THE VOLVO S60. TO LOVE AND ENJOY LIVING WITH.**

VOLVO S60

FOR SOME, THE FINE-TUNED VOLVO S60 IS ONE OF THE WORLD'S MOST SPIRITED DRIVING EXPERIENCES. OTHERS SIMPLY ENJOY THE SUPERIOR FEEL OF TOTAL CONTROL AND REFINED LUXURY. EVERYONE OUTSIDE THE CAR CAN SAVOR THE AERODYNAMICALLY SCULPTED DESIGN. BASICALLY, IT ALL COMES DOWN TO THE ESSENCE OF A GENUINE EUROPEAN SPORTS SEDAN, A FACT THAT WILL BE EVEN MORE OBVIOUS ONCE YOU TAKE TO THE ROAD AND EXPERIENCE THE POWER OF TURBOCHARGED HORSES. THE VIGOROUS AND WELL-BALANCED CHASSIS ALLOWS YOU TO ENJOY EVERY CURVE TO THE FULLEST. AND JUST KNOWING THAT YOU'RE SURROUNDED BY VOLVO'S LEGENDARY SAFETY, WITH SPACE FOR YOUR LOVED ONES (AND THEIR LUGGAGE), SIMPLY ADDS TO THE PLEASURE. AFTER ALL, IT IS A VOLVO.

TO DRIVE

IT'S A VERY SPECIAL SENSATION. TO FLY AT LOW ALTITUDE AND CONTROL THE UNEXPECTED. TO BE ABLE TO LEAN BACK AND EFFORTLESSLY GUIDE THE CAR INTO THE NEXT CURVE. TO DRIVE ON INTUITION AND ENJOY THE CAR'S PLIANT RESPONSE. TO REACH YOUR DESTINATION RELAXED AND WITH A SATISFIED SMILE.

The smooth, powerful five-cylinder turbo engine, with 208 hp or 257 hp, responds instantly to your every command and delivers a smooth flow of power across the entire range of engine speeds. The very latest engine technology with continuously variable valve timing gives added bite to the acceleration while keeping fuel consumption and exhaust emissions firmly under control.

The distinct six-speed manual gearbox is part of the exhilaration in the Volvo S60 T5. And if you want the best of both worlds, just specify the responsive five-speed Geartronic automatic transmission that allows you to shift gears manually when you are in the mood.

THE EXTREMELY TORSIONALLY RIGID BODY IS COMBINED WITH A WELL-BALANCED CHASSIS. ADD IN A RESPONSIVE FIVE-CYLINDER ENGINE OF UP TO 257 HP, DISTINCT MANUAL GEARBOX AND PRECISE STEERING – THE VOLVO S60 IS BUILT TO EXCITE AT ALL TIMES. BECAUSE WHAT MAKES IT A SPIRITED DRIVE ALSO PLAYS A VITAL ROLE IN THE SAFETY IT PROVIDES.

The design of the front suspension promotes quick and precise steering response and makes the car remarkably reassuring and relaxing on straight and twisting roads alike, irrespective of the road surface. It also helps further stabilize the car if you have to brake hard.

The sophisticated multi-link rear suspension contributes to the excellent riding comfort and ensures well-balanced behavior on the road. Its design also enhances the car's supple steering characteristics – in a curve, the rear wheels steer slightly in the same direction as the front wheels for added stability.

VOLVO S60 2.5T AWD

A FIVE-CYLINDER 208-HP TURBO ENGINE AND ELECTRONICALLY-CONTROLLED ALL-WHEEL DRIVE. EXPECT WORLD-CLASS ALL-ROAD ENTERTAINMENT IN THE SUPREMELY CAPABLE VOLVO S60 2.5T AWD – UNCOMPROMISING HARMONY AND STYLISH POISE WHATEVER THE CONDITIONS.

WHEN THE ROAD IS DRY

The electronically controlled all-wheel drive system in the Volvo S60 2.5T AWD gives you superior roadholding and tractive force under all driving conditions. It responds extremely quickly, making it possible to balance understeering and oversteering tendencies with exceptional precision.

For example, during rapid acceleration or fast cornering, power is seamlessly distributed between the front and rear wheels in a fraction of a second to give you maximum driving stability. Behind the wheel, you won't even be aware that the AWD system is at work – you'll simply enjoy that superb feeling of total control.

The AWD system is controlled by an electronic management system that constantly monitors the speed of the wheels, throttle position, engine torque, engine speed, the optional DSTC system, and the brakes in order to always respond optimally to current driving conditions.

WHEN THE ROAD IS SLIPPERY

The advantages of Volvo's AWD system are particularly noticeable on slippery roads. Since the pair of wheels with the best traction always receives most of the power, the car is outstandingly stable. And making your way on slippery road surfaces is no problem. The AWD system's short reaction time provides immediate power to the wheels that are needed to help get started and maintain control, even under difficult conditions. At low speeds, Volvo's anti-spin system, TRACS, ensures that the wheel with the best traction gets the most power.

If you are cruising on straight, dry roads, the car is almost entirely front-wheel driven for optimum stability and fuel economy.

If the front wheels show any tendency to spin, the AWD system responds instantly by redistributing up to 50% of the power to the rear wheels for maximum traction and stability.

If one or both wheels on one side of the car spin, more power goes instantly to the wheels on the opposite side with the best traction.

When braking, the car disengages drive to the rear wheels the instant you touch the brake pedal, thereby maximizing control and roadholding.

If you carry heavy loads, the rear wheels receive more power to maximize driving stability.

ACTIVE CHASSIS WITH FOUR-C

IN THE VOLVO S60 2.5T AWD YOU CAN ENJOY BOTH AGILE DRIVING CHARACTERISTICS AND EXCEPTIONAL RIDING COMFORT. TO ADD FURTHER SPICE TO THE EXPERIENCE, THERE'S THE OPTION OF VOLVO'S ADVANCED FOUR-C CHASSIS TECHNOLOGY. THE ELECTRONICALLY CONTROLLED SUSPENSION SYSTEM ADAPTS CONTINUOUSLY TO SUIT YOUR DRIVING STYLE, SPEED, AND THE CURRENT ROAD CONDITIONS. AND A SIMPLE PRESS OF A BUTTON LETS YOU SWITCH FROM ON-THE-EDGE SPORTINESS TO A MORE RELAXED CRUISING MODE.

The Active Chassis with Four-C Technology (Continuously Controlled Chassis Concept) continuously adjusts the suspension to maintain optimum handling and comfort in all driving situations. It is a semi-active suspension system with continuously controlled shock absorbers by Monroe-Öhlins, featuring

two dynamic chassis modes – Comfort and Sport. As you drive, the system collects huge amounts of data about the way the car moves and behaves. It analyses the information and responds instantly by adjusting each shock absorber individually to suit the road and driving conditions. All this takes place with

extreme precision up to 500 times a second. Moreover, Four-C interacts dynamically with the DSTC system, the engine, brakes, steering and other functions – all to maximize response and match handling characteristics to the driving style of your choice.

DRIVING AHEAD

The Four-C system continually analyses speed, wheel movements, steering wheel position and other parameters, adjusting each shock absorber individually at lightning speed to suit the road and driving conditions.

DRIVING ON BUMPY ROADS

The shock absorbers adjust immediately to provide the most comfortable ride possible – the car virtually floats over bumps in the road.

BRAKING

The moment you brake, the shock absorbers re-adjust to keep the body virtually level throughout the braking sequence. The result is enhanced control and maximum traction for the shortest possible stopping distance.

ENTERING A CURVE

As the car enters a curve, the Four-C system trims the shock absorbers so the car steers securely into the corner, quickly and with poise.

MID-CORNER

When cornering, the Four-C system ensures stable and responsive handling throughout the curve.

● = Shock absorber, maximum damping

○ = Shock absorber, minimum damping

COMFORT

When the road is slippery or bumpy, or when you drive in the city or just want a relaxed cruise, the Comfort chassis mode insulates the car's occupants from irregularities in the road surface. The system prioritizes low damping forces for smooth, gentle body movements and exceptional riding comfort.

SPORT

For a taut but supple everyday sports car feel with good ride comfort. The system prioritizes somewhat harder damping and faster activation than in the Comfort mode. This results in more controlled body movements for precise road behavior with quicker steering response and tenacious grip on the tarmac.

TO LIVE WITH

SOME PLACES ARE MORE REWARDING THAN OTHERS. BECAUSE WHERE THE HUMAN BEING IS IN FOCUS, A SENSE OF WELL-BEING REIGNS. CARE IS NOTED DOWN TO THE TINIEST DETAILS – FROM THE ERGONOMIC DRIVER'S ENVIRONMENT AND THE RELAXED COMFORT, TO THE SPACIOUS PASSENGER COMPARTMENT AND THE INTELLIGENT AND PRACTICAL SOLUTIONS. JUST UNWIND AND ENJOY THE TRIP.

Each of the five seats has a head restraint and three-point seat belt with a pre-tensioner. The upholstery materials, textiles and interior details such as the inside door handles are allergy-tested and meet stringent ecological standards. The Dual Zone Electronic Climate Control system – ECC (optional 2.4), maintains the set temperature inside the passenger compartment no matter how much the outside temperature fluctuates, and can be set separately for the left and right sides. The optional air-quality system monitors the incoming air and sees to it that it is as clean as possible. And if you need to carry bulky items, just fold down one or both sections of the 60/40 split rear seat. What is more, you can also fold down the front passenger seat backrest.

THE VOLVO S60 IS AN INTELLIGENT COMBINATION OF INSPIRING SPORTINESS AND FULL-SIZE COMFORT. YOU AND YOUR PASSENGERS ARE SURROUNDED BY A WEALTH OF CONSIDERATE DETAILS. SOME YOU'LL NOTICE IMMEDIATELY, OTHERS YOU'LL ONLY APPRECIATE SEVERAL HOURS LATER WHEN YOU REACH YOUR DESTINATION – FRESH AND RELAXED.

The multi-functional front center armrest puts the focus on comfort and convenience. Fold back the upper section to access one or two cup holders and a front and rear table for you and your passengers. And by folding back both the upper and lower sections, you have a handy storage space for CDs, sunglasses and other small items while providing the rear-seat passengers with a convenient table. The illuminated roll-top storage compartment in front of the armrest is also part of the experience and includes two removable cup holders.

Your jacket is within easy reach without obscuring rearward vision.

Adjustable air vents for the rear-seat passengers further enhance comfort and help keep the side windows from fogging.

“GOOD DESIGN IS NOT ONLY A MATTER OF STYLING THE SURFACE. IT IS JUST AS IMPORTANT TO MAKE THE PRODUCT EASY TO UNDERSTAND AND USE. IF THE PRODUCT IS NOT FUNCTIONAL, IT CAN'T BE BEAUTIFUL.”

(THE VOLVO DESIGN PHILOSOPHY)

TO BE SAFE

THE VOLVO S60 IS DESIGNED TO PROVIDE COMPLETE DRIVER CONFIDENCE AND OCCUPANT PROTECTION. AN ERGONOMIC DRIVER'S ENVIRONMENT AND SOPHISTICATED TECHNOLOGY MAKE IT EASIER TO PREDICT AND AVOID POTENTIALLY DANGEROUS TRAFFIC SITUATIONS. A WELL-BALANCED CHASSIS AND ACTIVE STABILITY-ENHANCING SYSTEMS HELP GIVE YOU CONTROL UNDER A WIDE VARIETY OF CONDITIONS. AND SHOULD AN ACCIDENT BE UNAVOIDABLE, YOU AND YOUR PASSENGERS ARE PROVIDED ENHANCED PROTECTION BY ONE OF THE AUTOMOTIVE WORLD'S MOST EFFECTIVE SAFETY SYSTEMS. THE VOLVO S60 STANDS ALONE IN ITS CLASS – ALLOWING YOU TO ENJOY THE EXPERIENCE TO THE FULL.

The powerful anti-locking disc brakes help ensure a short stopping distance under a wide variety of circumstances and withstand tough use without fading. You can brake hard and steer quickly out of trouble at the same time. The ABS brakes are supplemented by EBD (Electronic Brakeforce Distribution) which regulates braking force to the rear wheels. If the car has DSTC, the brakes are equipped with EBA (Emergency Brake Assistance). If you do not press the brake pedal hard enough, EBA immediately steps in and provides just the right amount of braking force needed to bring the car to a standstill in the shortest possible distance.

STC (Stability and Traction Control) increases driving safety on twisting roads and in slippery conditions. If one of the driven wheels shows any tendency to lose traction, power to that wheel is cut at lightning speed so that it quickly regains traction. The optional DSTC (Dynamic Stability and Traction Control) is an anti-skid system that responds instantly when it detects any tendency to skid, reducing engine power and braking the appropriate wheels, to help you maintain smooth control over your car.

As darkness descends, you will appreciate the powerful and effective low and high beam headlights. And for an even broader and longer beam of light, you can add Bi-Xenon headlights. Integrated front and rear side-marker lights make it easier for other road-users approaching from the side to see your car.

"CARS ARE DRIVEN BY PEOPLE. THE GUIDING PRINCIPLE BEHIND EVERYTHING WE MAKE AT VOLVO, THEREFORE, IS – AND MUST REMAIN – SAFETY."

ASSAR GABRIELSSON AND GUSTAF LARSON,
THE FOUNDERS OF VOLVO.

AT VOLVO, WE BELIEVE THAT IT'S THE WHOLE RATHER THAN THE PARTS THAT DETERMINES HOW SAFE A CAR IS. THE VOLVO S60 IS VERY MUCH THE PRODUCT OF THIS BELIEF – EVERYTHING INTERACTS HARMONIOUSLY TO HELP KEEP YOU OUT OF HARM'S WAY.

ADAPTIVE AIR BAGS

The driver and front passenger airbags assist in protecting the head, face and chest in a frontal collision. They monitor the force of the impact and adapt inflation to the severity of the collision, with full or reduced pressure, depending on the force of the impact. If the collision force is not sufficient to trigger the airbag, only the seat belt pre-tensioner is activated. The passenger airbag is automatically connected or disconnected by sensors that monitor the weight of the person in the front passenger's seat.

COLLAPSIBLE THREE-STAGE STEERING COLUMN

In the event of a frontal collision, the steering column is designed to collapse and help prevent injuries to the driver.

SAFETY CAGE

The robust safety cage is designed as an interactive web of steel beams that surround the occupants to help withstand crash forces.

DEFORMATION ZONES

Front and rear deformation areas help dissipate collision forces to help reduce the effects on the car's occupants.

ENERGY-ABSORBING INTERIOR

All the panels and the sides of the doors are padded with energy-absorbing materials to help reduce the risk of injury to the car's occupants.

ANTI-SUBMARINING SEATS

The front and rear seats are shaped to help keep occupants from sliding under and out of their seat belts during a collision.

WHIPS (WHIPLASH PROTECTION SYSTEM)

WHIPS helps reduce the risk of whiplash injury by cradling the spine and neck in a controlled way if the car is hit from behind at low speeds. It is built into the front seats and activated by a sufficient impact.

PERSONAL SECURITY

AT VOLVO, PROVIDING FOR YOUR PERSONAL SAFETY IS A NATURAL EXTENSION OF OUR DEVOTION TO YOUR DRIVING SAFETY. AND SO, A NUMBER OF CRITICAL FEATURES HAVE BEEN ADDED TO THE VOLVO S60 TO HELP YOU AVOID THREATENING SITUATIONS.

SIDE-IMPACT AIR BAGS

Side airbags offer enhanced chest protection. They are fitted in the outer edge of the front seat backrests, not in the doors, so that they are always by your side.

SIPS (SIDE-IMPACT PROTECTION SYSTEM)

SIPS distributes crash forces in a side impact across a larger part of the car's body in order to help minimize the strain on the occupants. The IC (Inflatable Curtain) for all the car's occupants, and the front side airbags help reduce the risk of injury to the head, chest and hips. The rear doors feature energy-absorbing blocks that help distribute incoming collision forces in a side impact.

IC (INFLATABLE CURTAIN)

IC (Inflatable Curtain) offers occupant protection irrespective of whether you are in the front or rear seat. It inflates in certain side impacts to help protect the heads of all outboard occupants. For added safety during multiple collision sequences or collisions of longer duration, it stays inflated for up to three seconds.

SEAT BELTS WITH PRE-TENSIONERS

All five seats have head restraints and three-point seat belts with pre-tensioners. In a collision, the seat belts are pulled taut to help keep passengers properly positioned. The front seat belts then slacken slightly so that the occupants are restrained by the airbags in a more controlled manner.

CHILD SAFETY

Volvo has designed this vehicle with the safety of children in mind. Smaller children up to the age of three, however, travel most safely in a rearward-facing child seat. The integrated booster cushion helps ensure that the seat belt is at the right height for somewhat older children. The rear outboard seats are equipped with ISOFIX/LATCH anchors to ensure quick and correct installation and removal of child seats.

PROTECTED FUEL TANK

The fuel tank is strategically placed in front of the rear axle, which helps protect it in the event of a rear-end collision.

The S60 expands the scope of personal protection. Approach and Home Safe lighting with ground lighting in the outer side view mirrors illuminates the area around the car and allows greater safety when approaching or departing the vehicle. An electronic immobilizer and door locks that withstand most break-in attempts help protect against theft. A security system with sensors in the doors, hood and trunk activate an alarm if someone should ever try to break into the vehicle. And in the

event of trouble – press the panic button in the remote control and the alarm is sounded. For an even higher level of personal safety you can add anti-smash and grab laminated side windows and the HomeLink remote garage door opener (included in the T5 Touring Package). And to increase your capacity to drive away from a threatening situation, even with a punctured tire, your Volvo can be equipped with Self Supporting Run-Flat Tires, SST (included in the Run Flat Tire System).

TO CARE

CONCERN FOR THE ENVIRONMENT IS PART OF THE DRIVING EXPERIENCE IN THE VOLVO S60. YOU GET A FUEL-EFFICIENT CAR WHICH MEETS STRICT ULEV OR ULEV II EMISSION STANDARDS. IT IS QUITE SIMPLY MORE ENJOYABLE TO DRIVE A CAR THAT TAKES THE ENVIRONMENT INTO CONSIDERATION.

CLEAN INSIDE

A cabin air filter ensures that dust, exhaust particles and pollen do not enter the cabin through the ventilation system. The Dual Zone Electronic Climate Control system (ECC) can be supplemented with an interior air-quality system that monitors incoming air and ensures that the carbon monoxide content does not rise too high inside the cabin, for instance when you drive on congested city streets, in traffic jams or in tunnels. The air quality system also shields the car's occupants from certain unpleasant odors and from gases such as nitrogen oxide, ground-level ozone and hydrocarbons. In order to make life more pleasant for allergy sufferers and asthmatics, all the fabrics meet the requirements of the Öko-Tex* ecological standard. Moreover, several interior components are tested with regard to contact allergies.

* Öko-Tex is an international standard that guarantees that textiles and leather are free from allergenic substances, health-impairing materials and harmful emissions.

CLEAN OUTSIDE

High-efficiency engines reduce fuel consumption, thereby also reducing emissions of carbon dioxide, a greenhouse gas. Advanced engine emission control technology eliminates 95-98 percent of carbon monoxide, hydrocarbons and nitrogen oxides from the exhaust gases. The catalytic converter is positioned right beside the engine so that it provides full exhaust conversion more quickly after a cold start. The T5 engine already meets ULEV emission standards, while the 2.4 and 2.5T engines meet the even stricter ULEV II standards. In some states, the 2.4 engine is also available in an extremely clean version to meet the PZEV emission standards. The engines also feature a special catalytic coating on the radiator, PremAir®, which converts up to 75 percent of the harmful ground-level ozone that passes through the radiator into pure oxygen.

PremAir® is a registered trademark of Engelhard Corporation.

CLEAN ALL ITS LIFE

In the Volvo S60, environmental care is built in from the initial design and engineering stages. The car is built in one of the automotive world's cleanest factories, and 85 percent of each car can be recycled. Volvo Cars' also provides an environmental product declaration (EPD) – a tool that helps you choose a Volvo model on the basis of its overall environmental impact throughout its lifetime. The environmental product declaration can be viewed on epd.volvocars.se

CLEAN BROCHURE

At Volvo, concern for the environment is important in every aspect of what we do. This brochure is 100% recyclable. The paper is manufactured in North America utilizing the Sustainable Forestry Initiative. No paper pulp material is harvested from old-growth forests or rain forests, and it is chlorine-free. The inks and coatings utilized for print are vegetable and water-based. Even the shipping cartons contain 50% post-consumer waste and are also 100% recyclable.

CONTRIBUTING TO SUSTAINABLE DEVELOPMENT

Volvo Cars aims to be a leader in corporate citizenship – ensuring a balance between the needs of the company, its customers, society, and future generations. Environmental responsibility is an important part of this effort, and so too is a far-reaching undertaking to safeguard society's interests, in Volvo's role as an employer and as a builder of that society; both independently and together with other companies, authorities and organizations. Our annual "Corporate Citizenship" report is available on www.volvocars.com/citizenship. And to recognize and reward ordinary Americans who go above and beyond the call of duty, we created the Volvo for Life Awards program, see www.volvoforlifeawards.com

WHEN BALANCE MEETS PERFORMANCE ...

... THERE'S CONFIDENT DRIVING.

THE PLEASURE IS ALL YOURS, AT ALL TIMES ...

... IN THE FINE-TUNED VOLVO S60.

TO CREATE YOUR VERY OWN VOLVO S60

THE VOLVO S60 IS A HIGHLY PERSONAL CHOICE. YOUR VOLVO IS AVAILABLE IN THREE MODELS, EACH WITH ITS OWN ENGINE, POWERTRAIN AND EQUIPMENT LEVEL. WHATEVER MODEL YOU CHOOSE, YOU CAN ENHANCE THE EXPERIENCE WITH ONE OR MORE OF VOLVO'S OPTION PACKAGES AND SPECIALLY-DESIGNED OPTIONS AND ACCESSORIES.

WWW.VOLVOCARS.US

THE S60 SELECTION

IN A VOLVO S60, THE POWERTRAIN AND CHASSIS INTERACT TO PROVIDE A HARMONIOUS BALANCE BETWEEN RESPONSE AND COMFORT. THE SMOOTH, POWERFUL FIVE-CYLINDER ENGINE IS THE VERY HEART OF THE DRIVING EXPERIENCE. YOU HAVE ACCESS TO THE ENTIRE POWER OUTPUT WITHOUT PUSHING THE ENGINE, AND RESPONSE IS INSTANTANEOUS. LOW INTERNAL FRICTION AND THE VERY LATEST ENGINE TECHNOLOGY FEATURING ELECTRONIC ENGINE MANAGEMENT AND VARIABLE VALVE TIMING RESULT IN BOTH DAZZLING PERFORMANCE AND MODEST FUEL CONSUMPTION. AT THE SAME TIME, THE ENGINES ALSO MEET VERY STRICT EMISSION STANDARDS.

2.4

VOLVO S60 2.4 (168* HP)

A truly attractive and versatile sport sedan with a 2.4-liter five-cylinder engine that inspires a more relaxed driving style. At the same time, you can enjoy fast, safe passing and – not least – unusually attractive fuel economy. Variable valve timing on the inlet side means spirited performance with smooth pulling power at all engine speeds. With highly efficient combustion and emission control, this engine meets the very strict ULEV II or, in some states, PZEV emission requirements. A crisp five-speed manual transmission comes as standard. As an option, you can choose the five-speed adaptive automatic transmission.

*165-hp in California.

2.5 T

VOLVO S60 2.5T (208 HP)

Provides a beautifully balanced and spirited driving experience. The five-cylinder 2.5-liter turbocharged engine gives you access to full engine torque (236 ft./lbs.) from as low as 1500 rpm – so you can start off quickly and will seldom need to shift down, for example when passing slower moving vehicles. The very latest advances in engine technology with variable valve timing for both inlet and exhaust valves ensures excellent performance and cleaner exhaust emissions under all driving conditions. With highly efficient combustion and emission control, this engine meets the very strict ULEV II emission requirements. A five-speed adaptive automatic transmission is standard, or select the optional five-speed Geartronic.

AWD

VOLVO S60 2.5T AWD (208 HP)

Adds yet another dimension to your driving experience. Volvo's electronically-controlled all-wheel-drive system is optimized to provide superior roadholding and dependable tractive force whatever the road conditions. Drive is distributed at lightning speed between the front and rear wheels as conditions change – depending on what is needed to maintain driving stability and traction, even under difficult conditions. The experience is further enhanced by the sophisticated 208-hp five-cylinder light-pressure turbo engine, the five-speed adaptive automatic transmission, or optional five-speed Geartronic.

T5

VOLVO S60 T5 (257 HP)

The most enticing front-wheel drive sport sedan that really inspires sporty driving. The newly developed high-efficiency 2.4-liter turbocharged engine provides sparkling performance and excellent pulling power throughout the entire range of engine speeds. The engine develops full torque (258 ft./lbs) from just 2100 revs, taking the car from 0 to 60 mph in 6.2 seconds with a manual gearbox. High turbo boost pressure means extra power at high rpm – this is an engine that invites active driving. The turbocharger also has an over-boost feature that provides additional power when pushed, for instance when passing another vehicle. Continuously variable valve timing for both inlet and exhaust valves (Dual CVVT) contributes to the engine's alert response and uniform flow of power. It also helps the engine meet stringent ULEV exhaust emission requirements. This powerful engine is mated to a distinct six-speed manual transmission with a "sport shifter" gear selector or an optional five-speed Geartronic automatic transmission. The T5 also features the DSTC anti-skid system, upgraded brakes, a sports suspension and 17" alloy wheels.

PREMIUM PACKAGE

A Volvo offers you long, relaxed drives and more spirit in your daily life. The Premium Package will provide you with some necessities for that extra ambience and convenience.

- Aluminum or Black Mesh trim (T5)
- Electronic climate control (2.4)
- Genuine wood inlays (2.4, 2.5T, 2.5T AWD)
- Leather seating surfaces
- Power glass moonroof
- Power driver's seat (2.4)
- Power passenger's seat (2.5T, 2.5T AWD)
- Rear shelf speakers (2.4, 2.5T, 2.5T AWD)

SPORT PACKAGE*

Inspiring dynamics are always at hand, whenever you're in the mood. And with the Sport Package, you'll further enhance your driving experience.

- Front fog lights (2.4)
- Geartronic transmission
- Sport seats, front and rear
- 17" THOR alloy wheels
- 16" EUROS alloy wheel (2.4)

* Std. T5, available for 2.4, 2.5T, 2.5T AWD. Requires Premium Package.

CLIMATE PACKAGE

In a Volvo you're always prepared to deal with the ever-changing forces of nature. And to increase comfort when driving in cold, rain or snow – simply add the Climate Package.

- Heated front seats
- Headlamp washer
- Rain sensor

RUN FLAT TIRE PACKAGE

A package to help increase both driving and personal safety. This system makes it possible to continue driving even with a punctured tire. Please note that the reinforced sidewalls on tires of this type result in a somewhat firmer* ride compared with conventional tires.

- DSTC anti-skid system (2.5T, 2.5T AWD)
- Self supporting tires
- Tire pressure monitoring system
- 17" ORESTES alloy wheels

*May be most noticeable on rough or uneven road surfaces.

CONVENIENCE PACKAGE*

The wide range of considerate and practical features makes life with your Volvo a truly enjoyable experience. And by adding the Convenience Package, you expand your freedom even more.

- Auto dimming mirror
- Grocery bag holder
- Homelink

* Std. T5, available for 2.4, 2.5T, 2.5T AWD.

HU-850 SURROUND SOUND (OPTIONAL)

Specially designed to provide superior sound in your Volvo – without compromise. The thirteen Premium Sound speakers* extremely clear and natural sound reproduction, even at high volume, produces an audio experience of absolute world class. A powerful 4x75 W Premium Sound amplifier ensures the sound is reproduced with crystal clarity throughout the entire range – you can relax and thoroughly enjoy the distinct sensation of music with an immediate presence.

HU-850 DOLBY® PRO-LOGIC SURROUND SOUND (OPTIONAL)

The latest generation Dolby® Surround system with center speaker and digital sound processor recreates authentic sound from recordings and ensures that everyone in the car hears the music with the same natural quality. The system provides a clear, open and natural three-dimensional sound with a true sense of presence. It's an audio experience that is unique in the automotive world – like having the best seats in the concert hall.

Included in Premium Sound.

AUDIO AND ENTERTAINMENT

A POWERFUL EXPERIENCE IS PART OF THE PURPOSE OF OWNING A VOLVO S60. THE SOPHISTICATED AUDIO SYSTEM SUITS YOUR VOLVO PERFECTLY AND PRODUCES A QUALITY SOUND THAT YOU FEEL THROUGHOUT YOUR BODY. AND IF YOU CHOOSE THE 325 W PREMIUM SOUND WITH DOLBY SURROUND PRO LOGIC® II, YOU AND YOUR PASSENGERS CAN ENJOY A PARTICULARLY LIVING EXPERIENCE – VIRTUALLY LIKE HAVING THE ENTIRE ORCHESTRA ALONG FOR THE RIDE.

PERFORMANCE (STANDARD)

An easy to use and great-sounding standard system with RDBS radio, built-in single-CD player and four speakers. The following are included in the standard equipment:

- HU-650 RDBS radio with built in 4x25 W amplifier and single-CD player
- 4 speakers

Can also be supplemented with a separate 10-CD changer, CD storage in the glove compartment and two 8-inch coaxial speakers in the hatshelf (rear shelf speakers are included in the Premium Package).

- Loudspeaker
- Loudspeaker, option

HU-850 DOLBY® PRO-LOGIC SURROUND SOUND (OPTIONAL)

Uncompromising sound of absolute world class for the discerning music lover. Volvo's most sophisticated audio system with thirteen Premium Sound speakers, an advanced Premium Sound amplifier and Dolby Surround Pro Logic®* II. The speakers' power durability and excellent transient reproduction in combination with the amplifier's high capacity result in exceptional resolution and perfect dynamics. The Dolby® Surround system offers a uniquely realistic and three-dimensional audio experience whether you are sitting in the front or rear seats.

HU-850 Dolby® Pro-Logic Surround Sound includes:

- HU-850 RDBS radio with built in 6-CD changer
- 13 Premium Sound speakers
- Dolby Surround Pro Logic® II with centre speaker and digital sound processor
- Premium Sound amplifier, 4x75 W plus 25 W for the center speaker
- Premium Sound digital sound processor

Can also be supplemented with a separate 10-CD changer and CD storage in the glove compartment.

RDBS features text-messaging via Radio Data Broadcast System.

* The Dolby and Pro Logic trademarks are the property of Dolby Laboratories.

PARK ASSIST, REAR

Makes it safer and easier to reverse, for instance when backing into a space between two cars. A pulsating tone inside the cabin rises to a steady signal when the object is approximately 1 foot (25 cm) behind your rear bumper.

**POWER GLASS MOONROOF**

Makes the interior feel extra light and airy. Touch a button – and you open or close the moonroof. And if the sun is too strong, you can always close the built-in sun shade.

Included in the Premium Package.

**BI-XENON HEADLIGHTS**

Give you even more effective low and high beams, with a broader, longer and more pleasant beam throw under all lighting conditions. Low beam height is adjusted automatically to provide the best possible light pattern when the car is heavily loaded.

Requires the Climate Package.

FACTORY-INSTALLED OPTIONS

THE SENSE OF QUALITY AND CARE – AND KNOWING THAT YOU GET THE VOLVO THAT SUITS YOUR LIFESTYLE. CUSTOMIZE YOUR CAR WITH THE OPTIONS THAT BEST MEET YOUR DEMANDS AND DESIRES, AND YOU'LL SOON BE BEHIND THE WHEEL OF YOUR INDIVIDUALLY TAILORED S60.

**VOLVO NAVIGATION SYSTEM**

The Volvo Navigation System can guide you anywhere with precise audio and visual directions. Using the global positioning satellite system, a liquid crystal 6.5-inch display shows your location on a map and plots the best route. Controls are conveniently located on the steering wheel. When not in use, the screen retracts into the dashboard. All map-based information is stored on DVD.

Also available as an accessory.

**DSTC ANTI-SKID SYSTEM (DYNAMIC STABILITY AND TRACTION CONTROL)**

Enhances driving stability on slippery roads. The system automatically counteracts a skid as it starts, well before you even notice. Any skidding tendency is countered smoothly and effectively by the system braking one or more wheels or reducing engine power as necessary to retain control. The system also includes EBA (Emergency Brake Assistance), which helps shorten the stopping distance in emergency braking.

Standard in the Volvo S60 T5.

**LAMINATED WATER REPELLENT SIDE WINDOWS**

Makes it more difficult to smash a window to steal the car's contents. Additional security when you are in the car or have parked it. Also helps create an even quieter ride. What is more, the glass surfaces in the front side windows and outer rear-view mirrors are specially treated to repel water, offering far better visibility when driving in the rain.

Included in the Touring Package for S60 T5.

ACCESSORIES

VOLVO'S ACCESSORIES HELP YOU MAKE YOUR S60 EVEN MORE SUITED TO YOUR PERSONAL NEEDS. THEY ARE THE ONLY ONES THAT HAVE BEEN TESTED TO MEET VOLVO'S EXACTING SAFETY, QUALITY AND ENVIRONMENTAL REQUIREMENTS. YOU CAN ALSO REST ASSURED THEY'RE A PERFECT MATCH TO THE TECHNOLOGY AND DESIGN OF YOUR VOLVO.

PLEASE NOTE: It is not possible to reproduce exact original shades in this brochure. Ask your Volvo retailer to show you samples.
As part of our commitment to the environment, the paper used in this brochure is recycled, and color choices were printed directly on the page. This eliminates the need for chemically treated color chips. A small thing perhaps, but then, every little bit helps.

WELCOME TO OUR FAMILY

BEING A VOLVO OWNER IS ABOUT MORE THAN JUST OWNING AN AUTOMOBILE. IT'S ABOUT BEING TREATED IN A CARING, RESPONSIVE AND RESPECTFUL MANNER EVERY TIME YOU INTERACT WITH OUR COMPANY. ALL OF US ARE COMMITTED TO MAKING EVERY ASPECT OF YOUR VOLVO EXPERIENCE A REWARDING ONE. SO AFTER THE NEW CAR SMELL BEGINS TO FADE, YOU'LL STILL BE EXCITED ABOUT OWNING A VOLVO.

**CARE
BY VOLVO**

VOLVO CAR FINANCE NORTH AMERICA

If you purchase or lease your Volvo through Volvo Car Finance North America, you can take advantage of services designed to make financing simple and convenient. Quick Debit, for instance, enables you to have your monthly payment automatically debited from a designated bank account. For more information, call 1-800-770-8234 or visit www.volvofinance.com

CARE BY VOLVO® ON CALL ROADSIDE ASSISTANCE

Whenever you need us, we're just a phone call away. Our nationwide network of retailers and authorized service providers are ready to assist. Whether you require roadside assistance or maps and routing information for your next trip, refer to your Care By Volvo® On Call Card and dial 1-800-63-VOLVO – anytime, day or night. Your complimentary four-year membership activates the moment you become a Volvo owner.

THE VOLVO OWNERS' CIRCLE

Driving is not the only rewarding part of owning a Volvo. As a member of the Volvo Owners' Circle, you'll have access to information designed exclusively for Volvo owners. This unique online resource includes frequently asked questions, special offers, a resale value wizard, and your own Virtual Glove Box – complete with an owner's manual and more.

VOLVO NEW CAR WARRANTY

Your new car warranty provides comprehensive coverage for four years or 50,000 miles, whichever occurs first. Additional warranties cover corrosion, seat belts, the supplemental restraint system, emission systems, genuine Volvo replacement parts and genuine Volvo accessories. Should you encounter any problem with your Volvo, simply contact the nearest retailer for assistance. Where your warranty ends, Volvo Increased Protection (VIP) plans begin. To purchase the additional protection of a VIP plan, contact your local retailer.

CARE BY VOLVO® FACTORY SCHEDULED MAINTENANCE

Volvo is committed to a premium ownership experience for its customers. To further enhance your ownership experience, all 2005 models year Volvos sold in the United States will include Care By Volvo® Factory Scheduled Maintenance. This program provides scheduled maintenance coverage for the first 3 years or 36,000 miles, is designed to complement your Volvo Warranty, and will help ensure trouble free operation of your Volvo. Optional program enhancements are available that will allow you to customize coverage to meet your driving needs. See your Volvo retailer for details.

VOLVO GENUINE SERVICE

The best way to ensure superior performance year after year is to bring your Volvo to your authorized retailer for regular maintenance. Our service advisors and factory-trained technicians are uniquely qualified to maintain your automobile. With the aid of advanced Volvo diagnostics, they follow all prescribed factory maintenance outlined in your service interval manual. Genuine Volvo Service is our ongoing commitment to you: to keep your Volvo performing smoothly long after other cars have given up.
