

2023 HEAVY DUTY

HEAVY-DUTY CAPABILITY
MASSIVE TOWING
UP TO **37,090 LB^{1*}**

Max tow capacity of configuration shown is 32,360 lb!

*All disclosures can be found on the last page.

HEAVY-DUTY CAPABILITY
IMPRESSIVE PAYLOAD
UP TO **7,680 LB¹**

Max payload capacity of configuration shown is 6,570 lb¹

ABUNDANT COMFORT

With available features including seating for up to six, heated front and rear outboard seats, and ventilated front seats, there are ample amenities for both passengers and cargo.

PREMIUM LISTENING EXPERIENCE

The available 900-watt Harman Kardon® Premium Audio system boasts 17 world-class speakers designed for an immersive listening experience.

REAL PREMIUM MATERIALS

Brawn and beauty collide through available premium materials, real-wood accents, metal and a distinctive color palette.

RAM CABIN FILTRATION

This standard system filters 95 percent of air particulates, such as dust, smoke, droplets and aerosols. It also helps maintain HVAC performance.

COMFORT AND STYLE PREMIUM INTERIOR FEATURES

Limited interior shown in available Premium Black leather trim.

A HEAVY-DUTY HIGH-TECH CABIN CONTROL CENTER

ALL-NEW, 12-INCH DIGITAL CLUSTER

The new, available cluster provides enhanced standard gauges, in-cluster navigation and the ability to select illumination color for a more custom feel.

12-INCH TOUCHSCREEN

The available Uconnect® 5 system showcases a massive touchscreen and delivers personalization for up to five user profiles, a customizable home screen and simultaneous dual-phone connectivity.

CLIMATE CONTROLS

There are multiple ways to enjoy a comfortable, consistent interior climate. Use the automatic climate controls via the touchscreen or operate the HVAC system through button controls located around the touchscreen.

POWER STATION

Charge up to five phones in the available reconfigurable center console. This storage space has enough room for a 15-inch laptop and a bin for hanging file folders, plus Type-C USB charging ports.

AVAILABLE WARN® ZEON-12 WINCH

Boasting a 12,000-lb rating, the WARN ZEON-12 winch is lightweight and features a synthetic line that won't kink or fray.

SKID PLATES

Punishing trails are no match thanks to armor added to the transfer case, front axle, transmission pan and fuel tank.

REAR LOCKING DIFFERENTIAL

The 2023 Ram 2500 Rebel® features a rear differential that can be electronically locked so that the rear wheels receive equal torque.

UNIQUE EXTERIOR DESIGN

Ram 2500 Rebel stands apart with a Mopar® Sport Performance Hood, aggressive 33-inch off-road tires and an even more robust stance.

EXTRAORDINARY OFF-ROAD CAPABILITY, TOWING AND PAYLOAD THE NEW RAM 2500 REBEL

EXCEPTIONAL CONFIDENCE AND DEPENDABILITY RAM HEAVY DUTY TOWING EXPERTISE

NEW TRAILER REVERSE STEERING CONTROL

This available semiautomated system lets the driver use an instrument-panel knob to indicate the intended trailer direction. With hands off the steering wheel, the system automatically determines steering input required to provide desired trailer trajectory. This function works with tag, gooseneck and fifth-wheel trailer types.

AUTO-LEVEL REAR AIR SUSPENSION WITH BED-LOWERING MODE

The available system brings the rear suspension to its lowest position for easy ball/hitch alignment, counteracts weight from trailering/hauling, maintains an even and level profile when loaded, and keeps rake constant from the front end to the rear of the trailer.

LED HITCH LAMP

Illumination from this standard lamp makes for easier trailer hookup in the dark.

ALL-NEW POWER-TELESCOPING TRAILER-TOW MIRRORS WITH CAMERAS

When properly equipped, these available power-telescoping trailer-tow mirrors include an all-new, mirror-mounted camera system for a better trailer view.

TRAILERING AND PAYLOAD ASSISTANCE FROM THE AVAILABLE CLASS-EXCLUSIVE
AUTO-LEVEL REAR AIR SUSPENSION²

BED-LOWERING MODE

This function brings the rear suspension to its lowest position for easy trailer hookup.

TRAILER-TOW MODE

Keeps an even rake between truck and trailer to help prevent sway and uneven tire wear.

PAYLOAD MODE

Allows for self-leveling by automatically adapting to shifting loads and changes in road camber.

HIGH-STRENGTH STEEL

Durability is built into every Ram Pickup. 98.5 percent of the steel used in the Ram Heavy Duty frame is comprised of resilient high-strength steel.

ENGINEERED TO BE TOUGH

Count on robust 63,000-psi steel for the crucial engine crossmember.

MINIMAL NOISE, VIBRATION AND HARSHNESS (NVH)

4x4 models feature a 9.25-inch front axle with durable pinion seals, and a refined axle housing helps with NVH levels.

THE CUMMINS® HIGH OUTPUT TURBO DIESEL

This available engine gives Ram 3500 Heavy Duty stellar trailering capability: up to a mammoth 37,090 lb.¹

P R E C I S I O N E N G I N E E R I N G
T H E B A C K B O N E T H A T U N D E R P I N S T H E C A P A B I L I T Y

CONVENTIONAL HITCH CAPABILITY

Ram 3500 pickup offers up to a colossal 23,000-lb¹ hitch capacity. For Ram 2500, capability is rated up to 20,000 lb.¹

TOWING AND BRAKING

The hardware in these systems features solid components to manage the big max payload and tow ratings.

TUNED SUSPENSION

Ram 2500 includes Frequency Response Damping (FRD) shocks and tough, progressive-rate coil springs.

CLASS -EXCLUSIVE AUTO-LEVEL REAR AIR SUSPENSION²

Available Auto-Level Rear Air Suspension with button-controlled Bed-Lowering Hitching Assist can automatically adapt to shifting loads and changes in road camber.

A top-down view of a silver Ram Heavy Duty truck with its hood open, revealing the engine compartment. The engine is a large, black, V-shaped unit with various components like hoses, belts, and a large air filter housing. The Cummins logo is visible on the engine cover. The truck's front grille and headlights are also visible.

RAM HEAVY DUTY **MASSIVE TORQUE**

420 MAX HP

1,075 MAX LB-FT OF TORQUE

37,090-LB MAX TOWING¹

The available High Output 6.7L Cummins® Turbo Diesel I6 engine delivers commanding responsiveness. The 420-horsepower High Output version is the lineup's most powerful, is paired with the AISIN® 6-speed automatic transmission and offers impressive available diesel torque—up to 1,075 lb-ft on Ram 3500. The AISIN delivers seamless shift quality, thanks to a sophisticated transmission controller, a state-of-the-art dual-core processor, a robust ring gear, a large thrust bearing and heat treatments for select components.

The standard-output 6.7L Cummins Turbo Diesel I6 yields 370 horsepower and 850 lb-ft of torque and is teamed with the long-proven 68RFE 6-speed automatic transmission. The 68RFE features a proficient filtration system and bandless design that helps reduce maintenance requirements. Dual fluid filters, a dual-face torque converter lockup clutch for the 2nd through 6th gears and an integrated Tow/Haul Mode provide an alternative shift schedule. Whichever powertrain you choose, you'll receive outstanding performance and superb cold-start ability.

RAM HEAVY DUTY
LEGENDARY POWER

410 MAX HP

429 MAX LB-FT OF TORQUE

18,210-LB MAX TOWING¹

The 6.4L HEMI® V8 boasts 410 horsepower and robust towing and payload numbers. Variable Valve Timing (VVT) provides consistent power across a wide torque band, and Multi-Displacement System (MDS)/Fuel Saver Technology delivers 4-cylinder efficiencies during highway cruising, along with the interactive Deceleration Fuel Shut-Off (iDFSO) feature.

Smooth shifting comes from the standard TorqueFlite® 8HP75 8-speed automatic transmission. There are more than 40 individual shift maps to refine shift points for optimal efficiency, performance and drivability. The transmission uses shift-by-wire technology, eliminating a mechanical linkage between the transmission and the gear selector. Ram Heavy Duty uses an innovative rotary shifter mounted on the left side of the instrument-panel center stack.

AVAILABLE FEATURES THAT HELP MAKE EVERYTHING EASIER **ENGINEERED BY CARGO EXPERTS**

STORAGE OPTIONS EXPANDED

The available class-exclusive RamBox® Cargo Management System² offers storage bins that are weatherproof, lockable, drainable, and equipped with internal illumination and a 115-volt/400-watt power outlet in the driver-side bin. Also included is a stowable bed divider and four adjustable tie-down loops for additional organization.

DAMPED TAILGATE AND POWER RELEASE

Tailgate operation becomes easy and convenient with the available damped feature. The tailgate also has an available power-release function; open it with the key fob button or via the in-cabin control.

BED OUTLET

When you need power on the go, your Ram Truck is ready. Use the available 115-volt/400-watt power outlet located in the rear of the truck bed to plug in tools, lights or anything else you need to get the job done.

IN-BED LED LIGHTING

Controlled by a switch or activated when the unlock button on the key fob is pushed, the available side cargo-bed lights provide convenient illumination.

BED STEP

The available foot-actuated Mopar® Bed Step eases access to the bed and hides out of sight when not in use. Available as a factory-installed option or as a stand-alone Mopar Accessory.

MAKE A BOLD IMPRESSION WITH
MAJOR PULLING POWER

HEAVY-DUTY PROTECTION BEGINS WITH DRIVER-ASSISTED SAFETY & SECURITY FEATURES

TRAILER SWAY DAMPING³

Sensors in the vehicle recognize an excessively swaying trailer and will take the appropriate actions to attempt to counteract the sway. The system will activate automatically once an excessively swaying trailer is recognized.

BLIND SPOT MONITORING (BSM)⁴ WITH REAR CROSS-PATH DETECTION⁵

BSM⁴ with Rear Cross-Path Detection⁵ scans blind spots behind the vehicle to help ensure safe maneuvering while automatically sensing and accounting for the length of your trailer. Available.

ADAPTIVE CRUISE CONTROL WITH STOP (ACC STOP)⁶

This system maintains a driver-selected set distance from vehicles in the lane ahead. When slower traffic is detected, Ram Heavy Duty automatically adjusts its speed all the way down to 0 mph, even with a trailer attached. Available.

FULL-SPEED FORWARD COLLISION WARNING PLUS (FSFCW+)⁷

Notifies the driver when the vehicle gets too close to a preceding vehicle. If the driver isn't braking enough, Auto Emergency Braking automatically takes over, dramatically increasing braking when over 31 mph and even coming to a full stop if traveling under 31 mph. FSFCW+⁷ also works with attached trailers and will engage the trailer brakes. Available.

LANESENSE[®] LANE DEPARTURE WARNING PLUS⁸

Uses a forward-facing camera that can detect your vehicle's position and lane markings on the road. The system helps prevent unintentional lane drift by providing a visual alert before safely guiding the vehicle back into position. Available.

PARKSENSE[®] FRONT AND REAR PARK ASSIST⁹

Integrated sensors in the front and rear bumper valences use ultrasonic waves to determine the relative distance to objects in front or in back of your pickup. If an obstacle is detected when backing up or moving forward during parking maneuvers, visual and audio signals inform the driver. Available.

ADAPTIVE FORWARD LIGHTING SYSTEM

The Adaptive Forward Lighting System features crisp LED lighting. The lamps turn up to 15 degrees to help with nighttime visibility. Available.

DESIGNED FROM A DRIVER'S POINT OF VIEW

EXPANSIVE VIEWS

Opt for available technology designed to make towing and maneuvering easier. With sensors, camera systems and the next-evolution of the Digital Rearview Mirror, the interior has never offered a better exterior view.

ALL THE INFORMATION

Customize vehicle stats and the information you want, in the way you want to view it, through the numerous available digital screens.

CHARGED AND CONNECTED

Through a combination of available wireless and corded charging sources, everyone can keep their devices ready for optimal use.

A PLACE FOR EVERYTHING

Keep travel essentials organized, beverages secured and valuables out of sight with dedicated storage systems.

WARN® ZEON-12 WINCH

Boasting a 12,000-lb rating, the WARN ZEON-12 winch is lightweight and features a synthetic line that won't kink or fray.

BILSTEIN® GAS-CHARGED MONOTUBE SHOCKS

The Bilstein gas-charged monotube shocks provide a smooth ride whether you're tackling mountains or the morning commute.

FRONT AND REAR LOCKING DIFFERENTIALS

The 2023 Ram 2500 Power Wagon® features front and rear differentials that can be electronically locked so that all wheels receive equal torque.

ELECTRONIC FRONT SWAY BAR

Only on Ram Power Wagon, the electronically disconnecting front sway bar maximizes axle articulation for extreme off-road capability.

POWER WAGON

ONE TRUCK WITH TWO **DISTINCTIVE PERSONALITIES**

NIGHT EDITION

Think understated elegance outside and in, marked by a body-color grille surround and bumpers, Monotone paint, Black badges, Black headlamp and taillamp bezels, Black Ram grille inserts, Black 20-inch wheels (SRW models)—and, on Big Horn®/Lone Star¹² models, ParkSense® Front and Rear Park Assist⁹. Laramie® and Limited models get a Sport Performance Hood for 2023. The Monotone Black interior is design at its best. Available on Big Horn/Lone Star¹², Laramie and Limited (shown above) models; requires specific Equipment Groups depending on model. See Buyer's Guide in the back of this catalog or visit **RAM.COM**

SPORT APPEARANCE PACKAGE

The look is stunning, with its Monotone paint treatment joining a body-color grille surround, body-color bumpers, body-color door handles, and ParkSense Front and Rear Park Assist⁹ on Big Horn/Lone Star¹² models. Laramie models get a Sport Performance Hood for 2023. The interior is defined by impressive Monotone Black interior trim and seating. Available on Big Horn/Lone Star¹² (shown above) and Laramie models (packages vary slightly for each); requires specific Equipment Groups depending on model. For more, see the Buyer's Guide or visit **RAM.COM**

TRADESMAN®

STANDARD FEATURES:

POWERTRAIN

Standard 6.4L HEMI® V8 Variable Valve Timing (VVT) with Multi-Displacement System (MDS)/8-speed automatic
Optional 6.7L Cummins® Turbo Diesel/6-speed automatic
Optional 6.7L Cummins Turbo Diesel High Output/6-speed AISIN® automatic (3500 models only)

INTERIOR AMENITIES

Vinyl 40/20/40 front bench seat with manual adjust
20-percent fold-down center bench seat with integrated armrest
Full-folding rear bench seat (Crew Cab)
Base door trim panel
Black instrument panel
Uconnect® 3 with 5-inch touchscreen display
Urethane steering wheel
Manual tilt steering column
Manual Temperature Control
Vinyl floor covering
3.5-inch Thin Film Transistor (TFT) color Driver Information Display cluster
3 USB ports—2 located on lower instrument panel and 1 in upper lid of bench seat

EXTERIOR FEATURES

Black grille
Black front and rear bumpers
Quad-halogen headlamps
Black headlamp bezels
17- or 18-inch painted steel wheels
Black door handles
Incandescent taillamps
BSW All-Season tires

CAPABILITY & FUNCTIONALITY

Manual shift-on-the-fly part-time transfer case (4x4 only)
Keyless push-button start
Class V hitch receiver
Trailer-tow wiring with 4- and 7-pin connector
Cruise control
Front heavy-duty shocks with Frequency Response Damping (FRD)
Rear heavy-duty shocks with FRD
Rear fixed window
Active grille shutters
Front air dam
LED hitch lamp in tailgate

SAFETY & SECURITY

6 air bags¹³ including driver and front-passenger, side-curtain and front-seat side-mounted
Electronic Stability Control (ESC)¹⁴
Antilock 4-wheel disc brakes
Sentry Key® Theft Deterrent System
Tire Pressure Monitoring System with display
ParkView® Rear Back-Up Camera⁵
Rear-Seat Reminder Alert

Chrome Appearance Group
Includes chrome headlamp bezels, chrome grille surround, chrome bumpers, chrome Ram grille badge and chrome-clad steel wheels

TRADESMAN SRW WHEELS

Ram 2500 Big Horn® shown with Sport Appearance Package in Flame Red features RamBar, Off-Road 5-inch LED Light Kit, Light Mounting Brackets, Mopar Unique Wheel Flares and Black Tubular Side Steps

AUTHENTIC RAM TRUCK ACCESSORIES

There is only one official provider for the Ram Brand—and it's Mopar®. Our parts and accessories are original equipment, engineered exclusively by the same people who designed your Ram Heavy Duty pickup. Mopar parts can ensure the proper fit, finish and functionality, which means you can customize your truck with complete confidence. Learn more at mopar.com

Notes regarding the charts above: DRW = Dual Rear Wheel. Weights given in lb. Numbers in **Black boxes** reflect the maximum of that class. Weights are estimated values rounded to the nearest 10 lb. Payload = GVWR - Base Weight. Payload and Trailer Weight Rating are mutually exclusive. GAWRs, GVWRs and GCWRs should never be exceeded. 3500 Regular Cab, 4x2, 6.4L V8 with 4.10 axle ratio, GVWR of 13,800 lb applies to Tradesman® Package only. For all other price classes for this configuration (Regular Cab, 4x2, 6.4L V8 with 4.10 axle ratio), GVWR is 13,700 lb.

Notes regarding the charts above: DRW = Dual Rear Wheel. Weights given in lb. Numbers in **Black boxes** reflect the maximum of that class. Payload and Max Trailer Weights are ESTIMATED values and rounded to the nearest 10 lb. Payload = GVWR - Base Weight. Payload and Trailer Weight Rating are mutually exclusive. GAWRs, GVWRs and GCWRs should never be exceeded. Trailer Weight Rating and Tow Vehicle Trailing Weight are calculated as specified in SAE J2807. Passenger Weight = 300 lb. Options Weight = 100 lb. Trailing Equipment Weight: 75 lb for conventional hitch, 70 lb for gooseneck and 250 lb for fifth wheel. Tongue weight: 10 percent of the gross trailer weight for conventional hitch, 15 percent of the gross trailer weight for a fifth-wheel or gooseneck hitch. Payload and GAWR should never be exceeded and must account for all of the above weights, including the appropriate trailing equipment and tongue weight. Box-Off Body Completion Weight = 80 lb per foot from end of cab to end of frame. The maximum tongue weight for Class V (hitch receiver) is limited to 1,800 lb. A fifth-wheel or gooseneck hitch is required for trailers over 18,000 lb. The 13,800-lb GVWR stated for Regular Cab, 4x2, 6.4L V8 with 4.10 axle ratio applies to Tradesman® and ST Packages only. For all other configurations (Regular Cab, 4x2, 6.4L V8 with 4.10 axle ratio), the GVWR is 13,700 lb.
