SUBARU

SYMMETRICAL AWD

The all-new WRX. The rally legend for the next generation.

SUBARU

How to spell victory
with three letters.

WRX GT in Magnetite Gray Metallic and WRX Limited in Solar Orange Pearl.

Precision tool.

Quick

With its new 2.4-liter turbocharged SUBARU BOXER® engine and improved torque curve, the WRX puts power right where you need it. No matter how you shift, the connection is immediate, thanks to a six-speed close-ratio manual transmission or the newly available Subaru Performance Transmission with paddle shifters.

Responsive

The WRX delivers more of what it's already built its name on: precision and control. Its point-and-shoot 13.5:1 dual-pinion steering system works in unison with standard Subaru Symmetrical All-Wheel Drive to make maneuvers feel intuitive.

Fine-Tuned

Meticulous engineering went into honing the WRX. The latest Subaru Global Platform provides improved rigidity for better handling and safety. This is paired with a re-engineered track-tuned suspension to deliver stability and confidence.

WRX Limited in Solar Orange Pearl.

Intensely **chill.**

The all-new WRX GT

Push your custom-tailored experience even further with the WRX GT and its wide range of innovations. With its Drive Mode Select feature, you can personalize the dynamic of your drive by choosing from four preset options—or by going rogue in Individual Mode. Precision and performance are heightened by features including electronically controlled dampers and the new Subaru Performance Transmission, engineered to upshift and downshift with immediacy. You'd be on the edge of your seat, but its exclusive Recaro® front seats have you locked in place.

WRX GT in Magnetite Gray Metallic.

WRX GT with Black Ultrasuede®.

Connected performance environment

It's comfortable, but it also gets your heart pumping. Inside the WRX, every detail caters to the driver's intuition—from its soft-touch materials to the D-shaped steering wheel. You'll feel this connection in the available Black Ultrasuede® seats,¹ keeping you centered through tight turns. And you'll interact seamlessly, thanks to standard SUBARU STARLINK® Multimedia with Apple CarPlay® and Android Auto™ integration, along with an available 11.6-inch touchscreen.¹ Ease and versatility extend beyond the driver's seat to the spacious cargo area and 60/40 folding rear seats, making the WRX capable of much more than weekend joy rides.

Splitting hairs to raise yours.

To make the 2022 WRX truly “all-new,” we looked at everything—down to its core. That’s why it’s built on the latest Subaru Global Platform, which offers a 28% increase in torsional rigidity³ and a 75% increase⁴ in suspension mounting-point rigidity for tighter handling. With the Subaru Performance Transmission, upshifts are 30% quicker¹—and downshifts a blazing 50%². The system’s shift logic gives it the ability to downshift before a turn, hold a gear through the turn and upshift at precisely the right moment—all automatically. Even the rally-inspired styling of the WRX is functional, with its air vents, cladding texture, and underbody covers all helping to improve aerodynamics.

An extra set of eyes every time you drive.

The WRX features the latest Subaru EyeSight® Driver Assist Technology,¹ now with Automatic Emergency Steering.² EyeSight® also includes Advanced Adaptive Cruise Control with Lane Centering, Pre-Collision Braking, Lane Departure and Sway Warning, and Pre-Collision Throttle Management. With these systems, EyeSight® is designed to watch the road ahead, alert you or even intervene if necessary.

EyeSight® reduces the rate of rear-end crashes with injuries by up to 85%.³

WRX GT in Sapphire Blue Pearl.

Subaru is a five-time Best Performance Brand winner, according to Kelley Blue Book.⁴

14 United States National Rally Championship Titles.⁵

Subaru has the highest Overall Brand Loyalty in the automotive industry for three years in a row.⁶

95% of Subaru WRX vehicles sold in the last 10 years are still on the road today.⁷
