T R A C T I O N

4WD High is great for most driving conditions. It helps give you smooth on-road performance and all-weather traction.

4WD High Lock powers you through snow and mud by distributing traction evenly to front and rear wheels.

4WD Low Lock helps give you the traction you need to get out of — or into — the toughest road and off-road conditions.

2 0 X

Grand Vitara's Electronic Control Unit (ECU) has **20 times the computing power** of the lunar landing module. Ponder that on your next terrestrial off-road trip.

F R E E D O M

Erica's bike is an extension of herself — a tool that creates opportunities and enhances her lifestyle. That's what Grand Vitara is all about. Its only agenda is to help realize your own gut checklist of must-do's.

T A K E C H A R G E

You and your ATV need a sweet ride for some well-deserved deep-dirt therapy? Grand Vitara will get you into the fun zone and back to tell the tales.

H E R I T A G E

Sharing the same white-hot genetics with Suzuki's world-class motorcycles, Grand Vitara's destiny is to own the category.

S E C U R E

Tim lives life in fifth gear. But the thrill's in putting his abilities against the challenge, not in risking his safety. He protects himself with the best gear he can get his hands on — just as Grand Vitara does.

S T R E N G T H

E F F I C I E N T P O W E R

GRAND VITARA'S AVAILABLE 3.2-LITER DOHC 24-VALVE V6 ENGINE CHURNS OUT 230-HP AND 213 LB-FT OF TORQUE — COMPARE THAT WITH HONDA CR-V®, NISSAN ROGUE® AND JEEP PATRIOT® THAT DON'T EVEN OFFER V6 POWER. ALSO CHECK OUT THE STANDARD 2.4-LITER DOHC 16-VALVE 4-CYLINDER, WITH ONE OF THE BEST 4X4 MPGS IN ITS CLASS — BALANCING POWER AND FUEL ECONOMY.

Z E R O

The self-lubricating, high-performance timing chain used on the standard 4-cylinder and available V6 engines requires zero maintenance, unlike a timing belt. That's right. Zero. Zilch. Nada.

STRENGTH

No longer the exclusive domain of luxury SUVs, Grand Vitara is the only SUV in its class to combine unibody and built-in ladder frame construction with Rear-Wheel Drive (RWD).

This dynamic pairing creates a more balanced, unified vehicle resulting in greater ruggedness; a smoother, more comfortable ride; and improved drivability for you.

UNIBODY

LADDER FRAME

29°

Grand Vitara's V6 4x4 high-ground clearance combined with Hill Hold Control (HHC), Hill Descent Control (HDC) and high approach, ramp breakover and departure angles give you the wicked confidence that you could take on Mt. McKinley.

OUT-TOWS THE COMPETITION

VEHICLE	MAXIMUM TOWING CAPACITY	MAXIMUM AVAILABLE TORQUE
Suzuki Grand Vitara	3,000 lbs	213 lb-ft
Honda CR-V®	1,500 lbs	161 lb-ft
Nissan Rogue®	1,500 lbs	175 lb-ft
Jeep Patriot®	2,000 lbs	165 lb-ft

INTAKE

Ever wish you could get the same powerful engine torque at low speeds that you experience at high speeds? Grand Vitara's Variable Induction System (VIS) gives you just that — automatically.

The rotating intake manifold tuning valve adjusts automatically to create the optimal intake length for the full RPM range.

The closed valve routes the air/fuel mixture through a longer intake that creates a powerful torque output at lower RPMs.

The valve rotates to an open position, creating a shorter intake that provides maximum torque and performance at higher speeds.

S U R V I V A L

Emperor penguins make treks of up to 75 miles across their stark, white landscape for food and find their way home again **with pinpoint accuracy.**

Their lives depend on it. Seems we're not too different from penguins after all.

N A V I G A T I O N

C O P I L O T

Suzuki TRIP™, which stands for Travel, Real-time traffic, Information and Play, is feature-packed for convenient, hassle-free driving. The standard navigation **is integrated into Grand Vitara's audio system** to make sure audio driving directions, available Bluetooth® calls and your favorite downloaded tunes come in loud and clear. Check out the adjustable **color touchscreen display, pre-loaded 2-D and 3-D maps, turn-by-turn voice directions, automatic routing, route planner, handy locator** and a pack of available real-time features that you'll love.

T O U R G U I D E

What a resource! TRIP contains **over 6 million standard points of interest, such as hotels, restaurants and even ATMs.** You can also get **1-year access to MSN Direct® services*** which include **real-time traffic, low-price gas finder, news, weather, stocks, airline arrival/departure times and more** — an assortment of informative real-time features you'll wonder how you ever left home without.

*Must activate service by 12/31/2010.

Move fast, stay informed and keep an eye on your portfolio with TRIP's available **up-to-the-minute traffic reports, news and stock information.**

Others may waste a gallon searching for the **lowest gas prices.** But not you. You're the savvy traveler to follow with the available low-price gas finder.

Jump in your car and hit the red carpet. You've got available real-time (or is it reel-time?) **movie listings with film titles, theaters and showtimes** at your fingertips.

TRIP's available local events gives you the inside vibe to the **hottest clubs and concerts.** But getting past the doorman — you're on your own there.
