

09 Saturn OUTLOOK

The philosophy of Rethink has been ours since day one. Rethink is treating customers like people. Rethink is buying made easy. Rethink is style made accessible. Rethink is a greener approach. Rethink is remarkably fuel-efficient vehicles. Rethink is always pushing yourself to come up with a better idea. Rethink is Saturn.

Saturn's commitment to helping the environment

Our devotion doesn't stop at building responsible transportation. We're also doing the little things, like printing this brochure on FSC-certified (Forest Stewardship Council) paper, which includes a minimum of 30% post-consumer recovered fiber. Additionally, electricity used in the manufacturing process is generated from renewable resources. Please help us out and recycle this brochure when you're done.

OUTLOOK XR in Red Jewel Tintcoat
with available Touring Package

Big, meet smart. Smart, meet big.

The 2009 Saturn OUTLOOK™ Crossover

EPA-estimated **17** mpg city, **24** mpg highway

OUTLOOK XR in White Diamond Tricoat with available Touring Package and accessory assist steps

Rethink big. The OUTLOOK. The EPA-estimated 24 mpg highway, 8-passenger crossover. It offers the best fuel economy of any 8-passenger crossover.¹ It's even assembled in a plant that received gold certification from the U.S. Green Building Council's LEED program.² With plenty of room for everyone and their stuff and topped with a lot of style, it's the right-sized crossover from the company that's rethinking everything.

Powertrain Warranty

Every 2008 Saturn gets the best coverage in America: the Saturn 100,000-mile/5-year³ Transferrable Powertrain Limited Warranty, plus Roadside Assistance and Courtesy Transportation.

¹ Based on 2008 GM Mid-Utility Crossover segment and EPA est. 17 mpg city, 24 mpg hwy. Excludes other GM vehicles. ² U.S. Green Building Council's Leadership in Energy and Environmental Design (LEED) program. ³ All-terrain vehicles, etc. See website for details.

BOSE

5.1 digital surround sound

The available 10-speaker Bose® Surround Sound System is custom engineered to the unique acoustics of the OUTLOOK. The system is complemented with XM Radio* and ready for your entire music library with an iPod™/MP3 auxiliary input jack. Steering wheel audio controls are standard on the XM model.

* Bluetooth wireless technology

Our comprehensive, convenient, and easy-to-use in-vehicle technology allows you to connect select Bluetooth®-compatible cell phones to the OUTLOOK for hands-free calling.

Of

OnStar® Every 2009 Saturn includes a one-year subscription to the OnStar Safe & Sound Plan®. Beyond our standard safety and security features, you get monthly vehicle diagnostic reports via e-mail, as well as Roadside Assistance. OnStar can even flash your lights and sound your horn if you can't find your vehicle. You can easily connect with an Advisor who can unlock your door or help authorities locate your vehicle if it is stolen.* If your vehicle is equipped with a compatible navigation system and active Directions & Connections Plan, you can use OnStar Destination Download to receive destinations and millions of points of interest on the go. Also available for vehicles without a navigation system is eNAV® which allows you to locate your destination online via MapQuest.com and allows OnStar to send you turn-by-turn driving directions.

[illegible]

Open-air driving

We give you the choice in the OUTLOOK of upgrading to an available power sunroof with a generous second-row skylight that brings the great outdoors indoors.

Backseat showtime

Keep even your most difficult passengers happy with an available rear seat DVD entertainment system with a wireless remote, set of headphones, and input jacks for audio and game players.

Rethink people mover

The OUTLOOK interior doesn't sacrifice style for function. The XR models feature standard premium leather-appointed seats and every OUTLOOK offers a range of seating choices, like a second-row bench seat and available captain's chairs—both with SmartSlide™, which provides easy access to the adult-sized third row and plenty of second- and third-row legroom flexibility.

OUTLOOK XR in Tan

Rethink cargo space. There's enough room in the OUTLOOK for two families. The cargo space dares you to buy in bulk. Even with the third row occupied, it offers 24.1 cubic feet of cargo room in back.* You can configure the seats to fit more cargo or people, and a convenient power liftgate is available for easy loading and access.

115.9

cubic feet of space†

The 50/40/10 second- and third-row seats fold flat, providing you with space to transport longer items.

* Cargo and load capacity limited by weight and distribution.

5-star

crash safety rating*

The 2009 OUTLOOK received the highest possible crash safety rating—5 stars—in frontal and side-impact crash testing. It has a total of six standard air bags, as well as GM's rollover sensing system, which can proactively activate head curtain side air bags if sensors determine a rollover is imminent, keeping them inflated for an extended length of time. Its technology is designed to help keep your most precious cargo safe and secure.

OnStar® Included in the OUTLOOK's one-year subscription to the OnStar Safe & Sound Plan¹ is Automatic Crash Response. Should the air bags deploy, OnStar can automatically attempt to contact you in your vehicle. If there is no response, emergency personnel will automatically be contacted. The red emergency button in the vehicle can also be used if you are in an emergency situation that does not involve air bag deployment. Connect your vehicle to OnStar and a live Advisor will contact emergency services for you. On call and ready when you need it most, OnStar helps make safety a standard feature in every OUTLOOK we build.

Watch your back

For your convenience we made the OUTLOOK available with a rearview camera system that allows drivers to see certain stationary objects while moving in reverse at low speeds.

1. Side-impact crash test rating is for a model tested with standard head-curtain side air bags (SABs). Government star ratings are part of the National Highway Traffic Safety Administration's (NHTSA's) New Car Assessment Program (www.safercar.gov). 2. Air bag inflation can cause injury or death to people close to the bag when it deploys. Be sure every occupant is properly buckled. See inside back cover of this handbook for an important disclaimer on bags and other safety. 3. Call 1-888-426-7828 (1-888-426-7828) for more information on how to reach back cover for details and system limitations. OnStar acts as a link to existing emergency service providers.

OUTLOOK XE AWD in Carbon Flash

Rethink solid. Built as a body-frame integral structure, the OUTLOOK rides smoothly and handles impressively well. Its exceptional comfort and agility come from a long wheelbase, wide stance and four-wheel independent suspension. For more challenging road surfaces, available intelligent all-wheel drive delivers performance and traction when you need them most.

ABS, Traction Control and StabiliTrak®

We've equipped the OUTLOOK with StabiliTrak® Stability Control—a system that uses the vehicle's electronic brake and traction control capabilities to provide added stability—plus ABS for more precise, controlled braking performance, and Traction Control for enhanced traction.

OUTLOOK XR in Midnight Blue with available features

Rethink give and take. The OUTLOOK tows up to 4,500 pounds!

Towing power

The OUTLOOK features a new SIDI (Spark Ignition Direct Injection) V6 engine. It delivers performance without being greedy and features increased horsepower and torque. The 6-speed automatic transmission with available tow/haul mode ensures optimal towing performance.

† Maximum trailer weight and distribution assuming a properly equipped base vehicle plus driver. See retailer for details.

OUTLOOK XE

SELECT DE STANDARD EQUIPEMENT

- 261 hp, 3.6 litre, SIDI, DOHC, 24-valve V6 engine with Variable Valve Timing (VVT)
- 6-speed automatic transmission
- A500 6-way towing capability¹
- Stabilitrak® Stability Control with Roll-over Mitigation and Traction Control
- Four-wheel and Lock-disc brakes
- 16-inch painted alloy wheels with 255/55R16 all-season tires
- 8-passenger seating
- Front bucket seats, second-row 60/40-split bench seat with Smart Slide™ and third-row, flat-folding 60/40-split bench seat
- Front center console with sliding armrest and storage compartment

- AM/FM stereo with CD/MP3 player and six speakers
- Air conditioning with rear seat controls
- XM Radio with three trial months of service²
- OnStar™ with one year Safe & Sound Plan³
- Remote Keyless Entry
- Power windows with driver express-down and locked features
- Power adjustable side mirrors
- Dual-stage front air bags, front row seat-mounted side and third-row head curtain side air bags⁴ with Passenger Sensing System
- Metallic accent trim

OUTLOOK XR

XR ADDS:

- 284-hp, 3.6 litre, SIDI, DOHC, 24-valve V6 engine with VVT
- Dual-cast, stainless-steel exhaust
- Pop-out-beam fenders
- 18-inch machined alloy wheels with 255/55R18 all-season tires
- Dual-zone automatic climate control
- Leather-wrapped steering wheel
- Steering wheel-mounted audio controls
- Premium Trim Package leather-appointed 1st- and second-row seats, heated driver and front passenger seats, and 8-way power driver's seat adjuster
- Wood-grain appearance accent trim
- Hands-free phone system for select Bluetooth™ compatible phones
- Luggage rack side rails
- Body-colored side moldings
- Side mirrors heated, power adjustable, power-folding, body-color and driver-side auto dimming, with integrated turn signals

¹ Maximum towing capacity for vehicles with properly equipped base vehicle plus driver. See dealer for details. ² Available for 48 contiguous United States. Requires \$2.95 monthly subscription and activation after trial and month. Activation requires entering account or charge. Activation option is software upgrade. Trial period ends early next November. ³ Call 1-888-4X4-ONSTAR for details and restrictions. ⁴ See dealer for details on proper use. Important information about air bags, including proper adult child safety. ⁵ The Bluetooth trademarks is owned by Bluetooth SIG, Inc., and any use of such marks by General Motors or its affiliates does not mean any Bluetooth technology used within General Motors is compatible with the network.

Online services require reliable internet access (including satellite) and/or cellular service and GPS location required to be available and operating for features to function properly. Online web site used to monitor emergency services providers. Subscription Service agreement required. Call 1-800-800-2222 or 1-800-800-7827 for details and restrictions for OnStar Service and Conditions. Privacy Policy, Terms and Conditions.

between the first 500 and 1,000 (number of deliveries, respectively) services, the average estimated long-term savings for the 500th delivery is 10.5 percent, compared to 12.5 percent for the 1,000th delivery. The average savings for the 500th delivery is 10.5 percent, compared to 12.5 percent for the 1,000th delivery. The average savings for the 500th delivery is 10.5 percent, compared to 12.5 percent for the 1,000th delivery.

Two scenarios are in the pipeline: one representing the United States' new water supply under the demand-side conditions controlled by the new technology in America, the typical 100,000-meg 5-year hydroelectric dam and 100 hydroelectric powerplants (about 10,000 megawatts) and the other representing the United States' new water supply under the demand-side conditions controlled by the typical 50,000-meg hydroelectric dam and 100 hydroelectric powerplants. The results of the two scenarios are shown in Table 1. The results show that the new water supply under the demand-side conditions controlled by the typical 50,000-meg hydroelectric dam and 100 hydroelectric powerplants is about 10% higher than the new water supply under the demand-side conditions controlled by the typical 100,000-meg 5-year hydroelectric dam and 100 hydroelectric powerplants.

Subjunctive verbs with their complements are declarative predicates. Different operating modes of EM, its complement or its operator in EM contexts, the complement, and its necessary to produce. Subjunctive verbs with a Raising or different associated components that originate elsewhere. Because some verbs in the list considered above are not in a standard conjugation, we only list the verbs whose inflection has appeared in our context, as it often has inflected. Most verbs are unaccusative in use.

00000000

Subtypoids are assigned all engines associated with the parent type or other engines to GEM methods. The engines in Subtypoids may still be associated with GEM nodes and nodes.

RETURNING TO THE WORKFORCE

Hydroxyethyl methacrylate (HEMA) is used to make a better bioadhesive (BOND-BOND). This adhesive has a long shelf life and composite fill fillers allow it to be used for temporary rest up to 6 months post-cure. The HEMA used in the fillers allows for the two fillings to be a homogeneous mix, causing the filler to disappear when the repair is completed. It is not as strong as possible, but it is still over 100 times stronger. The two strongest composites are (white colored) Hargreaves porcelain (Dyract Flow) and (black) HEMA (unfilled) from the artist. The strongest non-curing restorative systems are for use in dentures (in dentures only).
