05 MODEL GRADES

Means of escape. With three coupes and two convertibles to choose from, you're sure to find release in the 2005 Toyota Camry Solara. The Solara SE treats you to 16-in. aluminum alloy wheels and an interior gleaming with silver metallic-style trim. Solara SE Sport boasts standard 17-in. alloy wheels,¹ an available 3.3-liter DOHC 24-valve VVT-i V6 with 225 hp and a sport-tuned suspension. Solara SLE steps it up yet another notch with a JBL 3-in-1 6-disc in-dash CD changer, moonroof, available touch-screen DVD navigation system,² Vehicle Stability Control (VSC)³ and Traction Control (TRAC). Or you can sneak a slice of heaven in the Solara SE or SLE Convertible, with a 225-hp 3.3-liter V6 engine and 17-in. aluminum alloy wheels. Whichever Solara you choose, freedom is just around the bend.

05 INTERIORS

With such a sleek exterior, would you expect anything less than luxury on the inside? The Solara is a picture of sophistication inside as well as out. Surround yourself in pure class with Solara SE's silver metallic-style trim. Get racy with Solara SE Sport's aluminum sport pedal covers and handsome sport instrument panel. Or, perhaps Solara SLE's elegant wood-grain-style trim is more you. The safety of available side curtain airbags¹ is always in style, as is the convenience of its HomeLink^{®2} universal transceiver. And, with the push of a button, you can touch the sky in the Solara SE V6 and SLE V6 Convertible models with power retractable top.

1. 4-cylinder only.
2. V6 only.
3. P215/55R17 performance or All-Season tires available. 17-in. x 7-in. wheels with P215/55R17 performance tires are expected to experience greater tire wear than conventional tires. Tire life may be less than 24,000 miles, depending upon driving conditions.
4. HomeLink[®] is a registered trademark of Johnson Controls, Inc.
5. Functioning XM Satellite Radio requires XM Satellite Radio capacity, XM Satellite Radio receiver and satellite monthly service fee. See your Toyota dealer for further details.
6. 315 watts (maximum output) on Convertible models.
7. V6 only as part of (SZ) combination.
8. The Toyota DVD navigation system is designed to assist in locating an address or point of interest. Discrepancies may be encountered between the system and your actual location. Changes in street names, road closures, traffic flow or other road system changes may affect the accuracy of the mapping software. Rely upon your common sense to decide whether or not to follow a specified route. Detailed coverage not available in every city. Optional periodic geographical updates available at an additional cost. See your *Navigation System Owner's Manual* and your Toyota dealer for further details.
9. Power-adjustable driver's seat and heated seats not available.
10. Standard on SLE V6. Requires (LA) combination on SLE 4-cylinder.

\$ = Standard 0 = Optional — = Not available
P = Feature available only as part of an option package.

11. Toyota Vehicle Stability Control (VSC) is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe driving practices. Factors including speed, road conditions and driver steering input can all affect whether VSC will be effective in preventing a loss of control. Please see your *Owner's Manual* for further details.
12. Brake Assist is designed to help the driver take full advantage of the benefits of ABS. It is not a substitute for safe driving practices. Braking effectiveness also depends on proper brake-system maintenance and tire and road conditions.
13. The Toyota driver, front passenger, front seat-mounted side airbags and side curtain airbags are Supplemental Restraint Systems (SRS). The driver and front passenger airbags are designed to deploy in certain types of severe (usually frontal) collisions where the magnitude and duration of the forward deceleration of the vehicle exceeds the design threshold level. The side airbags and side curtain airbags are designed to inflate in certain types of severe side-impact collisions. In all other accidents, the airbags will not inflate. To decrease the risk of injury from a deploying airbag, always wear seatbelts, sit upright in the middle of the seat as far back as possible from the airbag modules and do not lean against the door. Do not put objects in front of an airbag or around the seatback. Do not use rearward-facing child seats in any front passenger seat. The force of a deploying SRS airbag may cause serious injury or death. Please see your *Owner's Manual* for further instructions.
14. Toyota's Tire Pressure Monitor System alerts the driver when tire pressure is critically low. For optimal tire wear and performance, tire pressure should be checked regularly with a gauge; do not rely solely on the Monitor System. See your *Owner's Manual* for details.

WARRANTIES

Every Toyota Car, Truck and SUV is built to exceptional standards. And that's not idle boasting. We back it up with these Limited Warranty Coverages:

Basic: 36 months/36,000 miles (all components other than normal wear and maintenance items).

Powertrain: 60 months/60,000 miles (engine, transmission/transaxle, front-wheel drive, rear-wheel drive, seatbelts and airbags).

Rust-Through: 60 months/unlimited miles (corrosion perforation of sheet metal).

Emissions: Coverages vary under Federal and California regulations. Refer to applicable *Owner's Warranty Information* booklet for details.

Accessories: Accessories installed at the time of the new vehicle purchase are covered for 36 months/36,000 miles from the vehicle's in-service date, whichever occurs first, under the New Vehicle Limited Warranty.

Accessories installed by the dealer after the new vehicle purchase are covered for 12 months, regardless of mileage, from the accessory installation date, or the remainder of the New Vehicle Limited Warranty, whichever provides greater coverage.

Accessories purchased over the counter are covered for 12 months from the date of purchase. Car covers are warranted for 12 months from the purchase date and are not covered by the New Vehicle Limited Warranty.

TOYOTA FINANCIAL SERVICES*

Now that you're thinking about a Toyota, you may also want to consider leasing or financing the purchase of your new vehicle through your participating dealer and Toyota Financial Services (TFS). TFS offers a variety of high-quality finance and lease products to complement your lifestyle. At TFS we realize that purchasing or leasing a vehicle is a major commitment and we have developed some of the finest customer-focused finance and insurance solutions to help protect your interests over time. And

in most cases, you may include your cost for these products in your finance or lease contract. Few companies can match the expertise, customer care and total value of TFS. Ask your Toyota dealer or go to www.toyotafinancial.com for details.

*Toyota Financial Services is a service mark of Toyota Motor Credit Corporation and Toyota Motor Insurance Services, Inc. Products are available to qualified customers through your participating Toyota dealer and Toyota Financial Services.

1. 2005 Manufacturer's Suggested Retail Price, excludes the Delivery, Processing and Handling Fee of \$540 for Cars and \$565 for Trucks, Vans and SUVs. (Historically, vehicle manufacturers and distributors have charged a separate fee for processing, handling and delivering vehicles to dealerships. Toyota's charge for these services is called the "Delivery, Processing and Handling Fee" and is based on the value of the processing, handling and delivery services Toyota provides as well as Toyota's overall pricing structure. Toyota may make a profit on the Delivery, Processing and Handling Fee.) Excludes taxes, license, title and available or regionally required equipment. The Delivery, Processing and Handling Fee in AL, FL, GA, NC and SC is \$35 higher for Trucks, Sienna and SUVs, and \$50 higher for all other Toyota vehicles. The Delivery, Processing and Handling Fee in AR, LA, MS, OK and TX is \$35 higher for all Toyota vehicles. Actual dealer price may vary. Pricing, specifications, standard features and available equipment are based on information available when this page was produced and are subject to change without notice.
