

2019

LEGACY

Legacy. It's not just a sedan. It's a Subaru.

Choose where your road leads.

With ease and confidence, you're free to define your own destinations in the 2019 Legacy. From its advanced safety technologies to its well-appointed interior, peace of mind and enjoyment are always along for the ride. It's why 96% of Subaru Legacy vehicles sold in the last 10 years are still on the road today.¹

It's not just a sedan. It's a Subaru.

Safe

Every Legacy now includes EyeSight[®] Driver Assist Technology² as a standard feature. And with available active safety technologies, including Rear Cross-Traffic Alert³ and Blind-Spot Detection,³ the Legacy can help alert you to the dangers you don't always see coming. Plus available SUBARU STARLINK[™] Safety and Security can connect you to help when you need it most.⁴

Efficient

The Legacy gets an excellent 34 highway MPG⁵ and is as capable as ever with standard Subaru Symmetrical All-Wheel Drive. Its Lineartronic[®] CVT also helps maximize efficiency from the SUBARU BOXER[®] engine.

Engaging

With Subaru Symmetrical All-Wheel Drive, your ride feels confident, controlled and downright engaging. Active Torque Vectoring delivers sharper handling. Precision-tuned steering and suspension make for an especially responsive ride. For more power, opt for the Legacy 3.6R with its 256-hp 6-cylinder SUBARU BOXER[®] engine.

Connected

The Legacy makes it easy to bring along your music and apps. To keep you connected, SUBARU STARLINK[™] Multimedia features standard Apple CarPlay[™] and Android[™] Auto integration. And the available 8-inch touchscreen helps provide easier access to all your favorite content.

Legacy 3.6R Limited in Crimson Red Pearl with optional equipment.

Legacy 2.5i Sport

Distinction is in the details of the 2019 Legacy 2.5i Sport. You'll find exclusive features like 18-inch alloy wheels, a sport grille and satin chrome mirror caps with integrated turn signals. Its sophisticated cabin includes blue accent stitching over Two-Tone Gray cloth and carbon fiber-patterned touches throughout, along with Keyless Access with Push-Button Start. And with the reassurance of standard Blind-Spot Detection with Lane Change Assist and Rear Cross-Traffic Alert,¹ you can rest a bit easier as you break away from the ordinary.

1 Blind-Spot Detection, Lane Change Assist and Rear Cross-Traffic Alert are systems designed to assist the driver by monitoring the rear and side areas of the vehicle during a lane change or reversing and are not a substitute for safe and attentive driving.

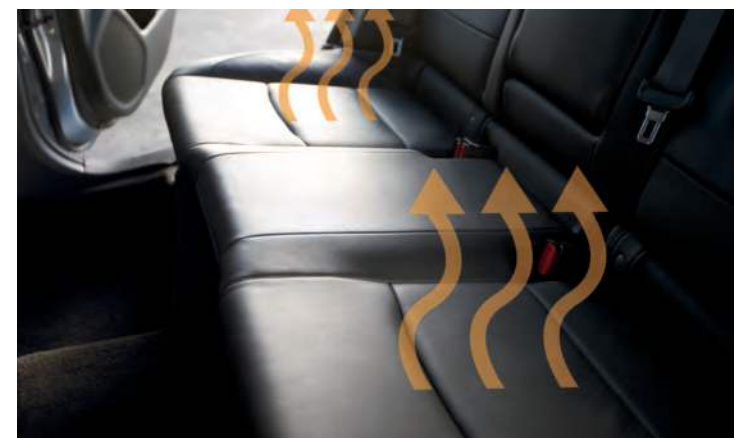

Try a new route.

Control starts from within.

Refined Interior

From rich materials to advanced technology, the inviting interior of the 2019 Legacy keeps you and your passengers comfortable, well connected and in control. Keyless Access with Push-Button Start is available to make getting in and starting up a rummage-free process. Finding your favorite content is easy, thanks to SUBARU STARLINK™ Multimedia with standard Apple CarPlay™ and Android™ Auto integration. And in the quiet cabin, you'll enjoy the clear, crisp sound of the available Harman Kardon® 576-watt-equivalent 12-speaker premium audio system. Up front, the available driver's seat memory ensures comfort for different drivers, and things stay cozy for everyone with available rear A/C vents and heated rear seats. It's not the everyday drive you're used to.

Room for the unexpected.

EyeSight® reduces rear-end
crashes with injuries by

85%¹

An extra set of eyes every time you drive.

Every Legacy includes standard EyeSight® Driver Assist Technology.²

Pre-Collision Braking

When a driver ahead unexpectedly hits the brakes or cuts you off, EyeSight®² warns you, applies brakes to help avoid impact and, at lower speeds, can even help bring your Legacy to a full stop, if necessary.

Adaptive Cruise Control

Traffic doesn't always flow smoothly, so EyeSight® doesn't only keep a set speed. The system looks ahead and helps your Legacy automatically adjust to keep your distance, even in stop-and-go traffic.

Lane Departure and Sway Warning with Lane Keep Assist

You accidentally drift to the edge of your lane and begin to cross into another. EyeSight® watches for lane markers and chimes to warn you before you leave your lane, and it can even help steer you back into your proper course, thanks to Lane Keep Assist.

Pre-Collision Throttle Management

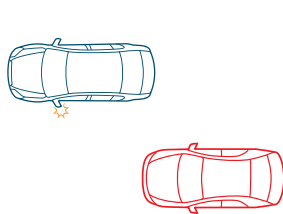

This system reduces power to your engine to help you avoid accidentally accelerating into the car in front of you while merging or if you unintentionally put your Legacy in Drive instead of Reverse.

¹ Based on data from 2013–2015MY Subaru models equipped with EyeSight through 2014. From an Insurance Institute of Highway Safety report published January 2016. ² EyeSight is a driver assist technology, which may not operate optimally under all driving conditions. The driver is always responsible for safe and attentive driving. System effectiveness depends on many factors such as vehicle maintenance, weather and road conditions. See Owner's Manual for complete details on system operations and limitations.

Safe and sound
is what we do best.

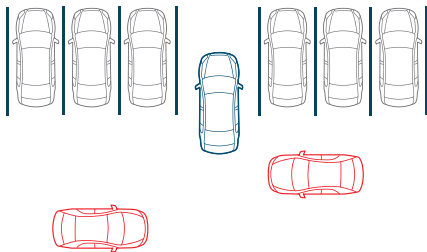

Advanced Safety Features

What’s inside is what the Legacy was designed to protect. That’s why you’ll find standard features like a Rear-Vision Camera and eight airbags,¹ as well as Subaru Symmetrical All-Wheel Drive to give you control and confidence, even in unfavorable weather. And with available LED Steering Responsive Headlights (SRH) with High Beam Assist (HBA) to help maximize your visibility;² the 2019 Legacy can help you feel more confident each time you get behind the wheel.

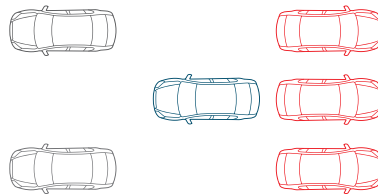

Blind-Spot Detection

Using radar sensors, Blind-Spot Detection^{2,3} warns you with a visual indicator on your side mirror if it senses a vehicle in your blind spot. Another feature of this system, Lane Change Assist, alerts you with a flashing indicator on each side mirror if it senses a vehicle approaching in a neighboring lane while you signal for a lane change.

Rear Cross-Traffic Alert

Rear Cross-Traffic Alert^{2,3} uses radar sensors to help warn you of traffic approaching from the side as you are backing up, utilizing a flashing visual indicator on your side mirror and an audible warning.

Reverse Automatic Braking

In addition to the standard Rear-Vision Camera, available Reverse Automatic Braking (RAB) detects objects directly behind your vehicle when backing up at a slow speed and can help bring your Legacy to a stop, should an object be detected within its range and the driver fail to act.^{2,4}

SUBARU STARLINK™ Safety and Security

Bringing peace of mind to each drive, STARLINK™ Safety and Security can alert a first responder in an emergency, help police locate your vehicle if it’s stolen and more.⁵

1 Always wear seatbelts. Children should be properly restrained in the rear seat. 2 Availability varies by trim levels. See your retailer for details. 3 Blind-Spot Detection, Lane Change Assist and Rear Cross-Traffic Alert are systems designed to assist the driver by monitoring the rear and side areas of the vehicle during a lane change or reversing and are not a substitute for safe and attentive driving. 4 The Reverse Automatic Braking System is not a substitute for safe and attentive driving. System effectiveness depends on many factors, such as vehicle maintenance, weather and road conditions. Always exercise caution and use vehicle mirrors and the Rear-Vision Camera when backing up. See Owner’s Manual for complete details on system operation and limitations. 5 Activation and required subscription sold separately. Includes 1-year Safety Plus trial subscription. See your retailer for details.

The Subaru Legacy was named **one of the 10 Best All-Wheel Drive Vehicles Under \$25,000** for 2018 by Kelley Blue Book.¹

Subaru is Kelley Blue Book’s **Most Trusted Brand** for four years running²

96% of Subaru Legacy vehicles sold in the last 10 years are still on the road today.³

IHS Markit

2019 Legacy | Models

2.5i

- 175-hp 2.5-liter 4-cylinder SUBARU BOXER® engine

Award calculated among non-luxury shoppers. For more information, visit www.kbb.com. Kelley Blue Book is a registered trademark of Kelley Blue Book Co., Inc. 3 Based on IHS Markit U.S. vehicles in operation vs. total new registrations for MY2008–2017 ending in December 2017. 4 ALG named Subaru the 2018 Top Mainstream Brand for Residual Value. ALG is the industry benchmark for residual values and depreciation data (www.alg.com). 5 Based on IHS Markit U.S. total registrations among all-wheel drive sedans for 10 years from January 2008–December 2017. 6 From “2017 Legacy KBB Expert Car Review” on Kelley Blue Book’s KBB.com. Kelley Blue Book is a registered trademark of Kelley Blue Book Co., Inc. 7 EyeSight is a driver assist technology, which may not operate optimally under all driving conditions. The driver is always responsible for safe and attentive driving. System effectiveness depends on many factors such as vehicle maintenance, weather and road conditions. See Owner’s Manual for complete details on system operations and limitations. 8 Compatible smartphone and applications required. For applications to operate, latest version of each application is required. Data provided by smartphone is displayed on the audio system screen. Some state laws prohibit the operation of handheld electronic devices while operating a vehicle. Smartphone apps should only be launched when vehicle is safely parked. Your wireless carrier’s rates may apply. 9 Activation and required monthly subscription sold separately. Includes 4-month trial subscription. See your retailer. 10 Activation and required subscription sold separately. Includes 1-year trial subscription. See your retailer for details. 11 Blind-Spot Detection, Lane Change Assist and Rear Cross-Traffic Alert are systems designed to assist the driver by monitoring the rear and side areas of the vehicle during a lane change or reversing and are not a substitute for safe and attentive driving.

Cargo Net. Neatly holds cargo upright and helps prevent it from sliding while the vehicle is in motion.

Body Side Molding. Attractive color-matched moldings coordinate with the styling of the vehicle while helping to protect doors from unsightly dings.

Rear Bumper Appliqué. Clear, scratch-resistant vinyl film helps to protect bumper upper surface and leading edge. Includes a discrete pearl-colored Subaru logo.

Remote Engine Starter. Allows vehicle to be started by pushing a button from the convenience of home or office (up to 400 feet away depending on obstructions) so that the vehicle interior is more comfortable upon entry.

Cargo Tray. Helps protect trunk area from outdoor elements while providing a surface that helps keep cargo from shifting.

Moonroof Air Deflector. Helps to reduce wind noise and sun glare.

Auto-Dimming Mirror with HomeLink®. This upgraded Auto-Dimming Mirror detects glare and darkens automatically to protect your vision while featuring an 8-point digital compass. Three backlit HomeLink® buttons can be programmed to operate most garage doors, security gates, home lighting and more. Can also provide you with the last status of your garage door (open or closed) if programmed to a compatible opener featuring two-way communication.

LED Upgrade - Map and Dome Lights. Upgrade your interior map and dome lights with our new LED upgrade accessory. The upgrade offers brighter, whiter and crisper interior lighting of the map and dome lights than the standard equipment lighting.

Trunk Cargo Hook. Conveniently helps to hold shopping bags upright. The hook folds out of the way when not in use. Each kit includes one hook.

Door Edge Guards. Help protect your door edges from dings and dents with custom-fit, body-color-matched, stainless steel Door Edge Guards. They are easy to install and preserve the appearance of your Subaru while seamlessly blending into the door design.

Splash Guards. Help protect the vehicle's paint finish from stones and road grime.

All-Weather Floor Liners. Custom-fitted, high wall design floor liners help protect the vehicle carpet from accidental spills, sand, snow, mud, dirt and moisture.

Not intended for use on top of Carpeted Floor Mats.

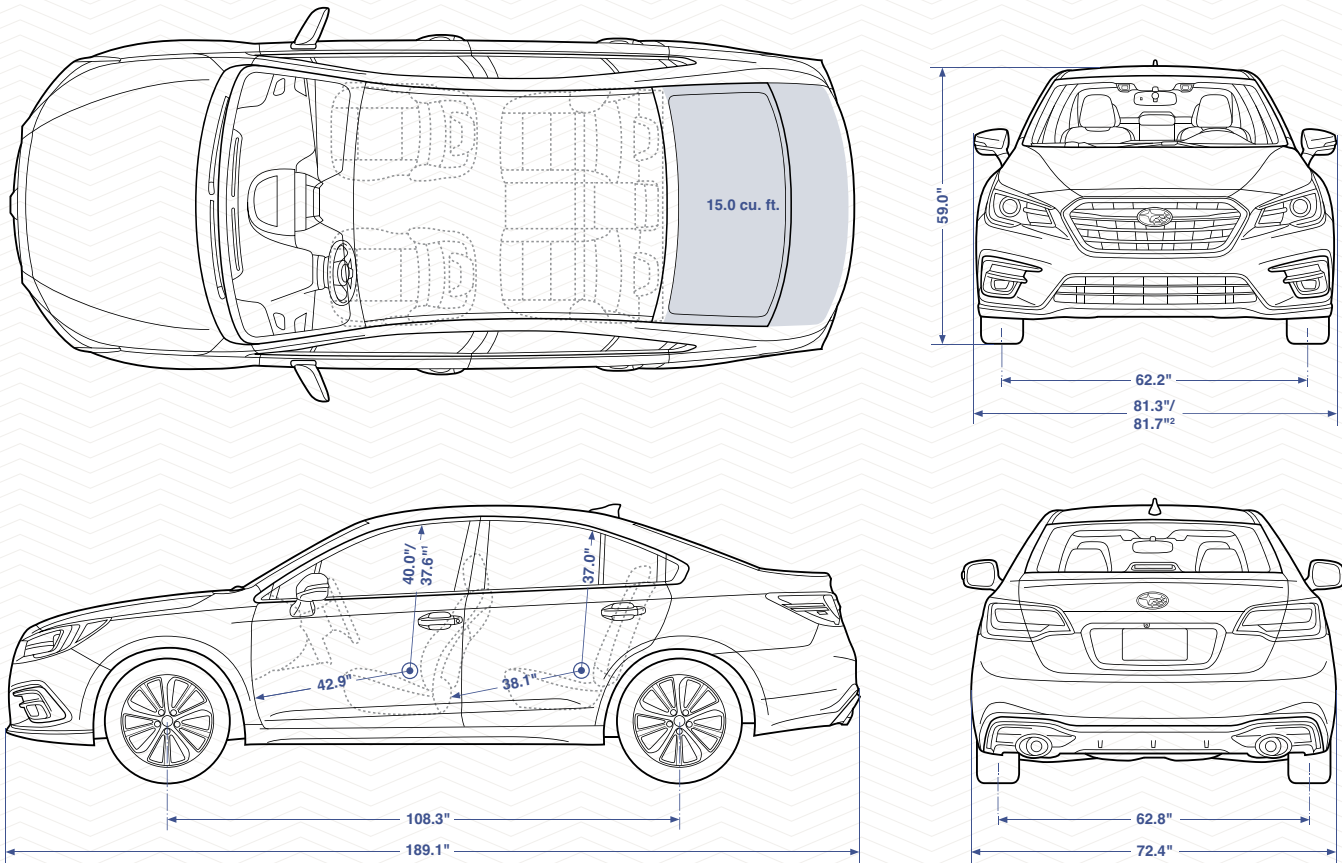

Once you're part of our family, we'll be there for you. Every Subaru comes with 24-hour roadside assistance for 3 years or 36,000 miles. If you have trouble on the road, a tow to the nearest Subaru retailer and other services are just a phone call away. And to protect you over the long haul, we offer Added Security® ...ask for it by name—extended service agreements and maintenance plans that will help protect your car for up to 10 years or 100,000 miles. They're the only mechanical and maintenance plans backed by Subaru, and because we've been backing them for more than 30 years, they're agreements you can trust. Your retailer has full coverage details.

At Subaru, we're committed to building a lasting, rewarding relationship with you and the world we share. We start by building our vehicles to last—it's why 96% of Subaru Legacy vehicles sold in the last 10 years are still on the road today.¹⁴ We also share your desire for a cleaner, greener world. In 2004, Subaru of Indiana Automotive, Inc. (SIA) became the first manufacturing facility in the U.S. to reach zero-landfill status—nothing from its manufacturing efforts ever goes into a landfill. Subaru is headquartered in a zero-landfill office in Camden, N.J.

1 2019 EPA fuel economy estimates. Actual mileage may vary. 2 Available only with other features. See Optional Equipment listing. 3 The glass information listed represents calculated reference values, and may not represent actual values determined by testing. 4 Compatible smartphone and applications required. For applications to operate, latest version of each application is required. Data provided by smartphone is displayed on the audio system screen. Some state laws prohibit the operation of handheld electronic devices while operating a vehicle. Smartphone apps should only be launched when vehicle is safely parked. Your wireless carrier's rates may apply. 5 Activation and subscription is required. See your retailer for details. 6 Activation and required monthly subscription sold separately. Includes 4-month trial subscription. See your retailer. 7 Activation and monthly subscription sold separately. Includes 3-year trial subscription. See your retailer. 8 EyeSight is a driver assist technology, which may not operate optimally under all driving conditions. The driver is always responsible for safe and attentive driving. System effectiveness depends on many factors such as vehicle maintenance, weather and road conditions. Pre-Collision Braking System is designed to provide automatic braking that either prevents a collision or reduces the severity of a frontal impact. Pre-Collision Throttle Management is designed to reduce acceleration and minimize the severity of certain frontal impacts. Adaptive Cruise Control and Brake Light Recognition are designed to assist the driver and are not substitutes for safe and attentive driving. Lane Departure and Sway Warning with Lane Keep Assist operates only when the lane markings are visible and its effectiveness depends on many factors. See Owner's Manual for complete details on system operation and limitations. 9 Blind-Spot Detection, Lane Change Assist and Rear Cross-Traffic Alert are systems designed to assist the driver by monitoring the rear and side areas of the vehicle during a lane change or reversing and are not a substitute for safe and attentive driving. 10 The Reverse Automatic Braking System is not a substitute for safe and attentive driving. System effectiveness depends on many factors, such as vehicle maintenance, weather and road conditions. Always exercise caution and use vehicle mirrors and the Rear-Vision Camera when backing up. See Owner's Manual for complete details on system operation and limitations. 11 Activation and required subscription sold separately. Includes 1-year trial subscription. See your retailer for details. 12 The Supplemental Restraint System (SRS) (airbags) affords the driver and the front passenger additional protection in moderate to severe frontal and side-impact collisions and outboard 2nd-row passengers additional protection in moderate to severe side-impact collisions. This system provides supplemental protection only, and seatbelts must be worn in order to avoid injuries to out-of-position occupants upon airbag deployment and to provide the best combined protection in a serious accident. Children should always be properly restrained in one of the rear seats. See Owner's Manual for recommended seating position. 13 Available Fall 2018. See your retailer for details. 14 Based on IHS Markit U.S. vehicles in operation vs. total new registrations for MY2008–2017 ending in December 2017.
