

2020

LEGACY

Welcome to the all-new Subaru Legacy. Love, for all the right reasons.

SUBARU

Arrive like you've never imagined.

Welcome to the all-new 2020 Legacy. Our best ever.

It's that feeling you get when the next level is within reach, when the latest safety technologies combine with renowned Subaru reliability to give you confidence. A sense of connection is made possible by advanced technology, and you experience the warm invitation of premium materials and abundant space. You're here. Feel the love, for all the right reasons.

Safest

Innovations in the Legacy look out for you and help keep you focused on the road, including the standard EyeSight® Driver Assist Technology¹ and the newly available DriverFocus™ Distraction Mitigation System^{2,3}. Underlying this is the Subaru Global Platform that's up to 70% stronger to help keep you safe and secure.

Most Reliable

This has always been a sedan designed to last: 96% of Legacy vehicles sold in the last 10 years are still on the road today.⁴ One of the many reasons is Subaru core technology, featuring Subaru Symmetrical All-Wheel Drive, standard on every Legacy.

Most Advanced

An available 11.6-inch touchscreen makes connection easy and intuitive.² Through SUBARU STARLINK® Multimedia, you can enjoy your music and apps almost anywhere you go with standard Apple CarPlay® and Android Auto™ integration.

Most Comfortable and Spacious

Abundance is what defines comfort and space in our most refined sedan ever. It means soft-touch materials throughout the spacious cabin, including a generous 39.5 inches of legroom for rear-seat passengers. And Legacy Touring XT indulges you even more with upgrades including genuine Nappa Leather.

We've been
expecting you.

With next-level comfort and generous space, the Legacy is designed to welcome you every time. Even before you get in, available Remote Engine Start with Climate Control lets you set your ideal temperature so the interior is ready for you the moment you enter.^{1,2} The experience continues with a roomy cabin that includes 39.5 inches of rear legroom—more than the Camry, Fusion, Malibu and Altima³—plus soft-touch materials, available heated front and rear seats,¹ and an available heated steering wheel.¹ And thanks to laminated glass and a body structure that optimizes the placement of sound insulation, this is the quietest Legacy interior ever.

Touring XT refines the feeling further.

Only by selecting the Touring XT model can you elevate your Legacy with a genuine Nappa Leather interior. Heated and ventilated seats and a heated steering wheel increase the comfort in the front row, while features like automatic power-folding side mirrors take convenience even higher. It's the Legacy in its most inviting form.

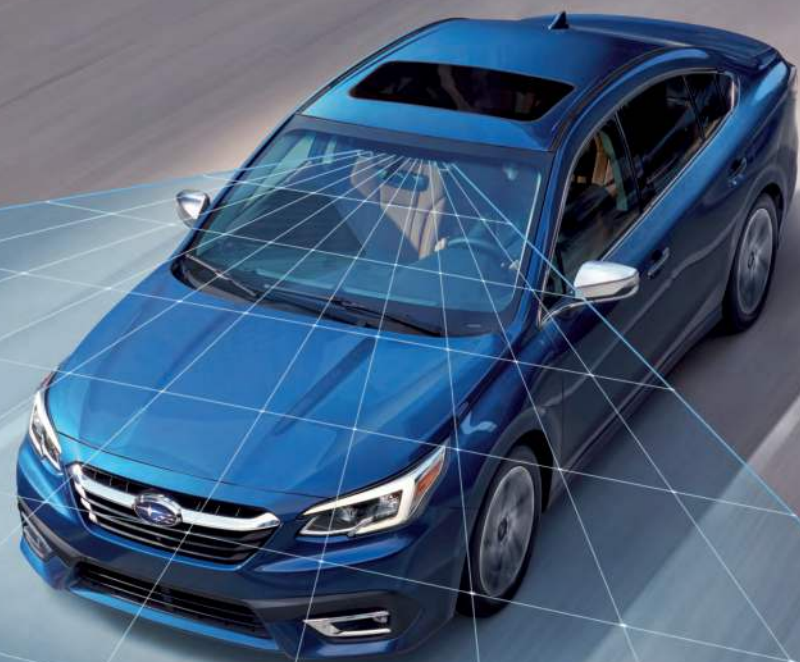

¹ Availability varies by model. See your retailer for details. ² Requires Keyless Access with Push-Button Start and subscription to STARLINK® Safety and Security Plus services. 6-month free trial included. See your retailer for details. ³ Competitor information from manufacturer websites for 2019 model-year vehicles and current at time of printing. Competitors' maximum specification figures used for comparison.

An extra set of eyes every time you drive.

Every 2020 Legacy includes standard Subaru EyeSight®
Driver Assist Technology.¹

Equipped with a comprehensive suite of innovative safety
features, EyeSight® looks ahead, alerts you to potential
dangers and can even intervene to help you avoid a collision.

EyeSight® reduces rear-end
crashes with injuries by

Pre-Collision Braking

Can help slow and bring your Legacy to a full
stop if necessary.

Lane Departure and Sway Warning

Can alert you if you drift to the edge of your
lane and begin to cross into another.

Advanced Adaptive Cruise Control with Lane Centering

Automatically helps keep you centered in your lane,
at a safe distance behind the car in front of you—
even in traffic and around curves.

Pre-Collision Throttle Management

Can reduce engine power to help give you more time
to react and to help minimize the possible impact
force and frontal impact damage.

Ascent shown.

¹ EyeSight is a driver assist technology, which may not operate optimally under all driving conditions. The driver is always responsible for safe and attentive driving. System effectiveness depends on many factors such as vehicle maintenance, weather and road conditions. The Pre-Collision Braking System is designed to provide automatic braking that either prevents a collision or reduces the severity of a frontal impact. Pre-Collision Throttle Management is designed to reduce acceleration and minimize the severity of certain frontal impacts. Advanced Adaptive Cruise Control and Brake Light Recognition are designed to assist the driver and are not substitutes for safe and attentive driving. Lane centering function operates only when used in conjunction with Advanced Adaptive Cruise Control. The Lane Departure and Sway Warning operates only when the lane markings are visible, and its effectiveness depends on many factors. See Owner's Manual for complete details on system operation and limitations. ² Based on IIHS reporting data as of January 2017 from MY2013–2015 Subaru models equipped with EyeSight through 2014.

Every day in the U.S., more than 1,000 people are
injured in crashes reported to have involved a
distracted driver.¹ As an industry leader in safety,
Subaru developed the DriverFocus™ Distraction
Mitigation System,^{2,3} one of the first technologies of
its kind. Engineered for both new and experienced
drivers, it works together with Subaru EyeSight®
to help detect distracted or drowsy driving. If the
driver's attention strays from the road for too long,
DriverFocus can deliver visual and auditory alerts to
bring attention back to the road.

¹ Centers for Disease Control and Prevention, citing National Center for Statistics and Analysis. Distracted Driving: 2015, in Traffic Safety Research Notes. DOT HS 812 381. March 2017, National Highway Traffic Safety Administration: Washington, D.C. ² The DriverFocus Distraction Mitigation System is a driver recognition technology designed to alert drivers if their attention to the road wavers or if the driver's face appears to turn away. The driver is always responsible for safe and attentive driving. System effectiveness may be affected by articles of clothing worn on the head or face. See Owner's Manual for complete details on system operation and limitations. ³ Availability varies by model. See your retailer for details.

In the stop-and-go,
confidence in all directions.

Enhanced Awareness

No matter where you go, there are things you might not see coming. We prioritize giving you a clear view of what's ahead and around corners, with the 180-Degree Front View Monitor¹ and standard LED headlights with available steering responsive functionality. The Legacy is also equipped with innovations that help keep you aware whether you're moving forward, reversing or changing lanes, so you can enjoy peace of mind on every drive.

Blind-Spot Detection

Using radar sensors, Blind-Spot Detection^{1,2} warns you with a visual indicator on your side mirror if the system detects a vehicle in your blind spot. Another feature of this system, Lane Change Assist, alerts you with a flashing indicator on your side mirror if it senses a vehicle approaching at a higher speed in a neighboring lane.

Rear Cross-Traffic Alert

Rear Cross-Traffic Alert^{1,2} uses radar sensors to help warn you of traffic approaching from the side as you are backing up, utilizing a flashing visual indicator on your side mirror and Rear-Vision Camera display as well as an audible warning.

Reverse Automatic Braking

Reverse Automatic Braking^{1,3} can detect objects directly behind your vehicle when backing up at a low speed and can help bring the Legacy to a stop should an object be detected within its range and if the driver fails to act. There's also the Rear-Vision Camera to help you keep an eye out.

SUBARU STARLINK® Safety and Security

The Legacy features the latest STARLINK® Safety and Security^{1,4} system, which can alert a first responder in an emergency, help police locate your vehicle if it's stolen and more. To get you started, new Legacy drivers enjoy a free three-year STARLINK® Safety Plus subscription, which includes Advanced Automatic Collision Notification, Enhanced Roadside Assistance, SOS Emergency Assistance and customizable vehicle alerts.

1 Availability varies by model. See your retailer for details. 2 Blind-Spot Detection, Lane Change Assist and Rear Cross-Traffic Alert are systems designed to assist the driver by monitoring the rear and side areas of the vehicle during a lane change or reversing and are not a substitute for safe and attentive driving. 3 The Reverse Automatic Braking System is not a substitute for safe and attentive driving. System effectiveness depends on many factors, such as vehicle maintenance, weather and road conditions. Always exercise caution, and use vehicle mirrors and the Rear-Vision Camera when backing up. See Owner's Manual for complete details on system operation and limitations. 4 Activation with subscription required. Includes a 3-year trial subscription to Safety Plus services and a 6-month trial subscription to Safety and Security Plus services. The Concierge plan can be purchased annually or monthly. A credit card on file will be required for specific packages and for renewal purposes. See your retailer for details.

Let your passion
take you far.

Reliability for miles—and more.

Starting from its very core, the Legacy is built for longevity. Subaru Symmetrical All-Wheel Drive is the result of decades of Subaru expertise in full-time AWD engineering. The horizontally opposed design of the SUBARU BOXER® engine results in less vibration and wear-and-tear, and the Subaru Global Platform is simply our strongest foundation ever—incredibly durable and built to last.

Choose your engine.

In the Legacy, two engine options deliver the power you need to pass vehicles in the city and the efficiency to go the distance on the highway. The 182-hp direct-injection SUBARU BOXER® engine yields capable performance and up to 35 MPG highway.¹ Those who want to play to their edge can opt for the 260-hp direct-injection turbocharged SUBARU BOXER® engine delivering 277 lb-ft of torque along with up to 32 MPG highway.^{1,2} Either way, you use only the fuel you need, as the standard Auto Start-Stop can shut off the engine anytime you come to a complete stop.

182HP

Direct-Injection BOXER® Engine

Up to 35 MPG hwy¹

260HP

Direct-Injection Turbocharged BOXER® Engine

Up to 32 MPG hwy¹

¹ EPA-estimated highway fuel economy for 2020 Legacy 2.5L models at 35 highway mpg and 2020 Legacy XT models at 32 highway mpg. Actual mileage may vary. ² Availability varies by model. See your retailer for details.

Connect at any moment. Accommodate for any mood.

Accessing your favorite media whenever you want is essential. Go big on your ability to connect with an available 11.6-inch touchscreen¹—bigger than what's offered on sedans like the Accord, Camry, Malibu and others.² SUBARU STARLINK[®] Multimedia with standard Apple CarPlay[®] and Android Auto[™] integration makes your apps easy and intuitive to use, while your playlists shine with renewed fidelity, as the available Harman Kardon[®] premium sound system uses 576 equivalent watts of power to deliver pristine audio through 12 speakers.¹ Passengers enjoy connection to their media, too, with built-in Wi-Fi capability^{1,3} and four USB ports¹ that ensure charged devices all around.

2020 Legacy | Models

Legacy

- 182-hp 2.5-liter 4-cylinder SUBARU BOXER® engine with direct injection and auto start-stop technology
- EyeSight® Driver Assist Technology¹
- Subaru Symmetrical All-Wheel Drive with Active Torque Vectoring
- Lineartronic® CVT (Continuously Variable Transmission) with 8-speed manual-mode paddle shifters
- Auto-on/off LED headlights with High Beam Assist
- 17-inch steel wheels with covers
- Cloth upholstery
- 6-way manually adjustable driver seat and 4-way manually adjustable front-passenger seat
- Driver and front-passenger auto-up/down power windows
- SUBARU STARLINK® Dual 7.0-inch Multimedia with Apple CarPlay® Android Auto,™ SiriusXM® All Access Radio² and Travel Link,⁴ dual USB input ports/iPod® control, 4 speakers, AM/FM stereo, Bluetooth® audio streaming, hands-free phone and text messaging connectivity, and auxiliary input jack
- Automatic climate control
- Glove box 12-volt power outlet
- Welcome lighting
- Rear-Vision Camera

Legacy Premium

- Includes Legacy key features and adds:**
- Body-color side mirrors with integrated turn signals
 - 17-inch aluminum-alloy wheels
 - All-Weather Package: Heated exterior mirrors, 3-mode heated front seats, windshield wiper de-icer
 - 10-way power-adjustable driver seat with lumbar support
 - Leather-wrapped steering wheel and shifter handle
 - SUBARU STARLINK® 11.6-inch Multimedia Plus with Apple CarPlay,® Android Auto,™ SiriusXM® All Access Radio² and Travel Link,⁴ 6 speakers, AM/FM stereo, Bluetooth® audio streaming and hands-free phone and text messaging connectivity
 - 4G LTE Wi-Fi capability³
 - Dual rear seat USB charge ports
 - Center console 12-volt power outlet
 - Dual-zone automatic climate control system with air filtration
 - STARLINK® Safety and Security enabled⁴: Includes features and services such as Advanced Automatic Collision Notification, Remote Engine Start with Climate Control⁵ and Concierge Services

Legacy Sport

- Includes Legacy Premium key features and adds:**
- Crystal Black Silica front grille
 - Crystal Black Silica finish exterior mirrors with integrated turn signals
 - Sport trunk spoiler
 - Sport rear bumper
 - 18-inch aluminum-alloy wheels in black metallic finish
 - LED fog lights
 - Keyless Access with Push-Button Start
 - Two-Tone Gray Cloth upholstery with red contrast stitching
 - SI-DRIVE Engine Performance Management
 - Aluminum-alloy pedal covers
 - Auto-dimming rearview compass mirror with HomeLink®
 - Auto-up/down front and rear windows

Legacy Limited

- Includes Legacy Premium key features and adds:**
- 18-inch aluminum-alloy wheels
 - LED Steering Responsive Headlights
 - LED fog lights
 - Automatic tilt-down passenger side mirror
 - Keyless Access with Push-Button Start
 - Leather-trimmed upholstery
 - 8-way power-adjustable front passenger seat
 - Adjustable driver seat thigh support
 - Two-position memory driver seat and side mirrors
 - Heated outboard rear seats
 - Harman Kardon® 576-watt-equivalent premium audio system with 12 speakers
 - Blind-Spot Detection with Lane Change Assist and Rear Cross-Traffic Alert⁶
 - Reverse Automatic Braking⁷
 - Auto-dimming rearview compass mirror with HomeLink®
 - Auto-up/down front and rear windows

Legacy Limited XT

- Includes Legacy Limited key features and adds:**
- 260-hp 2.4-liter 4-cylinder direct-injection turbocharged SUBARU BOXER® engine and auto start-stop technology
 - Lineartronic® CVT (Continuously Variable Transmission) High-Torque with 8-speed manual-mode paddle shifters
 - Dual exhaust with stainless steel tips
 - Power moonroof
 - Heated steering wheel
 - Sound-insulating front door glass
 - SUBARU STARLINK® 11.6-inch Multimedia Navigation with 3 years of map updates, SiriusXM® All Access Radio,² Traffic⁸⁸ and Travel Link⁸⁸ and CD Player
 - DriverFocus™ Distraction Mitigation System⁹

Legacy Touring XT

- Includes Legacy Limited key features and adds:**
- 260-hp 2.4-liter 4-cylinder direct-injection turbocharged SUBARU BOXER® engine and auto start-stop technology
 - Lineartronic® CVT (Continuously Variable Transmission) High-Torque with 8-speed manual-mode paddle shifters
 - Dual exhaust with stainless steel tips
 - Automatic power-folding side mirrors with Satin chrome
 - Body-color door handles with chrome inserts
 - Crystal Black Silica finish pillar trim
 - 180-Degree Front View Monitor
 - Power moonroof
 - Sound-insulating front door glass
 - Sierra Tan Nappa leather-trimmed upholstery
 - High-grade leather-wrapped heated steering wheel
 - 3-mode ventilated front seats
 - SUBARU STARLINK® 11.6-inch Multimedia Navigation with 3 years of map updates, SiriusXM® All Access Radio,² Traffic⁸⁸ and Travel Link⁸⁸ and CD Player
 - DriverFocus™ Distraction Mitigation System⁹

1 EyeSight is a driver assist technology, which may not operate optimally under all driving conditions. The driver is always responsible for safe and attentive driving. System effectiveness depends on many factors such as vehicle maintenance, weather and road conditions. The Pre-Collision Braking System is designed to provide automatic braking that either prevents a collision or reduces the severity of a frontal impact. Pre-Collision Throttle Management is designed to reduce acceleration and minimize the severity of certain frontal impacts. Advanced Adaptive Cruise Control and Brake Light Recognition are designed to assist the driver and are not substitutes for safe and attentive driving. Lane centering function operates only when used in conjunction with Advanced Adaptive Cruise Control. The Lane Departure and Sway Warning operates only when the lane markings are visible and its effectiveness depends on many factors. See Owner's Manual for complete details on system operation and limitations. 2 Activation and required monthly subscription sold separately. Includes 4-month trial subscription. See your retailer. 3 Activation and subscription required. Internet access is purchased separately through AT&T with monthly, per gigabyte, and unlimited data options available. Existing AT&T customers have the option to add a line to their AT&T Mobile Share plan. See your retailer for details. 4 Activation with subscription required. Includes a 3-year trial subscription to STARLINK Safety Plus services and a 6-month trial subscription to STARLINK Safety and Security Plus services. The Concierge plan can be purchased annually or monthly. A credit card on file will be required for specific packages and for renewal purposes. See your retailer for details. 5 Requires Keyless Access with Push-Button Start. See your retailer for details. 6 Blind-Spot Detection, Lane Change Assist and Rear Cross-Traffic Alert are systems designed to assist the driver by monitoring the rear and side areas of the vehicle during a lane change or reversing and are not a substitute for safe and attentive driving. 7 The Reverse Automatic Braking (RAB) system is designed to

assist the driver by detecting objects, to help avoid a possible collision, when the vehicle is moving in a low speed reverse direction. The system will provide automatic vehicle braking, if an obstacle is detected within its range. This system is not a substitute for safe and attentive driving. System effectiveness depends on many factors, such as vehicle maintenance, weather and road conditions. Always exercise caution and use vehicle mirrors and the Rear-Vision Camera when backing up. See Owner's Manual for complete details on system operation and limitations. 8 Activation and required subscription sold separately. Includes 3-year trial subscription. See your retailer. 9 The DriverFocus Distraction Mitigation System is a driver recognition technology designed to alert drivers if their attention to the road wavers or if the driver's face appears to turn away. The driver is always responsible for safe and attentive driving. System effectiveness may be affected by articles of clothing worn on the head or face. See Owner's Manual for complete details on system operation and limitations. 10 2019 Kelley Blue Book Brand Image Awards are based on the Brand Watch™ study from Kelley Blue Book Strategic Insights. Cargo Net. Neatly holds cargo upright and helps prevent it from sliding while the vehicle is in motion.

Body Side Molding. Attractive color-matched moldings coordinate with the styling of the vehicle while helping to protect doors from unsightly dings.

Rear Bumper Appliqué. Clear, scratch-resistant vinyl film helps to protect bumper upper surface and leading edge. Includes a discrete pearl-colored Subaru logo.

Remote Engine Starter. Allows vehicle to be started remotely by pushing a button from up to 400 feet away so that the cabin temperature is more comfortable upon entry. This Genuine Subaru Accessory is an alternative for customers who do not enroll in the STARLINK® Safety Plus and Security Plus Package.

Rockford Fosgate® Audio Upgrade. The Rockford Fosgate® Audio Upgrade consists of an amplifier, upgraded speakers and an integrated digital signal processor tuned to align the system to the listener's preference. Not for use with Harman Kardon® audio system with amplifier.

Auto-Dimming Exterior Mirror with Approach Light Make it easier—and safer—to come and go with the accessory Auto-Dimming Exterior Mirrors with Approach Light.¹ When the doors are opened or unlocked with the key fob, LED lights on the side-view mirrors will help illuminate the way, casting light on all four doors and the ground near the vehicle. They can also help reduce headlight glare in traffic. When the Auto-Dimming Interior Mirror detects excessive light from the rear of the vehicle, the side-view mirrors automatically dim, helping to keep the glare out of your eyes. The brighter the light, the dimmer the mirrors and the better you'll be able to see.

¹ Auto-Dimming Exterior Mirrors with Approach Light are accessory equipment. Requires Auto-Dimming Interior Mirror.

Cargo Tray. Helps protect the trunk area from stains and dirt, while providing a surface that helps reduce the shifting of cargo while driving.

Rear Seatback Protector. New for Legacy! Provides additional protection to the rear seatbacks when lowering the seats to transport larger cargo. Use in conjunction with the Cargo Tray.

Auto-Dimming Mirror with Compass and HomeLink®. This upgraded Auto-Dimming Mirror detects glare and darkens automatically to protect your vision while featuring an 8-point digital compass. Three backlit HomeLink® buttons can be programmed to operate most garage doors, security gates, home lighting and more. Can also provide you with the last status of your garage door (open or closed) if programmed to a compatible opener featuring two-way communication.

LED Upgrade - Dome Light. Upgrade your interior dome light with our LED upgrade accessory. The upgrade offers brighter, whiter and crisper interior lighting of the dome light than the standard equipment lighting.

Trunk Cargo Hook. Conveniently helps to hold shopping bags upright. The hook folds out of the way when not in use. Each kit includes one hook.

Door Edge Guards. Help protect your door edges from dings and dents with custom-fit, body-color-matched, stainless steel Door Edge Guards. They are easy to install and preserve the appearance of your Subaru while seamlessly blending into the door design.

Wireless Charger. Conveniently charge your phone without the hassle of tangled wires. The Wireless Charger is a Qi Certified Device with Intelligent Charging Profiles, cell phone battery protection, temperature control technology and short circuit safe guards. Compatible with all Qi enabled devices and Samsung Fast Charge enabled devices. Anti-Slip rubber insert safely holds your mobile device.

All-Weather Floor Liners. Custom-fitted, high wall design floor liners help protect the vehicle carpet from accidental spills, sand, snow, mud, dirt and moisture.

Not intended for use on top of Carpeted Floor Mats.

A new view on what you can carry.

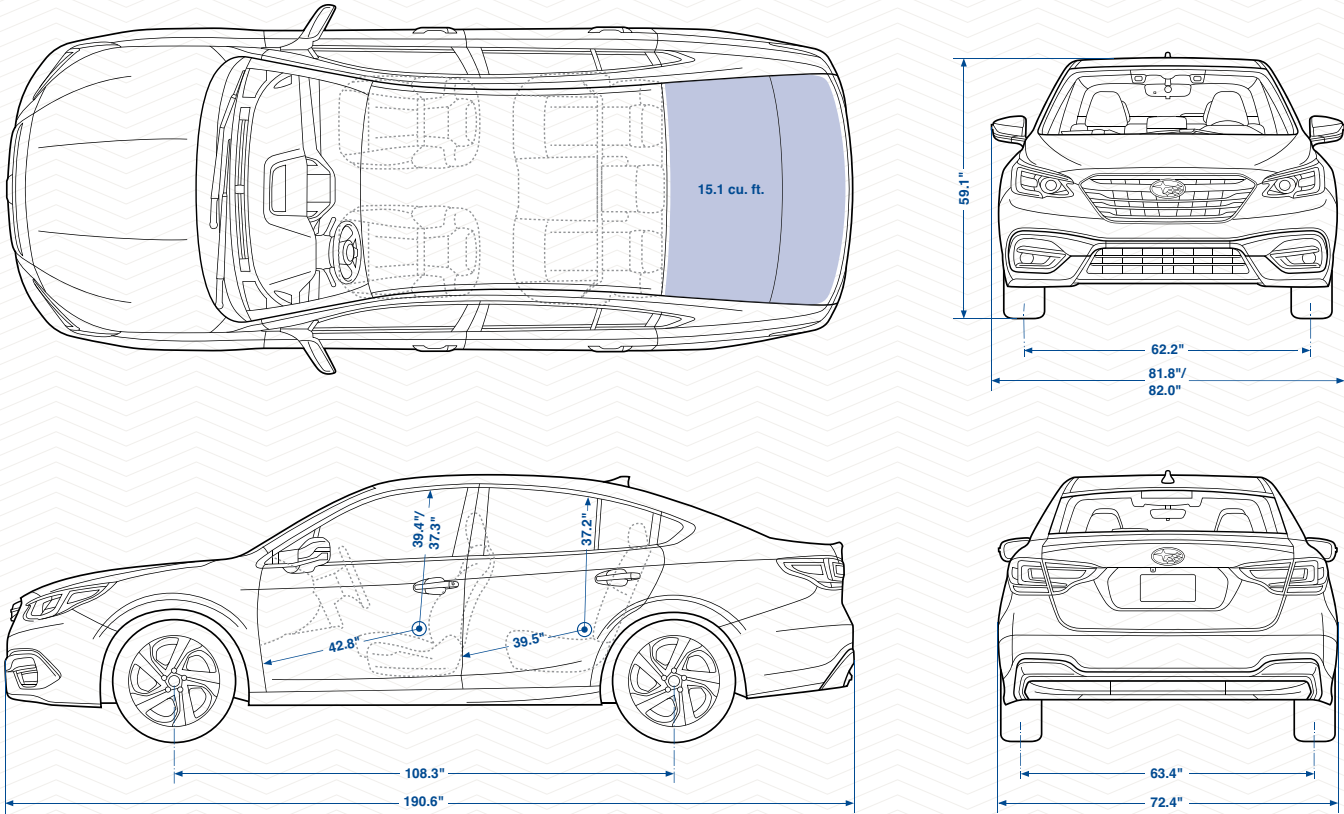

2020 Legacy | Owner Benefits

Once you're part of our family, we'll be there for you. Every Subaru comes with 24-hour roadside assistance for 3 years or 36,000 miles. If you have trouble on the road, a tow to the nearest Subaru retailer and other services are just a phone call away. And to protect you over the long haul, we offer Added Security®...ask for it by name—extended service agreements and maintenance plans that will help protect your car for up to 10 years or 100,000 miles. They're the only mechanical and maintenance plans backed by Subaru, and because we've been backing them for more than 30 years, they're agreements you can trust. Your retailer has full coverage details.

Love means being more than a car company. The **Subaru Love Promise** is our vision to show love and respect to all people at every interaction with Subaru. Together with our retailers, we are dedicated to making the world a better place.
