Warranties / Disclaimers

WARRANTIES

Basic: 36 months/36,000 miles (all components other than normal wear and maintenance items).

Hybrid-Related Component Coverage: Hybrid-related components, including the HV battery, battery control module, hybrid control module and inverter with converter, are covered for 8 years/100,000 miles. The HV battery may have longer coverage under emissions warranty. Refer to applicable Owner's Warranty Information booklet for details.

Powertrain: 60 months/60,000 miles (engine, transmission/transaxle, front-wheel drive, rear-wheel drive, seatbelts and airbags).

Rust-Through: 60 months/unlimited miles (corrosion perforation of sheet metal).

Federal Emission Coverage: Components under the federal emission defect warranty are covered for 36 months/36,000 miles and specified major emission control components are covered for 8 years/80,000 miles. Specified major emission control components under emission performance warranty are also covered for 8 years/80,000 miles. In addition, emission performance warranty is applicable for 24 months/24,000 miles in states and local jurisdictions that require a periodic EPA-approved inspection and maintenance program.

California Emission Control Coverage: In California and any other state that adopts California emission warranty provisions, performance warranty and defect warranty coverage is applicable for 36 months/50,000 miles, and specific control devices are covered for 7 years/70,000 miles.

Accessories: Warranty coverage is for 12 months, regardless of mileage. If the part or accessory is installed during the New Vehicle Limited Warranty period, coverage is for 12 months or the remainder of the applicable warranty coverage, whichever is greater, with the exception of car covers, which are covered for 12 months only.

You may be eligible for transportation assistance if it's necessary that your vehicle be kept overnight for repairs covered under warranty. Please see your authorized Toyota dealership for further details.

For complete details about Toyota's warranties, please visit www.toyota.com, refer to the applicable Owner's Warranty Information booklet or see your Toyota dealer.

In addition, there may be times when we will establish a special policy adjustment that will further defray repair costs. For details about the new vehicle limited warranty, see your Toyota dealer. And for complete details of Toyota's warranties, please refer to your Owner's Warranty.

DISCLAIMERS

All information in this eBrochure is based on data available at time of posting, is subject to change without notice and pertains specifically to continental U.S.A. vehicles only.

- [1] Includes Daytime Running Lights (DRL).
- [2] Available with Convenience Package.
- [3] Before towing, confirm your vehicle and trailer are compatible, hooked up and loaded properly and that you have any necessary additional equipment. Do not exceed any Weight Ratings and follow all instructions in your Owner's Manual. The maximum you can tow depends on the total weight of any cargo, occupants and available equipment.
- [4] Requires third-row seat and manual front air conditioning.
- [5] Requires front-seat dual zone automatic digital climate control.
- [6] Satellite radio requires XM- or Sirius-compatible receiver and monthly service fee. See your Toyota dealer for further details. Reception of the satellite signal may vary depending on location. All fees and programming subject to change. Subscriptions subject to the terms and conditions available at www.xmradio.com or www.sirius.com. Available only in the 48 contiguous United States.
- [7] The Bluetooth® technology phones listed on this site have been tested for compatibility with Toyota vehicles. Performance will vary based on phone software version, coverage and your wireless carrier. Phones are warranted by their manufacturer, not Toyota.

[8] The navigation system is designed to assist in locating an address or point of interest. Discrepancies may be encountered between the system and your actual location. Road system changes may affect the accuracy of the information provided. Rely on your common sense to decide whether to follow a specified route. Detailed coverage not available in every city or roadway. Periodic updates available at an additional cost. See your Navigation System Owner's Manual for further details.

[9] The backup camera does not provide a comprehensive view of the rear area of the vehicle. You should also look around outside your vehicle and use your mirrors to confirm rearward clearance. Cold weather will limit effectiveness and view may become cloudy.

[10] The backup camera uses the navigation system display on vehicles so equipped.

[11] Headphones are for passenger use only. Do not use while operating vehicle.

[12] Requires moonroof.

[13] The Smart Key System may interfere with some pacemakers or cardiac defibrillators. If you have one of these medical devices, please talk to your doctor to see if you should deactivate this system.

[14] 8-way driver's and 4-way passenger.

[15] Not available on models equipped with Two-Row Seating Package.

[16] Included with leather seating surfaces. Not available with fabric seating.

[17] Includes under-floor storage compartment.

[18] Requires JBL® audio.

[19] Requires DVD navigation system.

[20] Vehicle Stability Control (VSC) is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe driving practices. Factors including speed, road conditions and driver steering input can all affect whether VSC will be effective in preventing a loss of control. Please see your Owner's Manual for further details.

[21] Clock displays on multi-function display on vehicles so equipped.

[22] Console rear vents replaced with control panel on vehicles equipped with rear-seat HVAC systems.

[23] Compass deleted from auto-dimming rearview mirror on Limited and Hybrid Limited models equipped with DVD navigation system.

[24] HomeLink® is a registered trademark of Johnson Controls, Inc.

[25] Brake Assist is designed to help the driver take full advantage of the benefits of ABS. It is not a substitute for safe driving practices. Braking effectiveness also depends on proper brake-system maintenance and tire and road conditions.

[26] Rear seat on two-row models, middle seat on third-row models.

[27] All the airbag (AB) systems are Supplemental Restraint Systems. All ABs (if installed) are designed to inflate only under certain conditions and in certain types of severe collisions: frontal and knee ABs typically inflate in frontal collisions; side and side curtain ABs in side collisions; Roll-Sensing Curtain ABs at a severe tilt degree, roll or lateral G-force. In all other accidents, the ABs will not inflate. To decrease the risk of injury from an inflating AB, always wear seatbelts, sit upright in the middle of the seat as far back as possible and do not lean against the door. Do not put objects in front of an AB or around the seatback. Do not use a rearward-facing child seat in any front passenger seat. The force of an inflating AB may cause serious injury or death. See your Owner's Manual for further information/warnings.

[28] Active headrests can help prevent or limit the extent of whiplash in certain types of rear-end collisions.

[29] The Toyota Tire Pressure Monitor alerts the driver when tire pressure is critically low. For optimal tire wear and performance, tire pressure should be checked regularly with a gauge; do not rely solely on the monitor system. See your Owner's Manual for details.

[30] 2WD models only.

[31] Deletes third-row seat.

[32] Requires Popular Package or Popular Plus Package.

[33] Requires available Towing Prep Package.

[34] Cargo and load capacity limited by weight and distribution.

[35] 2008 EPA-estimated mileage. For model year 2008, the EPA has revised the way the estimated fuel economy rating is determined. Actual mileage will vary.
