Love. It's what makes a Subaru, a Subaru.

Built to take you to the place you've never been.

Make every **adventure count.**

The 2015 Subaru Outback

The 2015 Outback helps you seize every free moment with a plethora of standard drop-everything-and-go features. Forget the aftermarket, every Outback comes standard with retractable roof cross bars with tie-downs, so you'll always arrive fully geared up. Also a standard feature, Subaru Symmetrical All-Wheel Drive featuring push-button X-MODE® with Hill Descent Control helps you conquer rougher terrain. When you want to spend more time adventuring and less time preparing, there's no other choice. With the Outback, versatility comes standard.

Efficient

The standard **SUBARU BOXER®** engine gives you up to **33 highway MPG**,¹ making it the most fuel-efficient midsize crossover in America.²

Capable

Subaru Symmetrical All-Wheel Drive comes standard, as does **X-MODE®** with **Hill Descent Control**, and the best ground clearance of any midsize crossover.³ Never fear the road less traveled.

Versatile

With standard **60/40 reclining rear seats**, a surprisingly spacious **108.1 cu. ft. interior**,⁴ and an **available power rear gate**, the Outback is adventure-ready, just pack up and go.

Safe

To alert you of potential trouble and help you avoid it, there are a wealth of available features, including the acclaimed **EyeSight® driver assist technology**,⁵ **Blind-Spot Detection** and **Rear Cross-Traffic Alert**.⁶

Outback 3.6R Limited in Lapis Blue Pearl with accessory equipment.

Ready for anything.

Versatile and Capable

Standard **Subaru Symmetrical All-Wheel Drive** and **8.7 inches** of ground clearance gives the Outback SUV-level capability in a crossover package. It's almost in a class of its own with another standard feature: **X-MODE® with Hill Descent Control**—which provides added control and enhanced confidence over rougher terrain at the push of a button. And you'll always arrive fully geared up, thanks to standard **retractable roof cross bars** and tie-downs, **108.1 cubic feet** of interior volume¹, **60/40 folding rear seats**, and an available **power rear gate** with height memory.

Powerful

Whether you go with the **33 MPG² 2.5-liter SUBARU BOXER®** engine, or the smooth and powerful **256-horsepower 3.6R**, you better get used to crossing items off your “wildest adventures” list.

Power Rear Gate

One-touch Folding Rear Seats

savor the journey.

The most luxurious Outback yet.

¹ EyeSight is a driver assist technology which may not operate optimally under all driving conditions. The driver is always responsible for safe and attentive driving. System effectiveness depends on many factors such as vehicle maintenance, weather and road conditions. See Owner's Manual for complete details on system operations and limitations. Please remember to turn off EyeSight when going through a carwash. Available on select models beginning Fall 2014.

² Compatible smartphone and applications required. For applications to operate, latest version of each application is required. Data provided by smartphone is displayed on the audio system screen. Some state laws prohibit the operation of handheld electronic devices while operating a vehicle. Smartphone apps should only be launched when vehicle is safely parked. Your wireless carrier's rates may apply.

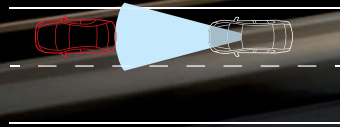

gives peace of mind to every drive.

Pre-Collision Braking

A driver ahead unexpectedly hits the brakes or cuts you off. EyeSight[®] warns you, applies the brakes to help avoid it, and at lower speeds can even help you stop your Subaru.

Adaptive Cruise Control

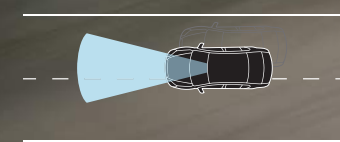

Traffic doesn't always flow, so EyeSight[®] doesn't only keep a set speed. The system looks ahead and helps the Subaru automatically adjust to keep your distance, even in stop-and-go highway traffic.

Pre-Collision Throttle Management

If you put the car in Drive instead of Reverse and EyeSight[®] sees an object in your path, it cuts power to help you avoid accelerating into it.

Lane Departure and Sway Warning

You accidentally drift to the edge of your lane and begin to cross into another. EyeSight[®] watches for lane markers and chimes to warn you before you leave your lane.

Subaru does best.

Enhanced Safety Features

With more IIHS Top Safety Picks than any other brand, we found ways to make the 2015 Outback even better at protecting what's inside. It offers standard features like a Rear-Vision Camera and eight airbags, including new front-seat cushion airbags that help keep occupants in place in the event of a crash.¹ AWD capability means you'll have control, even in unfavorable weather, and your ability to avoid accidents is enhanced by Vehicle Dynamics Control with Active Torque Vectoring. There are also new available features like Blind-Spot Detection with Lane Change Assist and Rear Cross-Traffic Alert.²

- ○ — □ Available retailer-installed accessory

1 2015 Outback 2.5i models achieving a Partial Zero Emission Vehicle (PZEV) rating by the California Air Resources Board are available in all 50 states. Only those registered in California, Connecticut, Maine, Maryland, Massachusetts, New Jersey, New York, Rhode Island and Vermont will be eligible for the 15 years/150,000 mile emission warranty. Delaware, Oregon, Pennsylvania and Washington vehicles are not covered under PZEV emissions control warranty. See your warranty maintenance booklet for additional information. 2 2015 EPA fuel economy estimates. Actual mileage may vary. 3 Requires optional Blind-Spot Detection with Lane Change Assist and Rear Cross-Traffic Alert. 4 Available only with other features. See Optional Equipment listing. 5 Compatible smartphone and applications required. For applications to operate, latest version of each application is required. Data provided by smartphone is displayed on the audio system screen. Some state laws prohibit the operation of handheld electronic devices while operating a vehicle. Smartphone apps should only be launched when vehicle is safely parked. Your wireless carrier's rates may apply. 6 Activation and required monthly subscription sold separately. Includes 4-month trial subscription. See your retailer. 7 EyeSight is a driver assist system which may not operate optimally under all driving conditions. The driver is always responsible for safe and attentive driving. System effectiveness depends on many factors such as vehicle maintenance, weather and road conditions. Pre-Collision Braking System is designed to provide automatic braking that either prevents a collision or reduces the severity of a frontal impacts. Pre-Collision Throttle Management is designed to reduce acceleration and minimize the severity of certain frontal impacts. Adaptive Cruise Control and Brake Light Recognition are designed to assist the driver and are not substitutes for safe and attentive driving. The Lane Departure and Sway Warning operates only when the lane markings are visible and its effectiveness depends on many factors. See Owner's Manual for complete details on system operation and limitations. Please remember to turn off EyeSight when going through a carwash. Available on select models beginning Fall 2014. 8 Blind-Spot Detection, Lane Change Assist and Rear Cross-Traffic Alert are systems designed to assist the driver by monitoring the rear and side areas of the vehicle during a lane change or reversing and are not a substitute for safe and attentive driving. 9 The Supplemental Restraint System (SRS) (airbags) affords the driver and the front passenger additional protection in moderate to severe frontal and side-impact collisions and outboard 2nd-row passengers additional protection in moderate to severe side-impact collisions. This system provides supplemental protection only, and seatbelts must be worn in order to avoid injuries to out-of-position occupants upon airbag deployment and to provide the best combined protection in a serious accident. Children should always be properly restrained in one of the rear seats. See Owner's Manual for recommended seating position.

All-weather Floor Mats. Custom-fitted, heavy-gauge protective mats. Help protect vehicle's carpet from sand, dirt and moisture. Not intended for use on top of carpeted floor mats.

Trailer Hitch. Heavy-duty rated at up to 3,000 lbs towing capacity and 200 lbs tongue weight. Hitch ball not included. Trailer brakes may be needed. 2.5i: 2,700 lbs; 3.6R: 3,000 lbs.

Wheel Arch Molding Kit. Black textured moldings help protect the wheel arch areas, while adding a rugged, yet classy look. The wheel arch moldings look great with the addition of the accessory Splash Guards.

Auto-dimming Mirror with Compass and HomeLink®. Darkens when headlights are detected from behind the vehicle. Includes a compass and three integrated HomeLink® buttons that are programmable for most garage-door openers and other HomeLink®-compatible devices.

Compartment Separator. Helps to separate cargo from the passenger area.

Rear Bumper Cover. Helps protect the upper surface of painted rear bumper from scratches and dings.

Splash Guards. Help protect the vehicle's paint finish from stones and road grime.

Remote Engine Starter. Allows vehicle to be started by pushing a button from the convenience of home or office (up to 400 feet away depending on obstructions) so that the vehicle interior is more comfortable upon entry. The start/stop button blinks to confirm the engine has started. A/T only.

Rear Seatback Protectors. Provide additional protection to the rear seatbacks when lowering the seats to transport larger cargo. Use in conjunction with the Rear Cargo Tray.

Body Side Moldings. Attractive color-matched moldings coordinate with the styling of the vehicle, while helping to protect doors from unsightly dings.

Side Window Deflectors. Let the fresh air in while helping to keep the weather out. Deflector design includes integrated chrome insert to match window frame trim. Side Window Deflectors may not be legal in all states. Please check the laws of your state.

Remote Engine Starter—Smart Engine Start. Allows the vehicle to be started at the push of a button from outside the vehicle. Preset the heating or air conditioner controls to help bring the interior temperature to a more comfortable level prior to entry. Smart Engine Start works in conjunction with the Keyless Access with Push-button Start system. Operating distance is up to 75 feet depending on vehicle obstructions. A/T only.
