The 2015 XV Crosstrek

There are efficient vehicles. There are capable vehicles. The XV Crosstrek is that rare combination of both, sporting 8.7 inches of ground clearance, Subaru Symmetrical All-Wheel Drive, and 34 highway MPG efficiency¹. Factor in the durability that Subaru is known for—95% of vehicles sold in the last 10 years are still on the road today²—and it's clear, the XV Crosstrek was destined to go out and play.

Super Capable

The XV Crosstrek promotes random acts of fun with the ability to roam farther. Its capability starts at the core—the SUBARU BOXER® engine sends power to all four wheels via Subaru Symmetrical All-Wheel Drive, achieving up to 34 highway MPG¹ in the process. Coupled with 8.7 inches of ground clearance, the XV Crosstrek craves remote destinations and ambitious plans.

Fuel Frugal

Whether you choose the XV Crosstrek 2.0i or the XV Crosstrek Hybrid you'll enjoy exceptional efficiency without having to sacrifice driving enjoyment and capability. The XV Crosstrek Hybrid achieves an impressive 30 MPG city, 34 MPG highway, and 31 combined MPG³ from its hybrid electric drive-assisted SUBARU BOXER® engine. The 2.0i is also very efficient, with a driving range of over 500 miles.⁴

Fun Technology

Escape it all, but stay connected. The XV Crosstrek now comes standard with SUBARU STARLINK™ in-vehicle technology, featuring the choice of either a 6.2- or 7-inch touchscreen, and easy access to apps like Pandora®, iHeartRadio® and Aha™⁵, keeping you in the loop with news, weather, podcasts, audiobooks, and more. Additionally, every XV Crosstrek features Bluetooth® streaming and HD Radio® with iTunes® tagging capability.

Stellar Safety

With a NHTSA 5-Star overall vehicle score,⁶ the 2015 XV Crosstrek protects with seven airbags,⁷ a rollover sensor, VDC electronic stability control and a Ring-shaped Reinforcement Frame—and now offers EyeSight® Driver Assist Technology⁸ and a standard Rear-Vision Camera for exceptional awareness and peace of mind on the road.

Room to Play

every time you drive.

Pre-Collision Braking

A driver ahead unexpectedly hits the brakes or cuts you off. EyeSight®¹ warns you, applies the brakes, and at lower speeds, can even help you stop your Subaru.

Pre-Collision Throttle Management

If you put the car in Drive instead of Reverse and EyeSight® sees an object in your path, it cuts power to help you avoid accelerating into it.

Adaptive Cruise Control

Traffic doesn't always flow, so EyeSight® doesn't only keep a set speed. The system looks ahead and helps the Subaru automatically adjust to keep your distance, even in stop-and-go highway traffic.

Lane Departure and Sway Warning

You accidentally drift to the edge of your lane and begin to cross into another. EyeSight® watches for lane markers and chimes to warn you before you leave your lane.

with less impact.
