

2019
SUBARU **Ascent**

Presenting the all-new 3-row Subaru Ascent. Love is now bigger than ever.

Presenting the all-new Ascent.™

Discover family adventure in three rows.

With spacious, flexible seating for seven or eight, the Ascent is simply our biggest, most versatile SUV ever. But it's a Subaru at its core. This means every Ascent is equipped with the proven capability of Subaru Symmetrical All-Wheel Drive. Plus, it's the first Subaru vehicle to include EyeSight® Driver Assist Technology as a standard feature.¹ And just like your family, the Ascent was built to endure. 98% of Subaru vehicles sold in the last 10 years are still on the road today.²

Ascent Limited in Crystal White Pearl.

Ascent Touring in Abyss Blue Pearl.

Ascent Limited in Crystal White Pearl.

Ascent Touring standard captain's chairs in Java Brown Leather.

Ascent Limited bench seating in Warm Ivory Leather with optional equipment.

That front-row feeling in every row.

Space for seven or eight

The Ascent offers our roomiest interior yet, with 153.5 cubic feet of passenger space³ in three rows, plus two second-row seating options. Select second-row captain's chairs⁴ to offer room for seven and increased access to the third row. Or, opt for second-row bench seating to make room for eight. Either way, your third-row passengers can easily hop in back through the wide rear door openings.

Comfort for all

Up front, heated and ventilated seats enhance personal comfort⁵; while the cabin-view mirror lets you keep tabs on what's happening in back. With three climate control zones, air vents in each row and heated second-row seats,⁴ comfort is tailored to the needs of all.

Ascent Limited with Warm Ivory Leather and optional equipment.

When in doubt, **bring it anyway.**

Cargo needs, met

The Ascent meets big needs with a vast interior, the largest you'll find in a Subaru. You can gear up for any adventure with standard raised roof rails and up to 86.5 cubic feet of cargo space.³ And with a power rear gate,⁴ you can easily load up at the touch of a button.

Flexible to family

The most versatile Subaru ever, the Ascent has up to nine unique seating configurations and two rows of 60/40-split flat-folding seats. You'll even find versatility in the details—like the 19 cup and bottle holders throughout.

Ascent Touring in Abyss Blue Pearl with accessory equipment.

An extra set of eyes. Now standard.

The Ascent is the first Subaru to include EyeSight® Driver Assist Technology as a standard feature on all models.¹

With advanced technologies, EyeSight® watches ahead and can even intervene if necessary.

Pre-Collision Braking

- Can help slow and bring your Ascent to a full stop if necessary.

Adaptive Cruise Control

- Adjusts speed automatically to help maintain a safe following distance.

Lane Departure and Sway Warning with Lane Keep Assist

- Can alert you if you begin to drift, and can help steer you back into your lane if needed.

Pre-Collision Throttle Management

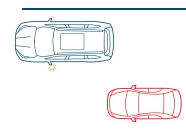

- Can reduce your engine power to help give you more time to react.

The new EyeSight® Assist Monitor

- Flashes alerts onto your windshield without distracting from your view of the road.

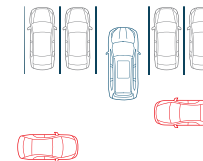

360 degrees of protection

All-around safety starts with a solid core. The Ascent is well-built in the U.S.A., rides atop the stronger, stiffer Subaru Global Platform that features our proven Ring-shaped Reinforcement Frame and has seven standard airbags to help keep you protected during a collision.⁶

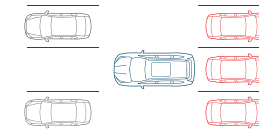

Blind-Spot Detection^{4,7}

- Senses a vehicle in your blind spot.
- Warns you with a visual indicator in your side mirrors.

Rear Cross-Traffic Alert^{4,7}

- Senses traffic approaching as you're backing up.
- Alerts you via an audible warning and a flashing visual indicator in your side mirrors and Rear-Vision Camera display.

Reverse Automatic Braking^{4,8}

- Detects objects directly behind your vehicle.
- Helps bring your Ascent to a stop.

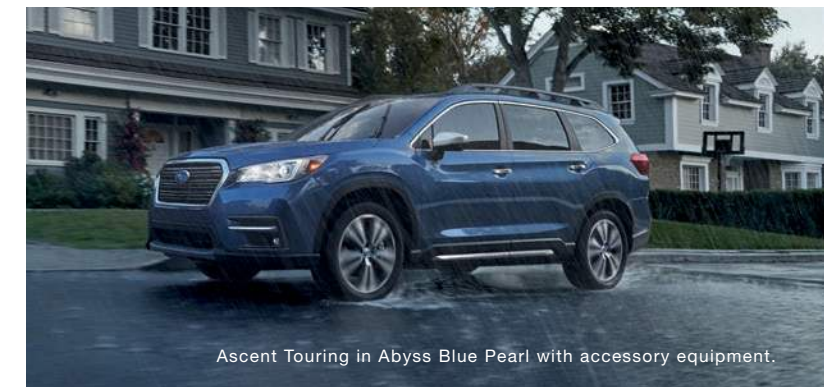

SUBARU STARLINK™ Safety and Security^{4,9}

- All-new Remote Engine Start with Climate Control, accessible via your smartphone, ensures your Ascent is ready and comfortable.
- Automatic Collision Notification can immediately send first responders when an airbag deploys.
- Stolen Vehicle Recovery can help police locate your vehicle if it's stolen.
- The new Concierge service can even assist with tasks like navigation and scheduling service appointments.

Added visibility

For greater peace of mind, newly added safety features like a Smart Rear-view Mirror⁵ and 180-degree front-view camera⁵ enhance driver visibility. There are also LED Steering Responsive Headlights (SRH)⁴, which help you see around corners, as well as High Beam Assist (HBA)⁴, which can automatically dim and activate your high beams.

Ascent Touring in Abyss Blue Pearl with accessory equipment.

Welcome to your new family hotspot.

Connected in every seat

Bring aboard all your devices and entertainment needs. The Ascent is ready, thanks to available built-in Wi-Fi capability^{4,10} and up to eight USB ports.^{4,11}

Personalized experiences

Connect to all your music and apps through SUBARU STARLINK™ Multimedia, with standard Apple CarPlay™ and Android™ Auto integration¹²—all easily accessed on either a 6.5- or 8.0-inch touchscreen.⁴

Listening enjoyment

Give your playlist the treatment it deserves with the Harman Kardon® 14-speaker premium audio system⁴—it'll beam through with clarity.

Ascent Touring with Java Brown Leather.

Ascent Limited with Warm Ivory Leather and optional panoramic moonroof.

Bright ideas everywhere you look.

Features that go beyond

Breathe in more fresh air from the largest panoramic moonroof⁴ ever in a Subaru. See better and drive safer with the new 180-degree front-view camera.⁵ And with easily accessible rear-seat climate controls, your passengers can dial in their own custom comfort.⁴

Thoughtfully designed storage solutions

Wherever you sit, you'll find space for what you're bringing, like the generous amount of storage in the center console or the many places to stow your devices or other electronics. We also gave the Ascent plenty of under-floor storage for all those "just in case" items.

Ascent Limited in Crystal White Pearl with optional and accessory equipment.

Bring every toy. Your kids can bring theirs, too.

Subaru capability

The Ascent is ready for those bigger adventures whenever you are, with up to 5,000 pounds of towing capacity¹³ and the legendary Subaru Symmetrical All-Wheel Drive system. Add in the all-new 260-hp Direct Injection Turbocharged SUBARU BOXER® engine, and the Ascent will make the job look easy.

Everywhere and anywhere

When the going gets tough, you'll have 8.7 inches of ground clearance and standard X-MODE® with Hill Descent Control. And to maximize every mile of your adventure, the Ascent gets up to 27 highway MPG, which means it can cruise over 500 miles on a single tank.¹⁴

There are many 3-row SUVs.
Only one is a Subaru.
