

The 3-row Subaru Ascent. **Love is now bigger than ever.**

See the Ascent in action.

Ascent Limited in Tungsten Metallic with optional equipment.

Dream bigger.

When you're ready for life's next big adventure, the 2020 Ascent™ is ready to take you to new heights. It's the largest and most versatile Subaru ever, with three rows and seating for up to eight.¹ It's packed with advanced technologies, from active safety systems to entertainment features. Thanks to legendary Subaru quality, durability and reliability, you'll always drive with confidence.

Capable

The Ascent is designed to give you peace of mind when you're behind the wheel. It features standard Subaru Symmetrical All-Wheel Drive while delivering up to 27 highway MPG,² and it can tow up to 5,000 lbs.³ With 8.7 inches of ground clearance and standard X-MODE® with Hill Descent Control, you can reach even more destinations.

Safe

We know how much safety means to you, and that's why EyeSight® Driver Assist Technology⁴ comes standard on every Ascent. A Smart Rear-View Mirror and 180-Degree Front View Monitor are available to enhance your vision,¹ while Blind-Spot Detection and Rear Cross-Traffic Alert^{1,5} help make you even more aware of your surroundings. Plus, SUBARU STARLINK® Safety and Security with Advanced Automatic Collision Notification is available and can send help when you need it most.^{1,6}

Connected

From every seat in the Ascent, you can always be connected, thanks to built-in Wi-Fi capability^{1,7} and up to eight USB ports.^{1,8} And SUBARU STARLINK® Multimedia with standard Apple CarPlay® and Android Auto™ integration makes it easy to access all your favorite music and apps via a 6.5- or 8-inch touchscreen.¹

Long-Lasting

Our rigid Subaru Global Platform helps give the Ascent long-lasting durability, thanks to its high-strength steel construction. And because 97% of Subaru vehicles sold in the last 10 years are still on the road today,⁹ you can be confident that your Ascent is more than ready for the long road ahead.

Build Your Ascent

Fits a lifetime of
memories.

Three rows. Seats 7 or 8.

With up to 153.5 cubic feet of passenger space¹ and a multitude of seating options, the three-row Ascent welcomes everyone. Available second-row captain's chairs² give you easy access to the third row while seating up to seven. Or you can select the second-row bench, to seat up to eight.² No matter the configuration, the inside of the Ascent is where the journeys—and the great stories—begin.

Right-sized for **your day** as well as **your destination**.

The largest, most versatile Subaru ever.

The Ascent is designed to adapt to the size and shape of your journey, whether it's an everyday errand or a special weekend outing. Its two rows of 60/40-split flat-folding seats² allow for a wide range of cargo and seating configurations. There's also up to 86.5 cubic feet of cargo space,¹ plus under-floor storage, if you need it. And thoughtful details like a Power Rear Gate with lock button,² standard raised roof rails and 19 cup and bottle holders mean the Ascent can take on whatever your day demands.

¹ 86.0 cubic feet with available panoramic power moonroof. ² Availability varies by model. See your retailer for details.

Vast comfort.

EyeSight® reduces rear-end
crashes with injuries by

85%¹

An extra set of eyes every time you drive.

Every Ascent includes standard EyeSight® Driver Assist Technology.²

Pre-Collision Braking

A driver ahead unexpectedly hits the brakes or cuts you off. EyeSight®² warns you, applies brakes to help avoid impact and, at lower speeds, can even help you stop your Ascent.

Adaptive Cruise Control

Traffic doesn't always flow smoothly. EyeSight® can keep a set speed, look ahead and help your Ascent automatically adjust to keep your distance, even in stop-and-go traffic.

Lane Departure and Sway Warning with Lane Keep Assist

You accidentally drift to the edge of your lane and begin to cross into another. EyeSight® watches for lane markers and can alert you with visual and audible warnings before you leave your lane. And when activated, Lane Keep Assist can even help steer you back into your proper course.

Pre-Collision Throttle Management

This system reduces power to your engine to help you avoid accidentally accelerating into the car in front of you while merging, or if you unintentionally put your Ascent in Drive instead of Reverse.

¹ Based on data from 2013–2015MY Subaru models equipped with EyeSight through 2014. From an Insurance Institute of Highway Safety report published January 2016. ² EyeSight is a driver assist technology, which may not operate optimally under all driving conditions. The driver is always responsible for safe and attentive driving. System effectiveness depends on many factors such as vehicle maintenance, weather and road conditions. See Owner's Manual for complete details on system operations and limitations.

The road may waver,
but not your priorities.

Safety that meets the highest expectations.

We know what's most important to you when you drive, and that's why safety is at the top of our minds, too. The Ascent is built in the U.S.A. on the resilient Subaru Global Platform and offers some of the most advanced active safety systems on the market. A Smart Rear-View Mirror¹ and 180-Degree Front View Monitor¹ enhance visibility. And advanced lighting technology, including available LED Steering Responsive Headlights with High Beam Assist,¹ helps make nighttime driving even safer.

Blind-Spot Detection

Using radar sensors, Blind-Spot Detection^{1,2} warns you with a visual indicator on your side mirror if the system detects a vehicle in your blind spot. Another feature of this system, Lane Change Assist, alerts you with a flashing indicator on your side mirror if it senses a vehicle approaching at a higher speed in a neighboring lane and you signal for a lane change.

Rear Cross-Traffic Alert

Rear Cross-Traffic Alert^{1,2} uses radar sensors to help warn you of traffic approaching from the side as you are backing up, utilizing a flashing visual indicator on your side mirror and Rear-Vision Camera display as well as an audible warning.

Reverse Automatic Braking

Reverse Automatic Braking^{1,3} can detect objects directly behind your vehicle when backing up at a low speed and can help bring the Ascent to a stop if it detects an object within its range and the brakes have yet to be applied. There's also the Rear-Vision Camera to help you keep an eye out.

SUBARU STARLINK® Safety and Security

The Ascent features the latest STARLINK® Safety and Security^{1,4} system, which can alert a first responder in an emergency, help police locate your vehicle if it's stolen and more. And to get you started, new Ascent drivers enjoy a free three-year STARLINK® Safety Plus subscription, which includes Advanced Automatic Collision Notification, Enhanced Roadside Assistance, SOS Emergency Assistance and more.

¹ Availability varies by model. See your retailer for details. ² Blind-Spot Detection, Lane Change Assist and Rear Cross-Traffic Alert are systems designed to assist the driver by monitoring the rear and side areas of the vehicle during a lane change or reversing and are not a substitute for safe and attentive driving. ³ The Reverse Automatic Braking System is not a substitute for safe and attentive driving. System effectiveness depends on many factors, such as vehicle maintenance, weather and road conditions. Always exercise caution and use vehicle mirrors and the Rear-Vision Camera when backing up. See Owner's Manual for complete details on system operation and limitations. ⁴ Activation with subscription required. Includes a 3-year trial subscription to Safety Plus services and a 6-month trial subscription to Safety and Security Plus services. The Concierge plan can be purchased annually or monthly. A credit card on file will be required for specific packages and for renewal purposes. See your retailer for details.

More ways to bring passengers together.

Family time is quality time, and the Ascent helps make it exceptional. STARLINK® Multimedia with standard Apple CarPlay® and Android Auto™ integration connects you to all your music and apps through a 6.5- or 8-inch touchscreen.¹ Thanks to built-in Wi-Fi capability^{1,2} and up to eight USB ports^{1,3} throughout the cabin, it's easy for passengers to stream their favorite content and keep all of their devices charged and connected. The available TomTom®-powered navigation system with three years of free map upgrades keeps you on the right path.¹ And the available Harman Kardon® 792-watt-equivalent, 14-speaker premium audio system offers a crisp, authentic listening experience.¹

“Are we there yet?”
said no one.

Every journey in the Ascent is the perfect combination of high tech and low stress. At 54 inches, the available panoramic moonroof¹ is the largest ever offered on a Subaru, bathing the cabin in soothing, natural light. There are three separate climate control zones, including air vents in each row. And heated and ventilated front seats,¹ second-row heated seats,¹ and rear-seat climate controls¹ are all available for easily customizable comfort.

The latest STARLINK® Safety and Security^{1,4} system includes the added convenience of Remote Engine Start with Climate Control!⁵ Accessible via your smartphone, it can help ensure your Ascent is ready and comfortable. And with available STARLINK® Concierge Services, you can search for points of interest, make reservations and even find event tickets—all on the go.⁴

1 Availability varies by model. See your retailer for details. 2 Internet access is purchased separately through AT&T with monthly, per gigabyte, and unlimited data options available. Existing AT&T customers have the option to add a line to their AT&T Mobile Share plan. 3 Accessory equipment required. See your retailer for details. 4 A 3-year trial subscription to STARLINK Safety Plus and a 6-month trial of STARLINK Security Plus will be offered on New and Certified Pre-Owned vehicles during the introductory period. STARLINK plans can be purchased with annual or monthly terms and a credit card is required to be kept on file for specific packages and renewal purposes. See your retailer for details. 5 Requires Keyless Access with Push-Button Start. See your retailer for details.

Leave no bond
unexplored.

Memories are made on outings like these, and the Ascent is engineered to get you there. It features standard Subaru Symmetrical All-Wheel Drive and a direct-injection turbocharged SUBARU BOXER® engine that gets up to 27 highway MPG¹ and delivers 260 hp and 277 lb-ft of torque. The Ascent can tow up to 5,000 lbs.², boasts 8.7 inches of ground clearance, and offers standard X-MODE® with Hill Descent Control. That dream trip is now more real than ever.

The 2020 Subaru Ascent is a **2020 IIHS Top Safety Pick** with Steering Responsive Headlights.

Subaru has the **lowest 5-Year Cost to Own** of all brands for 2020, according to Kelley Blue Book.¹

Subaru has the **highest automotive brand loyalty** among mainstream brands for 2019, according to J.D. Power.²

Subaru is Kelley Blue Book's **Most Trusted Brand** for five years running.³

97% of Subaru vehicles sold in the last 10 years are still on the road today.⁴

Subaru has the **Best Resale Value** of all brands for 2020, according to Kelley Blue Book.⁵

2020 Ascent | Models

Ascent

- 260-hp Direct-Injection Turbocharged SUBARU BOXER® engine
- EyeSight® Driver Assist Technology⁶
- Subaru Symmetrical All-Wheel Drive with Active Torque Vectoring
- Lineartronic® CVT (Continuously Variable Transmission) High Torque with 8-speed manual-mode paddle shifters
- X-MODE® featuring Hill Descent Control
- 18-inch aluminum-alloy wheels with silver finish
- Raised roof rails
- Second-row bench seat (8 passengers)
- Cloth upholstery

Ascent Premium

Includes Ascent key features and adds:

- 5,000-lb. towing capacity

Rockford Fosgate® Audio Upgrade. The Rockford Fosgate® Audio Upgrade consists of an amplifier, upgraded speakers and an integrated digital signal processor tuned to align the system to the listener's preference.

Not applicable to models with Harman Kardon® Premium Audio System with amplifier.

SUBARU STARLINK® Entertainment Anywhere. The STARLINK® Entertainment Anywhere package is available to make every trip in your Ascent even more enjoyable. With two Apple iPad® 32GB Wi-Fi models, you and your passengers have endless opportunities to stay connected, engaged and entertained. Passengers can also utilize the built-in 4G LTE Wi-Fi capability to stream their favorite content or search the web. This premium entertainment experience—which also includes two sets of Harman Kardon® Bluetooth® Headphones and two OtterBox Defender Series iPad Cases—is a great value and can be enjoyed in the backseat of your Ascent or wherever else your travels take you.

Body Side Molding. Attractive, color-matched moldings coordinate with the styling of the vehicle while helping to protect doors from unsightly dings.

Rear Seatback Protector. Provides additional protection to the rear seatbacks when lowering the seats to transport larger cargo.

Use in conjunction with the Cargo Tray for maximum protection.

All-Weather Floor Liners. Custom-fitted, high-wall-design floor liners help protect the vehicle carpet from accidental spills, sand, snow, mud, dirt and moisture.

Not intended for use on top of Carpeted Floor Mats.

Cargo Tray. Helps protect the trunk area from stains and dirt, while providing a surface that helps reduce the shifting of cargo while driving.

Sunshade – 3rd Row. For maximum sun protection, extend the use of sunshades to the 3rd row. When in use, these sunshades dull sun glare and reduce temperatures, as well as provide UV-A/B protection to keep your rear passengers comfortable.

Door Edge Guards. Help protect your door edges from dings and chips with custom-fit, body color-matched Door Edge Guards. They help preserve the appearance of your Subaru while seamlessly blending into the door design.

Auto-Dimming Exterior Mirrors with Approach Light. Enhance nighttime driving safety by adding these mirrors. Upon approaching the vehicle or unlocking your doors with the keyless entry system, LED lights located behind the Subaru logo in each exterior mirror will illuminate the ground next to and towards the rear of the vehicle. During nighttime driving, the Auto-Dimming Exterior Mirrors will reduce headlight glare by dimming in unison with the Auto-Dimming (Interior) Mirror. Dimming level is regulated by the level of light detected from the Auto-Dimming (Interior) Mirror.

Requires Auto-Dimming (Interior) Mirror.

Seat Cover – 2nd-Row Bench. Keep your back seat tidy with the custom-fitted rear seat cover. Machine-washable, water-resistant and latch-accessible—this seat cover is great for kids, pets and life on the go. Made with a polyester front and polyurethane-coated back. Also available for 2nd-Row Captain's Chairs and 3rd-Row Bench.

Thule® Portable Step. Get the extra height you need to easily access all of your rooftop lifestyle accessories with the convenience of the Thule® Portable Step. Constructed of heavy-duty steel; rubber bumpers are included to help prevent wheel scrapes and scuffs. This step conveniently folds into a carrying bag for easy storage.

Cargo Net. Neatly holds cargo and prevents it from sliding while the vehicle is in motion. The Cargo Net can be used two ways: anchor it to the sides of the cargo area to help prevent shifting from front to back or lay it across the floor to help keep things from rolling around.

Trailer Hitch. Subaru hitches are engineered and crash-tested to meet the same rigorous safety standards as the rest of the Ascent. Rated at 500 lbs. tongue weight, 5,000 lbs. maximum towing capacity, with base models rated at 200 lbs. tongue weight and 2,000 lbs. maximum towing capacity.

Trailer Hitch requires the hitch and harness for proper operation and safety compliance. Hitch ball not included. Ball mount sold separately. Trailer brakes may be required by your state for heavier loads. Consult your Owner's Manual for more information.

LED Upgrade – Map and Reading Lights. Upgrade your interior map and reading lights with our new LED upgrade accessory. The upgrade offers brighter, whiter and crisper interior lighting of the map and reading lights than the standard equipment lighting.

Please see your local retailer for details on how to purchase. Components of the Entertainment Anywhere Kits are not Genuine Subaru Accessories and are not covered under any Subaru limited warranties. Any service or warranties on those components are extended by their individual manufacturers. Apple and iPad are registered trademarks of Apple Inc. All sales are final. No returns will be accepted. Headphones shown are prototype.

2020 Ascent | Owner Benefits

Once you're part of our family, we'll be there for you. Every Subaru comes with 24-hour roadside assistance for 3 years or 36,000 miles. If you have trouble on the road, a tow to the nearest Subaru retailer and other services are just a phone call away. And to protect you over the long haul, we offer Added Security® ... ask for it by name—extended service agreements and maintenance plans that will help protect your car for up to 10 years or 100,000 miles. They're the only mechanical and maintenance plans backed by Subaru, and because we've been backing them for more than 30 years, they're agreements you can trust. Your retailer has full coverage details.

Life moves fast. Don't slow it down with a car you can't trust. At Subaru, we build each of our vehicles with the highest standards of manufacturing, and with designs that are inherently tough and resilient. It's why our vehicles excel in the extreme rigors of rally racing. And why 97% of Subaru vehicles sold in the last 10 years are still on the road today.¹⁴ It's also why Subaru owners are so likely to stay Subaru owners for years and years. What's more, keeping cars on the road means they stay out of landfills longer. And if we can make the world a cleaner and greener place while making cars that inspire and motivate their drivers, we've done our job.

000475 038000 102000 157000 248000

Love means being more than a car company. The **Subaru Love Promise** is our vision to show love and respect to all people at every interaction with Subaru. Together with our retailers, we are dedicated to making the world a better place.

1 Maximum towing capacity varies by model. Trailer brakes may be needed. Some safety features, including Blind-Spot Detection, Rear Cross-Traffic Alert, Smart Rear-View Mirror, and X-MODE may not function properly during towing. See Owner's Manual for details. 2 2020 EPA fuel economy estimates. Actual mileage may vary. 3 The glass information listed represents calculated reference values, and may not represent actual values determined by testing. 4 Available only with other features. See Optional Equipment listing. 5 Activation and subscription required. Internet access is purchased separately through AT&T with monthly, per gigabyte, and unlimited data options available. Existing AT&T customers have the option to add a line to their AT&T Mobile Share plan. See your retailer for details. 6 Activation and required monthly subscription sold separately. Includes 4-month trial subscription. See your retailer for details. 7 Activation and monthly subscription sold separately. Includes 3-year trial subscription. See your retailer for details. 8 EyeSight® is a driver assist technology, which may not operate optimally under all driving conditions. The driver is always responsible for safe and attentive driving. System effectiveness depends on many factors such as vehicle maintenance, weather and road conditions. Pre-Collision Braking System is designed to provide automatic braking that either prevents a collision or reduces the severity of a frontal impact. Pre-Collision Throttle Management is designed to reduce acceleration and minimize the severity of certain frontal impacts. Adaptive Cruise Control and Brake Light Recognition are designed to assist the driver and are not substitutes for safe and attentive driving. The Lane Departure and Sway Warning operates only when the lane markings are visible and its effectiveness depends on many factors. See Owner's Manual for complete details on system operation and limitations. 9 Blind-Spot Detection, Lane Change Assist and Rear Cross-Traffic Alert are systems designed to assist the driver by monitoring the rear and side areas of the vehicle during a lane change or reversing and are not a substitute for safe and attentive driving. 10 The Reverse Automatic Braking System is designed to assist the driver by detecting objects, to help avoid a possible collision, when the vehicle is moving in a low speed reverse direction. The system will provide automatic vehicle braking, if an obstacle is detected within its range. This system is not a substitute for safe and attentive driving. System effectiveness depends on many factors, such as vehicle maintenance, weather and road conditions. Always exercise caution and use vehicle mirrors and the Rear-Vision Camera when backing up. See Owner's Manual for complete details on system operation and limitations. 11 Activation with subscription required. Includes a 3-year trial subscription to Safety Plus services and a 6-month trial subscription to Safety and Security Plus services. The Concierge plan can be purchased annually or monthly. A credit card on file will be required for specific packages and for renewal purposes. See your retailer for details. 12 Requires Keyless Access with Push-Button Start. See your retailer for details. 13 The Supplemental Restraint System (SRS) (airbags) affords the driver and the front passenger additional protection in moderate to severe frontal and side-impact collisions and outboard 2nd-row passengers additional protection in moderate to severe side-impact collisions. This system provides supplemental protection only, and seatbelts must be worn in order to avoid injuries to out-of-position occupants upon airbag deployment and to provide the best combined protection in a serious accident. Children should always be properly restrained in one of the rear seats. See Owner's Manual for recommended seating position. 14 Based on Experian Automotive vehicles in operation vs. total new registrations for Model Years 2010–2019 as of December 2019.
