Rethink.

09SaturnAURA

The philosophy of Rethink has been ours since day one. Rethink is treating customers like people. Rethink is buying made easy. Rethink is style made accessible. Rethink is a greener approach. Rethink is hybrid technology. Rethink is always pushing yourself to come up with a better idea. Rethink is Saturn.

Saturn's commitment to helping the environment

Our devotion doesn't stop at building responsible transportation. We're also doing the little things, like printing this brochure on FSC-certified (Forest Stewardship Council) paper, which includes a minimum of 30% post-consumer recovered fiber. Additionally, electricity used in the manufacturing process is generated from renewable resources. Please help us out and recycle this brochure when you're done.

AURA XR-V6 in Quicksilver

Best-in-class
highway fuel economy¹

AURA XE in Red Jewel Tintcoat

Rethink sedan. The AURA.™ The EPA-estimated 33 mpg highway sport sedan. We've rethought the sport sedan by making one that offers best-in-class highway fuel economy¹ and still has all the room, comfort and style you want. With a 5-star crash safety rating² and powertrain choices ranging from a fuel-efficient 4-cylinder,³ to a 252-horsepower V6, to one of the most affordable midsize hybrid sedans⁴ (limited availability), it's the sport sedan from the company that's rethinking everything.

Powertrain Warranty

Every 2009 Saturn gets the best coverage in America: the Saturn 100,000-mile/5-year⁵ Transferable Powertrain Limited Warranty, plus Roadside Assistance and Courtesy Transportation.

¹ Based on 2008 GM Mid-Car Sedan segment and EPA-estimated 33 mpg hwy (gas), 34 mpg hwy (hybrid). Excludes other GM vehicles. ² Side-impact crash test rating is for a model tested with standard head curtain side air bags (SABs). Government star ratings are part of the National Highway Traffic Safety Administration's (NHTSA's) New Car Assessment Program (www.safercar.gov). ³ EPA-estimated 22 mpg city, 33 mpg highway. ⁴ Based on base MSRP and the 2008 GM Mid-Car Sedan segment. Level of equipment varies. Tax, title, license, retailer fees and optional equipment extra. ⁵ Whichever comes first. See retailer for details.

AURA XR-4 in Quicksilver

EPA-estimated **22** mpg city, **33** mpg highway

Rethink responsible

The AURA offers an EPA-estimated 22 mpg city, 33 mpg highway—the best-in-class highway fuel economy of any sport sedan¹. Its standard 6-speed automatic transmission with a 169-hp, 2.4-liter, 4-cylinder engine with Variable Valve Timing is tuned to offer a combination of both strong performance and fuel efficiency.

¹ Based on 2008 GM Mid-Car Sedan segment and EPA-estimated 33 mpg hwy (gas), 34 mpg hwy (hybrid). Excludes other GM vehicles.

AURA XR-V6 in Morocco Brown

Rethink interior. The well-connected traveler.

OnStar Every 2009 Saturn includes a one-year subscription to the OnStar Safe & Sound Plan.¹ Beyond our standard safety and security features, you get monthly vehicle diagnostic reports via e-mail, as well as Roadside Assistance. OnStar can even flash your lights and sound your horn if you can't find your vehicle. You can easily connect with an Advisor who can unlock your door or help authorities locate your vehicle if it is stolen.² With the available Directions & Connections Plan, you get OnStar Turn-by-Turn Navigation,³ which is the simplest and smartest navigation system. Simply push the blue OnStar button and tell the Advisor where you want to go to receive automated voice-guided directions.

Bluetooth wireless technology

Our comprehensive, convenient, and easy-to-use in-vehicle technology allows you to connect select Bluetooth⁴ compatible cell phones to the AURA for hands-free calling.

Satellite radio

XM Radio⁵ is standard, including three trial months of service. XM turns your world on with commercial-free music channels for virtually every music genre, all in amazing digital sound. Turn on your favorite sports, plus the biggest names in news, talk, comedy and family programming, wherever you go from coast to coast.

iPod/MP3 player

We outfitted the AURA audio system with an iPod⁶/MP3 auxiliary input jack and an available USB port. Both connect select iPod devices⁷ to your vehicle, plus the USB port allows you to control these devices through the radio controls and show playlists on the vehicle's display.

¹ Call 1-888-4ONSTAR (1-888-466-7827), visit onstar.com, and see inside back cover for details and system limitations. ² Remote Door Unlock and Stolen Vehicle Location Assistance success may vary with conditions. ³ Not available in certain areas. Visit onstar.com for coverage map. ⁴ The Bluetooth trademark is owned by Bluetooth SIG, Inc., and any use of such marks by General Motors is under license. Go to www.gm.com/bluetooth to find out which Bluetooth phones are compatible with the vehicle. ⁵ Available in the 48 contiguous United States. Required \$12.95 monthly subscription sold separately after three trial months. All fees and programming subject to change. Subscription subject to customer agreement. For more information, visit gm.xmradio.com. ⁶ iPod is a trademark of Apple Inc., registered in the U.S. and other countries. ⁷ USB port, late availability. Not all iPod devices are compatible. Please ask your retailer for a list of compatible players.

Driving stimulator

The AURA makes a powerful impression with its speed and performance. Its unique, race-inspired details, like a 6-speed automatic transmission with TAPshift[®] manual mode, give drivers full control of the gear selection and allow for the 6-speed transmission to be shifted like a clutchless manual. Also located on the steering wheel are cruise control, radio presets, and even an available audio system mute button.

Sensory details

Soft amber lighting illuminates the AURA's key features and gauges, and with the available Advanced Audio Package, backseat passengers can do their own driving when it comes to choosing volume, preset channels or CD tracks. Headphones are provided too.

Rethink retreat. We'll keep everything quiet. You just relax. The cabin in the AURA is exceptionally quiet, comfortable, and tastefully done. It surrounds you with premium tactile surface materials, and we even wrapped the AURA's interior pillars in fabric for an added level of refinement. Intricate stitching details accent the generous leather-appointed seats, which are standard on the XR.

AURA XR-V6 in Morocco Brown

Rethink safekeeping. We gave the AURA a reinforced safety cage with high-strength steel, as well as front and rear impact-absorbing crumple zones. Steel side-intrusion beams in the doors help provide passengers with even more peace of mind in shallow-angle collisions.

OnStar®

Included in the AURA's one-year subscription to the OnStar Safe & Sound Plan¹ is Automatic Crash Response. Should the air bags deploy, OnStar can automatically attempt to contact you in your vehicle. If there is no response, emergency personnel will automatically be contacted. The red emergency button in the vehicle can also be used if you are in an emergency situation that does not involve air bag deployment. Connect your vehicle to OnStar and a live Advisor will contact emergency services for you. On call and ready when you need it most, OnStar helps make safety a standard feature in every AURA we build.

StabiliTrak®, ABS and Traction Control

We've equipped the AURA with StabiliTrak[®]-Stability Control—a system that uses the vehicle's electronic brake and traction control capabilities to provide added stability—ABS for more precise, controlled braking performance, and Traction Control for enhanced traction.

¹ Call 1-888-4ONSTAR (1-888-466-7827), visit onstar.com, and see inside back cover for details and system limitations. OnStar acts as a link to existing emergency service providers. ² Side-impact crash test rating is for a model tested with standard head curtain side air bags (SABs). Government star ratings are part of the National Highway Traffic Safety Administration's (NHTSA's) New Car Assessment Program (www.safercar.gov). ³ Air bag inflation can cause severe injury or death to anyone close to the bag when it deploys. Be sure every occupant is properly restrained. See inside back cover of this brochure for an important note about air bags and child safety.

5-star

crash safety rating

The 2009 AURA received the highest possible crash safety rating—5 stars—in frontal and side-impact crash testing². It also has over 95 standard safety features, like six standard air bags³, four-wheel disc anti-lock brakes, daytime running lamps, and a Tire Pressure Monitor.

Our AURA Hybrid (limited availability) is one of the most affordable hybrid sedans on the market² and doesn't sacrifice style, utility, safety, or dynamic performance.

Smart

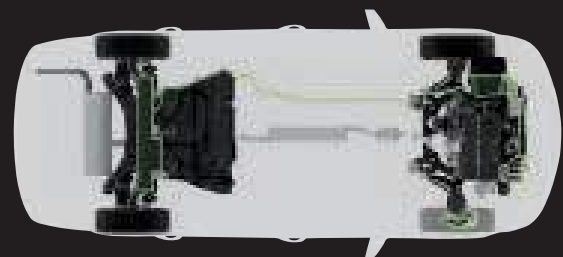

We combined sophisticated controls with a precision electric motor/generator that is mated to the engine to create the AURA hybrid system.

Efficient

Our engineers developed the hybrid system to deliver improved fuel economy by performing a variety of functions, like shutting off the engine when the vehicle is brought to a stop, enabling early fuel cutoff to the engine during vehicle deceleration, and utilizing regenerative braking to help charge the hybrid battery.

Supportive

For an extra boost, the AURA hybrid system will also provide an electric power assist during acceleration when needed. During a passing maneuver, the system improves vehicle acceleration by assisting the engine to achieve maximum power.

Cost-effective cruising

A unique and smart 2.4-liter hybrid engine, low-rolling-resistance tires, and a nickel-metal hydride hybrid battery help give the AURA Hybrid a maximum range of up to 557 highway miles on one tank of gas.¹

AURA Hybrid

AURA Hybrid in Quicksilver

EPA-estimated **26** mpg city, **34** mpg highway

¹ Based on EPA-estimated 34 mpg hwy. ² Based on base MSRP and the 2008 GM Mid-Car Sedan segment. Level of equipment varies. Tax, title, license, retailer fees and optional equipment extra.

You notice it the second you walk into a Saturn retailer. We have a no-hassle, no-haggle philosophy. We give you straightforward answers. We give you 30 days to make sure the vehicle you've chosen is the right one.¹ In fact, we've rethought what it means to be a car company. It's what we've been doing since day one. It's what makes Saturn different.

AURA^{XE}

STANDARD EQUIPMENT INCLUDES:

- 169-hp, 2.4-liter, 16-valve, DOHC, I-4 engine with Variable Valve Timing (VVT)
- 6-speed automatic transmission with TAPshift^{*}
- MacPherson strut front and 4-link independent rear suspension with front and rear stabilizer bars
- StabiliTrak[®]-Stability Control
- Traction Control
- Four-wheel disc brakes with ABS and dynamic rear proportioning
- Air conditioning
- Remote Keyless Entry
- Tire Pressure Monitor
- OnStar[®] with one year Safe & Sound Plan¹
- CD/MP3 player with AM/FM stereo, auxiliary input jack and six speakers
- XM Radio² with three-month trial service
- Dual-stage frontal air bags³ with Passenger Sensing System
- Seat-mounted driver and front passenger side air bags³
- Front and outboard rear head curtain side-impact air bags³
- 17-inch steel wheels with wheel covers
- Steering wheel-mounted audio controls
- Chrome exhaust tip
- Cruise control
- Driver window express up and down

AURA^{XR-4}

INCLUDES STANDARD FEATURES PLUS:

- Chrome door handles
- Leather-appointed seats
- Heated front seats
- 17-inch split-spoke alloy wheels
- Preferred Package: 8-way power driver's seat adjuster, Bluetooth[®] connectivity with select compatible phones,⁴ leather-wrapped steering wheel and shift knob, audio system USB port,⁵ and floor mats

AURA^{XR-V6}

INCLUDES XR FEATURES PLUS:

- 252-hp, 3.6-liter, 24-valve, DOHC, V6 engine with VVT
- 18-inch alloy wheels
- Foglamps
- Automatic climate control
- Convenience Package: remote engine start, universal home remote, outside heated power-adjustable mirrors with auto-dimming driver's side, and auto-dimming inside rearview mirror with compass display

AURA^{HYBRID} (limited availability)

SELECT HYBRID STANDARD EQUIPMENT:

- 164-hp, 2.4-liter, 16-valve, DOHC, I-4 hybrid powertrain
- 17-inch split-spoke alloy wheels
- Hybrid instrumentation with charge/assist gauge, eco light and autostop indicator
- Preferred Package: 8-way power driver's seat adjuster, Bluetooth[®] connectivity with select compatible phones,⁴ leather-wrapped steering wheel and shift knob, audio system USB port,⁵ and floor mats
- Auto HVAC
- Tire inflator kit

IMPORTANT WORDS ABOUT THIS CATALOG
We have tried to make this catalog comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colors, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings, and other numbers in this catalog and other printed materials provided at the retailer or affixed to vehicles are approximates based upon design and engineering drawings and prototypes and laboratory tests. Your vehicle may differ due to variations in manufacturer and equipment. Certain vehicle features may lose their usefulness over time due to obsolescence from technical changes. Because some information may have been updated since the time of printing, please check with your Saturn retailer for complete details. Saturn reserves the right to lengthen or shorten the model year for any product for any reason, or to start and end model years at different times.

A NOTE ABOUT AIR BAGS AND CHILD SAFETY
Always use safety belts and the correct child restraint for your child's age and size. Even in vehicles equipped with air bags and the Passenger Sensing System, children are safer when properly secured in a rear seat in an appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal air bag. Air bag inflation can cause severe injury or death to anyone too close to the bag when it deploys. Be sure every occupant is properly restrained. See your vehicle owner's manual and child-safety seat instructions for more information.

ONSTAR INFORMATION
OnStar services require vehicle electrical system (including battery), wireless service and GPS satellite signals to be available and operating for features to function properly. OnStar acts as a link to existing emergency service providers. Subscription Service Agreement required. Call 1-888-4ONSTAR (1-888-466-7827) or visit onstar.com for OnStar's Terms and Conditions, Privacy Policy, details and system limitations.

SATURN'S VEHICLE EXCHANGE PROGRAM
Within the first 30 days or 1,500 miles of delivery, whichever comes first, the original purchaser may exchange his or her Saturn vehicle if not completely satisfied. In the event that an owner returns his or her vehicle, he or she will exchange it for another new 2008 or 2009 Saturn vehicle. See retailer for limitations and restrictions. The vehicle must be returned in the condition in which it was delivered, without damage or excessive wear and tear. If non-warranty repairs equal to or greater than \$300 have been performed or are necessary, the vehicle is not eligible to be returned; if less than \$300, the damage must be repaired or the estimate deducted from the credit toward the exchange vehicle.

NEW VEHICLE LIMITED WARRANTY
This warranty is for Saturn vehicles registered in the United States. See your Saturn retailer for terms and conditions. Covered by the best coverage in America: the Saturn 100,000-mile/5-year (whichever comes first) Transferable Powertrain Limited Warranty, plus Roadside Assistance and Courtesy Transportation. Covered for 3 years/36,000 miles (whichever comes first): the complete vehicle, tires, towing to your nearest Saturn retailer, cosmetic corrosion resulting from defects, repairs made to correct any vehicle defect, with no charge for most warranty repairs. Covered for 8 years/100,000 miles (whichever comes first): certain hybrid components. See retailer for details.

AN IMPORTANT NOTE ABOUT ALTERATIONS AND WARRANTIES
Installations or alterations to the original equipment vehicle (or chassis) as distributed by GM are not covered by the Saturn New Vehicle Limited Warranty. The special body company, assembler, equipment installer or upfitter is solely responsible for warranties on the body or equipment and any alterations (or any effect of the alterations) to any of the parts, components, systems or assemblies installed by GM. GM is not responsible for the safety or quality of design features, materials or workmanship of any alterations by such suppliers.

ASSEMBLY
Saturn vehicles and their components are assembled or produced by different operating units of GM, its subsidiaries or suppliers to GM worldwide. We sometimes find it necessary to produce Saturn vehicles with different or differently sourced components than originally scheduled. Because some options may be unavailable when your vehicle is assembled, we suggest you verify that your vehicle includes the equipment you ordered, or if there are changes, that they are acceptable to you.

ENGINES
Saturn products are equipped with engines produced by GM Powertrain or other suppliers to GM worldwide. The engines in Saturn products may also be used in other GM makes and models.

SPARE TIRE INFORMATION
There is no jack or spare tire (and no place to store a tire) in the 2009 Saturn AURA Hybrid. Your vehicle has a tire sealant and compressor kit that uses a liquid tire sealant to temporarily seal up to a ¼-inch puncture in the tread area of the tire. After using the tire inflator kit, it is recommended that you take the tire to an authorized retailer for inspection and repair as soon as possible, but at least within 100 miles of driving. The tire sealant cannot seal and inflate sidewall damage, punctures larger than ¼ inch, or a tire that has unsaturated from the wheel. The sealant can only be used on one tire and for one time before its expiration date.

GM CARD
What you spend each day can help toward the purchase or lease of a new Saturn. With three different reward cards to choose from and over 50 eligible new GM vehicles, there are plenty of reasons to get excited about what your reward could be. Apply for a GM Reward MasterCard and start saving for your new ride today. Visit gmcardmemberservices.com for more details.
