

It's family.

Life moves fast. Don't slow it down with a car you can't trust. At Subaru, we build each of our vehicles with the highest standards of manufacturing, and with designs that are inherently tough and resilient. It's why our vehicles excel in the extreme rigors of rally racing. And why 94% of all vehicles sold in the last 12 years are still on the road today.¹ It's also why Subaru owners are so likely to stay Subaru owners for years and years. What's more, keeping cars on the road means they stay out of landfills longer. And if we can make the world a cleaner and greener place while making cars that inspire and motivate their drivers, we've done our job.

WRX STI

Love. It's what makes a Subaru, a Subaru.

Unassumingly quick.

Subaru WRX

Street cred wasn't enough. Subaru engineers wanted track-cred. So they stiffened the chassis, revised the suspension, sharpened the steering, and increased the lateral grip. They gave it a new look inside and out, and revitalized it with a new direct-injected, 268-horsepower turbocharged SUBARU BOXER®

engine that sends the power to all four wheels via Subaru Symmetrical AWD and a new 6-speed manual transmission. They also added Vehicle Dynamics Control with Active Torque Vectoring to enhance cornering performance. The result is the best-handling, best-performing WRX ever.

Subaru WRX STI

Built to thrill, the WRX STI delivers an addictive driving euphoria and lures you with a rare dose of unfiltered driving excitement. Despite its track-day looks and competitive soul, the STI has versatility with room to spare. There's an impressive list of features, including Subaru Symmetrical AWD with

Driver Controlled Center Differential (DCCD), a 305-horsepower turbocharged SUBARU BOXER® engine and Brembo® brakes. But the whole is far more than the sum of its parts—this is the best-handling, best-performing STI ever.

It dominates corners.

Because our engineers didn't cut any.

Cornering

The combination of a fully remastered sport-tuned suspension with 20% reduction in body roll and Subaru Symmetrical AWD delivers grace and speed through corner entrances, apexes and exits.

Responsiveness

All-new, 41% more rigid unibody chassis with reinforced suspension mounting points keeps it nimble, while the quicker 14.5:1 steering ratio coupled with Active Torque Vectoring delivers fast and precise cornering response.

Power

The new 268-hp 2.0-liter direct-injection turbocharged SUBARU BOXER® engine features a twin-scroll turbocharger, and is mated to a new 6-speed manual transmission, for readily available torque and horsepower whenever you need it.

Control

The newly available Sport Lineartronic™ Transmission with 6 or 8-speed manual mode and paddle shifters fires off shifts in fractions of a second, rivaling competitor's dual-clutch transmissions.

Performance that demands respect.

Cornering

Fully remastered track-tuned suspension with inverted front struts means you can really push it in the corners with minimal body roll, while Subaru Symmetrical AWD with Driver Controlled Center Differential (DCCD) and both front and rear limited-slip differentials supplies optimal traction for exiting corners with authority.

Responsiveness

All-new, 41% more rigid unibody chassis with reinforced suspension mounting points keeps it nimble, and the ultra-quick 13:1 steering ratio coupled with Active Torque Vectoring delivers near-instantaneous cornering response.

Power

It's a potent, race-proven package—a 305-hp 2.5-liter turbocharged SUBARU BOXER® engine coupled with a precise and durable 6-speed, close ratio transmission and SI-DRIVE for on-the-fly performance adjustments. Invigorating horsepower and addictive torque are always on tap in the thrilling WRX STI.

Composure

On track or on the rally course, how fast you go always depends on your ability to slow down, and the STI can bring its available forged lightweight BBS® wheels to a halt confidently, with its powerful Brembo® performance brake system.

STI

before you turn the key.

“With all-wheel drive, this Subie has an easy balance and neutrality that’s missing in front-drive cars...”

“It’s a great merger of premium small sedan and all-weather sports car, making it an excellent choice for everyday driving, no matter where you live.”

“If you’re an enthusiast looking for a practical rocket ship, your WRX has arrived.”

“...that wave of midrange power slingshots you away like Voyager 2 breaking free of Jupiter’s gravity. Grins are induced as eyeballs struggle to focus forward.”

“The STI has real-deal sports car bite.”

2015 WRX & WRX STI | Trim Levels

WRX

1 Activation and monthly subscription sold separately. Includes 4-month trial subscription. See your retailer.
2 Limited availability. See your retailer.

¹ Requires Sport Lineartronic™ Transmission. ² 2015 EPA fuel economy estimates. Actual mileage may vary. ³ Requires Navigation System. ⁴ Activation and monthly subscription sold separately. Includes 4-month trial subscription. See your retailer. ⁵ Audio and Bluetooth information displayed only on vehicles without optional navigation system. ⁶ The Supplemental Restraint System (SRS) (airbags) affords the driver and the front passenger additional protection in moderate to severe frontal and side-impact collisions and outboard 2nd-row passengers additional protection in moderate to severe side-impact collisions. This system provides supplemental protection only, and seatbelts must be worn in order to avoid injuries to out-of-position occupants upon airbag deployment and to provide the best combined protection in a serious accident. Children should always be properly restrained in one of the rear seats. See Owner's Manual for recommended seating position. ⁷ Harman Kardon speakers and amplifier standard on WRX STI Limited. ⁸ Compatible smartphone and application required. For applications to operate, latest version of each application and optional integrated audio and navigation system unit required. Data provided by smartphone is displayed on navigation screen. Some state laws prohibit the operation of handheld electronic devices while operating a vehicle. Smartphone apps should only be launched when vehicle is safely parked. Your wireless carrier's rates may apply. ⁹ Not available with Sport Lineartronic™ Transmission. ¹⁰ All Subaru vehicles sold by Subaru of America, Inc., are designed and built for normal driving conditions. The Subaru Limited Warranty, as well as the Added Security program, excludes damage or failure resulting from modifications or participation in competition or racing events. See the Subaru Warranty and Maintenance booklet for further details.

2015 WRX & WRX STI | Accessories

Auto-dimming Mirror with HomeLink® Mirror darkens when headlights are detected from behind the vehicle. Includes electronic compass and three integrated HomeLink® buttons which can be programmed to operate most garage-door openers and other HomeLink®-compatible devices.

Rear Cargo Tray. Helps protect cargo area from dirt and spills. Can be easily removed and rinsed clean.

Body Side Moldings. Color-matched moldings help protect the vehicle's doors from parking lot dings while attractively blending with the lines of the car.

Fog Light Kit. Casts a low and wide beam to help enhance vision in inclement weather.

Side Sill Plates. Handsome, metallic-finished panels dress up the sill plate area of the WRX models. Set includes four pieces.

STI Performance Exhaust Systems. These exhaust systems feature smooth mandrel bend construction to help reduce exhaust flow restriction. STI system shown. Also available on all WRX models.

STI Front Underspoiler. STI Front Underspoiler gives the WRX and STI models a mean, ground-hugging attitude.

STI Side Underspoiler. Continue the mean ground-hugging attitude down the rocker panels of the WRX or STI. Kit includes left and right side underspoilers.

STI Rear Quarter Underspoiler. Complete the ground-hugging look to the side of the WRX or STI with the addition of the rear quarter underspoiler. Kit includes both left and right underspoilers.

SPT Carbon Fiber Trunk Trim. Give the WRX and WRX STI that high-tech look with this carbon fiber accent. The trim piece is made from real carbon fiber and has the SPT logo embedded in the clear coat.

10-Inch Powered Subwoofer. The 10-inch powered subwoofer provides powerful deep bass and clean sound reproduction with its integrated 100W amplifier and a passive crossover network. Manufactured for Subaru by Kicker.®

STI Short-throw Shifter. Significantly reduces shift throw lengths for crisper shifts and sportier driving feel. WRX STI Shifter shown. Also available on all WRX 6MT models.
