargo Van and supplemental driver- and front-passenger side-curtain air bags[®] only cover first row.

A PICTURE MAKES ALL THE DIFFERENCE

PARKVIEW® REAR BACK-UP CAMERA.⁹

The standard ParkView Rear Back-Up Camera⁹ automatically shows the rear scene in the Uconnect® 3 with 5-inch touchscreen display when in Reverse. The on-screen grid lines help when backing up to docks and trailers or into parking spaces.

PARKSENSE® REAR PARK ASSIST SYSTEM.¹⁰

The available ParkSense Rear Park Assist System¹⁰ is an invaluable asset to help keep the driver alert to his or her surroundings. Activated under 8 mph when in Reverse, it detects objects up to 55 inches away (from the center of the rear fascia) and projects audible warnings that increase in intensity as the vehicle nears obstructions to the rear.

INTELLIGENT SECURITY DETAIL

ELECTRONIC STABILITY CONTROL (ESC)¹¹

Every Ram ProMaster City® boasts standard Electronic Stability Control (ESC).¹¹ This system integrates the Antilock Braking System (ABS) with a variety of All-Speed Traction Control technologies that enable all four corners of the vehicle to respond to lateral movement and the steering input from the driver. ESC¹¹ helps maintain control under

conditions such as wet or snow-covered roads, during tight turns and when the driver must utilize evasive maneuvers to help counter the unexpected. Calibrated to engine output, ESC¹¹ includes four-channel ABS, Brake/Lock Differential, a full-function All-Speed Traction Control system, Brake Assist, Trailer Sway Damping,¹² Hill Start Assist and Electronic Roll Mitigation.

START WITH A SLEEK CANVAS

FORWARD LIGHTING.

Headlamps are mounted high above common damage areas to help reduce damage (and costs) in the event of a collision. The system includes the Follow Me Home function, keeping the headlamps lit for a preset time after the engine is shut down to help illuminate your path in the dark.

AERODYNAMIC EXTERIOR.

Thoroughly wind tunnel-tested, Ram ProMaster City® delivers a super-low drag coefficient (CD)—it's a mere 0.30. While this helps enable a remarkably quiet interior, reducing wind resistance also acts as a major contributor to impressive efficiency.

60/40 REAR DOORS

OFFSET DOORS ARE DESIGNED TO BE SIMPLE AND CONVENIENT.

The 60/40 split rear doors were crafted so the larger door swings open toward the road. Not only does this design help shield workers from passing vehicles, it also prevents blocking the path to the curbside of the van. Both doors open 90 degrees initially and can swing out 180 degrees by pressing the release button on the door latch. The latch automatically re-engages when the door is closed.

Shown with aftermarket upfit.

CRAFTED FOR MILES OF COMFORT

STORAGE THAT KEEPS THE CLUTTER AWAY.
From the huge in-door pockets (with sculpted bottle holders) to specialized trays to oversized glove compartments, it's all here—even an overhead shelf, two 12-volt auxiliary power outlets, and USB port and connections to charge on-the-go electronics.

TECHNOLOGY THAT CAN GET YOU THERE

Uconnect® 3.

The standard Uconnect 3 with 5-inch color display radio system delivers true fidelity with easy-to-access info through Bluetooth® technology and the color touchscreen.

Uconnect 3 WITH 5-INCH DISPLAY.

- ▶ AM/FM Stereo
- ▶ MP3 Capability with USB Input
- ▶ Integrated Voice Command
- ▶ Five-inch Color Touchscreen
- ▶ Four-speaker Sound System
- ▶ ParkView® Rear Back-Up Camera⁹

Uconnect 3 NAV.

The available Uconnect 3 NAV with 5-inch color display delivers precise, Web-based GPS Navigation; the available SiriusXM® Radio¹³ includes a six-month trial subscription. Uconnect at your service is made even better by the comprehensive available Ram Telematics.TM

Uconnect 3 NAV WITH 5-INCH DISPLAY.

All features of the Uconnect 3 with 5-inch display, plus:

- ▶ GPS Navigation
- ▶ Points-of-interest Accessibility
- ▶ Turn-by-turn Navigation

STAY ON TRACK BY KEEPING TRACK.
Simplicity plus complete visibility equals total performance. Vehicle status and history provide insight into vehicle maintenance, workforce management and driver behavior. Just a few of the many advantages:

VEHICLE DIAGNOSTICS

- ▶ Oil Life Monitoring
- ▶ Tire Pressure Monitoring
- ▶ Diagnostic Trouble Codes

VEHICLE PERFORMANCE

- ▶ Fuel Consumption
- ▶ Idling
- ▶ Odometer Readings

VEHICLE TRACKING

- ▶ GPS Location

DRIVER BEHAVIOR

- ▶ Speeding vs. Posted Speed Limit
- ▶ Hard Braking/Acceleration
- ▶ ABS/Stability Control Events

DRIVER SAFETY & VEHICLE SECURITY

- ▶ Seat Belt Usage
- ▶ Air Bag⁸ Deployment
- ▶ Unauthorized Vehicle Use

MILES MEASURED IN PRODUCTIVITY

AVAILABLE RAM TELEMATICS,TM A COMPREHENSIVE SET OF DIAGNOSTICS FOR YOUR RAM PROMASTER CITY.[®] Scalable to fleets of all sizes, factory-installed and backed by a 3-Year/36,000-Mile Basic Limited Warranty,¹⁴ available Ram Telematics monitors key performance metrics in near real time the power you need to transform your business.

Tracking numerous separate mechanical functions—everything from accelerator pedal position to engine info such as coolant level and oil life monitoring—these detailed notifications help keep your Ram vehicle in top-notch condition, let your drivers make informed decisions and help increase uptime.

Shown with aftermarket upfit.

ONE PLAN. MULTIPLE DIVIDENDS

AVAILABLE RAM TELEMATICS,™ AN ON-THE-GO OPERATING SYSTEM THAT HELPS DRIVE YOUR BUSINESS. The successful business is efficient, effective and up-to-date, and stays on top of any and all technologies that will help it run better. For fleets both large and small, the state-of-the-art available Ram Telematics is the way to get the best from your Ram ProMaster City.®

Powered by Verizon Connect, available Ram Telematics gives you near real-time on-screen monitoring, provides complete visibility of fleet operations and helps reduce the total cost of ownership.

Activation is easy, with online registration and your choice from one-, three- and five-year plans available.

RAM PROMASTER CITY® WAGON

PEOPLE, PLACES AND THINGS

PACK FOR ADVENTURE.

Ram ProMaster City® Wagon is ready for adventure. The spacious interior comfortably seats five passengers. Dual side sliding doors provide easy access to rear seats while the 60/40 rear door design lets you load gear with ease. Whether you're hitting the campsite, the beach or somewhere in between, a 1,870-lb⁶ towing rating lets you bring your toys along.

LEAVE NO ONE BEHIND. The confined spaces of the traditional family vehicle are long gone. The area behind Passenger Wagon's upright second-row seats is 74.1 cu ft⁶; fold them down, and the space opens up to 101.7 cu ft⁶

Properly secure all cargo. Animals should always be safely and properly secured while vehicle is in motion.

UNCOMPROMISING FLEXIBILITY

CONFIGURE THE RIGHT MIX. With an interior this flexible, the only thing you're locked into is an interior that adapts to your needs. When rear seats are folded, you've got a cavernous 101.7 cu ft⁶ of max cargo room. At full five-person occupancy, you still have a generous 74.1 cu ft⁶ of cargo room behind the second-row seats.

WINDOW CONFIGURATIONS. We've made virtually every part of this wagon customizable because your transportation needs are unique. The windows are no exception. Choose between vented side windows or power side windows.

Go to **PAGES 42 & 43** for complete door/window combination information.

READY FOR THE LONG HAUL

ROOM TO RELAX

AMPLE ROOM FOR PEOPLE AND CARGO. If you think that just because this is a wagon we didn't put thought into seating, we have some news to share. The tubular seats feature spring suspensions and adjustable headrests with reclining seatbacks and super-durable fabrics.

Manual supports for the driver seat and heated surfaces for both front seats are available. Rear seats feature innovative Fold-and-Tumble operation with up to nine configurations. Impressive storage, huge cargo room and comfort for everyone make this the wagon of choice.

Shown with aftermarket upfits.

ADAPT TO THE POSSIBILITIES

ADAPTIVE EQUIPMENT UPFITS. The true measure of adaptability is to satisfy challenging demands with dignity, grace and style. Count on Ram ProMaster City® and the FCA DriveAbility Program to help you achieve it.

Expansive side door openings provide huge, unimpeded access to the interior. The flat floor and big 60/40 split rear doors make wheelchair access and mounting apparatus simple. Standard in-floor D-rings (four on Wagon, six on Cargo Van) ensure secure anchoring—and incentives offered by the DriveAbility Program are pocketbook-friendly. Think comfort and operational ease—because our starting point was to make a van that's all about you.

AUTHENTIC ACCESSORIES BY MOPAR®

WHEN IT COMES TO RAM PROMASTER CITY,[®] not all parts and accessories are created equal. As the official service, parts and customer care provider for the Ram Brand, only Mopar Parts and Accessories can ensure the proper fit, finish and functionality. That's because they're original equipment, engineered by the same people who designed your vehicle, which means you can personalize your ride with complete confidence.

Mopar is also more than parts and accessories. We're here to help you properly maintain and care for your vehicle. Our certified technicians are trained to know your vehicle best, and our Mopar Express Lane service departments are set up to get you in, out and back on the road. From parts and accessories to expert service and more, always be sure to choose Mopar. Learn more at mopar.com

THE HEART OF THE EFFICIENCY. Mated to the class-exclusive 9-speed automatic transmission,⁴ this proven in-line 4-cylinder powerhouse provides stellar economic figures. Among them: best-in-class horsepower⁴; best-in-class torque⁴; best-in-class highway driving range¹⁸; unsurpassed towing capability—up to 2,000 lb⁴ on Cargo Van models. Finally, it all runs on pocketbook-friendly 87-octane gasoline, with the confidence that comes from a comprehensive 5-Year/60,000-Mile Powertrain Limited Warranty.⁵ In the final analysis, Ram ProMaster City is a rolling example of low costs of ownership and operation.

5 YEAR/60,000 MILE

BUSINESS SUPPORT AT THE READY

THE DEALER NETWORK FOR YOUR BUSINESS.

Your **BusinessLink** dealer is committed to providing you, the small business owner, with the vehicle support you need for your business, from servicing all makes and models of your existing lineup to selling you the right vehicles needed to perform the work that you do. Your **BusinessLink** dealer provides priority service because we know downtime is costing you money. **BusinessLink** sales professionals are trained to properly “job-rate” the right vehicle for your work application and provide commercial finance options. New vehicle sales to qualified small business owners also include a free alternate transportation contract, in the event your vehicle is in for service.

Membership is free. Membership helps us to identify you as a small business owner so we can provide you with both the service you deserve and update you with offers that can help reduce the cost of doing business. Ask your **BusinessLink** dealer to register today.

BusinessLink has you covered.

- ▶ Full Range of FCA Commercial Vehicles
- ▶ Free Membership
- ▶ Priority Service
- ▶ Extended Service Hours
- ▶ Dedicated Staff of Commercial Vehicle Experts
- ▶ Free Alternate Transportation
- ▶ Commercial Incentives
- ▶ Expertise in Commercial Financing Options
- ▶ 24/7 Towing Service Available

ON THE JOB
