

Subaru Life

Love. It's what makes a Subaru, a Subaru.

SUBARU

Confidence in Motion

There's no telling where life will take you, but it's reassuring to know you can count on your Subaru to be there. Named the 2016 Most Trusted Brand* by Kelley Blue Book's KBB.com, you can be confident every Subaru is built for the long haul, and with Subaru Symmetrical All-Wheel Drive, you know it's up for the challenge. Plus, you'll have the peace of mind that our award-winning safety features and technologies provide. So go ahead. Live the life you love. It's why we hear again and again, "I love my Subaru."

*2016 Kelley Blue Book Brand Image Awards are based on the Brand Watch™ study from Kelley Blue Book Strategic Insights. Award calculated among non-luxury shoppers. For more information, visit www.kbb.com. Kelley Blue Book is a registered trademark of Kelley Blue Book Co., Inc.

Our Passions

The Subaru Love Promise

We believe in making the world a better place. That's why we build fuel-efficient vehicles in eco-friendly plants. That's why over the past 20 years, we've donated more than 120 million dollars to causes we all care about and our employees have logged more than 28,000 volunteer hours.

The Subaru Love Promise is our vision of doing right by our communities, our customers and our co-workers. This is our promise to continue making a positive impact in the world.

subaru.com/love-promise

Loving the environment means more than loving the great outdoors. It means working to preserve it. Hoping to have the greatest impact we can, we've combined our efforts with essential partners like the National Wildlife Federation.

We should all have a chance to lead a healthy life. We're aiming to give as many people that chance as we can. Subaru and our retailers have donated over 30,000 blankets and thousands of messages of hope, written by Subaru customers, to patients across the country.

Caring about the planet means caring about the people on it. Subaru proudly supports organizations that do good for people who could use a little hope. And, in conjunction with our retailers, we've helped deliver nearly 1.44 million meals.

It's our goal to make the pursuit of knowledge available to as many minds as possible. That's why we support the American Association for the Advancement of Science and many local scholarship and learning programs.

At Subaru, it is our goal to keep all animals safe and healthy. That's why Subaru is proud to partner with organizations that provide animals with the care and support they need.

Zero-Landfill Initiative

To help preserve our national treasures, we started the Zero-Landfill Initiative, a collaboration between the National Parks Conservation Association and Subaru. Several of our current partners, including Powdr, Libtech and Nordica have signed the #DontFeedTheLandfills pledge. Leave No Trace, another of our important partners, has been actively spreading the conservation message through responsible recreation workshops led by traveling trainers.

subaru.com/environment

Doing our part

The Subaru automotive plant in Indiana was the first auto plant to be designated a Backyard Wildlife Habitat by the National Wildlife Federation (NWF). Subaru is proud to partner with organizations who are passionate about protecting the environment for future generations. Through the Subaru Loves the Earth initiative, together with the NWF, Subaru and our retailers built 377 wildlife habitats at retailers across the country and helped save 400,000 butterflies by distributing 100,000 milkweed seed packets.

SUBARU
Loves the Earth

SUBARU
Loves to Care

Joining the fight

Warmth and hope—the inspiration behind our partnership with The Leukemia & Lymphoma Society (LLS). This campaign inspired communities to come together and make a real impact. Across the country, 54 LLS chapters worked alongside 393 participating Subaru retailers to deliver 30,000 blankets to patients undergoing cancer treatment at nearly 250 hospitals and treatment centers nationwide. This inspired our retailers to take it a step further and host other events such as monthly bike building for children fighting cancer. We're just getting started.

SUBARU
Loves to Help

Lending a hand

In an effort to eliminate hunger and boost hope, we support organizations that help neighbors and community members in need. Over the past eight years, Subaru and our retailers have helped deliver nearly 1.44 million meals to seniors, local food banks nationwide and several other community organizations.

Investing in our future

Subaru aims to improve educational experiences for young learners. In partnering with the American Association for the Advancement of Science (AAAS) and AdoptAClassroom.org, over 50,000 students in need will get the school supplies and science books they need to succeed.

Healthy and strong

Through the Subaru Loves Pets initiative each October, we are proud to partner with local animal organizations across the country. Together with our retailers, we supply local animal organizations with basic pet supplies that help keep animals happy, healthy, and ready for their forever homes. Retailers are encouraged to help raise awareness and support around pet adoption in their area.

SUBARU **share the love**[®] EVENT

The Subaru Share the Love Event has been helping those in need since 2008. Each year, for every new Subaru vehicle sold or leased during the event, we donated \$250 to the customer's choice of participating charities. This year, we supported ASPCA[®], Make-A-Wish, Meals On Wheels America[®], National Park Foundation and over 660 hometown charities selected by local Subaru retailers.

Subaru of America and its participating retailers have donated nearly \$70 million dollars to national and local charities across the country. In fact, from 2013–2015 alone, 1,339 Share the Love hometown charities benefited from this event.

These donations have helped charities serve thousands of people, communities and animals in the areas of health/medical, animal welfare, community service, food banks, education, environment, abuse support, disaster relief, senior care, and the military. We're thrilled this event has been able to help so many causes that we, and our owners, care very much about.

It's Inside Subaru.

The Subaru lifestyle embraces the spirit of being outdoors. Through events and partnerships, we share our passion for being outside with as many as we can. Here are just a few of the events and partnerships we have in the works.

See you there!

Victory claimed.

Subaru Tecnica International

Whether it's the 24 Hours of Nürburgring, Rally America National Championship, the Isle of Man TT or Red Bull Global Rallycross, there is no more punishing—and exciting—way to prove our engineering than racing. Subaru Tecnica International Inc. (STI) is the Performance Division of Subaru in charge of all things motorsports. Together with Vermont SportsCar, they empower drivers to win with confidence and outstanding performance—drivers like David Higgins, who has claimed the last six consecutive Rally America Championship titles behind the wheel of the WRX STI.

For the latest rally news,

Trust earned, mile after mile.

Owners like Terry Prine see a lot of value in a car they can trust. Since 96% of Subaru vehicles sold in the last 10 years are still on the road today, we're pleased to have met many just like him. Terry remembers the day he brought his new 2003 Subaru Forester home, and all the great moments he's had with it by his side. He loves his Forester so much that he even plans on handing it down to his son Miles (that's really his name).

A memory in every mile.

000475

Going on tour with my band in '03, the Forester was my bus. I was able to load in all of my buddies and gear and still had room to pick things up on the way. An amazing time.

038000

Packing up the family and taking our first road trip. I tried never to take the same road twice, and the kids loved it. They especially enjoyed seeing all the different landscapes through the big windows and giant moonroof.

102000

The joy of having two healthy kids is only surpassed by having our third. With a growing family, I know that they're always safe in my Subaru, and that one day, my son Miles will get the Forester to make his own memories.

135500

In search of California's state fish, the golden trout, the kids and I car-camped with friends near Mono Pass and day-hiked into this incredible string of lakes known as Little Lakes Valley. We caught 25 fish within 3 hours. Rainbows, brookies and yes, the elusive golden trout! The kids were in heaven.

152000

Kids keep growing and the Forester keeps going! I'm about a year from giving it to Miles and can't wait to see where he'll take it.

every time you drive.

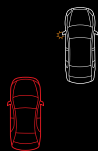

The most important thing a Subaru can do is protect the people in it. We're always looking for better ways to do it and that is why the 2017 Outback, Legacy, Forester, Impreza, Crosstrek and WRX are all available with our innovative driver assist technology, Subaru EyeSight®. Like a second pair of eyes for the road ahead, EyeSight® warns you when there's potential danger and can even apply brakes to help you avoid it. It's added comfort and peace of mind you can count on in your daily drive.

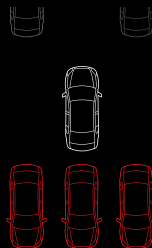

For more on EyeSight®,
visit subaru.com/eyesight

SUBARU
STARLINK
YOUR SUBARU CONNECTED

on very little.

MPG + AWD

Capable and fuel-efficient, Subaru vehicles are proof that you can have fun and get great mpg, too. Just look at the 2017 Outback, the most fuel-efficient vehicle in its class,⁷ plus most models achieve 30 mpg or more.⁸ With standard Subaru Symmetrical All-Wheel Drive on most models, you can go just about anywhere you care to in rain, snow and even rocky terrain. Now more than ever, Subaru vehicles help you do more with less impact on your wallet.

Subaru Symmetrical All-Wheel Drive

It's almost an unfair advantage. With Subaru Symmetrical All-Wheel Drive, you can count on having more traction and control than just about anyone else on the road, in all conditions. That's because it's no ordinary all-wheel drive system, and Subaru has been perfecting it for decades.

All-weather Conditions

Traction and stability keep you connected to the road in most conditions.

Accident Avoidance

Being more responsive to the unexpected takes natural agility.

Spirited Handling

Dynamic steering and intuitive control comes from a near-perfect side-to-side symmetry.

SUBARU BOXER® Engine

There's a lot more to the SUBARU BOXER® engine than just great performance and high fuel efficiency. Its unique design gives every Subaru a low center of gravity and many other benefits that you may not know about.

Horizontally Opposed Design

Smoother Operation

Durable Construction

Increased Reliability

Lower Center of Gravity

Greater Handling Agility

This brochure was printed with vegetable-based inks and produced using a "Green Printing Process." The Forest Stewardship Council® (FSC®) is an international organization that brings people together to find solutions which promote responsible stewardship of the world's forests and environments.

By producing these brochures in a green way rather than by traditional methods, we saved 50 trees preserved for the future; 23,385 gallons of wastewater flow saved; 1,565 lbs solid waste not generated; 4,312 lbs net greenhouse gases prevented; 23,000,000 BTUs energy not consumed. Calculations provided by Environmental Paper Network. FSC® is not responsible for any calculations on saving resources by choosing this paper.

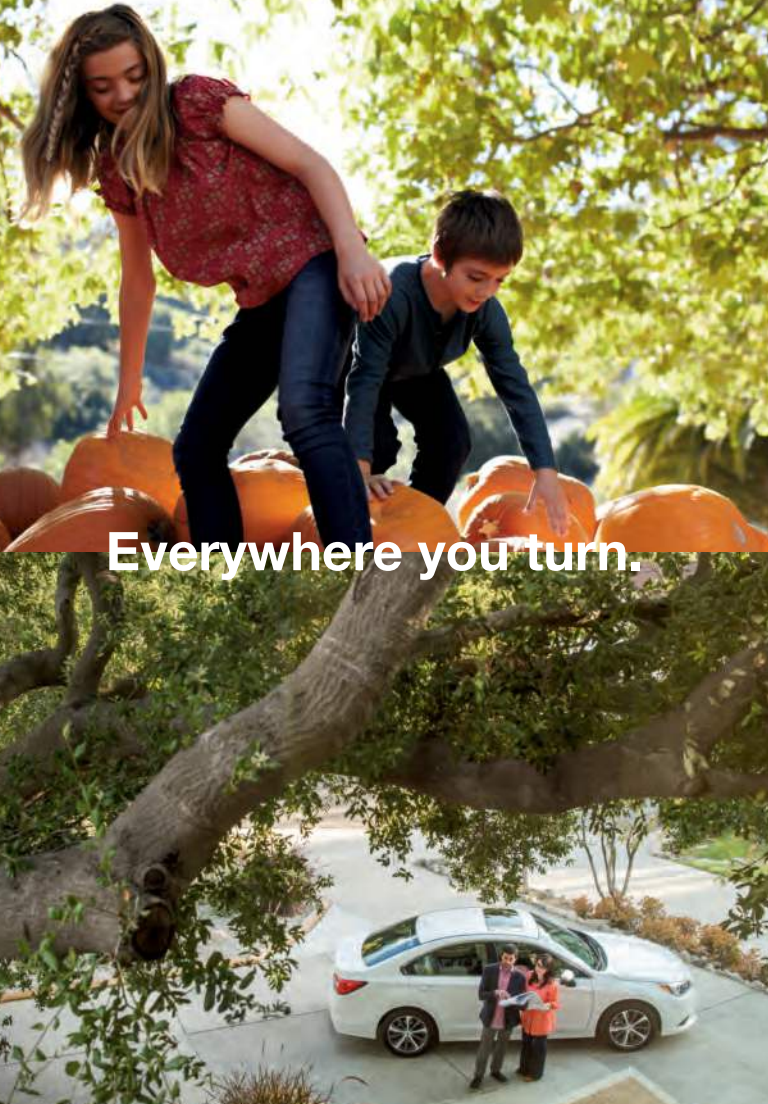

1. Based on IHS Markit U.S. VIO Total Registrations MY2006–December 2015. 2. EyeSight is a driver assist technology, which may not operate optimally under all driving conditions. The driver is always responsible for safe and attentive driving. System effectiveness depends on many factors such as vehicle maintenance, weather and road conditions. See Owner's Manual for complete details on system operation and limitations. Please remember to turn off EyeSight when going through a carwash. 3. The Reverse Automatic Braking system is not a substitute for safe and attentive driving. System effectiveness depends on many factors, such as vehicle maintenance, weather and road conditions. Always exercise caution and use vehicle mirrors and the Rear-Vision Camera when backing up. See Owner's Manual for complete details on system operation and limitations. 4. Availability varies by vehicle and trim level. See your retailer. 5. Blind-Spot Detection, Lane Change Assist and Rear Cross-Traffic Alert are systems designed to assist the driver by monitoring the rear and side areas of the vehicle during a lane change or reversing and are not a substitute for safe and attentive driving. 6. Activation and required subscription sold separately. Includes one-year Safety Plus trial subscription. Safety Plus & Security Plus subscription available at additional cost. See your retailer for details. 7. Based on EPA-estimated highway fuel economy for MY2016 vehicles within the Non-Luxury Midsize CUV segment. Segment definition supplied by IHS Automotive. 8. Based on EPA-estimated highway fuel economy for 2017 Legacy, Outback and Forester 2.5i models, Impreza and Crosstrek models, and BRZ models equipped with automatic transmission. Actual mileage may vary. 9. EPA-estimated fuel economy for 2017 Subaru Outback 2.5i CVT models at 32 highway MPG. Actual mileage may vary. Visit fuelconomy.gov for more information. 10. Compatible smartphone and free applications required. For applications to operate, latest version of each application is required. Data provided by smartphone is displayed on the audio system screen. Some state laws prohibit the operation of handheld electronic devices while operating a vehicle. Smartphone apps should only be launched when vehicle is safely parked. Your wireless carrier's rates may apply. 11. Activation and required monthly subscription sold separately. Includes 4-month trial subscription. See your retailer. 12. EPA-estimated fuel economy for 2017 Forester 2.5i CVT at 32 highway MPG. Actual mileage may vary. Visit fuelconomy.gov for more information. 13. Based on IHS Markit U.S. total new light vehicle registrations in the model years 2005 through 2015 (through December 2015) in the Non-Luxury Traditional Midsize Sedan segment for models that have been on the U.S. market for the entire ten-year time period. 14. EPA-estimated fuel economy for 2017 Subaru Legacy 2.5i at 34 highway MPG. Actual mileage may vary. Visit fuelconomy.gov for more information. 15. EPA-estimated fuel economy for 2017 Subaru Crosstrek 2.0i CVT models at 33 highway MPG. Actual mileage may vary. Visit fuelconomy.gov for more information. 16. Manual transmission models only.

Genuine Subaru Accessories

To be certain Genuine Subaru Accessories perform and last throughout the life of your vehicle, each accessory is run through several rigorous tests. To add further assurance, Thule® Genuine Subaru Accessories also carry a limited lifetime warranty, while others come with the same 3-year warranty as your Subaru. Most are custom-designed to ensure the best fit and function as well. Rest assured, you can count on these accessories to be with you for the long haul.

2017 BRZ

There are sports cars with rear-wheel drive. There are also sports cars with responsive steering, a few with nimble handling, and some that are lightweight. Only the BRZ has all of these characteristics—and more. And with the supremely low and balanced SUBARU BOXER® engine, its handling is simply divine. This is how sports cars should be built—and how driving should feel.
