Tiguan

Versatility. And that's just for starters. The Tiguan offers an impressive combination of turbocharged performance, tech-savvy amenities, and available all-wheel drive that delivers on the promise of everyday adventures. Not only does it achieve a level of fun and sophistication, but it looks great doing it too. Some of our most versatile thinking, all under one roof.

Technology you never knew you always wanted.

Technology that's easy to use and useful too. The Tiguan is outfitted with a rearview camera and clever technology like a touchscreen sound system and Bluetooth® technology with audio streaming for compatible devices. Turn up the available Fender® Premium Audio System and rock while you roll.

FEATURES

- Touchscreen sound system
- Rearview Camera System
- Bluetooth technology with audio streaming for compatible devices
- SiriusXM® Satellite Radio with 3-month trial subscription*

Volkswagen Car-Net®

Volkswagen Car-Net turns your car into a fountain of information, a source of support, and with the help of your compatible smartphone, the center of your own mobile universe.

Volkswagen Car-Net Security & Service**

With your 3-month trial and then paid subscription, you can enjoy a host of available features that help you locate your last parked location,[†] check if the doors are locked, call for help in an emergency,^{††} and even get vehicle health and diagnostic reports.[‡]

Volkswagen Car-Net Guide & Inform*

With available Car-Net Guide & Inform, you can access gas prices, weather, sports scores, and more through SiriusXM Travel Link® services with a 3-month trial subscription. You also get SiriusXM® Traffic with a 3-month trial subscription, which offers real-time traffic information and puts your info front and center.

Volkswagen Car-Net App-Connect^{‡‡}

VW Car-Net App-Connect lets you link your compatible smartphone with Apple CarPlay™, Android Auto™, or MirrorLink® to use select apps on the touchscreen display of your Volkswagen. From streaming music to mobile maps, it can be accessed on the touchscreen.

Good looks travel fast.*

Sport shown in Reflex Silver Metallic.

Dialing up its sporty factor, the Tiguan sits on sleek 16" alloy wheels and shows off style from the roof rails down to the heated side mirrors. Available Bi-Xenon headlights further illuminate design details that shine. The Tiguan draws attention no matter where it travels.

FEATURES

Power-operated, heated side mirrors with integrated turn signals
16" alloy wheels
Roof rails

AVAILABLE FEATURES

17", 18", and 19" alloy wheels

Bi-Xenon headlights with LED Daytime Running Lights (DRL)

These available headlights create bright beams of light to help improve visibility, lasting longer and using less energy than halogen bulbs. The LED Daytime Running Lights add style to your VW.

Corner-illuminating foglights

At lower speeds, these available foglights illuminate the direction you are turning, helping you get a more complete picture of what's coming up ahead. You may not know what's around every corner, but these lights might help you see it better.

We can't predict. But we can engineer.

The Tiguan is equipped with advanced safety features like our Intelligent Crash Response System (ICRS)* and seven stability-enhancing systems. Its rigid safety cage helps protect passengers in front, side, and rear impacts. But of course we hope you never have to find out.

Safety cage

Front and rear crumple zones help absorb crash energy, while a rigid safety cage helps deflect it away from the driver and passengers.

Tire Pressure Monitoring System (TPMS)

Monitoring and maintaining proper air pressure in your tires helps with efficiency** and safety. The TPMS helps alert you to a loss of tire pressure so you can know when to add air.

Seven stability-enhancing systems

From Electronic Brake-pressure Distribution (EBD), which helps maintain appropriate stopping power during a hard-braking situation, to Electronic Stability Control (ESC), which can adjust engine throttle and apply corrective forces to the wheels that need them most, there are in total seven stability-enhancing systems at your service.

Intelligent Crash Response System (ICRS)*

In the event of a collision that deploys the airbags, the ICRS can turn off the fuel pump, unlock the doors, and activate the hazard lights. It helps react if you might not be able to.

Automatic Post-Collision Braking System

Not every collision brings a car to a stop. That's why our vehicles include the Automatic Post-Collision Braking System. It can help bring your car to a stop after a collision, helping reduce the chance of additional impacts.

Brake disc drying

When it's raining outside, this system wipes water off the disc brakes to help them remain dry. And it's activated simply by turning the windshield wipers on.

*The Intelligent Crash Response System (ICRS) will only activate in a collision where the airbags deploy or safety belt pretensioners activate. Not all collisions cause airbags to deploy or safety belt pretensioners to activate. **20 city/24 highway mpg (2017 Tiguan 2.0L TSI, 6-speed automatic transmission). EPA estimates. Your mileage will vary and depends on several factors, including your driving habits and vehicle condition. †Airbags are supplemental restraints only and will not deploy under all crash circumstances. Always use safety belts and seat children only in the rear, using restraint systems appropriate for their size and age.
