

2025 | Forester

+ 2024 Forester Wilderness

The Subaru Forester. Love begins with trust.

1 Based on Experian Automotive vehicles in operation vs. total new registrations for MY2014–2023 as of December 2023. 2 EyeSight is a driver assist technology, which may not operate optimally under all driving conditions. The driver is always responsible for safe and attentive driving. System effectiveness depends on many factors such as vehicle maintenance, weather and road conditions. See your Owner's Manual for complete details on system operations and limitations. 3 Availability varies by trim level. See your Subaru retailer for details. 4 Automatic Emergency Steering is a system designed to assist the driver. It is not a substitute for safe and attentive driving. Automatic Emergency Steering requires Blind-Spot Detection and works in conjunction with and after Pre-Collision Braking has been activated by providing steering support at speeds lower than 50 mph to try and help avoid a collision. See your Owner's Manual for complete details, including important system limitations. Availability varies by trim level. 5 The DriverFocus Distraction Mitigation System is a driver recognition technology designed to alert drivers if their attention to the road wavers or if the driver's face appears to turn away. The driver is always responsible for safe and attentive driving. System effectiveness may be affected by articles of clothing worn on the head or face. See Owner's Manual for complete details on system operation and limitations. 6 Activation with subscription required. Includes a 3-year trial subscription to STARLINK Safety Plus services and a 6-month trial subscription to STARLINK Safety and Security Plus services. The Concierge plan can be purchased annually or monthly. A credit card on file will be required for specific packages and for renewal purposes. Not available in all states. See your Subaru retailer for details. 7 EPA-estimated fuel economy for 2025 Forester trim levels at 33 highway MPG. Does not apply to 2024 Forester Wilderness. Actual mileage may vary. See your Subaru retailer for details. 8 9.2 inches of ground clearance for 2024 Forester Wilderness only. 9 Without available power moonroof. 10 Foot activation function not operable when equipped with accessory tow hitch. See your Subaru retailer for details.

Forester Limited in Crimson Red with optional equipment.

Reconnect with what you love.

Whether it's crosstown or cross-country, every trip in your all-new Subaru Forester is a chance to connect—with friends, family, community or even just your own sense of place. With go-anywhere capability and a spacious, freshly redesigned interior, this Forester is ready to get you out there. And because it's a Subaru, it's built for adventure after adventure: 96% of Subaru Forester vehicles sold in the last 10 years are still on the road today.¹

Safe

Capable

Versatile

Connected

For all-around awareness, every 2025 Forester is equipped with standard EyeSight® Driver Assist Technology² and now includes a wide-angle mono camera for a wider range of detection. You can also opt for the all-new 360-degree Surround-View Monitor³ and a host of other advanced safety technologies like Automatic Emergency Steering,^{3,4} Blind-Spot Detection,³ DriverFocus®,^{3,5} and SUBARU STARLINK® Safety and Security.^{3,6}

With the all-road readiness of standard Subaru Symmetrical All-Wheel Drive and an efficient SUBARU BOXER® engine that achieves up to 33 highway mpg,⁷ your new Forester might as well be begging to go on a road trip. And bring on the dirt, mud, snow and rain—the Forester is prepared with available dual-function X-MODE®⁸ and 8.7 inches of ground clearance.⁸

In the Forester, you don't have to sacrifice comfort to bring along everything you need. With 74.4 cubic feet of cargo space⁹ and 60/40-split flat-folding rear seats, this adaptable interior has room for whatever the day brings while leaving plenty of elbow and leg room for every passenger. Its available foot-activated Hands-Free Power Rear Gate^{3,10} makes loading and unloading a breeze, and a one-touch folding rear seatback³ allows for easy cargo reconfiguration.

Step inside the all-new Forester, and you'll find all the latest easy-to-use technology. You'll have an available large 11.6-inch touchscreen³ where you can seamlessly access your music, navigation³ and other apps through SUBARU STARLINK Multimedia with Apple CarPlay® and Android Auto™ integration. You can also enjoy a hassle-free, cord-free drive with available wireless charging³ and connectivity.

Foot-activated Hands-Free Power Rear Gate^{2,3}

Go far, feel
at home.

Versatile

The Forester is designed with room to spare—lots of it. So, bring along your nice-to-haves because the Forester is equipped with 74.4 cubic feet of cargo space¹ and an extra-wide rear gate opening. When your hands are full, there's an available foot-activated Hands-Free Power Rear Gate^{2,3} that makes for smooth loading. Plus, adjusting your cargo space is simple with 60/40-split flat-folding rear seats that collapse with the press of a button, and low-profile roof rails allow you to throw bigger gear up top. Even when you're all packed up, your passengers can stretch out and relax in the 110.8¹ cubic feet of passenger space filled with soft-touch materials and enough elbow, leg and head room for everyone.

Capable

Blue skies might not be in the forecast. And smooth, dry pavement may be scarce. But the Forester has you covered. You'll feel the confidence to venture farther with 8.7 inches of ground clearance⁴ and available dual-function X-MODE,² which has specific settings to take on snow and dirt or deep snow and mud. Since it's a Subaru, the Forester comes equipped with a powerful SUBARU BOXER engine and standard Subaru Symmetrical All-Wheel Drive for tried-and-true reliability on every type of journey.

¹ Without available power moonroof. ² Availability varies by trim level. See your Subaru retailer for details. ³ Foot activation function not operable when equipped with accessory tow hitch. See your Subaru retailer for details. ⁴ 9.2 inches of ground clearance for 2024 Forester Wilderness only.

An extra set of eyes every time you drive.

Every Forester includes standard Subaru EyeSight Driver Assist Technology,¹ now with a wide-angle mono camera for enhanced pedestrian and cyclist detection. Equipped with a comprehensive suite of innovative safety features, like available Automatic Emergency Steering,² EyeSight looks ahead, alerts you to potential dangers and can even intervene to help you avoid a collision.

Forester Limited in Horizon Blue Pearl.

Automatic Emergency Steering²

Can help you avoid a collision by providing automatic steering and pre-collision braking support if it determines there's enough space to intervene.

Pre-Collision Braking

Can help slow and bring your Forester to a full stop if necessary.

Advanced Adaptive Cruise Control with Lane Centering

Automatically helps keep you centered in your lane, at a safe distance behind the car in front of you—even in traffic and around curves.

Pre-Collision Throttle Management

Can reduce engine power to help give you more time to react and to help minimize possible impact force in case of a collision.

Lane Departure and Sway Warning with Lane Departure Prevention

If you accidentally begin to drift to the edge of your lane, EyeSight can alert you with visible and audible warnings before you cross over the lane markers. And when activated, Lane Departure Prevention can even help steer you back into your lane.

¹ EyeSight is a driver assist technology, which may not operate optimally under all driving conditions. The driver is always responsible for safe and attentive driving. System effectiveness depends on many factors such as vehicle maintenance, weather and road conditions. See your Owner's Manual for complete details on system operations and limitations. ² Automatic Emergency Steering requires Blind-Spot Detection. Availability varies by trim level. See your Subaru retailer for details.

Safe and sound all around.

Equipped with the latest safety technology and built on the strength of the Subaru Global Platform, the 2025 Forester is engineered for your peace of mind. You can opt for the all-new 360-degree Surround-View Monitor¹ to give you enhanced visibility in tight trails or parking spots. Blind-Spot Detection,^{1,2} Rear Cross-Traffic Alert^{1,2} and Reverse Automatic Braking^{1,3} each work to provide reassurance in all directions.

Every day in the U.S., more than 1,000 people are injured in crashes reported to have involved a distracted driver.⁴ As an industry leader in safety, Subaru developed the DriverFocus Distraction Mitigation System,^{1,5} one of the first technologies of its kind. Engineered for both new and experienced drivers, it works together with EyeSight to help detect distracted or drowsy driving. If the driver's attention strays from the road for too long, DriverFocus can deliver visual and auditory alerts to bring attention back to the road.

Blind-Spot Detection

Using radar sensors, Blind-Spot Detection^{1,2} warns you with a visual indicator on your exterior mirror if the system detects a vehicle in your blind spot. Another feature of this system, Lane Change Assist, alerts you with a flashing indicator on your exterior mirror if it senses a vehicle approaching at a higher speed in a neighboring lane.

Rear Cross-Traffic Alert

Rear Cross-Traffic Alert^{1,2} uses radar sensors to help warn you of traffic approaching from the side as you are backing up, utilizing a flashing visual indicator on your exterior mirror and Rear-Vision Camera display as well as an audible warning.

Reverse Automatic Braking

Reverse Automatic Braking^{1,3} can detect objects directly behind your vehicle when backing up at a low speed and can help bring the Forester to a stop should an object be detected within its range and the brakes have yet to be applied. There's also the Rear-Vision Camera to help you keep an eye out.

SUBARU STARLINK® Safety and Security

The Forester features the latest SUBARU STARLINK Safety and Security^{1,6} system, which can alert a first responder in an emergency, help police locate your vehicle if it's stolen and more. And to get you started, new Forester drivers enjoy a free three-year STARLINK® Safety Plus trial, which includes Advanced Automatic Collision Notification, Enhanced Roadside Assistance, SOS Emergency Assistance and more.

¹ Availability varies by trim level. See your Subaru retailer for details. ² Blind-Spot Detection, Lane Change Assist and Rear Cross-Traffic Alert are systems designed to assist the driver by monitoring the rear and side areas of the vehicle during a lane change or reversing and are not a substitute for safe and attentive driving. ³ The Reverse Automatic Braking System is not a substitute for safe and attentive driving. System effectiveness depends on many factors, such as vehicle maintenance, weather and road conditions. Always exercise caution and use vehicle mirrors and the Rear-Vision Camera when backing up. See your Owner's Manual for complete details on system operation and limitations. ⁴ Centers for Disease Control and Prevention, citing National Center for Statistics and Analysis. Distracted Driving: 2016, in Traffic Safety Research Notes. DOT HS 812 517. April 2018, National Highway Traffic Safety Administration: Washington, D.C. ⁵ The DriverFocus Distraction Mitigation System is a driver recognition technology

designed to alert drivers if their attention to the road wavers or if the driver's face appears to turn away. The driver is always responsible for safe and attentive driving. System effectiveness may be affected by articles of clothing worn on the head or face. See your Owner's Manual for complete details on system operation and limitations. ⁶ Activation with subscription required. Includes a 3-year trial subscription to STARLINK Safety Plus services and a 6-month trial subscription to STARLINK Safety and Security Plus services. The Concierge plan can be purchased annually or monthly. A credit card on file will be required for specific packages and for renewal purposes. Not available in all states. See your Subaru retailer for details.

Designed to connect.

Inside the 2025 Forester, you'll find all the latest tech features—each intuitive and easy to use. Before you step in, you can start your engine from your phone and get your cabin to the perfect temperature with Remote Engine Start with Climate Control.^{1,2} Then, SUBARU STARLINK® Multimedia makes connecting to your music, navigation and apps seamless with available wireless Apple CarPlay® and Android Auto™ integration.¹ Everything you need will be easily accessible on the large 11.6-inch touchscreen,¹ and to keep your phone charged, you'll even have the option of a Qi® wireless charging pad.^{1,3} Plus, with available STARLINK Concierge Services, you can make reservations or buy tickets on the go.^{1,4}

High tech,
low maintenance.

Whether it's a long road trip or a quick run to the grocery store, the all-new Forester is designed to keep you comfortable when you're on the go. You're greeted with high-quality soft-touch materials throughout the spacious cabin. Too hot or cold? Once you're inside, available heated and ventilated seats¹ and a heated steering wheel¹ will get you back to your ideal temperature. The second row offers the comforts of available heated outboard seats¹ and rear AC vents,¹ plus USB-A and USB-C¹ ports for on-the-go charging. Above, an available panoramic moonroof¹ lets in natural light and gives the cabin a wide-open, airy feel. To hear your music and podcasts as they were intended, you can opt for a Harman Kardon® premium audio system.¹

1 Availability varies by trim level. See your Subaru retailer for details. 2 Requires Keyless Access with Push-Button Start and subscription to STARLINK Safety and Security Plus services. 6-month free trial included. Not available in all states. See your Subaru retailer for details. 3 Qi® wireless charging may not be compatible with all mobile devices. When using the wireless charging system, avoid placing metal objects between the wireless charger and the mobile device when charging is active. Doing so may cause metal objects to become hot and could cause burns. 4 Activation with subscription required. Includes a 3-year trial subscription to STARLINK Safety Plus services and a 6-month trial subscription to STARLINK Safety and Security Plus services. The Concierge plan can be purchased annually or monthly. A credit card on file will be required for specific packages and for renewal purposes. Not available in all states. See your Subaru retailer for details.

The unpaved world
is **officially open.**

The 2024 Forester Wilderness

Nothing sounds too remote when you're in the 2024 Forester Wilderness. With dual-function X-MODE, 9.2 inches of ground clearance and gearing that's engineered to optimize climbing performance, this Forester is designed to meet the demands of the terrain. Inside and out, you'll find function and purpose, from its StarTex® water-repellent upholstery to 17-inch wheels with all-terrain tires. Plus, we've increased its approach, departure and breakover angles. The 2024 Forester Wilderness has wider roof rails with a greater static roof load capacity, and it can tow up to 3,000 pounds,¹ so you can bring all the gear you need for that unpaved adventure.

1 Trailer brakes may be needed. Some safety features, including X-MODE, Blind-Spot Detection and Rear Cross-Traffic Alert, may not function properly when towing. See your Subaru retailer for details.

2025 Forester | Trim Levels

Forester

- 180-hp 2.5-liter 4-cylinder SUBARU BOXER engine with direct injection and auto start-stop technology
- Subaru Symmetrical All-Wheel Drive with Active Torque Vectoring
- Lineartronic® CVT (Continuously Variable Transmission)
- 1,500-lb. towing capacity¹
- SI-DRIVE® Engine Performance Management
- 17-inch aluminum-alloy wheels. Dark Metallic with machine finish.

Side Window Deflectors. Keep inclement weather out while allowing fresh air in. Side Window Deflectors are extensively tested to help reduce wind noise and vibration, as well as water intrusion. May not be legal in all states. Please check the laws of your state.

Door Edge Guards. Help protect your door edges from dings and chips with custom-fit, body-color-matched Door Edge Guards. They help preserve the appearance of your Subaru while seamlessly blending into the door design.

Rear Bumper Cover. Helps protect the upper surface of the painted rear bumper from scratches and dings.

Trailer Hitch. Rated at 150 lbs. tongue weight with 1,500 lbs. of towing capacity. 2024 Forester Wilderness is rated at 300 lbs. tongue weight with 3,000 lbs. capacity.
Hitch ball not included. Ball mount sold separately. Trailer brakes may be required by your state for heavier loads. Consult your Owner's Manual for more information.

Introducing Genuine Subaru
Pet-friendly Accessories.

Pet Harness. Keep your dog safe with this crash-tested Pet Harness, certified by the Center for Pet Safety for dogs from 18 to 90 pounds. Manufactured by Sleepypod® in signature Subaru blue, the Pet Harness can also be used for walking your dog. Available in S, M, L or XL.

Pet Carrier and Mobile Pet Bed. This multi-functional, ultra-plush pet bed doubles as a carrier to safely transport your pet in comfort. Manufactured by Sleepypod®, this accessory is crash-tested and certified by the Center for Pet Safety.

Pet Harness. Keep your dog safe with this crash-tested Pet Harness, certified by the Center for Pet Safety for dogs from 18 to 90 pounds. Manufactured by Sleepypod® in signature Subaru blue, the Pet Harness can also be used for walking your dog. Available in S, M, L or XL.

Pet Rear Door Protector. Protect your door panel from scratches, punctures, scuffs, dirt and even drool. This light-yet-durable accessory is easy to install and designed to fit the contours of your door seamlessly. Comes in a set of two.

Not recommended for use with aftermarket rear window tint.

Pet Carrier and Mobile Pet Bed. This multi-functional, ultra-plush pet bed doubles as a carrier to safely transport your pet in comfort. Manufactured by Sleepypod®, this accessory is crash-tested and certified by the Center for Pet Safety.

Pet-friendly Padded Cargo Liner. Thick padding and a durable polyester shell provide a comfortable resting area for your pet while protecting the cargo and seatback areas. This accessory includes a foldout bumper protector and is compatible with the 60/40 seats up or down.

Collapsible Pet Kennel. Portable, compact and lightweight, the Collapsible Pet Kennel, manufactured by Thule®, is ideal for travel and for everyday transport. Includes a carrying handle for easy transport and two pockets to carry your pet's personal cargo. Available in medium and large.

Pet Ramp. Give your canine companion easy access to your Subaru. This sturdy, foldable Pet Ramp supports up to 220 lbs. and is especially suited for senior dogs and those with mobility issues, thanks to its non-slip design and high-grip ridged surface.

Requires Auto-Dimming (Interior) Mirror.

Rear Seatback Protector. Provides additional protection to the rear seatback when lowering the seats to transport larger cargo. Use in conjunction with the Cargo Tray.

Moonroof Air Deflector. Helps reduce wind noise and sun glare. Cannot be used in conjunction with the Thule® Cargo Carrier - Extended.

Side Sill Plates - Illuminated. Bright white lighting adds an attractive accent to the door sills. Lighting is activated when the door is opened and turns off when the door is closed. Engineered to keep your doorframe safe from scratches and scuffs.

Auto-Dimming Exterior Mirrors with Approach Light. To enhance nighttime driving safety, these mirrors help reduce headlight glare by dimming based on the level of light detected by the Auto-Dimming (Interior) Mirror. They also help illuminate the ground before you enter your vehicle, thanks to LED lights located behind the Subaru logo in each mirror.

Requires Auto-Dimming (Interior) Mirror.

All-Weather Floor Liners. Custom-fitted, high-wall design floor liners help protect the vehicle carpet and are precision-engineered to withstand a series of functional and durability evaluations to help ensure the liners will not warp, fade or tear.

Mud Flaps. Designed to protect your Forester from the elements while also preventing minor road debris from kicking up behind your vehicle. Durable constructed to minimize water, dirt and mud spray.

Cargo Tray. Helps protect the trunk area from stains and dirt while providing a surface that helps reduce the shifting of cargo while driving.

Auto-Dimming Mirror with Compass and HomeLink®. Detects glare and darkens automatically to protect your vision. This accessory features an 8-point digital compass and HomeLink®, which can be programmed to operate most garage doors, security gates, home lighting and more. Can also provide you with the last status of your garage door (open or closed) if programmed to a compatible opener.

Requires Auto-Dimming (Interior) Mirror.

Let nothing hold you back.

When your passion is even bigger than your cargo area, Genuine Subaru active lifestyle accessories manufactured by Thule® are a smart way to securely transport larger gear like bikes, skis, snowboards, kayaks, paddleboards and more. Each carrier safely attaches to your roof rack when equipped with a Crossbar Set, and the available Thule Portable Step can help you easily access everything.

2025 Forester | Owner Benefits

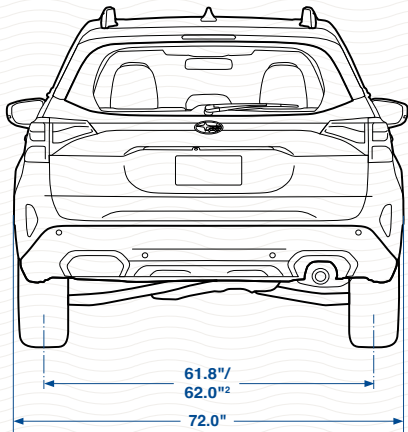

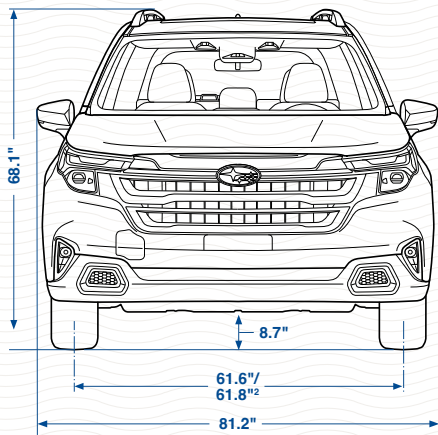

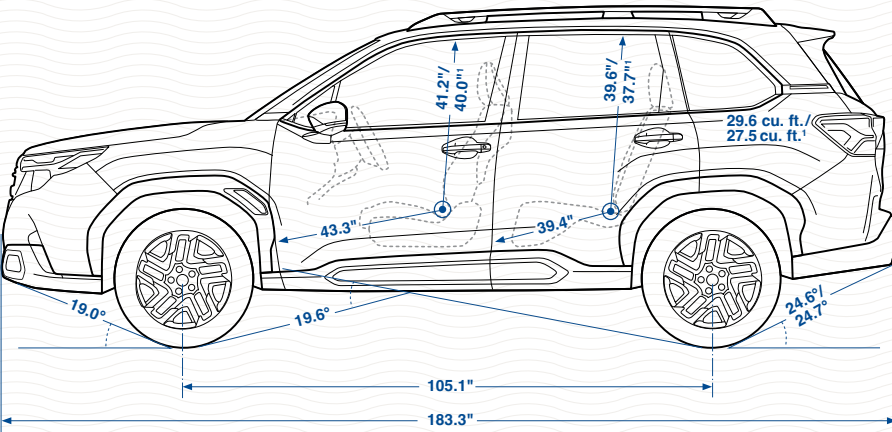

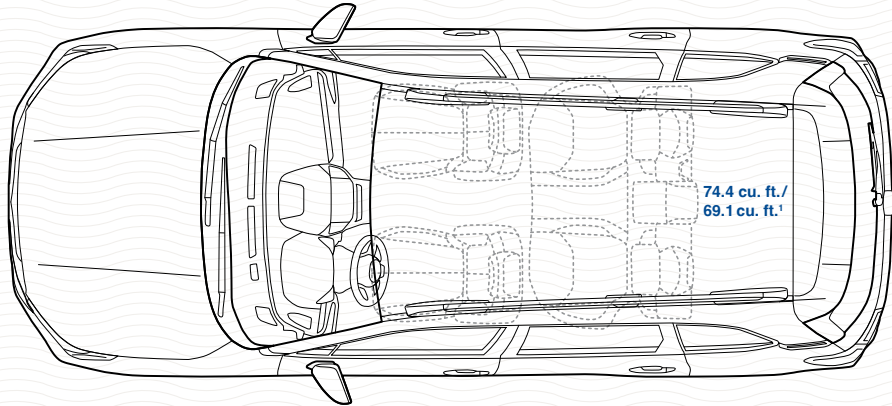

Once you're part of our family, we'll be there for you. Every Subaru comes with 24-hour roadside assistance for 3 years or 36,000 miles. And to protect you over the long haul, we offer Added Security®, which helps protect your car for up to 10 years or 100,000 miles with extended service agreements and maintenance plans backed by Subaru. And because we've been backing them for more than 30 years, they're agreements you can trust. Your retailer has full coverage details.

For us, love is about the commitments we make. The Subaru Love Promise® is our vision to show love and respect to all people and the planet we all share. Subaru is headquartered in a zero-landfill office in Camden, N.J., and in 2004, Subaru of Indiana Automotive, Inc. (SIA) became the first manufacturing facility in the U.S. to reach zero-landfill status—nothing from its manufacturing efforts ever goes into a landfill.

		Maximum cargo volume	69.1 cubic feet with rear seat lowered (without moonroof: 74.4 cubic feet) 2024 Forester Wilderness: 69.1 cubic feet

1 With available moonroof. Moonroof availability varies by trim level. 2 Forester Sport and Touring trim levels.

2025 Forester | Colors

1 Maximum towing capacity varies by trim level. Trailer brakes may be needed. Do not use with any type of weight-distributing hitch as their usage has not been validated to work with Subaru vehicles. Some safety features, including Blind-Spot Detection, Rear Cross-Traffic Alert, Smart Rear-View Mirror and X-MODE, may not function properly during towing. See your Owner's Manual for details. 2 SiriusXM Trial Subscription: Service will automatically stop at the end of your trial subscription period unless you decide to continue service. Trial is non-transferable. If you do not wish to enjoy your trial, you can cancel by calling the number below. All SiriusXM services require a subscription, each sold separately by SiriusXM after the trial period. Service subject to the SiriusXM Customer Agreement and Privacy Policy, visit [siriusxm.com](https://www.siriusxm.com) for complete terms and how to cancel which includes online methods or calling 1-866-635-2349. Some services and features are subject to device capabilities and location availability. Satellite service not available in AK & HI. Certain features and/or content may not be available in vehicles with SiriusXM with 360L unless an active data connection is enabled in the vehicle. Content varies by SiriusXM subscription plan. All fees, content and features are subject to change. SiriusXM and related logos are trademarks of Sirius XM Radio LLC and its respective subsidiaries. 3 EyeSight is a driver assist technology, which may not operate optimally under all driving conditions. The driver is always responsible for safe and attentive driving. System effectiveness depends on many factors such as vehicle maintenance, weather and road conditions. The Pre-Collision Braking System is designed to provide automatic braking that either prevents a collision or reduces the severity of a frontal impact. Pre-Collision Throttle Management is designed to reduce acceleration and minimize the severity of certain frontal impacts. Advanced Adaptive Cruise Control, Brake Light Recognition and Automatic Emergency Steering are designed to assist the driver and are not substitutes for safe and attentive driving. Automatic Emergency Steering availability varies by trim level and works in conjunction with and after Pre-Collision Braking has been activated by providing steering support at speeds lower than 50 mph to try and help avoid a collision. Lane centering function operates only when used in conjunction with Advanced Adaptive Cruise Control. Lane Departure and Sway Warning with Lane Departure Prevention operates only when the lane markings are visible, and its effectiveness depends on many factors. See your Owner's Manual for complete details on system operation and limitations. 4 The Supplemental Restraint System (SRS) (airbags) affords the driver and the front and rear outboard passengers additional protection in moderate to severe frontal and side-impact collisions. This system provides supplemental protection only, and seatbelts must be worn in order to avoid injuries to out-of-position occupants upon airbag deployment and to provide the best combined protection in a serious accident. Children should always be properly restrained in the rear seat. 5 Activation and subscription required. Internet access is purchased separately through AT&T with monthly, per gigabyte, and unlimited data options available. Existing AT&T customers have the option to add a line to their AT&T Mobile Share plan. See your Subaru retailer for details. 6 Qi® wireless charging may not be compatible with all mobile devices. When using the wireless charging system, avoid placing metal objects between the wireless charger and the mobile device when charging is active. Doing so may cause metal objects to become hot and could cause burns. 7 Blind-Spot Detection, Lane Change Assist and Rear Cross-Traffic Alert are systems designed to assist the driver by monitoring the rear and side areas of the vehicle during a lane change or reversing and are not a substitute for safe and attentive driving. 8 Automatic Emergency Steering is a system designed to assist the driver. It is not a substitute for safe and attentive driving. Automatic Emergency Steering requires Blind-Spot Detection and works in conjunction with and after Pre-Collision Braking has been activated by providing steering support at speeds lower than 50 mph to try and help avoid a collision. See your Owner's Manual for complete details, including important system limitations. Availability varies by trim level. 9 Foot activation function not operable when equipped with accessory tow hitch. See your Subaru retailer for details. 10 The Reverse Automatic Braking System is not a substitute for safe and attentive driving. System effectiveness depends on many factors, such as vehicle maintenance, weather and road conditions. Always exercise caution and use vehicle mirrors and the Rear-Vision Camera when backing up. See your Owner's Manual for complete details on system operation and limitations. 11 Activation and monthly subscription sold separately. Includes 3-year trial subscription. See your Subaru retailer for details. 12 All Subaru Live Traffic services require a subscription after the trial period. Subaru Live Traffic services will automatically renew at the end of the trial period into a monthly paid plan unless the trial is cancelled. Subaru Live Traffic can be cancelled at any time by going to the Manage Subscriptions page of the MySubaru app. Upon cancelling, the subscription will continue to the end of the paid term and not renew. There are no refunds available. Fees and taxes apply. Services are only available while traveling in the United States, including Hawaii and Alaska, and in Canada. Availability of some services and features is subject to device capabilities and location restrictions. All fees, content and features are subject to change. 13 The DriverFocus Distraction Mitigation System is a driver recognition technology designed to alert drivers if their attention to the road wavers or if the driver's face appears to turn away. The driver is always responsible for safe and attentive driving. System effectiveness may be affected by articles of clothing worn on the head or face. See your Owner's Manual for complete details on system operation and limitations. 14 2024 EPA fuel economy estimates. 2024 Forester Wilderness shown

These brochures were printed with vegetable-based inks and produced using a "Green Printing Process." The Forest Stewardship Council® (FSC®) is an international organization that brings people together to find solutions which promote responsible stewardship of the world's forests and environments.

By producing these brochures in a green way rather than by traditional methods, we saved 82 trees preserved for the future; 19,000 gallons of wastewater flow saved; 300 lbs solid waste not generated; 46,000 lbs net greenhouse gases prevented; 37,000,000 BTUs energy not consumed. Calculations provided by Environmental Paper Network. FSC® is not responsible for any calculations on saving resources by choosing this paper.

This brochure is printed in the U.S.A. on 10% recycled paper. ©2024 Subaru of America, Inc. 25.FORSRB.525 (DSGN-P599, 175K, 5/24, KSL)
