

1. Brake Assist is designed to help the driver take full advantage of the benefits of ABS. It is not a substitute for safe driving practices. Braking effectiveness also depends on proper brake-system maintenance and tire and road conditions. **2.** Vehicle Stability Control (VSC) is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe driving practices. Factors including speed, road conditions, and driver steering input can affect whether VSC will be effective in preventing a loss of control. Please see your Owner's Manual for further details. **3.** 2012 EPA-MPG estimates. Actual mileage will vary. **4.** Availability and accuracy of the information provided by the Navigation system or any XM services mentioned (if installed) are dependant upon many factors. Use common sense when relying on information provided. Services not available in every city or roadway. Periodic navigation updates available at additional cost. See your Navigation System Owner's Manual or contact XM for details. **5.** Performance of BLU Logic compatible phones will vary based on phone software version, coverage, and your wireless carrier. See www.blulogicupdate.com for more details. **6.** XM services require a subscription after 90-day trial period. Subscriptions governed by XM Customer Agreement available at xmradio.com. If you decide to continue your XM service at the end of your complimentary trial, the plan you choose will automatically renew and bill at then-current rates unless you call 1-800-967-2346 to cancel. Fees and programming subject to change. Available only to those at least 18 years of age in the 48 contiguous United States and D.C. **7.** Certain TRD Sports Parts may be warranted differently than Scion Genuine Accessories. Please consult your Scion Dealer for warranty specifics. **8.** Installation of non-Genuine Scion Parts or Accessories may impact your vehicle's warranty coverage. See your Owner's Warranty Information booklet for details. Certain aftermarket equipment may not be street-legal in all states and may impact your vehicle's performance or safety. **9.** Performance tires are expected to experience greater tire wear than conventional tires. Tire life may be less than 20,000 miles, depending on driving conditions. Consult with your dealer when choosing tires for optional performance wheels. **10.** All accessories offered by Optimize will be covered by the individual manufacturer's warranty, and not the Scion factory warranty. **11.** Do not allow passengers to ride on the fully reclined front seat while driving. This feature is intended for use only when the vehicle is parked. While the vehicle is being driven, all vehicle occupants should have the seatback upright, sit well back in the seat and properly wear the seat belts provided. In the event of a collision, the more the seat is reclined, the greater the risk of death or personal injury. See Owner's Manual for additional information. Standard equipment, options, accessories, and other information is subject to change. **12.** Displays range, fuel consumption, and average speed. **13.** iPod and iPhone are registered trademarks of Apple Inc. iPod and iPhone not included. **14.** The Direct Tire Pressure Monitor System alerts the driver when tire pressure is critically low. For optimal tire wear and performance, tire pressure should be checked regularly with a gauge; do not rely solely on the monitor system. See your Owner's Manual for details. **15.** Active Head Rests can help prevent or limit the extent of whiplash in certain types of rear-end collisions. **16.** All the airbag (AB) systems are Supplemental Restraint Systems. All ABS (if installed) are designed to inflate only under certain conditions and in certain types of severe collisions: frontal and knee ABS typically inflate in frontal collisions; side and side curtain ABS in side collisions; Roll-Sensing Curtain ABS at a severe tilt degree, roll or lateral G-Force. In all other accidents, the ABS will not inflate. To decrease the risk of injury from an inflating AB, always wear seatbelts, sit upright in the middle of the seat as far back as possible and do not lean against the door. Do not put objects in front of an AB or around the seatback. Do not use a rearward-facing child seat in any front passenger seat. The force of an inflating AB may cause serious injury or death. See your Owner's Manual for further information/warnings. **17.** Smart Stop Technology operates only in the event of certain simultaneous brake and gas pedal applications. When engaged, the system will reduce engine power to help the brakes bring the vehicle to a stop. Factors including speed, road conditions and driver input can all impact stopping distance. Smart Stop Technology is not a substitute for safe and attentive driving and does not guarantee instant stopping. Please see your Owner's Manual for further details. **18.** Does not include service required under "special operating conditions." The new Scion can not be part of rental, delivery, taxi or commercial fleet.

LATCH *(Lower Anchors and Tethers for Children)* *(includes Lower Anchors
on Outboard Rear Seats and Tether Anchors on all Rear Seats)*

FINANCING OPTIONS

Toyota Financial Services (TFS) has developed a number of ways to help you get behind the wheel of a new Scion. See below for highlights of some of our programs. For additional financing and lease options, as well as more information on those listed here, please visit www.scion.com and www.scion.com/purelease.

SCION PURE LEASE

With a Scion Pure Lease, you may enjoy lower monthly payments than you would if you were financing the purchase of your vehicle. You also have the flexibility of driving a new vehicle every few years, without having to worry about selling your vehicle at the end of the lease.

RETAIL FINANCE PLAN

If you plan to keep your Scion for awhile and drive more than 15,000 miles a year, the Scion Solutions Retail Finance Plan can be a great choice. With Competitive Annual Percentage Rates and flexible payment options, start clearing out a space in the garage.

SCION MILITARY REBATE PROGRAM

In appreciation of all you do, Scion is offering a special \$1000 rebate to eligible active duty and reserve personnel who finance or lease a new Scion through a Scion dealer and Toyota Financial Services.

COLLEGE GRADUATE FINANCE & REBATE PROGRAMS

Congratulations on graduating from college! To celebrate, if you finance or lease through a participating Scion dealer and TFS we're offering qualified recent grads \$1000 towards the purchase of a new Scion, no money down, no monthly payments for the first 90 days on finance contracts, and complimentary Roadside Assistance for one year. If you would prefer a lease, Scion Solution College Graduate Lease offers \$1000 towards the lease of a new Scion, waived security deposit, and complimentary Roadside Assistance for one year.

iFINANCE PROGRAMS

If you have limited credit history, TFS has a lease program designed for you. Additionally, if you qualify, the Scion Solutions iFinance Lease Program allows you to drive off in a new Scion, without a co-lessee.

GEN-ONE FINANCE PROGRAM

The Scion Solutions Gen-One Finance Program is designed to help buyers with little or no previous credit history.

Don't forget, even if you lack a perfectly clean credit history, you may still qualify for financing if you apply for credit with a qualified co-applciant.

PURE PRICE[®] TAKES THE HAGGLE AND HASSLE OUT OF BUYING A NEW SCION.

THE ADVERTISED PRICE IS THE PRICE YOU PAY. WHEN THE DEALER TELLS YOU HOW MUCH THE CAR COSTS, THAT'S WHAT THE CAR COSTS.

DEALERS HAVE A MENU OF OPTIONS FOR PARTS, ACCESSORIES, FINANCING, AND SERVICE WITH CLEAR PRICING.

SAVES TIME — NO BACK AND FORTH.

YOU KNOW ALL THE PRICING UP FRONT

For more information on Scion's Pure Price[®] Experience, contact your local Scion dealer.
