

2020

OUTBACK

Welcome to the all-new Subaru Outback. **Go where love takes you.**

Inspiring out-of-office memos since '95.

Welcome the all-new 2020 Outback. Our best ever.

A change of scenery isn't just about a different location. It's about a different perspective—something the Outback has offered for the past 25 years. In 2020, the Outback philosophy remains, but its technologies are further advanced, from safety features that can watch the road to systems that keep you connected as you explore. With the capability of its Subaru engineering, you might just want to take a personal day. Or two.

Most Adventurous

No idea is too far-out. With standard Subaru Symmetrical All-Wheel Drive and a new direct-injection SUBARU BOXER® engine, the Outback achieves up to 33 MPG¹—better AWD fuel economy than the Honda Passport, Ford Edge and Jeep Grand Cherokee² For greater towing capability, there's a turbocharged engine option³ that delivers 260 horsepower.

Most Reliable

Built on the strength of the Subaru Global Platform, the Outback has had years of experience on all types of terrain. Its record speaks for itself—97% of Outback vehicles sold in the last 10 years are still on the road today.⁴

Safest

The Outback takes an active role in helping you stay safe, thanks to innovations such as standard Subaru EyeSight® Driver Assist Technology,⁵ which now includes Advanced Adaptive Cruise Control with lane centering. There's also the DriverFocus™ Distraction Mitigation System to help reduce distracted or drowsy driving.^{3,6}

Most Advanced

More options come with more ease in the Outback. A new 11.6-inch touchscreen³ makes it intuitive to find the app you need, while SUBARU STARLINK® Multimedia lets you connect just about anywhere through standard Apple CarPlay® and Android Auto™ integration. Technologies such as Remote Engine Start with Climate Control help make the Outback a place of comfort.^{3,7}

See the **Outback** in action.

Build Your Outback

Farther doesn't have to feel longer.

To keep distances engaging, the Outback delivers far-reaching connectivity. With a new 11.6-inch touchscreen,¹ you have simple, easy access to SUBARU STARLINK® Multimedia, featuring standard Apple CarPlay® and Android Auto™ integration. For passengers, built-in Wi-Fi capability^{1,2} offers a wide range of entertainment possibilities. Once everyone votes on what music to play, the Harman Kardon® premium audio system will bring it to life through 12 speakers and a 576-watt-equivalent amplifier.¹

Welcoming you, personally.

From the moment you sit behind the wheel, available DriverFocus™ recognizes you and automatically adjusts the Outback to your preferences.^{1,3} This includes driver seat settings, climate controls, side mirrors and even your choices for which vehicle system information appears on the screen.

¹ Availability varies by model. See your retailer for details. ² Activation and subscription required. Internet access is purchased separately through AT&T with monthly, per gigabyte, and unlimited data options available. Existing AT&T customers have the option to add a line to their AT&T Mobile Share plan. See your retailer for details. ³ The DriverFocus™ Distraction Mitigation System is a driver recognition technology designed to alert drivers if their attention to the road wavers or if the driver's face appears to turn away. The driver is always responsible for safe and attentive driving. System effectiveness may be affected by articles of clothing worn on the head or face. See Owner's Manual for complete details on system operation and limitations.

Find a place that makes you forget to take a selfie.

This is what rush hour looks like with standard Subaru Symmetrical All-Wheel Drive. The Outback thrives when pavement is scarce, thanks to standard X-MODE® with Hill Descent Control and a class-leading 8.7 inches of ground clearance.¹ And it handles gear as easily as terrain. Its roof rails with integrated retractable roof crossbars smooth the packing process, while its towing capacity of up to 3,500 pounds² means you can bring all your must-haves—and fun-to-haves, too.

Onyx Edition XT

Itinerary becomes anywhere in the all-new Outback Onyx Edition XT. A 260-hp turbocharged SUBARU BOXER® engine delivers more power than the Honda CR-V, Toyota Rav4 and Hyundai Santa Fe.¹ An advanced version of the X-MODE® system offers dual-mode capability, letting you take on snow or dirt as well as deep snow or mud. Inside, you have StarTex® water-repellent upholstery and enhanced visibility with a 180-Degree Front View Monitor.³ All around, you'll find exclusive touches, from black exterior accents to black 18-inch alloy wheels and even a full-size spare.

¹ Comparison based on competitor information from manufacturer websites for 2019 model-year vehicles within the IHS Markit Non-Luxury CUV segment and current at time of printing.

² Outback XT models only. Trailer brakes may be needed. Some safety features, including X-MODE® Blind-Spot Detection and Rear Cross-Traffic Alert, may not function properly when towing. See your retailer for details.

³ Availability varies by model. See your retailer for details.

An extra set of eyes every time you drive.

Every Outback includes standard Subaru EyeSight® Driver Assist Technology.¹

Equipped with a comprehensive suite of innovative safety features, EyeSight® looks ahead, alerts you to potential dangers and can even intervene to help you avoid a collision.

Subaru EyeSight® Driver Assist Technology reduces the rate of rear-end crashes with injuries by up to

Pre-Collision Braking

Can help slow and bring your Outback to a full stop if necessary.

Advanced Adaptive Cruise Control with Lane Centering

Automatically helps keep you centered in your lane, at a safe distance behind the car in front of you — even in traffic and around curves.

Lane Departure and Sway Warning

Can alert you if you drift to the edge of your lane and begin to cross into another.

Pre-Collision Throttle Management

Can reduce engine power to help give you more time to react and to help minimize the possible impact force and frontal impact damage.

¹ EyeSight® is a driver assist technology, which may not operate optimally under all driving conditions. The driver is always responsible for safe and attentive driving. System effectiveness depends on many factors such as vehicle maintenance, weather and road conditions. See Owner's Manual for complete details on system operations and limitations. ² Based on data from 2013–2015MY Subaru models equipped with EyeSight through 2014. From an Insurance Institute of Highway Safety report published January 2016.

DriverFocus™ Distraction Mitigation System

Every day in the U.S., more than 1,000 people are injured in crashes reported to have involved a distracted driver.¹ As an industry leader in safety, Subaru developed the DriverFocus™ Distraction Mitigation System,^{2,3} one of the first technologies of its kind. Engineered for both new and experienced drivers, it works together with Subaru EyeSight® to help detect distracted or drowsy driving. If the driver's attention strays from the road for too long, DriverFocus™ can deliver visual and auditory alerts to bring attention back to the road.

¹ Centers for Disease Control and Prevention, citing National Center for Statistics and Analysis. Distracted Driving: 2015, in Traffic Safety Research Notes. DOT HS 812 381. March 2017, National Highway Traffic Safety Administration: Washington, D.C. ² The DriverFocus™ Distraction Mitigation System is a driver recognition technology designed to alert drivers if their attention to the road wavers or if the driver's face appears to turn away. The driver is always responsible for safe and attentive driving. System effectiveness may be affected by articles of clothing worn on the head or face. See Owner's Manual for complete details on system operation and limitations. ³ Availability varies by model. See your retailer for details.

Detect, alert, **protect.**

Advanced Safety Features

The Outback represents the very latest in Subaru safety, down to the strong core of its Subaru Global Platform. For better visibility, there are standard LED headlights with High Beam Assist, available Steering Responsive Headlights¹ and an available 180-Degree Front View Monitor.¹ Peace of mind is possible just about anywhere, thanks to a host of active safety technologies.

Blind-Spot Detection

Using radar sensors, Blind-Spot Detection^{1,2} warns you with a visual indicator on your side mirror if the system detects a vehicle in your blind spot. Another feature of this system, Lane Change Assist, alerts you with a flashing indicator on your side mirror if it senses a vehicle approaching at a higher speed in a neighboring lane and you signal for a lane change.

Rear Cross-Traffic Alert

Rear Cross-Traffic Alert^{1,2} uses radar sensors to help warn you of traffic approaching from the side as you are backing up, utilizing a flashing visual indicator on your side mirror and Rear-Vision Camera display as well as an audible warning.

Reverse Automatic Braking

Reverse Automatic Braking^{1,3} can detect objects directly behind your vehicle when backing up at a low speed and can help bring the Outback to a stop should an object be detected within its range and the brakes have yet to be applied. There's also the Rear-Vision Camera to help you keep an eye out.

SUBARU STARLINK® Safety and Security

The Outback features the latest STARLINK® Safety and Security^{1,4} system, which can alert a first responder in an emergency, help police locate your vehicle if it's stolen and more. To get you started, new Outback drivers enjoy a free three-year STARLINK® Safety Plus subscription, which includes Advanced Automatic Collision Notification, Enhanced Roadside Assistance, SOS Emergency Assistance and more.

¹ Availability varies by model. See your retailer for details. ² Blind-Spot Detection, Lane Change Assist and Rear Cross-Traffic Alert are systems designed to assist the driver by monitoring the rear and side areas of the vehicle during a lane change or reversing and are not a substitute for safe and attentive driving. ³ The Reverse Automatic Braking System is not a substitute for safe and attentive driving. System effectiveness depends on many factors, such as vehicle maintenance, weather and road conditions. Always exercise caution and use vehicle mirrors and the Rear-Vision Camera when backing up. See Owner's Manual for complete details on system operation and limitations. ⁴ Activation with subscription required. Includes a 3-year trial subscription to Safety Plus services and a 6-month trial subscription to Safety and Security Plus services. The Concierge plan can be purchased annually or monthly. A credit card on file will be required for specific packages and for renewal purposes. See your retailer for details.

Stops aren't the only
chances to stretch.

Expanding Possibility

Space goes a long way in the Outback, and with 109.0 cubic feet of passenger volume,¹ it's roomier than the Jeep Grand Cherokee, Honda CR-V and Toyota Rav4.² A vast cargo area offers the convenience of a Hands-Free Power Rear Gate³ and the versatility of a 60/40-split folding rear seatback. When it comes to comfort, you can set the perfect temperature even before you step in, thanks to Remote Engine Start with Climate Control.^{3,4} Once inside, you're welcomed by genuine Nappa leather⁵ and a 10-way power driver seat.³ There's also an 8-way power front-passenger seat,³ along with heated³ and ventilated front seats,⁵ heated rear seats³ and even a heated steering wheel.³ When the moment calls for calm, you'll have as much as you need—this is the quietest Outback interior yet.

2020 Outback | Models

Outback

- 182-hp 2.5-liter 4-cylinder SUBARU BOXER® engine with direct-injection and auto start-stop technology
- EyeSight® Driver Assist Technology¹
- Subaru Symmetrical All-Wheel Drive with Active Torque Vectoring
- Lineartronic® CVT (Continuously Variable Transmission) with 8-speed manual-mode paddle shifters
- X-MODE® featuring Hill Descent Control
- Auto-on/off LED headlights with High Beam Assist
- 17-inch aluminum-alloy wheels
- Roof rails with integrated retractable crossbars and 4 tie-down points
- Cloth upholstery
- 6-way manually adjustable driver seat and 4-way manually adjustable front-passenger seat
- SUBARU STARLINK® Dual 7.0-inch Multimedia with Apple CarPlay® and Android Auto™ integration, SiriusXM^{®2} and SiriusXM® Travel Link,^{®2} dual USB input ports/iPod® control, 4 speakers, AM/FM stereo, Bluetooth® audio streaming and hands-free phone connectivity, and auxiliary jack
- Automatic climate control
- Driver and front-passenger auto-up/down power windows
- Glove box and cargo-area 12-volt power outlets
- Cargo-area tray, 4 tie-down hooks and 2 grocery bag hooks
- Welcome lighting
- Rear-Vision Camera

Outback Premium

- Includes Outback key features and adds:**
- Body-color side mirrors with integrated turn signals
 - LED fog lights
 - Privacy glass
 - All-Weather Package: Heated exterior mirrors, 3-mode heated front seats, windshield wiper de-icer
 - 10-way power-adjustable driver seat with lumbar support
 - SUBARU STARLINK® 11.6-inch Multimedia Plus with Apple CarPlay® and Android Auto™ integration, SiriusXM^{®2} and SiriusXM® Travel Link,^{®2} 6 speakers, AM/FM stereo, Bluetooth® audio streaming and hands-free phone and text messaging connectivity
 - 4G LTE Wi-Fi capability³
 - Dual rear-seat USB charge ports
 - Dual-zone automatic climate control system
 - Leather-wrapped steering wheel and shifter handle
 - Center console 12-volt power outlet
 - Lifting and retractable cargo-area cover
 - STARLINK® Safety and Security enabled⁴: Includes features and services such as Advanced Automatic Collision Notification, Remote Engine Start with Climate Control⁵ and Concierge Services

Outback Limited

- Includes Outback Premium key features and adds:**
- 18-inch aluminum-alloy wheels
 - Silver metallic finish front and rear bumper underguards
 - LED Steering Responsive Headlights
 - Hands-Free Power Rear Gate with vehicle lock button
 - Automatic tilt-down passenger side mirror
 - Keyless Access with Push-Button Start and PIN-code vehicle access
 - Leather-trimmed upholstery
 - 8-way power-adjustable front-passenger seat
 - Adjustable driver seat thigh support
 - Two-position memory driver seat and exterior mirrors
 - Heated outboard rear seats
 - Harman Kardon® 576-watt-equivalent premium audio system with 12 speakers
 - Auto-up/down front and rear windows
 - Blind-Spot Detection with Lane Change Assist and Rear Cross-Traffic Alert⁶
 - Reverse Automatic Braking⁷
 - Auto-dimming rearview compass mirror with HomeLink®

Outback Touring

- Includes Outback Limited key features and adds:**
- DriverFocus™ Distraction Mitigation System⁸
 - Automatic power-folding exterior mirrors with Satin chrome
 - Roof rails with silver finish integrated retractable crossbars and 4 tie-down points
 - Body-color door handles with chrome inserts
 - Crystal Black Silica finish pillar trim
 - 180-Degree Front View Monitor
 - Power moonroof
 - Java Brown Nappa leather-trimmed upholstery
 - High-grade leather-wrapped steering wheel
 - 3-mode ventilated front seats
 - Heated steering wheel
 - SUBARU STARLINK® 11.6-inch Multimedia Navigation with 3 years of map updates, SiriusXM,^{®2} SiriusXM® Traffic^{®9} and SiriusXM® Travel Link,^{®9} and CD player
 - 8 cargo-area tie-down hooks

Outback Onyx Edition XT

- Includes Outback Premium key features and adds:**
- 260-hp 2.4-liter 4-cylinder direct-injection turbocharged SUBARU BOXER® engine with auto start-stop technology
 - Dual-Mode X-MODE® with Snow/Dirt and Deep Snow/Mud modes
 - 3,500-lb. towing capacity¹⁰
 - Dual exhaust outlets
 - 18-inch aluminum-alloy wheels with black finish
 - Crystal Black Silica front grille
 - Crystal Black Silica finish exterior mirrors with integrated turn signals
 - Black badging
 - Hands-Free Power Rear Gate with vehicle lock button
 - Full-size spare tire
 - Gray StarTex® water-repellent upholstery with lime contrast stitching
 - 8-way power-adjustable front-passenger seat
 - Heated outboard rear seats
 - Keyless Access with Push-Button Start and PIN-code vehicle access
 - Blind-Spot Detection with Lane Change Assist and Rear Cross-Traffic Alert⁶
 - 180-Degree Front View Monitor
 - Auto-dimming rearview compass mirror with HomeLink®
 - 8 cargo-area tie-down hooks

Outback Limited XT

- Includes Outback Limited key features and adds:**
- 260-hp 2.4-liter 4-cylinder direct-injection turbocharged SUBARU BOXER® engine with auto start-stop technology
 - Lineartronic® CVT (Continuously Variable Transmission) High Torque with 8-speed manual-mode paddle shifters
 - 3,500-lb. towing capacity¹⁰
 - Dual exhaust outlets
 - Power moonroof
 - Heated steering wheel
 - SUBARU STARLINK® 11.6-inch Multimedia Navigation with 3 years of map updates, SiriusXM,^{®2} SiriusXM® Traffic^{®9} and SiriusXM® Travel Link^{®9}
 - DriverFocus™ Distraction Mitigation System⁸
 - Sound-insulating front door glass

The Subaru Outback is the best-selling all-wheel drive vehicle in its class for the past 10 years.¹¹

Subaru is the Most Trusted Brand for five years running, according to Kelley Blue Book.¹²

Based on IHS Markit U.S.

The 2020 Subaru Outback is a Wards 10 Best User Experience winner.

Subaru has the highest automotive brand loyalty among mainstream brands for 2019, according to J.D. Power.¹³

97% of Subaru Outback vehicles sold in the last 10 years are still on the road today.¹⁴

Outback Touring XT

- Includes Outback Touring key features and adds:**
- 260-hp 2.4-liter 4-cylinder direct-injection turbocharged SUBARU BOXER® engine with auto start-stop technology
 - Lineartronic® CVT (Continuously Variable Transmission) High Torque with 8-speed manual-mode paddle shifters
 - 3,500-lb. towing capacity¹⁰
 - Dual exhaust outlets
 - Sound-insulating front door glass

Outfit your **Outback**.

2020 Outback | Owner Benefits

Once you're part of our family, we'll be there for you. Every Subaru comes with 24-hour roadside assistance for 3 years or 36,000 miles. If you have trouble on the road, a tow to the nearest Subaru retailer and other services are just a phone call away. And to protect you over the long haul, we offer Added Security®...ask for it by name—extended service agreements and maintenance plans that will help protect your car for up to 10 years or 100,000 miles. They're the only mechanical and maintenance plans backed by Subaru, and because we've been backing them for more than 30 years, they're agreements you can trust. Your retailer has full coverage details.

At Subaru, we're committed to building a lasting, rewarding relationship with you and the world we share. We start by building our vehicles to last—in fact, 97% of Subaru Outback vehicles sold in the last 10 years are still on the road today.¹⁵ We also share your desire for a cleaner, greener world. In 2004, Subaru of Indiana Automotive, Inc. (SIA) became the first manufacturing facility in the U.S. to reach zero-landfill status—nothing from its manufacturing efforts ever goes into a landfill. Subaru is also headquartered in a zero-landfill office in Camden, N.J.

000475 038000 102000 157000 248000

Love means being more than a car company. The **Subaru Love Promise** is our vision to show love and respect to all people at every interaction with Subaru. Together with our retailers, we are dedicated to making the world a better place.

1 Trailer brakes may be needed. Some safety features, including X-MODE®, Blind-Spot Detection and Rear Cross-Traffic Alert, may not function properly when towing. See your retailer for details. 2 2020 EPA fuel economy estimates. Actual mileage may vary. 3 The glass information listed represents calculated reference values, and may not represent actual values determined by testing. 4 Available only with other features. See Optional Equipment listing. 5 Activation and subscription required. Internet access is purchased separately through AT&T with monthly, per gigabyte, and unlimited data options available. Existing AT&T customers have the option to add a line to their AT&T Mobile Share plan. See your retailer for details. 6 Activation and required monthly subscription sold separately. Includes 4-month trial subscription. See your retailer. 7 Activation and monthly subscription sold separately. Includes 3-year trial subscription. See your retailer. 8 EyeSight® is a driver assist technology, which may not operate optimally under all driving conditions. The driver is always responsible for safe and attentive driving. System effectiveness depends on many factors such as vehicle maintenance, weather and road conditions. The Pre-Collision Braking System is designed to provide automatic braking that either prevents a collision or reduces the severity of a frontal impact. Pre-Collision Throttle Management is designed to reduce acceleration and minimize the severity of certain frontal impacts. Advanced Adaptive Cruise Control and Brake Light Recognition are designed to assist the driver and are not substitutes for safe and attentive driving. Lane centering function operates only when used in conjunction with Advanced Adaptive Cruise Control. The Lane Departure and Sway Warning operates only when the lane markings are visible, and its effectiveness depends on many factors. See Owner's Manual for complete details on system operation and limitations. 9 Blind-Spot Detection, Lane Change Assist and Rear Cross-Traffic Alert are systems designed to assist the driver by monitoring the rear and side areas of the vehicle during a lane change or reversing and are not a substitute for safe and attentive driving. 10 The Reverse Automatic Braking System is not a substitute for safe and attentive driving. System effectiveness depends on many factors, such as vehicle maintenance, weather and road conditions. Always exercise caution and use vehicle mirrors and the Rear-Vision Camera when backing up. See Owner's Manual for complete details on system operation and limitations. 11 The DriverFocus™ Distraction Mitigation System is a driver recognition technology designed to alert drivers if their attention to the road wavers or if the driver's face appears to turn away. The driver is always responsible for safe and attentive driving. System effectiveness may be affected by articles of clothing worn on the head or face. See Owner's Manual for complete details on system operation and limitations. 12 Activation with subscription required. Includes a 3-year trial subscription to STARLINK® Safety Plus services and a 6-month trial subscription to STARLINK® Safety and Security Plus services. The Concierge plan can be purchased annually or monthly. A credit card on file will be required for specific packages and for renewal purposes. See your retailer for details. 13 Requires Keyless Access with Push-Button Start. See your retailer for details. 14 The Supplemental Restraint System (SRS) (airbags) affords the driver and the front passenger additional protection in moderate to severe frontal and side-impact collisions and outboard 2nd-row passengers additional protection in moderate to severe side-impact collisions. This system provides supplemental protection only, and seatbelts must be worn in order to avoid injuries to out-of-position occupants upon airbag deployment and to provide the best combined protection in a serious accident. Children should always be properly restrained in one of the rear seats. See Owner's Manual for recommended seating position. 15 Based on Experian Automotive vehicles in operation as of December 2019 for model years 2010-2019 vs. total new registrations of those vehicles.

Outback | Accessories

Rockford Fosgate® Audio Upgrade. The Rockford Fosgate® Audio Upgrade consists of an amplifier, upgraded speakers and an integrated digital signal processor tuned to align the system to the listener's preference.
Not for use with Harman Kardon® audio system with amplifier.

Auto-Dimming Exterior Mirrors with Approach Light. Enhance your Auto-Dimming Mirror experience by adding the Auto-Dimming Exterior Mirrors with Approach Light.¹ Open or unlock the doors with the keyless entry system, and LED lights located behind the Subaru logo in each exterior mirror help to light the way. Light is cast down and onto the ground next to and towards the rear of the vehicle. When in traffic, the Exterior Auto-Dimming Mirrors help add to a safer driving experience by reducing headlight glare on the exterior mirrors. This occurs when excessive light is detected from the rear of the vehicle. The dimming level of the exterior mirrors is regulated by the level of light detected by the Auto-Dimming (Interior) Mirror.

Rear Seatback Protector. Provides additional protection to the rear seatbacks when lowering the seats to transport larger cargo.
Use in conjunction with the Cargo Tray for maximum protection.

Auto-Dimming Mirror with HomeLink® This upgraded Auto-Dimming Mirror detects glare and darkens automatically to protect your vision while featuring an 8-point digital compass. Three backlit HomeLink® buttons can be programmed to operate most garage doors, security gates, home lighting and more. Can also provide you with the last status of your garage door (open or closed) if programmed to a compatible opener featuring two-way communication.

Seat Cover - Rear. Keep your second row tidy with the custom-fitted rear seat cover. Machine-washable, water-resistant and latch-accessible, this seat cover is great for kids, pets and life on the go. Made with a polyester front and polyurethane-coated back.

Outback | Accessories

All-Weather Floor Liners. Custom-fitted, high wall design floor liners help protect the vehicle carpet from accidental spills, sand, snow, mud, dirt and moisture.
Not intended for use on top of Carpeted Floor Mats.

Remote Engine Starter. Allows vehicle to be started by pushing a button from the convenience of home or the office (up to 400 feet away depending on obstructions) so that the vehicle's interior temperature is more comfortable upon entry. Push Start works in conjunction with the Keyless Access and Start system. This Genuine Subaru Accessory is an alternative for customers who do not enroll in STARLINK® Safety and Security Plus.

Body Side Molding. Attractive color-matched moldings coordinate with the styling of the vehicle while helping to protect doors from unsightly dings.

Splash Guards. Help protect the vehicle's paint finish from stones and road grime.

Wireless Charger. Conveniently charge your phone without the hassle of tangled wires. The Wireless Charger is a Qi Certified Device with Intelligent Charging Profiles, cell phone battery protection, temperature control technology and short circuit safe guards. Compatible with all Qi enabled devices and Samsung Fast Charge enabled devices. Anti-slip rubber insert safely holds your mobile device.

Trailer Hitch. Subaru hitches are engineered to the same rigorous standards as the rest of the Outback. Heavy-duty rated at 3,500-lb. towing capacity, 350-lb. tongue weight, for the 2.4L Turbo XT and at 2,700-lb. towing capacity, 270-lb. tongue weight, for the naturally aspirated 2.5L.
Hitch ball not included. Ball mount sold separately. Trailer brakes may be needed.

Rear Gate Trim - Chrome. Enhance the appearance of your rear liftgate with chrome trim.

Interior Trim Kit - Woodgrain. Upgrade your interior's appearance with a woodgrain accent for your dash.

Thule® Portable Step. Get the extra height you need to easily access all of your rooftop lifestyle accessories with the convenience of the Thule® Portable Step. Constructed of heavy-duty steel; rubber bumpers are included to help prevent wheel scrapes and scuffs. This step conveniently folds into a carrying bag for easy storage.
