

Subaru BRZ

Love. It's what makes a Subaru, a Subaru.

The joy of driving **purified.**

Introducing the all-new **2013 Subaru BRZ**

To dial up driving to its most fun, we started with the SUBARU BOXER® engine and a clean slate. We engineered—from the ground up—a pure sports car to bring you a level of involvement and response that will feel completely natural, yet unlike anything you've known before. In every turn and press of the accelerator, you'll feel how we've taken driving and melted away everything but the thrill.

Accolades

“At this point, the BRZ appears to be the car we’ve been waiting for—the inexpensive, rear-drive sprite the industry has somehow managed to avoid making for generations.”

—*CarandDriver.com*, November 2011

“There is no doubt about whether the car does what it was built to do—it handles terrifically, it sounds great especially if you’re a fan of high-revving fours, it’s a solid shifter with either transmission and a pleasant cabin.”

—*Autoblog.com*, December 2011

“Overall, it’s a good dual-character machine that’s fun on the weekends but won’t beat you up during the week.”

—*RoadandTrack.com*, December 2011

Every day should feel
like a track day.

you.

Interior Features

A wealth of standard features set the BRZ apart while keeping you connected. Find destinations easily with a 6.1-inch touchscreen navigation system. Make calls while keeping your phone stowed away with Bluetooth® hands-free calling. Plug in virtually any music player with 3.5mm audio jack, use the USB connection that also incorporates iPod® control¹, or connect wirelessly with Bluetooth® audio streaming. Also, the BRZ is available with the dual-zone automatic climate control system, which automatically keeps you and your front passenger in personalized comfort.

Every thrill amplified.

Lightweight—2,762 Pounds¹

Light cars react more quickly, and a total focus on handling meant keeping the BRZ light on its feet. High-tensile steel makes it not only lighter but stiffer as well. Of course, what weight is left better be balanced. So its rear-drive layout means better front to rear weight distribution.

200-hp Boxer Engine

It's low and stable. Its power delivery—immediate. The BRZ was created to accentuate all of the natural advantages of the SUBARU BOXER® engine. Now with port and direct injection technology that heightens its responsiveness and helps it achieve 34 mpg³, the boxer is even better.

Driver-centric Ergonomics

With design features like a small diameter steering wheel and optimally placed short-throw shifter, your hands will take control of the BRZ with intuitive fluidity. And with sport-design instrumentation, you'll immediately get the information you need most.

Low .28 Coefficient of Drag²

To a sports car, wind is like weight—the more of it you have to move, the more it takes from your ability to perform. Features like a channeled roof and rear diffuser help the BRZ cut through the air, sharpening the performance you'll feel.

Low Center of Gravity

Not only was the engine redesigned to make it even more compact, allowing it to be mounted lower in the chassis, every element of the BRZ was placed as low as possible—from the roofline to the seating position—planting the BRZ more firmly to the ground for otherworldly response.

Performance-design Seats

When you're deep in the corners, you'll be glad the BRZ comes standard with supportive front seats with deep bolsters. It's also available with Alcantara® inserts, which provide extra grip to help keep you in the pocket.

“Pound for horsepower, and dollar for dollar,
this is the purest sports car you can buy in 2012.”

—*Popular Mechanics*, December 2011

“The BRZ is a delightfully fun car; a complete package that combines light
weight and great handling with just enough power to have fun—but not too
much that you can only enjoy it for three seconds at a time.”

—*AUTOMOBILE Magazine*, December 2011

“Expect to see them clogging up track days
all over the country by the end of the summer.”

—*Edmunds' Insideline.com*, December 2011

Not just what you've waited for.
What you've always dreamed of.

BRZ Premium in Dark Gray Metallic.

Which BRZ is yours?

BRZ Premium

- 200-hp direct-injected 2.0-liter 4-cylinder SUBARU BOXER® engine
- Close-ratio 6-speed manual transmission
- Sport-tuned suspension
- Multi-spoke 17-inch aluminum-alloy wheels
- Cloth upholstery
- 8-speaker audio system with integrated touch-screen navigation system
- Manually adjustable air-conditioning system

BRZ Limited

- 200-hp direct-injected 2.0-liter 4-cylinder SUBARU BOXER® engine
- Close-ratio 6-speed manual transmission
- Sport-tuned suspension
- Multi-spoke 17-inch aluminum-alloy wheels
- 8-speaker audio system with integrated touch-screen navigation system
- ▲ Fog lights
- ▲ Trunk spoiler
- ▲ Alcantara® and leather-trimmed upholstery
- ▲ Heated front seats and side mirrors
- ▲ Dual-zone digital climate control
- ▲ Keyless Access & Start
- ▲ Antitheft security system

▲ Additions or differences from preceding trim level.

ENGINE AND DRIVETRAIN		BRZ
Engine	2.0-liter DOHC aluminum-alloy 16-valve 4-cylinder horizontally opposed SUBARU BOXER® engine with Dual Active Valve Control System (DAVCS)	
Power	200 hp @ 7,000 rpm	
Torque	151 lb-ft @ 6,400 rpm	
Compression ratio	12.5:1	
Bore and stroke	86.0 x 86.0 mm	
Fuel system	Direct and port fuel injection	
Transmission	Standard: Close-ratio 6-speed manual	Optional: 6-speed electronic automatic transmission with Sport mode, and manual mode with paddle shifters with rev-matching downshift control

TRACTION AND STABILITY

1 All Subaru vehicles sold by Subaru of America, Inc. are designed and built for normal driving conditions. The Subaru Limited Warranty, as well as the Subaru Added Security program, excludes damage or failure resulting from modifications or participation in competition or racing events. See the Subaru Warranty and Maintenance booklet for further details. 2 With automatic transmission. 2013 EPA fuel economy estimates. Actual mileage may vary. 3 XM Satellite Radio and XM NavTraffic hardware is standard. Activation and monthly subscription sold separately. Includes 4-month trial subscription. See your dealer. 4 The Supplemental Restraint System (SRS) affords the driver and the front passenger additional protection in moderate to severe frontal and side-impact collisions and outboard 2nd-row passengers additional protection in moderate to severe side-impact collisions. This system provides supplemental protection only, and seatbelts must be worn in order to avoid injuries to out-of-position occupants upon airbag deployment and to provide the best combined protection in a serious accident. Children should always be properly restrained in one of the rear seats. See Owner's Manual for recommended seating position. Some images shown are for illustration purposes only. Make your BRZ truly yours.

Car Cover

Helps protect the exterior of your vehicle. Made of lightweight breathable material.

Fuel Door Cover

Adds a touch of flair to the fuel cover door.

Rear Bumper Appliqué

Clear, scratch-resistant vinyl film helps to protect bumper upper surface and leading edge. Includes a discrete pearl-colored Subaru logo.

Rear Diffuser

Lower rear body panel helps to direct air flow and adds a sculpted finishing touch to the BRZ lower rear body line.

Trunk Spoiler

Sleek, low profile design adds just the right amount of attitude to your vehicle. Comes pre-painted and ready to install.

Chrome Fender Trim

Adds a stylish touch of chrome to the fender grille panels.

Fog Light Kit

Casts a low and wide beam of light to help enhance vision in inclement weather.

Auto-dimming Mirror with Compass

Mirror automatically darkens when headlights are detected from behind the vehicle. Features an electronic compass with a red transreflective display that projects the current direction onto the mirror's surface.

Auto-dimming Mirror with Compass and HomeLink®

Mirror automatically darkens when headlights are detected from behind the vehicle. Features an electronic compass with a red transreflective display. Three HomeLink® buttons can be programmed to operate most garage door openers and other HomeLink®-compatible devices.

Sunshade

Foldable sunshade offers a triple layer of protection to help reduce inside vehicle temperatures up to 40 degrees. The sunshade is custom-cut to fit properly, and includes a handy storage bag.

10-inch Powered Subwoofer

Provides powerful deep bass, and also assists in clean sound reproduction from all vehicle speakers. This is achieved by its integrated 100W amplifier and a passive crossover network. Manufactured for Subaru of America by Kicker®.

Cargo Organizer

Conveniently transports your outdoor gear or up to four grocery bags. Quickly collapses for easy storage when not in use.

Drive it for a day. **Love it for life.**

Life moves fast. Don't slow it down with a car you can't trust. At Subaru, we build each of our vehicles with the highest standards of manufacturing, and with designs that are inherently tough and resilient. It's why our vehicles excel in the most rigorous of motorsports, like rally racing. And why 96% of all the vehicles we've built in the last 10 years are still on the road today.¹ It's also why Subaru owners are so likely to stay Subaru owners for years and years. What's more, keeping cars on the road means they stay out of landfills longer. And if we can help make the world a cleaner and greener place while making cars that inspire and motivate their drivers, we've done our job.

Find out more about our efforts to keep it cleaner and greener.
