

LIKE ALWAYS.
LIKE NEVER BEFORE.

SATURN 2007

START EXPECTING THE UNEXPECTED.

Never before have we offered so many different ways to drive. The newest generation of Saturn is represented by the stunning SKY® roadster and the SKY Red Line Turbo, each available on a limited basis in 2006; the distinctive and engaging AURA™ mid-size sedan; the roomy eight-passenger OUTLOOK™ SUV, available winter 2006/2007; and the VUE® compact SUV, also available as the affordable VUE Green Line hybrid. For a car that's small in size but big in features, test-drive the ION® sedan or ION quad coupe. And for a gratifying home away from home, look into the seven-passenger RELAY® van. To see more of the next generation of Saturn, visit saturn.com.

THE SATURN SKY AND SKY RED LINE

Every curve is designed. Every angle is precise. And every drive will not go unnoticed. The head-turning, conversation-starting SKY and the 260-hp SKY Red Line Turbo are modern roadsters that only Saturn could build. 1) The SKY Red Line's turbocharger helps take you from 0 to 60 in 5.5 seconds. 2) Headlamps and daytime running lamps are set within enclosures that look as bold as they are bright. 3) The Red Line badge embroidery featured on the available leather seat inserts serves as a reminder that this will be no ordinary ride. 4) With the rich, glossy piano-black finish on the center stack, driver-centric instrument panels and amber lighting, it's your own personal 50 cubic feet of perfection.

4

ONE THING IS CERTAIN:
HEADS WILL TURN.

THE KEY ENTERS THE IGNITION,
THE SPARK ENTERS THE CYLINDER,
THE CAR ENTERS THE

SOUL.

THE SATURN AURA

To suggest the entirely new Saturn AURA will have an effect on you would be an understatement. This car is extensively designed for the drive with an arresting exterior, a well-appointed interior and an available 252-hp of abundant power. 1) Chrome accents and exterior lines make looking at this car as remarkable as driving it. 2) Race-car-inspired TAPshift® paddle shifters give you the option to experience the thrill of manual driving. 3) An impressively large, available panoramic roof welcomes in even more of the blue sky. 4) Rational luxury abounds within the AURA's cabin. So good luck withstanding the gravitational pull of the driver's seat.

EVERY DAY IS DIFFERENT.

SO WE DESIGNED THIS CAR
FOR ALL OF THEM.

THE SATURN ION, ION QUAD COUPE AND ION RED LINE

Take one look and it becomes clear—there's an ION available for every variety of life. And no matter which ION is right for you, prepare to be surprised by a long and impressive list of features and details. 1) The ION quad coupe with available spoiler offers you the sleek silhouette of coupe styling. 2) The ION's audio system includes an auxiliary jack for your MP3 player,¹ available XM Satellite Radio² and Saturn's Advanced Audio System with a 160-watt external amplifier and six premium speakers. 3) Thanks to the ION Red Line's 205-hp, supercharged and intercooled engine, when you're behind the wheel, you won't feel behind anything. 4) An inspired command and control center and bolstered black leather-appointed seats make sitting in the Red Line as exhilarating as driving it.

The ION-3, available with the Enhanced Performance Package, which includes a 2.4-liter 175-horsepower engine with Variable Valve Timing, sport-tuned suspension and anti-lock brakes with Traction Control.

¹MP3 player and accessories not included. ²Available only in the 48 contiguous United States. Service fees apply. Visit gm.xmradio.com for details.

THE SATURN OUTLOOK

It is, without question, the most spacious Saturn we've ever built. The entirely new OUTLOOK seats eight people comfortably. Yet it still allows for plenty of cargo space* for all the things that eight people bring with them. It's an impressively sizeable SUV that refuses to compromise on safety and driving performance. 1) Truly generous third row seating allows ample room for passengers six, seven and eight. 2) Even that 65-inch plasma TV you want can fit in here. Flexible and generous cargo space can be configured and reconfigured to fit your life. 3) A sunroof and a skylight? Suddenly the back seats are just as desirable as the front ones. 4) Smart interior details and a refined cabin make driving the OUTLOOK as pleasing as filling it with all your stuff.

ENOUGH ROOM
FOR YOUR LIFE.
WITH LEFTOVER ROOM FOR ALMOST
ANYTHING YOU PICK UP ALONG THE WAY.

*Cargo and load capacity limited by weight and distribution.

AN SUV THAT REFLECTS YOUR
PRIORITIES.

THE SATURN VUE, VUE GREEN LINE HYBRID
AND VUE RED LINE

It's about time you drove an SUV that thinks like you. The VUE SUV is designed around the idea that getting there should be as good as being there. That's why it comes with a CD stereo with built-in MP3 jack—not to mention available XM Satellite Radio¹ and rear seat DVD player. 1) Going green shouldn't mean going broke. So Saturn engineers developed a hybrid system that's simple, affordable and gets an EPA estimated 32 miles per gallon—the best highway fuel economy of any SUV—while still delivering a seamless driving experience. 2) The 70/30-split rear seats make room for items up to eight feet long once you've folded down the front passenger seat.² 3) While many SUVs are built to head into the woods, the VUE Red Line is designed to stand out on the street. 4) From running errands to road tripping, the VUE has all the space and amenities you need.

10 The VUE Green Line in Cypress Green, with standard chrome skid plates, rear spoiler and lightweight 16-inch alloy wheels.

¹Available only in the 48 contiguous United States. Service fees apply. Visit gm.xmradio.com for details. ² Cargo and load capacity limited by weight and distribution.

BRING PEOPLE TO PLACES,
BRING ORDER
TO CHAOS.

THE SATURN RELAY

When it seems like every day takes you everywhere, thank goodness for the comfort and convenience of the Saturn RELAY. Its ample space, power and versatility magically turn driving time into quality time. 1) Available hideaway rear storage bins are just one of the RELAY's many clutter-removing storage solutions. 2) An optional toy box designed to fit between the second row bucket seats provides even more storage for even more toys. 3) A bigger-than-ever DVD entertainment system* and CD/MP3 player come standard, along with a sound system that allows passengers to listen to multiple entertainment sources. 4) Features like the 50/50-split folding third row seats and second row fold-flat seats make the interior of the RELAY highly flexible.

*Eight-inch diagonal DVD screen not available at start of production.

At Saturn, safety is more than any one thing at any one moment, so we're doing more than ever to protect you before, during and after. So it's no surprise that Saturn engineers its cars and trucks with advanced safety features to help keep you and your passengers safe. 1) When a crash is over, the emergency isn't. That's why every Saturn comes standard with OnStar's® one-year Safe & Sound Service Plan.¹ OnStar can help save lives by automatically contacting local emergency services if your air bags deploy.² 2) Saturn cars and trucks are available with automatic halogen headlamps, which illuminate the road the moment they sense low lighting conditions. 3) In the event of a collision, protection comes from Saturn's high-strength steel spaceframe and dual-stage front air bags.² Head Curtain Side Air Bags² are also available.

THE THREE STAGES OF SAFETY:
BEFORE, DURING AND AFTER.

¹Call 1-888-4ONSTAR (1-888-466-7827), visit onstar.com and see inside back cover for system limitations and details. ² Air bag inflation can cause severe injury or death to anyone too close to the bag when it deploys. Be sure every occupant is properly restrained. See inside back cover for important information about air bags, including a note about child safety.

SKY SPECIFICATIONS

MECHANICAL

177-hp, 2.4-liter, 16-valve, inline-4, VVT intake / exhaust, cast aluminum block and cylinder head (SKY)
260-hp, 2.0-liter, 16-valve, turbocharged, intercooled, direct injection, inline-4, 260 ft. lbs. of torque, VVT intake / exhaust, cast aluminum block and cylinder head (SKY Red Line)
5-speed manual transmission with short-throw shifter
Electronically controlled 5-speed automatic transmission (available)
Fuel economy EPA estimates (city / hwy mpg):
SKY manual: 20 / 28
SKY automatic: 22 / 26
SKY Red Line manual: 22 / 31
SKY Red Line automatic: 21 / 29
Front-engine / rear-wheel drive, near 50 / 50 weight distribution
Hydroformed steel clamshell hood, inner doors and rear quarter-panels
Limited slip differential (available)
Lower-dominant, integral hydroformed tube and stamped steel body structure
Four-wheel independent short-long arm suspension
Bilstein coil-over monotube shocks
Front and rear lightweight hollow stabilizer bars with ball-joint links
Four-wheel anti-lock disc brakes (vented front: 11.7" rear: 10.9")
Stainless steel high-flow exhaust system with polished aluminum tip
18-inch flangeless painted alloy wheels
Goodyear Eagle RS-A P245 / 45R18 96V performance all-season tires

COMFORT AND CONVENIENCE

Air conditioning with electronic controls for precise adjustments
CD / MP3 player, 225-watt Monsoon® system, auxiliary input jack (available)
CD player with AM / FM stereo, six speakers, auxiliary input jack
Power windows, power exterior mirrors and power programmable door locks
Premium Trim Package: leather seat inserts, leather-wrapped steering wheel with contrast stitching and audio controls, metallic-finish sill plates and stainless steel pedal covers (available)
Remote keyless entry with extended range
Six-disc, in-dash CD / MP3 player, 225-watt Monsoon® system, auxiliary input jack (available)
Sound-insulated cloth convertible top with defroster-equipped glass rear window
Steering wheel mounted cruise control and Driver Information Center buttons
XM Satellite Radio with the programming variety to customize your drive (available)¹

SAFETY AND SECURITY

Automatic projector-beam halogen headlamps and daytime running lamps
Dual-stage front air bags with Passenger Sensing System²
OnStar® with one-year Safe & Sound Service Plan³
Projector-beam halogen foglamps
Three-point safety belts with pretensioners and load-limiting retractors
Security system and engine-immobilizing theft-deterrent feature

ADDITIONAL SKY RED LINE FEATURES

18-inch flangeless polished alloy wheels
Blackout headlamp bezels
Digital turbo-boost gauge
Front brake cooling vents
Goodyear Eagle F1 GS-2 P245 / 45R18 96V performance tires
Limited slip differential
Performance-tuned suspension including larger stabilizer bars, stiffer springs and unique shock tuning
StabiliTrak with Traction Control and selectable competitive mode
Stainless steel high-flow exhaust system with dual polished aluminum tips

AURA SPECIFICATIONS

MECHANICAL

224-hp, 3.5-liter, 12-valve, V-6, OHV, 220 ft. lbs. of torque, VVT intake / exhaust (XE)
252-hp, 3.6-liter, 24-valve, V-6, DOHC, 251 ft. lbs. of torque, VVT intake / exhaust (XR)
4-speed automatic transmission (XE)
6-speed automatic transmission (XR)
Fuel economy EPA estimates (city / hwy mpg):
AURA XE automatic: 20 / 29
AURA XR automatic: 20 / 28
Front-engine / front-wheel drive
MacPherson strut front suspension and four-link independent rear with front and rear stabilizer bars
Four-wheel disc brakes with ABS and dynamic rear proportioning

COMFORT AND CONVENIENCE

Acoustic laminated windshield and front door glass
Automatic climate control (XR)
Center console with automatic sliding tambour door, dual cupholders, sliding armrest, dual bin storage and 12-volt power outlet
Convenience Package: remote vehicle start, heated front seats, universal home remote and auto-dimming inside rearview mirror with compass display (standard XR; available XE)^{4,5}
Driver Information Center including oil-life monitor, personalization features and warnings
Enhanced Convenience Package: six-way adjustable power front passenger seat and power-adjustable pedals (available)⁴
Panoramic four-panel power roof (available)⁶
Power sunroof (available)^{4,7}
Power windows with driver express-down and -up and power programmable door locks with anti-lockout
Preferred Package: eight-way adjustable power driver's seat, steering wheel mounted audio controls and outside heated power-adjustable mirrors (standard XR; available XE)
Premium Trim Package: leather-appointed seats, heated driver and front passenger seats, leather-wrapped steering wheel and leather-wrapped gearshift knob (available)^{4,8}
Rear seatbacks, 60 / 40-split folding with outboard adjustable head restraints
Remote keyless entry with extended range
TAPshift® manual shift control on steering wheel (XR)
Tilt and telescoping adjustable steering wheel with cruise control and Driver Information Center buttons

SAFETY AND SECURITY

Anti-lock brakes with Traction Control
Automatic halogen headlamps and daytime running lamps
Dual-stage driver and front passenger air bags with Passenger Sensing System²
Front and outboard rear Head Curtain Side Air Bags²
Height-adjustable front safety belts with pretensioners and energy-absorbing retractors
LED tail lamps and center high-mounted stop lamp
Lower Anchorages and Top Tethers for Children (LATCH) in all rear seating positions
OnStar with one-year Safe & Sound Service Plan³
Projector-beam halogen foglamps (XR)
Security system and engine-immobilizing theft-deterrent feature
Side impact air bags for driver and front passenger²
StabiliTrak vehicle stability control system (XR)
Three-point safety belts with energy-absorbing retractors in all seating positions
Tire pressure monitor

ENTERTAINMENT SYSTEMS

Advanced Audio Package: six-disc, in-dash CD / MP3 player with AM / FM stereo, 240-watt amplifier, eight speakers, auxiliary input jack, speed-compensated volume and rear seat audio controls with two wireless headphones (standard XR; available XE)⁴
CD / MP3 player with AM / FM stereo, auxiliary input jack, speed-compensated volume and six speakers
XM Satellite Radio with the programming variety to customize your drive (available)^{1,4}

COLORS

WHEN YOU GET A SATURN, YOU GET SATURN.

From the engineers who created your Saturn to the Saturn team member who hands you the keys, all Saturn people consider customers the most important part of what they do. You'll feel that on your first visit to a Saturn retailer, a place that's home to people who give you much more than a car. You'll get straightforward answers. You'll get a no-hassle experience and no-haggle prices. You'll get our Vehicle Exchange Program*, giving you 30 days to make sure you feel great about your car. And most reassuring of all, you'll get as much attention after you're a Saturn owner as you did when you first walked into the showroom.

*See inside back cover for details about Saturn's 30-day Vehicle Exchange Program.

IMPORTANT WORDS ABOUT THIS CATALOG

We have tried to make this catalog comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colors, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this catalog and other printed materials provided at the retailer or affixed to vehicles are approximates based upon design and engineering drawings and prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Because some information may have been updated since the time of printing, please check with your Saturn retailer for complete details. Saturn reserves the right to lengthen or shorten the model year for any product for any reason, or to start and end model years at different times.

A NOTE ABOUT AIR BAGS AND CHILD SAFETY

Always use safety belts and the correct child restraint for your child's age and size. Even in vehicles equipped with air bags and the Passenger Sensing System, children are safer when properly secured in a rear seat. Never place a rear-facing infant re straint in the front seat of any vehicle equipped with an active frontal air bag. Air bag inflation can cause severe injury or death to anyone too close to the bag when it deploys. Be sure every occupant is properly restrained. See your vehicle Owner's Handbook and child-safety seat instructions for more information.

ONSTAR INFORMATION

OnStar services require vehicle electrical system (including battery), wireless service and GPS satellite signals to be available and operating for features to function properly. OnStar acts as a link to existing emergency service providers. Subscription Service Agreement required. Call 1-888-4ONSTAR (1-888-466-7827) or visit onstar.com for OnStar's Terms and Conditions, Privacy Policy, and system limitations and details.

IMPORTANT INFORMATION ABOUT SATURN'S SAFETY RATINGS

Government star ratings are part of the National Highway Traffic Safety Administration's (NHTSA) New Car Assessment Program (NCAP). Visit safercar.gov for details.

SATURN'S VEHICLE EXCHANGE PROGRAM

Within the first 30 days or 1,500 miles of delivery, whichever comes first, the original purchaser may exchange his or her Saturn vehicle if not completely satisfied. In the event that an owner returns his or her vehicle, he or she will exchange it for another 2007 Saturn vehicle. See retailer for limitations and restrictions. All the same factory-supported initiatives will be included on the exchange vehicle that were on the original vehicle. The vehicle must be returned in the condition in which it was delivered, without damage or excessive wear and tear. If non-warranty repairs equal to or greater than \$300 have been performed or are necessary, the vehicle is not eligible to be returned; if less than \$300, the damage must be repaired or the estimate deducted from the credit toward the exchange vehicle.

NEW VEHICLE LIMITED WARRANTY

This warranty is for GM vehicles registered in the U.S. See your Saturn retailer for terms and conditions. Covered for 3 years / 36,000 miles (whichever comes first): the complete vehicle, tires, towing to your nearest Saturn retailer, cosmetic corrosion resulting from defects, repairs made to correct any vehicle defect, with no charge for most warranty repairs. Covered for 6 years / 100,000 miles (whichever comes first): rust-through corrosion.

POWERTRAIN LIMITED WARRANTY

This fully transferable warranty is for GM vehicles registered in the U.S. See your Saturn retailer for terms and conditions. Covered for 5 years / 100,000 miles (whichever comes first): most engine, transmission, transfer case and axle assemblies.

ROADSIDE ASSISTANCE

For 5 years / 100,000 miles (whichever comes first): 24-Hour Roadside Assistance that includes fuel delivery, lockout, flat tire repair, jump start and certain emergency towing services. This fully transferable service is for GM vehicles registered in the U.S. See your Saturn retailer for terms and conditions.

COURTESY TRANSPORTATION

For 5 years / 100,000 miles (whichever comes first): ask your Saturn retailer for Courtesy Transportation if you leave your vehicle for warranty repairs. You may qualify for expense reimbursement and / or transportation options. Services vary by retailer.

CORROSION PROTECTION

Saturn vehicles are designed and built to resist corrosion. All body and sheet metal components are warranted against rust-through corrosion for 6 years / 100,000 miles, whichever comes first. Application of additional rust-inhibiting materials is not required under the corrosion coverage and none is recommended. See your Saturn retailer for terms of this limited warranty.

AN IMPORTANT NOTE ABOUT ALTERATIONS AND WARRANTIES

Installations or alterations to the original equipment vehicle (or chassis) as distributed by GM are not covered by the GM New Vehicle Limited Warranty. The special body company, assembler, equipment installer or upfitter is solely responsible for warranties on the body or equipment and any alterations (or any effect of the alterations) to any of the parts, components, systems or assemblies installed by GM. GM is not responsible for the safety or quality of design features, materials or workmanship of any alterations by such suppliers.

ASSEMBLY

Saturn vehicles and their components are assembled or produced by different operating units of GM, its subsidiaries or suppliers to GM worldwide. We sometimes find it necessary to produce Saturn vehicles with different or differently sourced components than originally scheduled. Because some options may be unavailable when your vehicle is assembled, we suggest you verify that your vehicle includes the equipment you ordered or, if there are changes, that they are acceptable to you.

ENGINES

Saturn products are equipped with engines produced by GM Powertrain or other suppliers to GM worldwide. The engines in Saturn products may also be used in other GM makes and models.

UPDATED SERVICE INFORMATION

Saturn retailers receive useful service bulletins about Saturn products. See your retailer for more information.

GM MOBILITY

GM Mobility assists people with unique transportation needs by offering a variety of resources, including aftermarket adaptive equipment. Speak to a knowledgeable Assistance Center representative at 1-800-323-9935 (TTY users: 1-800-833-9935) or visit gmmobility.com for more information.

Like always. Like never before.
